Management Discussion and Analysis Statement

OPERATING ENVIRONMENT

Two years into the pandemic, the COVID-19 virus has again thrown a curve ball at us with the emergence of the highly transmissible Omicron variant. This has resulted in many countries having either to roll back the reopening of their economy or otherwise institute new restrictions to contain the virus. On the more positive side, the Omicron variant seems to cause milder disease and while vaccination does not completely prevent infection, it seems to prevent the severity for those who are fully vaccinated coupled with booster shot. As such, most of the countries including Malaysia have started to embark on a policy of living with the virus in order to continue economic activity.

The reopening of the economy in Q4 2021 has allowed workers to return to their workplaces, albeit with strict standard operating procedures ("SOPs"), even as the global economy embarks on the slow, difficult process of restarting itself after a prolonged shutdown. Various key economic indicators point to strong recovery momentum towards the Q4 2021 and into 2022. With the recovery momentum seen during Q3 2021, Malaysia's GDP is on track to achieve growth of between 3% and 4% in 2021, and further expand between 5.5% and 6.5% in 2022, in line with projections by the IMF and World Bank at 6.0% and 5.8%, respectively.

Despite the challenging economic condition, the Group has continued to prove the resilience of our business model both in good times and bad. The Group has achieved a historical new high in revenue for last three months of Year 2021 by surpassing RM20 million in revenue. It proved that the Group has fully recovered from the impact caused by the implementation of the Full Movement Control Order ("FMCO") from June 2021 to September 2021 whereby the Group's operation was halted for 12 weeks in Q3 2021. The Group succeeded in reporting a profit after tax of RM5.77 million in FYE 2021.

BUSINESS AND OPERATIONS OVERVIEW

The Group's revenue is mainly derived from sales of Ready-To-Assemble ("RTA") furniture products to distributors, furniture showroom retailers, home furnishing chain store and e-commerce companies. RTA furniture products have become increasingly popular as people will prefer online shopping to avoid crowded area. RTA furniture products are more suitable to online sales compared to assembled furniture products. Assembled furniture is bulky and it caused the storage cost and transportation cost is much higher if compared to RTA furniture products.

The COVID-19 Pandemic has caused a global shortage of containers and hike in the ocean freight charges. However, as majority of Spring Art's customers are based in the Middle East and Asia where the travel distance is relatively shorter compared to USA, the hike in freight charges is not too significant to cause any cancellation or postponement of

Office furniture

such as office workstations, filing cabinets and pedestals.

Bedroom furniture

such as beds, night stands, wardrobes, dressing tables, dressing stools and study desks.

Living room furniture

such as computer desks, television consoles, sideboards, shoe cabinets, bookshelves and drawer chests.

Other furniture

which includes customised complementary furniture products manufactured as and when ordered by customers, such as dining tables and kitchen cabinets.

purchase order placed with Spring Art. Further, the Group's advantages of shipping its RTA products in flat packs where up to 700 sets of products can be fitted in a single container will benefit the Customer as the hike in freight charges will not have a significant impact to the Customer's cost per flat pack.

The Group's revenue is generated from local and overseas sales and the currency used in invoicing is RM, USD and SGD. Approximately 97.6% of our revenues were denominated in USD for FYE 2021 with the remainder denominated in RM and SGD.

To date, Spring Art with three facilities - Factory A and B (owned) and Factory Pagoh (rented) and operate nine production lines with a total annual production capacity of 484,490 units of furniture. Currently, our manufacturing processes, save for lamination activities, are carried out at our manufacturing factories located in Muar, Johor.

The Group recognised that innovation and continuous improvement are pivotal to remain competitive in the furniture business. Thus, the Group will continue to focus on our design and development efforts to expand our product range.

The Group aim to expand the product range by releasing four new collections annually, with a focus on living room furniture and bedroom furniture every year, to appeal to changing consumer preferences. With the design and development capabilities, we believe that our variety of choice in product range will contribute to increase sales for our Group.

Management Discussion and Analysis Statement

FINANCIAL PERFORMANCE REVIEW

1. ANALYSIS OF FINANCIAL RESULTS AND FINANCIAL CONDITION

• REVENUE

Overall Revenue (RM)

For FYE 2021, the Group's overall revenue increased by 1.58% to RM54.78 million as compared to RM53.93 million Note (a) recorded in FYE 2020. However, total sales volume for the financial year under review decreased by 6.3% as there was a price adjustment to the selling price.

The revenue from bedroom furniture and living room furniture contributed 87.1% of the Group's revenue for the financial year under review and 86.7% of total sales volume. Sales volume for bedroom furniture decreased by 1.6% and living room decreased by 34.3% while sales volume for office furniture decreased by 7.5%.

Sales volume decreased from 323,552 units in FYE 2020 to 303,279 units in FYE 2021, mainly due to decrease in living room furniture from 46,995 units in FYE 2020 to 30,868 units in FYE 2021 and decrease in office furniture from 32,914 units in FYE 2020 to 30,442 units in FYE 2021.

In FYE 2021, we experienced sales growth in North America and Latin America by RM1.74 million or 49.7% as well as in Europe countries of RM0.6 million or 64.7% mainly due to increase of demands from new customers. The Group aims to further increase the group's presence in the North America and European markets to secure orders for coming increase production capacity from Factory C.

Note (a) The revised revenue in FYE2020 was due to the Group made prior year adjustments in connection with its timing of revenue recognition (i.e., determining when performance obligations are satisfied at a point in time).

• COST OF SALES, GROSS PROFIT (GP) AND GROSS PROFIT MARGIN

Overall Gross Profit (GP) (RM)

The Group's cost of sales increased by RM0.51 million or 1.2% from RM41.29 million Note (b) in FYE 2020 to RM41.80 million in FYE 2021. This increase was mainly attributable to the increase in direct materials cost impacted by the hike in the ocean freight charges.

In FYE 2021, the Group's GP increased by approximately RM0.34 million or 2.7% to RM12.98 million as compared to RM12.64 million in FYE 2020 due to the increased of production efficiency and also the price adjustment made to the products.

The Group's overall GP margin recorded a slightly increase from 23.4% in FYE 2020 to 23.7% in FYE 2021 mainly due to the implementation of the production effectiveness and strengthening of the procurement operations.

Note (b) The revised cost of sales in FYE2020 was due to the Group made prior year adjustments in connection with its timing of revenue recognition (i.e., determining when performance obligations are satisfied at a point in time).

• PROFIT BEFORE TAX (PBT) AND PROFIT AFTER TAX (PAT)

Overall Profit Before Tax (PBT) (RM)

Overall Profit After Tax (PAT) (RM)

The Group's PBT and PBT margin deteriorated from approximately RM8.26 million and 15.3% for FYE 2020 to approximately RM7.28 million and 13.3% for FYE 2021. Correspondingly, the Group's PAT and PAT margin decreased from approximately RM6.50 million or 12.1% for FYE 2020 to approximately RM5.77 million and 10.5% in FYE 2021.

The effective tax rate was lower at 20.8% in FYE 2021 due to the claim of automation capital allowance compared with the effective tax rate to 21.3% in FYE 2020.

FINANCIAL PERFORMANCE REVIEW (CONT'D)

1. ANALYSIS OF FINANCIAL RESULTS AND FINANCIAL CONDITION (CONT'D)

• TRADE RECEIVABLES

As at 01 March 2022, approximately RM6.15 million or 98.2% of our Group's total trade receivables as at 31 December 2021 have been collected.

Our Group's normal trade terms are cash term and credit terms of up to 90 days. Our credit terms to customers are assessed and approved on a case-by-case basis taking into consideration various factors such as relationship with customers, customers' payment history, credit worthiness and quantum of amount owing. We use aging analysis to monitor the credit quality of our trade receivables. All of our outstanding debts are closely monitored by our management personnel.

Our Group has not encountered any major disputes with our debtors and hence no allowance for impairment was provided for as there were no doubtful receivables outstanding for FYE 2021.

• TRADE PAYABLES

The normal credit terms granted to our Group by our suppliers are 30 to 90 days.

As at 01 March 2022, approximately RM7.18 million or 99.2% of our Group's total trade payables as at 31 December 2021 have been paid.

• INVENTORIES

Our Group's inventories consist of raw materials, goods in transit, packaging materials, work-in-progress and finished goods.

We keep our inventories low as we manufacture on a 'made-to-order' basis. Our Group's inventory turnover period ranges from 97 days to 146 days from FYE 2020 to FYE 2021. Higher inventory turnover in these two years was due to the global shortage of containers which caused by the COVID-19 Pandemic.

Our Group's raw materials mainly consist of boards (particle boards and MDF), metal components (screws, nuts and mounting brackets), PVC edges as well as packaging materials (corrugated cartons and packing tapes). Our Group's goods in transit are those imported boards which have left the shipping dock of the board supplier, but not yet reached our warehouse.

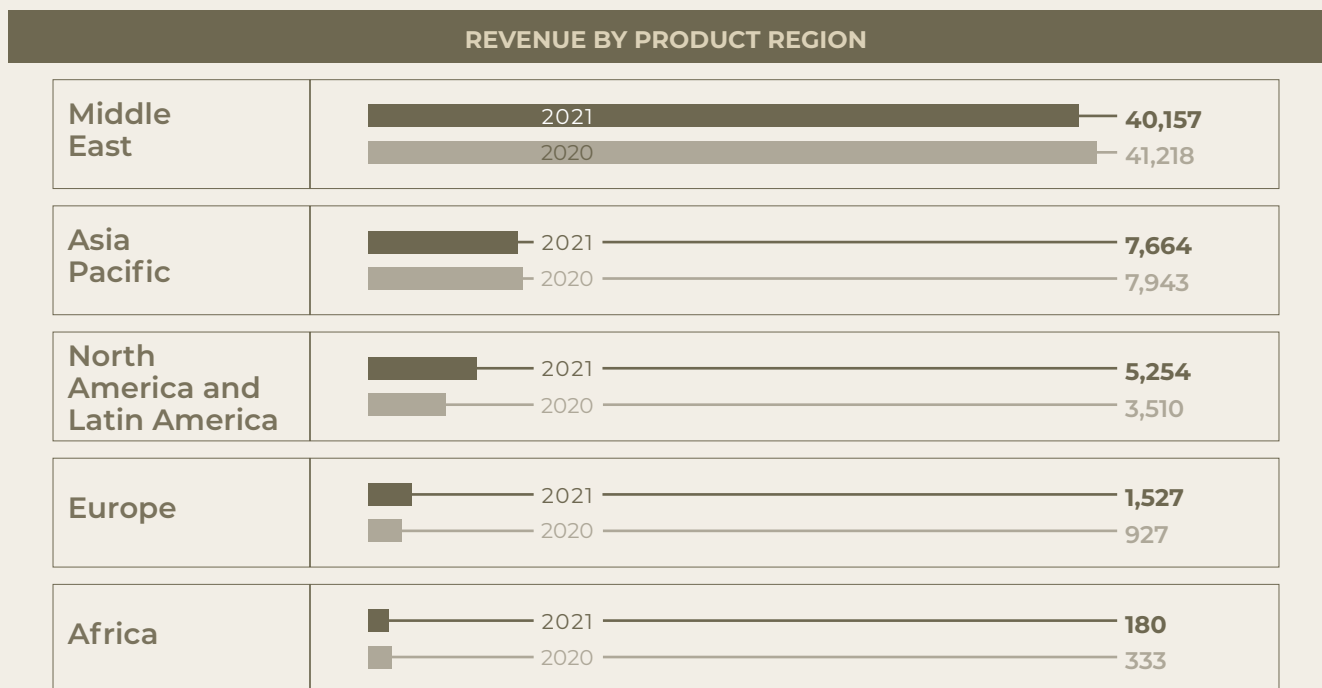

Our Group practices first-in-first-out basis in computing the cost of inventories, work-in-progress, and finished goods. The costs of raw materials include invoices value of goods purchased and expenditure incurred in acquiring the inventories. The cost of finished goods and work-in-progress comprises raw materials, direct labour and an appropriate proportion of production overhead.

As at 31 December 2021, the inventories of our Group amounting to approximately RM19.42 million. From the total of RM19.42 million, 51.5% is comprised of raw material as we started to stock up the particle boards for extra 3 months usage before the price adjustment. Meanwhile, another 27.2% is comprised of finished goods as most of the containers unable to ship out in December 2021 due to the global shortage of containers faced.

Management Discussion and Analysis Statement

RISKS OVERVIEW

• FLUCTUATIONS IN FOREIGN EXCHANGE RATES

Our revenue is denominated in USD, SGD and RM as our furniture products are mostly exported to foreign markets. Our export market comprises among others, UAE, India, Japan, Bahrain, Canada, Saudi Arabia and Singapore. Any significant change in foreign exchange rates may affect our Group's financial results.

We maintain foreign currency accounts arising from our sales to settle our purchases in foreign currency. Additionally, we also enter into foreign currency forward exchange contracts with banking institutions to sell the USD received from our customers at agreed exchange rates for fixed periods of time to reduce the exposure of our receivables.

• DEPENDENCE ON FOREIGN PRODUCTION WORKERS

We rely on foreign workers in our operations. Our foreign workers are primarily from Bangladesh and Nepal. As the standard of living in Malaysia improves over time, we have found it increasingly difficult to hire local production workers for our manufacturing operations. In addition, the costs of foreign labour may continue to increase in the future.

Hence, we make continuous efforts to ensure that we carefully optimize our workforce at both administrative and production levels. To reduce the dependence on foreign production workers, our Group has implemented automation to our production processes where feasible.

• VOLATILITY IN PRICES OF RAW MATERIALS

The prices of certain raw materials used in our manufacturing processes such as particle boards and MDF may fluctuate due to demand and supply conditions. As such, any shortage or disruption in the supply of raw materials which results in fluctuation in the prices of raw materials may adversely affect both our Group's operations and financial performance.

With that in mind, we source our raw materials from multiple suppliers and our purchases are made upon receipt of confirmed orders from our customers. In this way, we would be able to minimize the impact of any material adverse price fluctuations.

• IMPACTS OF COVID-19 PANDEMIC

It is difficult to gauge the full extent and duration of the impact COVID-19 has on the global and Malaysian economy at this juncture. Any changes in regulations and policies to combat the COVID-19 outbreak can have an impact on our Group's operations. Operation-wise, we have adapted to a "new normal" in work culture to comply with the SOPs introduced by our government. These SOPs are aimed at minimizing the risk of infection among our staffs and ensuring that our business operates at optimum level. Some of the preventive measures implemented by our Group are disclosed in the accompanying Sustainability Statement 2021, as shown on pages 23 to 35 of this Annual Report.

FUTURE PLANS AND PROSPECTS

Looking ahead, the operating and business environment remains challenging with the emergence of new challenges such as global inflation, fluctuating exchange rates and volatility in certain material prices due to disruptions in the global supply chain as a result of the prolonged pandemic. Nevertheless, the Group will continue to focus on the Group's core competency, stay vigilant and putting in place various cost cutting and control strategies and take timely and appropriate action plans to mitigate the adverse impact of the pandemic and challenges on the Group's financial performance.

With the aggressive rate of booster vaccination programs being rolled out in Malaysia, the Board believes that this will provide a strong boost to both consumer and business confidence going forward, thus setting the stage for an economic rebound in 2022 which our group is well positioned to take advantage of.

Management Discussion and Analysis Statement

FUTURE PLANS AND PROSPECTS (CONT'D)

To date, Spring Art with three facilities - Factory A and B (owned) and Factory Pagoh (rented) and operate nine production lines with a total annual production capacity of 484,490 units of furniture. The Group is confident that the future prospects of the Group will be favourable after the completion of the Factory C. The Group had recently purchased the machineries for Factory C. It is expected to increase the annual capacity to reach a combined manufacturing capacity of 821,000 units per annum.

With the increasing production capacity, the Group is now focused in driving more research and development activities in enhancing our products to better suit the needs of our customers. The Group businesses will continue with their business plans to expand market coverage and product range and at the same time, remain vigilant and responsive to market changes.

Meanwhile, we have started gradually transition more responsibilities to the next generation of young leaders. All these efforts are part of our Group's transformation program to embrace changes and to foster an innovative, collaborative and high energy working environment.

Given our track record in penetrating these foreign markets, we will continue to focus on export markets to grow our business. The Group aims to further increase our presence in the North America and European markets in future.

The Group shall continue to maintain a lean organisation structure that enhances cost-optimisation and promotes operation efficiency across all business segments.

DIVIDEND POLICY

The Company presently does not have any formal dividend policy. Any declaration of interim dividends and recommendation of final dividends are at the discretion of our Board and any final dividend proposed is subject to our shareholders' approval.

Upon listing, the Board intends to adopt a stable and sustainable dividend policy to allow our shareholders to share in the profits of our Group while maintaining an optimal capital structure and ensuring sufficient funds are available for our future growth.

CORPORATE GOVERNANCE

The Board of the Company takes seriously on to values such

as integrity, transparency and dedication, among others, high on our list of priorities. We also place much emphasis on corporate governance and are at all times looking to create the utmost value for our shareholders. The measures implemented are outlined further in our Statement on Corporate Governance, the Audit and Risk Management Committee Report and Statement on Internal Control found further in this Annual Report.

CORPORATE SOCIAL RESPONSIBILITY

The Group is mindful of the impact its operations have on society. The Group's key corporate social responsibility platforms continue to be in the areas of employees, stakeholders, the environment as well as the communities at large. We will continue to identify activities where our support can make a real difference.

APPRECIATION

In closing, I wish to extend my heartfelt gratitude to all my fellow Board Members who have contributed to the Group with their invaluable expertise and experience. Our deepest gratitude also goes to the management and staff for their commitment and dedication throughout the years and to all our shareholders for their steadfast support and confidence in the Group. Our sincere appreciation also goes to our business partners, clients, bankers and other associates for their continued support for the Group.

MATERIAL MATTERS ASSESSMENT AND APPROACH

Materiality assessment is an essential procedure for us to identify and prioritise any arising sustainability risks and opportunities that are significant and relevant to our Group's business operations as well as the interest of our various stakeholders. We perform an annual materiality assessment according to the following process: -

Table 2: Process of Materiality Assessment

Sustainability Statement 2021

We have reassessed our material matters in FYE 2021 and ranked twelve (12) key areas which matter the most to the Group and various stakeholders, scaling from "Important" to "Most Important" as shown in the following **Material Matters Matrix**: -

Chart 1: Scatter Plot Matrix of Material Matters

Table 3: List of Material Matters

ECONOMIC

The Group strives to create long-term value to our various stakeholders and achieve sustainable business growth by delivering quality and innovative products and services.

1 Business Profitability

	AUDITED		
	FYE 2019 RM'000	FYE 2020 RM'000	FYE 2021 RM'000
Revenue	61,006	53,931	54,782
Gross Profit	17,849	12,637	12,985
Profit After Tax ("PAT")	8,069	6,502	5,766

The Group's operations were disrupted in FYE 2020 due to the Movement Control Order ("MCO") issued by the Malaysian Government in response to COVID-19 pandemic on 18 March 2020. Only 50% of workforce able to backed to the production operations on 13 April 2020. The Group only resumed back to operations with 100% of workforce during the Conditional Movement Control Order ("CMCO") which was from 7 May 2020. With the new norm in running operations, it has affected the production output of the Group. However, the Group still manage to continue their profitability and achieved PAT of RM6.5 million.

The Group's operations were disrupted for 12 weeks in Q3 2021 due to the implementation of Full Movement Control Order ("FMCO") since 1st June 2021. The Group resumed operations on 24 September 2021 after all the workers of the Group had completed their second dose of vaccine and all of them are back to their work after 14 days waiting period of a completion COVID-19 vaccination. Despite the challenging economic condition, the Group has continued to prove the resilience of our business model both in good times and bad. A historical new high in revenue has been reported in fourth quarterly announcement by surpassing RM20 million in revenue. It proved that our Group has fully recovered from the impact caused by the implementation of the Full Movement Control Order ("FMCO") from June 2021 to September 2021 whereby the Group's operation was halted for 12 weeks in Q3 2021. In FYE 2021, the Group achieved a total of RM5.77 million as PAT of the year.

We will continue to intensify sales and marketing efforts to secure more customers locally and overseas in order to boost our market shares and deliver great values to our various stakeholders.

Sustainability Statement 2021

2 Business Expansion

A wholly-owned subsidiary, namely Elisa Home Sdn. Bhd. ("Elisa") was incorporated in November 2020 to cater the online sales to local market through the local online sales platforms and own website. This is the first time that the Company involved in conducting B2C e-commerce business and launch the new brand products to the Malaysia market. "ELISA" which carried the meaning as: - **"ELISA" - E-commerce Live in Spring Art**

Elisa achieved the total sales of RM 1 million in the first year of business in FYE2021. This is a good start to the Group to cater the local market as RTA furniture products are more suitable to online sales compared to assembled furniture products. Furthermore, RTA furniture products become more and more popular as people will prefer online shopping to avoid crowded area due to COVID-19 pandemic.

Besides, the construction of our new factory namely Factory C, with a total estimated factory built-up area of approximately 103,926 square feet will complete in Q3 2022. Factory C is expected to increase our annual capacity to reach a combined manufacturing capacity of approximately 821,000 units per annum. With the increasing production capacity, the Group is now focused in driving more research and development activities in enhancing our products to better suit the needs of our customers. The Group businesses will continue with their business plans to expand market coverage and product range and at the same time, remain vigilant and responsive to market changes.

The Board will continue to explore on other business expansion opportunities in order to achieve sustainable business growth.

3 Products Recognition And Quality Assurance

The Group recognises that product recognition with positive and reputable branding is the key to stand strong in the market and support sustainable business growth.

We are dedicated to enhance our product visibility and market presence by intensifying sales and marketing efforts continuously in order to boost our market shares in furniture industry.

As a manufacturer and exporter of RTA products, the Group plays a pivotal role in our customers' supply chains. Therefore, we placed upmost emphasis and committed

to deliver products of the highest quality and safety standard to customers with integrity, diligent and care. We apply stringent standards and requirements in our quality management system across the business operations.

Our high-quality products are assured by the accreditation of ISO 9001:2015 on our Quality Management System, under the scope of "Manufacturing of Furniture". As a quality-driven company, we will continue to maintain and/or improve our products quality in order to achieve our long-term business goals and success.

4 Supply Chain Management

Effective supply chain management with consistent delivery of quality products from our suppliers is the key to ensure smooth and efficient operations in our Group.

Procurement is a core function within the supply chain management. We ensure our procurement team abide with the highest business ethics during procurement process to prevent any potential bribery actions. Evaluation and selection of qualified suppliers should also be carried out on fair and unbiased basis.

To manage and maintain the quality of supplies, we conduct annual supplier assessment for all suppliers listed on the approved suppliers listing. The assessment takes into consideration of pricing competitiveness, quality of products, after-sales support and/or services, product warranty and supplier's financial position. Decision shall be made on whether to continue or terminate the business relationship with respective suppliers using a rating approach.

We are also actively sourcing for new suppliers with better credit term and/or better quality of products or services to expand our pool of qualified suppliers. It helps to reduce the concentration and dependency risks while ensuring the consistency of supplies and stability of our raw materials cost.

Sustainability Statement 2021

5 Customer Satisfaction

To remain competitive in the market, we placed great emphasis on customer satisfaction. All customers' feedbacks, whether good or bad, will be taken constructively as customers' requirements and expectations motivate us to improve further. All customers' queries or complaints shall be addressed appropriately on timely manner.

Through Elisa, we have launched our E-commerce platform where customers are able to purchase products online at their convenience with the live chat customer support features made available on the platform.

ENVIRONMENTAL

The Group believes that preserving the environment and shared natural resources are crucial to ensure our business operations are able to create value sustainably without affecting the quality of life of our surrounding communities.

6 Material Management

Material management is being practiced in each stage of our production life cycle as we believe that our control efforts made in each stage shall contribute to an effective and efficient production environment while minimising the usage of natural resources.

We have implemented several practices in our business operations to conserve our material resources as follows: -

7 Environmental Compliance

With environmental concerns in mind, we ensure our business operations run in compliance to all applicable environment rules and regulations within Malaysia. We also put in place an Environment Policy with the following major aims: -

We are glad to announce that no penalty or fine was imposed by relevant regulatory authorities due to non-compliance to environmental laws and regulations in FYE 2021.

8 Go Green In Our Workplace

 We truly believe that environmental sustainability depends on continuous efforts contributed by all of us. We advocate SDG Target 12.2 within our workplace and promote several green initiatives amongst the Group such as encouraging employees to leverage on technology to conduct virtual meetings and make good use of paper in our daily operation where internal use documents are printed on both sides and scrap papers are collected for drafting purposes, whenever possible.

We also hire external trainers to conduct trainings in our office whenever possible in order to make full use of our office facilities while reduce the needs for our employees to travel for trainings, which in turn enable time and cost savings.

Sustainability Statement 2021

9 Energy Efficiency And Consumption

In line with SDGs Target 8.4 and 9.4, our Group continuously seek for alternatives to enhance energy efficiency of our business operations in order to lower our operational costs while reducing carbon footprint. We are currently

implementing the following energy efficiency initiatives across the Group: -

Achieve energy efficiency using environmentally friendly machinery and equipment that can reduce energy usage while performing at the optimal level. Most of the machineries purchased are with the CE certification which proved that those machineries have been assessed to meet high safety, health, and environmental protection requirements.

Regular and scheduled maintenance are performed on our Group's machineries and vehicles to ensure optimal performance and efficiency. Additionally, our machine operators and drivers are trained to not leave machineries and vehicles' engines running when they are idle to minimise emissions.

Conserve electricity and water consumption by managing production schedules effectively and minimise unnecessary electricity and water usage in office working environment.

SOCIAL

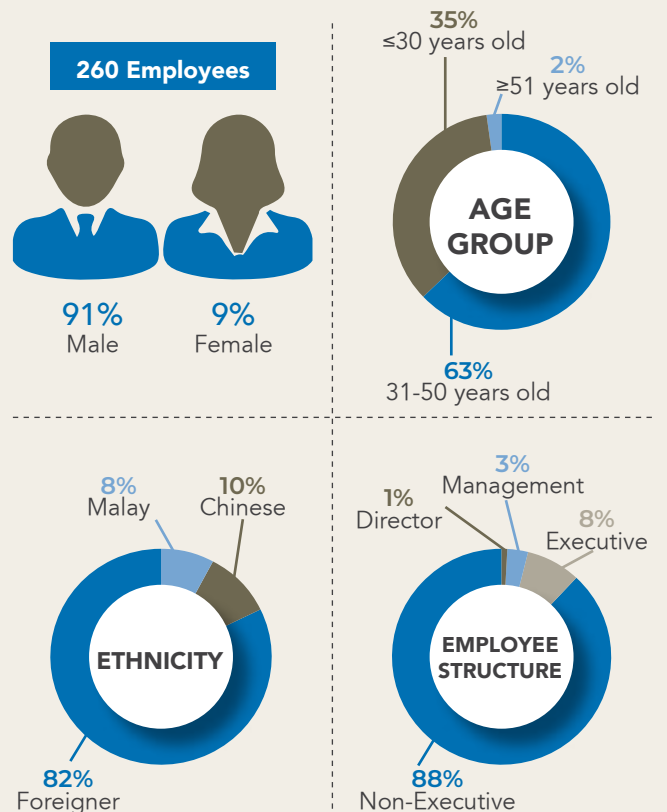

The Group views our people as our pride and cherishes their efforts in contributing to our sustainable business growth. We strive to maintain a healthy and well-balanced workplace for our beloved employees.

10 Employees Diversity And Equal Opportunities

In advocating SDG Target 10.2, no discrimination in terms of race, religion, culture, gender, age and nationality shall be practiced within the Group. The Group believes talent is diverse by nature and we aim to build a diverse workforce that begins with offering equal opportunities and career advancement to people regardless of gender, race and nationality in order to unleash infinite potentials and creativities for our business success.

Our Group is well represented by all age group and ethnicity with men outnumbering women. We attempt to increase the number of women in all positions over the longer term. As at 31 December 2021, we have a total of 260 employees illustrated as follows: -

Sustainability Statement 2021

11 Occupational Safety And Health ("OSH")

In advocating SDG 3 of ensuring healthy lives for all, our people's health and safety are always within the top priority list of the Group especially during the current COVID-19 pandemic.

We have established a Health and Safety Policy to serve as a guidance in safeguarding our employees, customers as well as the community's health and safety. OSH Committee, led by the Managing Director, was formed to oversee OSH related matters. Investigation will be carried out by OSH team to determine the root cause in the event of any incident or accident happened and appropriate control or action plan will be proposed thereafter on timely basis.

In addition, we maintain first-aid kits across the Group in accordance to the standards and requirements as per Occupational Safety and Health Act.

Preventive Measures for COVID-19

Coming to another year where we are still exposed to the health threat arising from the COVID-19 pandemic, we

continue to strictly adhere to the COVID-19 Standard Operating Procedures ("SOP") advocated by the Malaysian Government. Our preventive measures for COVID-19 are as follows: -

Preventive Measures for COVID-19 (cont'd)

 Temperature scanner and MySejahtera QR Code are prepared at the entrance of all business premises where employees and visitors are required to conduct temperature screening and MySejahtera QR Code scanning before entering the buildings.

 Hand sanitisers are prepared at the premises entrances for the convenience of employees and visitors in line with SDG Target 6.2.

 Face masks are provided to our employees on daily basis to protect our people.

 Saliva test kits are provided to employees where all employees are required to perform COVID-19 self-test twice a month for the monitoring of workplace safety.

 In the fulfillment of SDG Target 3.8, we have also granted leaves for all employees in conjunction with the roll out of vaccination programme by the Government to encourage for vaccination.

 Consistently promote awareness on COVID-19 symptom identification, prevention procedures and measures to enhance immunity system by displaying relevant information within the office and warehouse areas.

Sustainability Statement 2021

12 Employees Engagement

We always cherish our people' contributions to the Group. In general, we provide the following benefits to our employees according to their respective job grade and/ or years of service: -

Benefits To Our Employees

Medical leave

Annual leave

Marriage leave

Mileage claims

Medical benefits

Compassionate leave

Maternity leave

Apart from the above mentioned benefits, our employees are also entitled to free COVID-19 testing and interest-free staff loan. These initiatives are offered to support our employees at all times.

a. Board Charter and Board Committees

Spring Art Holdings is led by an experienced and dedicated Board of Directors that has put much effort in ensuring the smooth management of the Company. The Board possesses a wide range of expertise to provide the Group with both strategic and operational direction in an ultra-competitive operating environment. The Board has overall responsibility for the strategic direction of the Group. The Board meets regularly to review corporate strategies, operations and performance of business units within the Group. All Board members bring their independent judgement to bear on issues of strategy, performance, resources and standards of conduct.

The Board is mindful of the importance of the establishment of clear roles and responsibilities in discharging its fiduciary duties and leadership functions. The Board has defined its Board Charter by setting out the roles, duties and responsibilities of the Board, the principles and practices of corporate governance to be followed as well as key matters reserved for the Board's approval. The Board Charter is made available on the Company's website at www.springart.com.

Corporate Governance Overview Statement

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

1. Roles and Responsibilities of the Board (cont'd)

a. Board Charter and Board Committees (cont'd)

In order to assist the Board in its oversight function on specific responsibility areas, the Board has established three (3) Board Committees, namely Audit and Risk Management Committee ("ARMC"), Nomination Committee ("NC"), Remuneration Committee ("RC"). Governed by their respective Terms of References, the Committees report to the Board on their meeting proceedings and deliberations as well as make recommendations to the Board on the matters under their purview.

During the financial year, the respective committees have carried out their duties and activities as announced in their respective Terms of References. The details of Terms of References for the respective committees are available for reference on the Company's website at www.springart.com.

The roles of the Chairman and Managing Director ("MD") are clearly separated and the positions were held by different individuals. This duty segregation between the Chairman and MD ensures an appropriate balance of role, responsibility and accountability at the Board level. The Chairman is responsible for providing leadership to the Board in overseeing Management and the Group's overall strategic functions, whereas the day-to-day management of the Group's business affairs is delegated to the MD of the Company, who is further supported by the Executive Director ("ED") and Chief Financial Officer ("CFO"). The Board nevertheless reserves the decision-making authority on significant matters of the Group as encapsulated in the Board Charter. The Board Charter serves as an authoritative document that governs the conduct of the Board, Board Committees and individual Directors.

The Board reviews and updates its Charter and the respective committees' Terms of References from time to time as to keep itself up to date with new changes in regulations and best practices and to ensure its effectiveness and relevance to the Board's objectives.

b. Meeting Convened and Company Secretaries

Notwithstanding that no specific quantum of time has been fixed, all the Board members are required to notify the Board before accepting any new directorship. Any Director is, while holding office, at liberty to accept other Board appointment in other companies as long as the appointment is not in conflict with the Company's business and does not affect the discharge of his/her duty as a Director of the Company. To ensure the Directors have the time to focus and fulfill their roles and responsibilities effectively, one (1) criterion as agreed by the Board is that they must not hold directorships at more than five (5) PLCs (as prescribed in Rule 15.06 of AMLR).

The Board ordinarily schedules four (4) meetings in a year. Board and Board Committee meetings are scheduled well in advance. Additional meetings are convened when urgent and important decisions need to be made between scheduled meetings. Each Board member is expected to achieve at least fifty percent (50%) attendance of total Board Meetings in any applicable financial year with appropriate leave of absence be notified to the Chairman and/or Company Secretary, where applicable.

To facilitate the Directors' time planning, an annual meeting calendar will be prepared and circulated to them before the beginning of each year. It will provide the scheduled dates for meetings of the Board and Board Committees, the Annual General Meeting ("AGM"), major briefings to be conducted by the Company, as well as the closed periods for dealings in securities by Directors based on the targeted dates of announcements of the Group's quarterly results.

^ Chairman/ Chairperson of the Board or Board Committee

In undertaking its duties, the Board is supported by two (2) competent and suitable qualified Company Secretaries. The Company Secretaries serve as counsels to the Board on matters relating to corporate governance. The Company Secretaries seek to ensure the Board's adherence to regulatory promulgations as well as the observance of internal policies and procedures. In addition to facilitating the flow of information between the Board and Management, the Company Secretaries also attend Board and Board Committee meetings whereby they are tasked to accurately record meeting proceedings and decisions taken by the Board and Board Committees.

c. Uphold Integrity in Financial Reporting

The Board is responsible to ensure the preparation of the financial statements for each financial year, gives a true and fair view of the state of affairs of the Group. In preparing the financial statements, the Directors also ensure that the Group has:

- (i) adopted appropriate accounting policies and applied them consistently;
- (ii) made judgements and estimates that are reasonable and prudent;
- (iii) prepared the financial statements on a going concern basis unless it is inappropriate to presume that the Group will continue in business; and
- (iv) ensured applicable accounting standards have been complied, subject to any material departures disclosed and explained in the financial statements.

The Directors are responsible for ensuring that the Group keeps proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and which enable them to ensure that the financial statements comply with applicable Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act, 2016 in Malaysia. The Directors have overall responsibilities for taking reasonable steps to safeguard the assets of the Group so as to prevent and detect fraud and other irregularities.

Corporate Governance Overview Statement

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

1. Roles and Responsibilities of the Board (cont'd)

c. Uphold Integrity in Financial Reporting (cont'd)

The Directors confirm that they have complied with these requirements and having a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, continue to adopt the going concern basis in preparing the financial statements. The Board has also entrusted the ARMC to review the Group's financial reports to ensure conformity with applicable MFRSs, IFRSs and the requirements of the Companies Act, 2016 in Malaysia before the financial statements are recommended to the Board for consideration and approval for release to the public.

d. Code of Conducts, Anti-Bribery and Corruption Policy

The Board acknowledges its role in propagating ethical standards and values across the different levels of the Group and thus, has taken the initiative to formalise a Code of Conducts. The aforementioned document serves as a reference for both Directors and employees in their day-to-day professional conduct and decision-making process. The Code of Conducts is an extensive document that provides guidance on matters ranging from conflict-of-interest situations to corruption and money-laundering.

In addition, the Board is in the mid to formalise an Anti-Bribery and Corruption Policy that outlines the Group's commitment to conduct business ethically as well as complying with all applicable laws, which include compliance with the Malaysian Anti-Corruption Commission (Amendment) Act 2018 and any of its amendments made by the relevant authority from time to time. In this respect, the Anti-Corruption and Bribery Policy provides principles, guidance and requirements to Directors, employees and Associated Third Party on how to recognise and deal with bribery and corrupt practices that may arise in the course of daily business and operation activities within Spring Art Holdings. The Group emphasises its position in taking a zero-tolerance approach to bribery and corruption, and the Group is committed to conducting all of its business in an honest and ethical manner.

The Code of Conducts is available on the Company's website at www.springart.com. The Anti-Bribery and Corruption Policy will also publish on the Company's website once it gets the approval from the Board.

e. Whistle-blowing Policy

As an additional measure to safeguard the integrity of the Group, the Board has continually adopted a Whistle-blowing Policy and Procedures to encourage employees and other stakeholders to report legitimate ethical concerns. The Group's Whistle-blowing Policy and Procedures outlines the reporting channels available to stakeholders including reporting directly to employees' immediate superior/designated recipients and via a whistle-blowing email managed by an independent third party. The details of the Code of Conducts and Whistle-blowing Policy are available for references on the Company's website at www.springart.com.

f. Access to Information and Advice

The Board recognises that the decision-making process is highly dependent on the quality of information furnished. As such, Board members have full and unrestricted access to all information pertaining to the Group's business and affairs. Directors are supplied with relevant information and reports on financial, operational, corporate, regulatory, business development and audit matters for decisions to be made on an informed basis and effective discharge of the Board's responsibilities.

Corporate Governance Overview Statement

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

1. Roles and Responsibilities of the Board (cont'd)

f. Access to Information and Advice (cont'd)

Procedures have been established for timely dissemination of Board and Board Committee papers to all Directors at least seven (7) days prior to the Board and Board Committee meetings, to facilitate decision making by the Board and to deal with matters arising from such meetings. Senior Management of the Group and external advisers are invited to attend Board meetings to provide additional insights and professional views, advice and explanations on specific items on the meeting agenda. Besides direct access to Management, Directors may obtain independent professional advice at the Company's expense, if considered necessary, in accordance with established procedures set out in the Charter in furtherance of their duties.

Directors have unrestricted access to the advice and services of the Company Secretaries to enable them to discharge their duties effectively. The Board is regularly updated and advised by the Company Secretaries who are qualified, experienced and competent on statutory and regulatory requirements, and the resultant implications of any changes therein to the Company and Directors in relation to their duties and responsibilities. The Company Secretaries constantly keep themselves abreast of the evolving capital market environment, regulatory changes and developments in CG through continuous training. The removal of the Company Secretaries is a matter for the Board, as a whole to decide.

The Directors are also notified of any corporate announcement released to Bursa Securities and the impending restriction on dealing with the securities of the Company prior to the announcement of the quarterly financial results.

2. Board Composition

In an economic landscape that is constantly evolving, boards are expected to be more vigilant and proactive to respond to shifting opportunities and the varying risk manifestations. In this respect, it is imperative for the Board to have an optimum mix of skills, qualifications and experience that can support the Group's quest to deliver value for its stakeholders. The NC is delegated with the responsibility of ensuring the Board's size and composition continues to be effective and relevant to the needs of the Group. The selection of candidates for directorships and recommendation for the re-election of Directors are premised on the individuals' character, skills, knowledge, expertise, experience, professionalism, competencies and integrity. Candidates for directorships and Directors are also assessed based on their willingness to devote adequate time and commitment to attend to their duties. Directors are required to notify the Chairman before accepting any new directorships and to indicate the time commitment that they are expected to expand on the slated appointments.

As at the date of this statement, the Board consists of five (5) members comprising one (1) Independent Non-Executive Chairman, one (1) MD, one (1) ED and two (2) Independent Non-Executive Directors. Presently, one (1) out of five (5) members of the Board is woman Director. The current Board composition complies with Rule 15.02 of AMLR that requires at least one-third (1/3) of the Board to be Independent Directors and at least one (1) Director is a woman. The profile of each Director is set out on pages 10 to 14 of this Annual Report. The Directors, with their diverse backgrounds and specializations, collectively bring with them a wide range of experience and expertise in areas such as entrepreneurship; finance; taxation; accounting and audit; legal as well as economics.

The presence of Independent Directors though not forming a majority is sufficient to prove the necessary check and balance on the decision-making process of the Board. They possess integrity and extensive experience to provide unbiased and independent views to the Board. They constantly express their views to the Board in an effective and constructive manner and therefore are able to function as check and balance and bring in unbiased and independent views and advices to the Board. Nevertheless, the Board recognises the value of having a majority Independent Directors on the Board in promoting objectivity during boardroom deliberations and impartiality in the decision-making process.

Corporate Governance Overview Statement

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

3. NC

The NC was established by the Board on 20th November 2018, as the Board recognises the importance of the role the NC plays not only in the selection and assessment of Directors but also in other aspects of CG of which NC can assist the Board to discharge its fiduciary and leadership functions. The NC comprises exclusively of three (3) Non-Executive Directors, with a majority of them being Independent Directors which is in line with Rule 15.08A(1) of AMLR. The primary function of the NC is to assist the Board in identifying and recommending candidates for directorships of the Company along with the membership of the Board's various committees. The NC also undertakes in assessing on annual basis, the effectiveness of the Board as a whole, the committees of the Board, the contribution of each individual Director and also the independence of the Independent Directors.

During the FYE 2021, the NC has carried out their duties annunciated in its Terms of Reference, which is published on the Company's website and undertaken the following activities.

a. Appointment and Re-Election of Directors

The NC is guided by the Terms of Reference in carrying out its responsibilities in respect of the nomination, selection and appointment process, which also provides the requirements under the relevant laws and regulations on the matter.

Since the screening and evaluation process for potential candidates to be nominated as Directors are delegated to the NC, the process involves the NC's consideration and submission to the Board its recommendation of suitable candidates for the proposed appointment as Directors of the Company.

The NC may also obtain and rely upon independent sources such as a directors' registry, open advertisement or use of independent search firms in furtherance of their duties at the Company's expense, subject to approval by the Chairman or the Board, depending on the quantum of the fees involved. If the selection of candidates was solely based on the recommendations made by the Management, the existing Board member(s) or major shareholder(s), the NC will explain why other sources were not used.

The NC's review of the criteria to be used in the appointment process to the Board of Directors largely focuses on ensuring a good mix of skills, experience and strength in the qualities that are relevant for the Board to discharge its responsibilities in an effective and competent manner. The other factors considered by the NC in its review include the candidates' ability to spend sufficient time and commitment on the Company's matters, the ability to satisfy the test of independence taking into account the candidate's character, integrity and professionalism, as well as having a balanced mix of age and diversity of Directors on the Board. The Board diversity factor as reviewed by the NC includes experience, skills, competence, race, gender, culture and nationality, to facilitate optimal decision-making by harnessing different insights and perspectives.

b. Annual Assessment

The NC carried out the annual assessment exercise on performance and effectiveness of the Board and the Board Committees annually. The Company Secretaries will facilitate the NC in carrying out the annual assessment exercise. The Board's effectiveness is assessed in the following key areas of composition, administration and process, accountability and responsibility, Board conduct, communication and relationship with Management, performance as well as the application of good governance principles to create sustainable shareholder's value. The Board, through the Questionnaires and recommendation from the NC, will examine the Board Committees, including their respective Chairman, to ascertain whether their functions and duties are effectively discharged in accordance with their respective Terms of Reference.

PRINCIPLE A – BOARD LEADERSHIP AND EFFECTIVENESS (CONT'D)

3. NC (cont'd)

b. Annual Assessment (cont'd)

As a post-evaluation process, the Company Secretaries summarised the results of evaluation and reported to each Board and Board Committee member by providing with individual results on each area of assessment. Thus, allowing the Directors to know their standing and the Board to take actions on the outcome of evaluation by recommending remedial measures on areas that need improvements, if any.

From the annual assessment and review conducted, the NC was satisfied that all the Executive, Non-Executive and Independent Directors on the Board including those seeking re-election possess sufficient qualification to remain on the Board. Only those with satisfactory evaluation are recommended to the Board for re-election. Save for the NC members who are also a member of the Board and have abstained from assessing their own individual performance as Director of the Company, each of the NC Members viewed that all the Directors have good personal attributes and possess sufficient experience and knowledge in various fields that are vital to the Company's industry.

As for the Board evaluation, the NC agreed that all the Directors have discharged their stewardship duties and responsibilities towards the Company as a Director effectively.

In relation to the Independent Directors, the NC concluded that the Board and Board Committees were functioning effectively as a whole with a high level of compliance and integrity.

The Board through NC shall review the term of office and performance of the ARMC and each of its members at annually to determine whether the ARMC and its members have carried out their duties in accordance with its Terms of Reference.

c. Gender Diversity Policy

Insofar as board diversity is concerned, the Board does not have any specific policy on targets for female candidates in the Group. The Board believes that the on-boarding process of Directors should not be based on any gender discrimination. As such, the evaluation of suitable candidates is solely based on the candidates' competency, character, time commitment, integrity and experience in meeting the needs of the Company, as the case may be.

d. Policy of Independent Director's Tenure

The Board has implemented a nine (9) year policy for Independent Non-Executive Directors. Upon completion of the nine (9) years, an Independent Director may continue to serve on the Board subject to the Director's re-designation as a Non-Independent Director. In the event such Director was to be retained as an Independent Director, the Board would have to justify in the notice convening the AGM and seek shareholders' approval through a two-tier voting process at every AGM.

e. Diverse Board and Senior Management Team

Appointment of Board and Senior Management is based on objective criteria, merit and besides gender diversity, due regard is placed for diversity in skills, experience, age and cultural background. Please refer to the Board of Directors' Profile and the Key Senior Management's Profile of this Annual Report on pages 10 to 15 for further information.

f. Directors' Training – Continuing Education Programme

The Board, through the NC also oversees the training needs of its Directors. Directors are regularly updated on the Group's businesses and the competitive and regulatory environment in which they operate. Directors, newly appointed, are encouraged to visit the Group's operating centers to have an insight on the operations which would assist the Board to make effective decisions.

Although the Board does not have a policy requiring each Director to attend a specific number and types of training sessions each year, to keep abreast of industry developments and trends, the Directors are encouraged to attend various external professional programmes deemed necessary to ensure that they are kept abreast on various issues facing the changing business environment within which the Group operates, in order to fulfill their duties as Directors.

The details of the relevant training sessions attended by each Director during the financial year under review and up to the date of this Statement are as follows: -

4. RC

The RC was established by the Board on 20th November 2018 to assist the Board in the adoption of fair remuneration practices to attract, retain and motivate Executive Directors. The RC composition is in line with Practice 6.2 of MCCG comprising exclusively of three (3) Independent Non-Executive Directors. During the financial year, the RC has carried out their duties and activities as announced in its Terms of Reference which is made available on the Company's website.

The Board is mindful that fair remuneration is critical to attract, retain and motivate the Directors of the Company as well as other individuals serving as members of the Board Committees. Hence, the Board has established formal and transparent remuneration policies for the Board and Board Committees, and the procedures in determining the same. The RC reviews the Board remuneration policy annually and in the course of deliberating on the remuneration policy, it considers various factors including the Non-Executive Directors' fiduciary duties, time commitments expected of Non-Executive Directors and Board Committee members, the Company's performance and market conditions. The RC also takes into consideration the remuneration of Directors of other public listed companies ("PLCs") in order to ensure competitive remuneration policies that reflect the prevailing market rate.

In 2021 the Board approved the RC's recommendation on remuneration of the ED and MD, remuneration of the Non-Executive Directors, and Directors' fees for FYE 2021 for the approval of the shareholders at the Company's forthcoming annual general meeting. The Board is of the view that the current remuneration level suffices to attract, retain and motivate qualified Directors to serve on the Board. Disclosure of each Director's remuneration, including that of the MD, is set out in the annual audited financial statements of this Annual Report.

Directors' remuneration in aggregate, with categorisation into appropriate components, distinguishing between Executive and Non-Executive Directors during the financial year under review, is as follows:

	Fees (RM)	Salaries and Other Emoluments (RM)	Defined Contribution Plan (RM)	Total (RM)
Executive Directors				
Lim Kok Eng	Nil	601,924	115,200	717,124
Kwan Chian Poh	Nil	513,923	100,800	614,723
Non-Executive Directors				
Haji Ismail Bin Tunggak	36,000	2,400	Nil	38,400
Law Sang Thiam	36,000	3,200	Nil	39,200
Tan Meng Loon	36,000	2,600	Nil	38,600

The number of Directors of the Company, whose total remuneration during the financial year under review fell within the following successive bands of RM100,000 is as follows:

4. RC (CONT'D)

Range of Remuneration	Numbers of Directors
Executive Directors RM100,000 to RM1,000,000	2
Non-Executive Directors Below RM100,000	3

In respect of the non-disclosure of detailed remuneration of each Director, the Board views that the transparency in respect of the Directors' remuneration has been appropriately dealt with by the 'band disclosure' presented in this Statement.

No disclosure of the top five key senior management's remuneration component on named basis is made herein due to confidentiality and sensitivity of each remuneration package.

PRINCIPLE B – EFFECTIVE AUDIT AND RISK MANAGEMENT

1. ARMC and External Audit

In relation to the Step Up 8.4 of the MCCG, the Board has a long-standing practice of having the ARMC comprising exclusively of Independent Directors. The independence of the ARMC enables it to exercise robust and impartial oversight combined with a healthy degree of professional skepticism over the Group's financial reporting and audit processes. The Chairman of the ARMC is distinct from the Chairman of the Board so as to promote unfettered objectivity during the Board's review of the ARMC's findings and recommendations. The present composition of the ARMC allows it to possess the requisite level of financial literacy and business acumen to have a sound understanding of the financial matters of the Group as well as an understanding of the latest developments in financial reporting, accounting and auditing standards.

The Board has put in place a Policy on External Auditors to facilitate a formal and transparent relationship with the external auditors. The Policy on External Auditors governs the selection, appointment and assessment of the external auditors as well as the provision of non-audit services by the external audit firm, amongst others. The ARMC has unbridled access to both the internal and external auditors, who in turn report directly to the ARMC on their activities, findings and recommendations. For the FYE 2021, the external auditors have provided written assurance to the Board that its personnel are and have been independent throughout the conduct of their audit, in accordance to the terms of relevant professional and regulatory requirements.

Full details of the ARMC's duties and responsibilities are stated in its Terms of Reference which is made available on the Company's website at www.springart.com and detailed disclosure on the role and activities undertaken by the ARMC during the financial year is provided in the ARMC Report on pages 50 to 53 of this Annual Report.

Corporate Governance Overview Statement

PRINCIPLE B – EFFECTIVE AUDIT AND RISK MANAGEMENT (CONT'D)

2. Risk Management and Internal Control Framework

a. Sound framework to manage risks

The Board is updated on the Group's internal controls system which encompasses risk management practices as well as financial, operational and compliance controls on a quarterly basis. On-going reviews are performed throughout the year on a quarterly basis to identify, evaluate, monitor and manage significant risks affecting the business and ensure that adequate and effective controls are in place. Such continuous review processes are conducted by the Company's Management Team as well as the Group's independent and sufficiently resourced internal audit function. The findings of the internal audit function are regularly reported to the ARMC. Details of the main features of the Company's risk management and internal controls framework are further elaborated in the ARMC Report and the Statement on Risk Management and Internal Control of this Annual Report on pages 50 to 53 and pages 54 to 56 respectively.

b. Implementation of mitigating measures

The responsibilities of identifying and managing risks are delegated to the Head of Department. The ARMC is responsible to review the effectiveness of the processes. Any material risk identified will be discussed and appropriate actions or controls will be implemented. This is to ensure the risk is properly monitored and managed to an acceptable level. The ARMC will assist the Board in implementing and overseeing the risk management framework of the Group and reviewing the risk management policies formulated by Management and to make relevant recommendations to the Board for approval.

c. Internal audit function

The Board of Directors has always placed significant emphasis on sound internal controls which are necessary to safeguard the Group's assets and shareholders' investment. To this end, the Board affirms its overall responsibility to the ARMC for the Group's internal controls system which encompasses risk management practices as well as financial, operational and compliance controls. However, it should be noted that such system, by its nature, manages but not eliminates risks and therefore can provide only reasonable and not absolute assurance against material misstatement, loss or fraud. On-going reviews will be performed by ARMC throughout the year to identify, evaluate, monitor and manage significant risks affecting the business and ensure that adequate and effective controls are in place. The Company also outsources the internal audit function to an independent assurance provider ("Internal Auditors") to provide an independent appraisal over the system of internal control of the Group to the ARMC.

d. Competency of internal auditors

To ensure that the responsibilities of internal auditors are fully discharged, the ARMC shall review the adequacy of the scope, functions and resources of the internal audit function as well as the competency i.e. qualification and experience of the internal auditors on a yearly basis.

The internal auditors, Tricor Axcelasia Sdn Bhd ("Tricor Axcelasia") which are led by Mr Chang Ming Chew (CIA (USA), CMIIA, CCA(UK)). The internal auditors carry out the internal audit reviews independently in accordance with a recognised framework. Prior to the commencement of internal audit assignments, the internal auditors also seek written assurance from those involved, confirming that they do not have any relationships or conflict of interest with the Company, which could impair their independence and objectivity throughout the conduct of the audit engagement. The internal auditors provide such declaration in their annual audit plan presented to the ARMC prior to the commencement

of internal audit assignment for the ensuing year. Premised on such declaration, feedback from the Management Team as well as performance assessment conducted by the ARMC, the ARMC considers on whether to continuously outsource the internal audit function to internal auditors in providing an independent appraisal on the adequacy, efficiency and effectiveness of the Group's internal control system.

An overview of the state of internal controls function within the Group, which includes the risk and key internal control structures, are set out in the Audit and Risk Management Committee Report and the Statement on Risk Management and Internal Control of this Annual Report on pages 50 to 53 and pages 54 to 56 respectively.

PRINCIPLE C – INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

Part I – Communication With Stakeholders

1. Continuous Communication between Company and Stakeholders

a. Effective, transparent and regular communication with its stakeholders

The Board recognises the importance of an effective communication channel between the Board, shareholders and general public, and at the same time, full compliance with the disclosure requirements as set out in the AMLR. The annual reports, press releases, quarterly results, Annual Audited Financial Statements and any announcements on material corporate exercises are the primary modes of disseminating information on the Group's business activities and financial performance.

The MD is the designated spokesperson for all matters related to the Group and dedicated personnel are tasked to prepare and verify material information for timely disclosure upon approval by the Board. The Group maintains a corporate website: www.springart.com for shareholders and the public to access information on, amongst others, the Group's background and products, financial performance, Frequently-Asked Questions (FAQs) and updates on its various sponsorships and promotions. Stakeholders can at any time seek clarification or raise queries through the corporate website, by email or phone. Primary contact details are set out at the Group's corporate website. The corporate website will also post all press releases made by the Group together with latest news on the Group and the industry.

PRINCIPLE C – INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (CONT'D)

Part I – Communication With Stakeholders (cont'd)

1. Continuous Communication between Company and Stakeholders (cont'd)

b. Integrated reporting

The Company has provided concise information in relation to its strategy, performance, governance and prospects through the Management Discussion and Analysis Statement and Corporate Sustainability Statement 2021 in this Annual Report on pages 16 to 22 and pages 23 to 35 respectively. This is to ensure that the stakeholders are well informed of the business and performance of the Company and to promote transparency and accountability of the Company.

Part II – Conduct Of General Meetings

2. Strengthen Relationship Between the Company and Shareholders

a. Encourage shareholder participation at general meetings

The AGM represents the principal forum for dialogue and interaction with shareholders. At every AGM, the Board sets out the progress and performance of the Group since the last meeting held. Shareholders are encouraged to participate in the subsequent Question & Answer ("Q&A") session wherein the Directors, Company Secretaries, Head of Department as well as the Group's external auditors are available to respond to the queries raised. In the event that an answer cannot be readily given at the meeting, the Chairman will undertake to provide a written reply to the shareholder. Each item of special business included in the notice of meeting will be accompanied by a full explanation on the effects of a proposed resolution.

The Company dispatched its notice of AGM to shareholders at least twenty-eight (28) days before the AGM. The Board believes that this would allow the shareholders to make necessary arrangements to attend and participate either in person, by corporate representative, by proxy or by attorney together with the Notice of AGM, which provides information to shareholders with regard to, among others, details of the AGM, their entitlement to attend the AGM, the right to appoint proxy and also qualification of proxy.

At the commencement of all general meetings, the Chairman will inform the shareholders of their rights in voting. Separate resolutions are proposed for substantially separate issues at the meeting and the Chairman will declare the number of proxy votes received, both for and against each separate resolution where appropriate. The outcome of a general meeting will be announced to Bursa Securities on the same meeting day.

Corporate Governance Overview Statement

PRINCIPLE C – INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS (CONT'D)

Part II – Conduct Of General Meetings (cont'd)

2. Strengthen Relationship Between the Company and Shareholders (cont'd)

b. Effective communication and proactive engagements

All the Directors shall endeavor to present in person to engage directly with, and be accountable to the shareholders for their stewardship of the Company at the AGM.

Before the commencement of AGM, the Directors and Management will join the shareholders together with a dedicated team of employees to assist the shareholders on the queries they may have. The proceedings of the fourth AGM will include the chairman's briefing on the Company's overall performance for FYE 2021, the presentation of the external auditors' unqualified report to the shareholders, and Q&A session during which the chairperson will invite shareholders to raise questions pertaining to the Company's financial statements and other items for adoption at the meeting before putting a resolution to vote. The Chairman will share the Company's responses to questions posed by the Minority Shareholders Watchdog Group, if any before engaging the shareholders on Q&A session.

c. Facilitate greater shareholder participation at general meetings

Under Rule 8.29A(1) of the AMLR, a PLC must, among others, ensure that any resolution set out in the notice of any general meeting, is voted by poll. For this purpose, the share registrar will be appointed as the Poll Administrator and an independent scrutineer will be appointed to validate the votes cast at the forthcoming AGM.

The Company will always make sure that its general meeting is to be held at an accessible location but not in remote areas in order to encourage shareholders to attend and participate in the meeting. Having considered that the shareholder base of the Company is not that large, the Board is of the view that there is no immediate need for the Company to leverage on technology to facilitate electronic poll voting and remote shareholder participation at this juncture of time.

The Board will consider leveraging on technology to facilitate voting in absentia from time to time, to more fairly reflect shareholders' views and to ensure accurate and efficient outcomes of the voting process.

COMPLIANCE STATEMENT

The Board shall continue to strive for highest possible standards of corporate governance throughout the Group. The Board considers and is satisfied that save and except for Practice 4.5, 6.1, 7.1, 7.2, 7.3, 9.3 & 12.1 of MCCG which are partially departed and/or not adopted as disclosed herein and in the CG Report, the Company has in all material aspects satisfactorily complied with the principles and recommendations of the Code, the relevant chapters of MCCG and all applicable laws and regulations throughout FYE 2021.

This Statement is made in accordance with the resolution of Board dated 11 April 2022.

SUMMARY OF THE WORK OF INTERNAL AUDITORS

The ARMC obtains reasonable assurance on the effectiveness of the Group's system of internal controls via the internal audit function which is responsible for the regular review and appraisal of the effectiveness of the risk management, system of internal controls and governance processes of the Group.

The Group's internal audit function has been outsourced to a reputable professional service provider firm which assists the ARMC and the Board in evaluating the Group's risk management and internal control system and to provide their recommendations for further improvement. To ensure that the responsibilities of internal auditors are fully discharged, the ARMC reviews the adequacy of the scope, functions and resources of the internal audits function as well as the competency of the internal auditors on a yearly basis.

The internal audit activities will be carried out based on an Annual Risk-based Audit Plan presented by the outsourced internal auditors to the ARMC for approval. The establishment of the Annual Risk-based Audit Plan will take into consideration the corporate risk profile and input from Senior Management and the ARMC members. The results of the audits provided in the internal audit reports will be reviewed by the ARMC. The relevant Head of Department of the specific audit subject is made responsible for ensuring that corrective actions on reported weaknesses are taken within the required timeframe. Internal auditors conduct follow-up audits to ensure that Management's corrective actions were implemented appropriately.

Tricor Axcelasia reported directly to the ARMC and the Board the audit findings and recommendations which required follow-up action by Management as well as outstanding audit issues which required corrective action to ensure an adequate and effective internal control system within the Group. Total cost incurred during the financial year under review was RM21,200.

Premised on the performance assessment conducted by the ARMC, written declaration from the internal auditors on their independence and objectivity throughout the conduct of the audit engagement as well as feedback by the Management Team, the ARMC is of the view that Tricor Axcelasia is free from any relationships or conflicts of interest with those involved and is capable of carrying out the internal audit reviews. Accordingly, the ARMC approved for the Group to continuously outsource the internal audit function to Tricor Axcelasia in providing an independent appraisal on the adequacy, efficiency and effectiveness of the Group's internal control system for FYE 2021. This Report was made in accordance with the resolution of ARMC dated 11 April 2022.

Further details on the internal audit function are reported in the Statement on Risk Management and Internal Control on pages 54 to 56 of the Annual Report.

Statement on Risk Management and Internal Control

INTRODUCTION

The Board is committed towards maintaining a sound system of risk management and internal control and is pleased to provide the following Statement on Risk Management and Internal Control ("Statement") which outlines the scope and nature of risk management for and the internal controls of the Group for the financial year ended 31 December 2021 ("FYE 2021"). For the purpose of disclosure, this Statement is guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers ("Guidelines") pursuant to Rule 15.26(b) of the AMLR of Bursa Securities and Principle B(II) of the new Malaysian Code on Corporate Governance ("MCCG").

BOARD'S RESPONSIBILITY

The Board acknowledges its overall responsibility for the adequacy and integrity of the Group's risk management and system of internal control including the review of its effectiveness. The system covers risk management, financial, operational, management information systems and compliance with relevant laws, rules, directives and guidelines.

However, the Board also takes cognizance of the inherent limitation in any system of internal control, which designed to manage, rather than eliminate, the risk of failure and therefore can only provide reasonable and not absolute assurance against material misstatement, loss or fraud.

The responsibilities of the Board in relation to the system extend to all subsidiaries of the Group.

RISK MANAGEMENT FRAMEWORK

The Group has in place an on-going process which is regularly reviewed by the Board for identifying, evaluating, monitoring and managing the significant risks affecting the achievement of its business objectives. The key elements of the Group's Risk Management Framework are described below:

- **Structure**

The Group adopts a de-centralised approach to risk management, whereby all employees take ownership and accountability for risks at their respective levels. The process of risk management and treatment is the responsibilities of the Heads of Department ("HOD").

Enterprise Risk Management Committee ("ERMC") was established on 8 March 2021, provides risk management support to Management for the Group as a whole. The role of the ERMC includes reporting, of the status of risk mitigation actions, new risks identified and risks that have changed characteristics together with corresponding controls.

The ERMC comprising key persons from all departments, submits its reports to both the Management and the Audit and Risk Management Committee ("ARMC"). Minutes of the ERMC meetings will be recorded and presented to the ARMC. The ARMC will then report to the Board on any significant changes in the business and external environment which affect key risks.

- **Risk Assessment**

The Group maintains a database of risks specific to the Group together with their corresponding controls, which are categorised as follows:

- a) Strategic risk - which are risks that affect the overall direction of the business.
- b) Operational risk - which are risks that impact the delivery of the Group's products.
- c) Financial risk - which are risks associated with financial processes and reporting.
- d) Compliance risk - which are risks associated in relation to legal, statutory and corporate governance.
- e) Foreign currency risk - which are risks associated with the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

Statement on Risk Management and Internal Control

SYSTEM OF INTERNAL CONTROL

The Group maintains a system of internal control that serves to safeguard its assets; identify and manage risk; ensure compliance with statutory and regulatory requirements; and to ensure operational results are closely monitored and substantial variances are promptly explained.

Salient features of the framework of the system of internal control are as follows:

- Operating procedures that set out the policies, procedures and practices adopted by the Group are properly documented and communicated to staff member so as to ensure clear accountabilities. The effectiveness of internal control procedures is subject to continuous assessments, reviews and improvements.
- The organisational structure is well defined; with clear line of responsibilities and delegation of authorities. Key responsibilities are properly segregated.
- The Board meets regularly and is kept updated on the Group's activities and operations and significant changes in the business and external environment, if any, which may result in significant risks.
- Financial results are reviewed quarterly by the Board and the ARMC.
- ED and HOD meet regularly to discuss operational, corporate, financial and key management issues.
- An effective reporting system, which provides for a documented and auditable trail of accountability to ensure timely generation of information for management review, has been put in place.
- There are guidelines within the Group for hiring and termination of staff. Appointment of staff is based on the required level of qualification, experience and competency to fulfil their responsibilities. Training and development are provided for selected employees to enhance their competency in carrying out their responsibilities.
- A formal staff appraisal to evaluate and measure staff's performance and their competency is performed at least once a year.

INTERNAL AUDIT FUNCTION

The Internal audit function has the primary objective of carrying out reviews of the system of internal control to determine if the internal control procedures have been complied with as well as to make recommendations to strengthen the system of internal control so as to foster a strong management control environment.

The Board is fully aware of the importance of the internal audit function and outsourced its internal audit function to an independent professional service provider Tricor Axcelasia Sdn Bhd ("Internal Auditors"). The Internal Auditors report directly to the ARMC and assist the ARMC in discharging their duties and responsibilities. The internal audit team provides an independent assessment on the adequacy and effectiveness of the Group's internal control system. The internal audit focuses on regular and systematic reviews of the financial systems and operational internal control, in anticipating potential risk exposures over key business processes.

The internal audit scope covered reviews key operational and compliance controls, including the risk management process deployed by Management. Among the scope of coverage during the financial year were reviews of the inventory function – Quantity Management and Anti Bribery Management System.

The Internal Auditors adopt a risk-based approach by focusing on:

- reviewing identified high risks areas for compliance with control policies and procedures; identifying business risks which have not been appropriately addressed; and
- evaluating the adequacy and effectiveness of controls.

Statement on Risk Management and Internal Control

INTERNAL AUDIT FUNCTION (CONT'D)

The Internal Auditors carry out audit assignment based on an audit plan that is reviewed and approved by the ARMC. The reports of the audits undertaken were forwarded to the ARMC for deliberation and approval.

The Internal Auditors have documented key findings from the internal audit carried out. They have discussed with key personnel on the recommendation for internal control improvement and provided the ARMC with independent and objective reports on the state of the internal control and recommendations for improvements of the various operating units within the Group. The internal audits carried out have not identified any circumstances which suggest any fundamental deficiencies in the Group's internal control and risk management system. Audit issues and actions taken by Management to address the issues tabled by Internal Auditors were deliberated during the ARMC meetings. Minutes of the ARMC meetings which recorded these deliberations were presented to the Board. The expenditure incurred for the internal audit function for the current financial year was RM21,200.

ADEQUACY AND EFFECTIVENESS OF THE GROUP'S RISK MANAGEMENT AND INTERNAL CONTROL SYSTEMS

The Board has received assurance from the MD and ED that the Group's internal control and risk management systems put in place are operating adequately and effectively, in all material aspects, during the financial year under review.

Taking into consideration the above assurance from the Management Team, the Board is of the view that the system of risk management and internal control in place for the financial year under review and up to the date of this Statement, is satisfactory and is adequate to safeguard shareholders' investments, the interests of customers, regulators, employees and other stakeholders as well as the Group's assets. There was no material control failure that would have any material adverse effect on the financial results of the Group for the financial year under review and up to the date of issuance of the financial statements.

In view that the development of a sound system of internal control is an on-going process, the Board continues to take pertinent measures to sustain and, where required, to improve the Group's internal control and risk management environment in meeting the Group's strategic objectives.

REVIEW OF THIS STATEMENT BY EXTERNAL AUDITOR

Pursuant to Rule 15.23 of the AMLR, the external auditors have reviewed this Statement in accordance with the Audit and Assurance Practice Guide ("AAPG") 3 (Revised) issued by the Malaysian Institute of Accountants for inclusion in this Annual Report. AAPG 3 (Revised) does not require external auditors to form an opinion on the adequacy and effectiveness of the risk management and internal control system of the Group. Based on their review, the external auditors have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is not prepared, in all respects, in accordance with the disclosures required by Rule 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, nor was factually inaccurate.

Additional Compliance Information

CONCLUSION

The Board is of the view that the system of risk management and internal control that had been implemented within the Group is sound and effective. The internal control procedures will be reviewed continuously in order to improve and strengthen the system to ensure ongoing adequacy, integrity and effectiveness so as to safeguard the Group's assets and shareholders' investments.

There were no material losses incurred during the financial year under review as a result of weaknesses in internal control. The Board continues to take pertinent measures to sustain and, where required, to improve the Group's risk management and internal control systems in meeting the Group's strategic objectives.

This Statement was approved by the Board on 11 April 2022.

Independent Auditors' Report

To The Members of Spring Art Holdings Berhad

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Spring Art Holdings Berhad, which comprise the statements of financial position as at 31 December 2021 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 69 to 127.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2021, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Other Matters

The financial statements of the Group and of the Company for the preceding financial year were audited by another firm of auditors whose report dated 21 April 2021, expressed an unmodified opinion on those financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters described below to be the key audit matter to be communicated in our report.

Carrying value of inventories

Refer to Note 8 in the financial statements

Key audit matter	How our audit addressed the key audit matter
<p>The Group held inventories with carrying amount of RM 19,420,799 as at 31 December 2021.</p> <p>The carrying value of inventories is stated at the lower of cost and net realisable value.</p> <p>The Group determines the amount of impairment for slow-moving or obsolete inventories based upon the ageing of the slow-moving inventories.</p>	<p>Our procedures included, among others:</p> <ul style="list-style-type: none"> Comparing the net realisable value to the cost of inventories at the end of the reporting period to assess the reasonableness of inventories write-down. Performing ageing test on the inventories and reviewing the impairment for slow-moving inventories, where applicable.

To The Members of Spring Art Holdings Berhad

Information Other than the Financial Statements and Auditors' Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Independent Auditors' Report

To The Members of Spring Art Holdings Berhad

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

1. GENERAL INFORMATION

The Company is a public limited liability company, incorporated and domiciled in Malaysia. The registered office and principal place of business are as follows:

Registered office : No. 7 (1st Floor) Jalan Pesta 1/1
Taman Tun Dr. Ismail 1
Jalan Bakri
84000 Muar
Johor Darul Takzim

Principal place of business : Lot PLO 49
Jalan Rami 4
Kawasan Perindustrian Bukit Pasir
84300 Bukit Pasir, Muar
Johor Darul Takzim

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 11 April 2022

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the business of investment holding. The principal activities of the subsidiaries are set out in Note 7. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under significant accounting policies, and in compliance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

3.1 During the current financial year, the Group has adopted the following new accounting standards and/or interpretations (including the consequential amendments, if any):

MFRSs and/or IC Interpretations (including the Consequential Amendments)

Amendments to MFRS 9, MFRS 139, MFRS 7, MFRS 4 and MFRS 16: Interest Rate Benchmark Reform – Phase 2

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) did not have any material impact on the Group's financial statements.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

3. BASIS OF PREPARATION (CONT'D)

3.2 The Group has not applied in advance the following accounting standards and/or interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board (MASB) but are not yet effective for the current financial year:

MFRSs and/or IC Interpretations (including the Consequential Amendments)	Effective Date
MFRS 17 Insurance Contracts	1 January 2023
Amendments to MFRS 3: Reference to the Conceptual Framework	1 January 2022
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred
Amendments to MFRS 17: Insurance Contracts	1 January 2023
Amendment to MFRS 17: Initial Application of MFRS 17 and MFRS 9 - Comparative Information	1 January 2023
Amendment to MFRS 101: Classification of Liabilities as Current or Non-current	1 January 2023
Amendments to MFRS 101: Disclosure of Accounting Policies	1 January 2023
Amendments to MFRS 108: Definition of Accounting Estimates	1 January 2023
Amendments to MFRS 112: Deferred Tax related to Assets and Liabilities arising from a Single Transaction	1 January 2023
Amendments to MFRS 116: Property, Plant and Equipment – Proceeds before Intended Use	1 January 2022
Amendments to MFRS 137: Onerous Contracts – Cost of Fulfilling a Contract	1 January 2022
Annual Improvements to MFRS Standards 2018 – 2020	1 January 2022

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Group upon their initial application.

4. SIGNIFICANT ACCOUNTING POLICIES

4.1 Critical accounting estimates and judgements

Key sources of estimation uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:

(a) Depreciation of property, plant and equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group anticipates that the residual values of its property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised.

(b) Property, plant and equipment under revaluation

Certain properties of the Group are reported at revalued amounts which are based on valuations performed by independent professional valuers by reference to the selling prices of recent transactions and asking prices of similar properties of nearby location and where necessary, adjusting for tenure, location, size and market trends. Other factors such as model assumptions, market dislocations and unexpected correlations can also materially affect these estimates and the resulting valuations.

(c) Write-down of inventories

Reviews are made periodically by management on damaged, obsolete and slow-moving inventories. These reviews require judgement and estimates. Possible changes in these estimates could result in revisions to the valuation of inventories.

(d) Impairment of trade receivables

The Group uses the simplified approach to estimate a lifetime expected credit loss allowance for all trade receivables. The Group develops the expected loss rates based on the payment profiles of past sales and the corresponding historical credit losses, and adjusts for qualitative and quantitative reasonable and supportable forward-looking information. If the expectation is different from the estimation, such difference will impact the carrying value of trade receivables.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.1 Critical accounting estimates and judgements (Cont'd)

Key sources of estimation uncertainty (cont'd)

(e) Impairment of non-trade receivables

The loss allowances for non-trade financial assets are based on assumptions about risk of default and expected loss rates. It also requires the Group to assess whether there is a significant increase in credit risk of the non-trade financial asset at the reporting date. The Group uses judgement in making these assumptions and selecting appropriate inputs to the impairment calculation, based on the past payment trends, existing market conditions and forward-looking information.

(f) Income taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group recognises tax liabilities based on its understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax expense and deferred tax balances in the period in which such determination is made.

Critical judgements made in applying accounting policies

Management believes that there are no instances of application of critical judgement in applying the Group's accounting policies which will have a significant effect on the amounts recognised in the financial statements other than as disclosed below:

Lease terms

Some leases contain extension options exercisable by the Group before the end of the non-cancellable contract period. In determining the lease term, management considers all facts and circumstances including the past practice and any cost that will be incurred to change the asset if an option to extend is not taken. An extension option is only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

In determining the incremental borrowing rate of the respective leases. The Group first determines the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases.

4.2 Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to the end of the reporting period.

Subsidiaries are entities controlled by the Group. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Potential voting rights are considered when assessing control only when such rights are substantive. The Group also considers it has de facto power over an investee when, despite not having the majority of voting rights, it has the current ability to direct the activities of the investee that significantly affect the investee's return.

Subsidiaries are consolidated from the date on which control is transferred to the Group up to the effective date on which control ceases, as appropriate.

Intragroup transactions, balances, income and expenses are eliminated on consolidation. Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Where necessary, adjustments are made to the financial statements of subsidiaries to ensure consistency of accounting policies with those of the Group.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.2 Basis of consolidation (cont'd)

(a) Business combination within the scope of MFRS 3

Acquisitions of businesses are accounted for using the acquisition method. Under the acquisition method, the consideration transferred for acquisition of a subsidiary is the fair value of the assets transferred, liabilities incurred and the equity interests issued by the Group at the acquisition date. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs, other than the costs to issue debt or equity securities, are recognised in profit or loss when incurred.

In a business combination achieved in stages, previously held equity interests in the acquiree are remeasured to fair value at the acquisition date and any corresponding gain or loss is recognised in profit or loss.

Non-controlling interests in the acquiree may be initially measured either at fair value or at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets at the date of acquisition. The choice of measurement basis is made on a transaction-by-transaction basis.

(i) Non-controlling interests

Non-controlling interests are presented within equity in the consolidated statement of financial position, separately from the equity attributable to owners of the Company. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income is attributed to non-controlling interests even if this results in the non-controlling interests having a deficit balance.

(ii) Changes in ownership interests in subsidiaries without change of control

All changes in the parent's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of consideration paid or received is recognised directly in equity of the Group.

(iii) Loss of control

Upon the loss of control of a subsidiary, the Group recognises any gain or loss on disposal in profit or loss which is calculated as the difference between:

- (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest in the former subsidiary; and
- (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the former subsidiary and any non-controlling interests.

Amounts previously recognised in other comprehensive income in relation to the former subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of (i.e. reclassified to profit or loss or transferred directly to retained profits). The fair value of any investments retained in the former subsidiary at the date when control is lost is regarded as the fair value of the initial recognition for subsequent accounting under MFRS 9 or, when applicable, the cost on initial recognition of an investment in an associate or a joint venture.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.2 Basis of consolidation (cont'd)

(b) Business combination under common control

A business combination involving entity under common control is a business combination in which all the combining entities or subsidiaries are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory.

Subsidiaries acquired which have met the criteria for pooling of interest are accounted for using merger accounting principles. Under the merger method of accounting, the results of the subsidiaries are presented as if the merger has taken effect throughout the financial periods under common control.

The assets and liabilities combined are accounted for based on the carrying amounts from the perspective of the common control shareholder at the date of transfer. No amount is recognised in respect of goodwill and excess of the acquirer's interest in the net fair value of the acquiree's identifiable assets and liabilities and contingent liabilities over cost at the time of the common control business combination to the extent of the continuation of the controlling party and parties' interests.

When the merger method is used, the cost of investment in the Company's books is recorded at the nominal value of shares issued. The difference between the carrying value of the investment and the nominal value of the shares of the subsidiaries is treated as a merger deficit or merger reverse as applicable. The results of the subsidiaries being merged are included for the full financial year.

4.3 Investment in subsidiaries

Investment in subsidiaries are stated at cost in the statement of financial position of the Company, and are reviewed for impairment at the end of the reporting period if events or changes in circumstances indicate that the carrying values may not be recoverable. The cost of the investments includes transaction costs.

On the disposal of the investment in subsidiaries, the difference between the net disposal proceeds and the carrying amount of the investments is recognised in profit or loss.

4.4 Property, plant and equipment

All items of property, plant and equipment are initially measured at cost. Cost includes expenditure that are directly attributable to the acquisition of the asset and other costs directly attributable to bringing the asset to working condition for its intended use.

Subsequent to initial recognition, all property, plant and equipment, other than freehold land and buildings, are stated at cost less accumulated depreciation and any impairment losses.

Freehold land is stated at valuation less impairment losses recognised after the date of the revaluation. Factory buildings are stated at revalued amount less accumulated depreciation and impairment losses recognised after the date of the revaluation.

Freehold land and factory buildings are revalued periodically, at least once in every five years. Surpluses arising from the revaluation are recognised in other comprehensive income and accumulated in equity under the revaluation reserve to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss. Deficits arising from the revaluation, to the extent that they are not supported by any previous revaluation surpluses, are recognised in profit or loss.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.4 Property, plant and equipment (cont'd)

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when the cost is incurred and it is probable that the future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of parts that are replaced is derecognised. The costs of the day-to-day servicing of property, plant and equipment are recognised in profit or loss as incurred.

Freehold land is not depreciated. Depreciation on other property, plant and equipment is charged to profit or loss (unless it is included in the carrying amount of another asset) on a straight-line method to write off the depreciable amount of the assets over their estimated useful lives. Depreciation of an asset does not cease when the asset becomes idle or is retired from active use unless the asset is fully depreciated. The principal annual rates used for this purpose are:

Factory buildings	2%
Electrical installation, plant and machinery	10% - 20%
Office equipment, furniture and fittings	10% - 20%
Motor vehicles	20%

Capital work-in-progress included in property, plant and equipment are not depreciated as these assets are not yet available for use.

The depreciation method, useful lives and residual values are reviewed, and adjusted if appropriate, at the end of each reporting period to ensure that the amounts, method and periods of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of the property, plant and equipment. Any changes are accounted for as a change in accounting estimate.

When significant parts of an item of property, plant and equipment have different useful lives, they are accounted for as separate items (major components) of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising from derecognition of the asset, being the difference between the net disposal proceeds and the carrying amount, is recognised in profit or loss. The revaluation reserve included in equity is transferred directly to retained profits on retirement or disposal of the asset. In addition, the Group also makes an annual transfer of the revaluation reserve to retained profits as the asset is used by the Group. In such a case, the amount of the revaluation reserve transferred would be the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost.

4.5 Leases

The Group assesses whether a contract is or contains a lease, at the inception of the contract. The Group recognises a right-of-use asset and corresponding lease liability with respect to all lease arrangements in which it is the lessee, except for low-value assets and short-term leases with 12 months or less. For these leases, the Group recognises the lease payments as an operating expense on a straight-line method over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased assets are consumed.

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use assets and the associated lease liabilities are presented as a separate line item in the statements of financial position.

The right-of-use asset is initially measured at cost. Cost includes the initial amount of the corresponding lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred, less any incentives received.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.5 Leases (cont'd)

All right-of-use assets other than leasehold land and leasehold factory building, are subsequently measured at cost less accumulated depreciation and any impairment losses, and adjusted for any remeasurement of the lease liability.

Leasehold land is stated at valuation less impairment losses recognised after the date of the revaluation. Leasehold factory building is stated at revalued amount less accumulated depreciation and impairment losses recognised after the date of the revaluation.

Leasehold land and leasehold factory building are revalued periodically, at least once in every five years. Surpluses arising from the revaluation are recognised in other comprehensive income and accumulated in equity under the revaluation reserve to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss. Deficits arising from the revaluation, to the extent that they are not supported by any previous revaluation surpluses, are recognised in profit or loss.

The depreciation starts from the commencement date of the lease. If the lease transfers ownership of the underlying asset to the Group or the cost of the right-of-use asset reflects that the Group expects to exercise a purchase option, the related right-of-use asset is depreciated over the useful life of the underlying asset. Otherwise, the Group depreciates the right-of-use asset to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of the right-of-use assets are determined on the same basis as those property, plant and equipment.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted by using the rate implicit in the lease. If this rate cannot be readily determined, the Group uses its incremental borrowing rate.

The lease liability is subsequently measured at amortised cost using the effective interest method. It is remeasured when there is a change in the future lease payments (other than lease modification that is not accounted for as a separate lease) with the corresponding adjustment is made to the carrying amount of the right-of-use asset or is recognised in profit or loss if the carrying amount has been reduced to zero.

4.6 Impairment

(a) Impairment of financial assets

The Group recognises a loss allowance for expected credit losses on investments in debt instruments that are measured at amortised cost and trade receivables, as well as on financial guarantee contracts.

The expected credit loss is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the original effective interest rate.

The amount of expected credit losses is updated at each reporting date to reflect changes in credit risk since initial recognition of the respective financial instrument. The Group always recognises lifetime expected credit losses for trade receivables using the simplified approach. The expected credit losses on this financial asset are estimated using a provision matrix based on the Group's historical credit loss experience and are adjusted for forward-looking information (including time value of money where appropriate).

For all other financial instruments, the Group recognises lifetime expected credit losses when there has been a significant increase in credit risk since initial recognition. However, if the credit risk on the financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.6 Impairment (cont'd)

(a) Impairment of financial assets (cont'd)

The Group recognises an impairment gain or loss in profit or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt instruments that are measured at fair value through other comprehensive income, for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve, and does not reduce the carrying amount of the financial asset in the statement of financial position.

(b) Impairment of non-financial assets

The carrying values of assets, other than those to which MFRS 136 does not apply, are reviewed at the end of each reporting period for impairment when an annual impairment assessment is compulsory or there is an indication that the assets might be impaired. Impairment is measured by comparing the carrying values of the assets with their recoverable amounts. When the carrying amount of an asset exceeds its recoverable amount, the asset is written down to its recoverable amount and an impairment loss shall be recognised. The recoverable amount of an asset is the higher of the asset's fair value less costs to sell and its value-in-use, which is measured by reference to discounted future cash flows using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where it is not possible to estimate the recoverable amount of an individual asset, the Group determines the recoverable amount of the cash-generating unit to which the asset belongs.

An impairment loss is recognised in profit or loss immediately unless the asset is carried at its revalued amount. Any impairment loss of a revalued asset is treated as a revaluation decrease to the extent of a previously recognised revaluation surplus for the same asset. Any impairment loss recognised in respect of a cash-generating unit is allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit and then to reduce the carrying amounts of the other assets in the cash-generating unit on a pro rata basis.

When there is a change in the estimates used to determine the recoverable amount, a subsequent increase in the recoverable amount of an asset is treated as a reversal of the previous impairment loss and is recognised to the extent of the carrying amount of the asset that would have been determined (net of amortisation and depreciation) had no impairment loss been recognised. The reversal is recognised in profit or loss immediately unless the asset is carried at its revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

4.7 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on the first-in-first-out or weighted average cost method, where applicable, and comprises the purchase price, production costs and incidentals incurred in bringing the inventories to their present location and condition.

Net realisable value represents the estimated selling price less the estimated costs of completion and the estimated costs necessary to make the sale.

4.8 Financial instruments

Financial assets and financial liabilities are recognised in the statements of financial position when the Group has become a party to the contractual provisions of the instruments.

Financial instruments are classified as financial assets, financial liabilities or equity instruments in accordance with the substance of the contractual arrangement and their definitions in MFRS 132. Interest, dividends, gains and losses relating to a financial instrument classified as liability are reported as an expense or income. Distributions to holders of financial instruments classified as equity are charged directly to equity.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.8 Financial instruments (cont'd)

Financial instruments are offset when the Group has a legally enforceable right to offset and intends to settle either on a net basis or to realise the asset and settle the liability simultaneously.

A financial instrument is recognised initially at its fair value (other than trade receivables without significant financing component which are measured at transaction price as defined in MFRS 15 at inception). Transaction costs that are directly attributable to the acquisition or issue of the financial instrument (other than a financial instrument at fair value through profit or loss) are added to/deducted from the fair value on initial recognition, as appropriate. Transaction costs on the financial instrument at fair value through profit or loss are recognised immediately in profit or loss.

Financial instruments recognised in the statements of financial position are disclosed in the individual policy statement associated with each item.

(a) Financial assets

All recognised financial assets are measured subsequently in their entirety at either amortised cost or fair value (through profit or loss, or other comprehensive income), depending on the classification of the financial assets.

Debt instruments

(i) Amortised cost

The financial asset is held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest. Interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset. When the asset has subsequently become credit-impaired, the interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest income over the relevant period. The effective interest rate is the rate that discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), excluding expected credit losses, through the expected life of the financial asset or a shorter period (where appropriate).

(ii) Fair value through other comprehensive income

The financial asset is held for both collecting contractual cash flows and selling the financial asset, where the asset's cash flows represent solely payments of principal and interest. Movements in the carrying amount are taken through other comprehensive income and accumulated in the fair value reserve, except for the recognition of impairment, interest income and foreign exchange difference which are recognised directly in profit or loss. Interest income is calculated using the effective interest rate method.

(iii) Fair value through profit or loss

All other financial assets that do not meet the criteria for amortised cost or fair value through other comprehensive income are measured at fair value through profit or loss. The fair value changes do not include interest or dividend income.

The Group reclassifies debt instruments when and only when its business model for managing those assets change.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.8 Financial instruments (cont'd)

(a) Financial assets (cont'd)

Equity instruments

All equity investments are subsequently measured at fair value with gains and losses recognised in profit or loss except where the Group has elected to present the subsequent changes in fair value in other comprehensive income and accumulated in the fair value reserve at initial recognition.

The designation at fair value through other comprehensive income is not permitted if the equity investment is either held for trading or is designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise.

Dividend income from this category of financial assets is recognised in profit or loss when the Group's right to receive payment is established unless the dividends clearly represent a recovery of part of the cost of the equity investments.

(b) Financial liabilities

(i) Financial liabilities at fair value through profit or loss

Fair value through profit or loss category comprises financial liabilities that are either held for trading or are designated to eliminate or significantly reduce a measurement or recognition inconsistency that would otherwise arise. The changes in fair value (excluding interest expense) of these financial liabilities are recognised in profit or loss.

(ii) Other financial liabilities

Other financial liabilities are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts), through the expected life of the financial liability or a shorter period (where appropriate).

(c) Equity instruments

Equity instruments classified as equity are measured initially at cost and are not remeasured subsequently.

Ordinary shares

Ordinary shares are classified as equity and recorded at the proceeds received, net of directly attributable transaction costs.

Dividends on ordinary shares are recognised as liabilities when approved for appropriation.

Notes To The Financial Statements

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.8 Financial instruments (cont'd)

(d) Derivative financial instruments

Derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative. Any gains or losses arising from changes in fair value on derivatives during the reporting period, other than those accounted for under hedge accounting, are recognised directly in profit or loss.

Any derivative embedded in a financial asset is not accounted for separately. Instead, the entire hybrid contract is classified and subsequently measured as either amortised cost or fair value as appropriate.

An embedded derivative is recognised separately from the host contract which is a financial liability as a derivative if, and only if, its risks and characteristics are not closely related to those of the host contract and the host contract is not measured at fair value through profit or loss.

(e) Derecognition

A financial asset or part of it is derecognised when, and only when, the contractual rights to the cash flows from the financial asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity. On derecognition of a financial asset measured at amortised cost, the difference between the carrying amount of the asset and the sum of the consideration received and receivable is recognised in profit or loss. In addition, on derecognition of a debt instrument classified as fair value through other comprehensive income, the cumulative gain or loss previously accumulated in the fair value reserve is reclassified from equity to profit or loss. In contrast, there is no subsequent reclassification of the fair value reserve to profit or loss following the derecognition of an equity investment.

A financial liability or a part of it is derecognised when, and only when, the obligation specified in the contract is discharged or cancelled or expires. On derecognition of a financial liability, the difference between the carrying amount of the financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

(f) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

Financial guarantee contracts are recognised initially as liabilities at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are recognised as income in profit or loss over the period of the guarantee or, when there is no specific contractual period, recognised in profit or loss upon discharge of the guarantee. If the debtor fails to make payment relating to a financial guarantee contract when it is due and the Company, as the issuer, is required to reimburse the holder for the associated loss, the liability is measured at the higher of the amount of the credit loss determined in accordance with the expected credit loss model and the amount initially recognised less cumulative amortisation.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.9 Fair value measurements

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using a valuation technique. The measurement assumes that the transaction takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial asset, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. However, this basis does not apply to leasing transactions.

For financial reporting purposes, the fair value measurements are analysed into level 1 to level 3 as follows:

Level 1 : Inputs are quoted prices (unadjusted) in active markets for identical asset or liability that the entity can access at the measurement date;

Level 2 : Inputs are inputs, other than quoted prices included within level 1, that are observable for the asset or liability, either directly or indirectly; and

Level 3 : Inputs are unobservable inputs for the asset or liability.

The transfer of fair value between levels is determined as of the date of the event or change in circumstances that caused the transfer.

4.10 Borrowing costs

Borrowing costs that are not directly attributable to the acquisition, construction or production of a qualifying asset are recognised in profit or loss using the effective interest method.

4.11 Income taxes

(a) Current tax

Current tax assets and liabilities are the expected amount of income tax recoverable or payable to the taxation authorities.

Current taxes are measured using tax rates and tax laws that have been enacted or substantively enacted at the end of the reporting period and are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss (either in other comprehensive income or directly in equity).

(b) Deferred tax

Deferred tax is recognised using the liability method for all temporary differences other than those that arise from goodwill or from the initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled, based on the tax rates that have been enacted or substantively enacted at the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which the deductible temporary differences, unused tax losses and unused tax credits can be utilised. The carrying amounts of deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefits will be realised.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.11 Income taxes (cont'd)

Current and deferred tax items are recognised in correlation to the underlying transactions either in profit or loss, other comprehensive income or directly in equity. Deferred tax arising from a business combination is adjusted against goodwill or negative goodwill.

Current tax assets and liabilities or deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when the deferred taxes relate to the same taxable entity (or on different tax entities but they intend to settle current tax assets and liabilities on a net basis) and the same taxation authority.

4.12 Earnings per ordinary share

Basic earnings per ordinary share is calculated by dividing the consolidated profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the reporting period, adjusted for own shares held.

Diluted earnings per ordinary share is determined by adjusting the consolidated profit or loss attributable to ordinary shareholders of the Company and the weighted average number of ordinary shares outstanding, adjusted for own shares held, for the effects of all dilutive potential ordinary shares.

4.13 Cash and cash equivalents

Cash and cash equivalents comprise cash in hand, bank balances, demand deposits, and short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value with original maturity periods of three months or less. For the purpose of the statements of cash flows, cash and cash equivalents are presented net of bank overdrafts.

4.14 Revenue from contracts with customers

Revenue is recognised by reference to each distinct performance obligation in the contract with customer and is measured at the consideration specified in the contract of which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, net of sales and service tax, returns, rebates and discounts.

The Group recognises revenue when (or as) it transfers control over a product or service to customer. An asset is transferred when (or as) the customer obtains control of that asset.

The Group transfers control of a good or service at a point in time unless one of the following overtime criteria is met:

- The customer simultaneously receives and consumes the benefits provided as the Group performs.
- The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced.
- The Group's performance does not create an asset with an alternative use and the Group has an enforceable right to payment for performance completed to date.

for the Financial Year Ended 31 December 2021

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.14 Revenue from contracts with customers (cont'd)

Sale of ready-to-assemble furniture products and its related services

Revenue from sale of ready-to-assemble furniture products and its related services is recognised when the Group has transferred control of the goods to the customer, being when the goods have been delivered to the customer and upon its acceptance. Following delivery, the customer has full discretion over the manner of distribution and price to sell the goods, and bears the risks of obsolescence and loss in relation to the goods.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

4.15 Revenue from other sources and other operating income

(a) Dividend income

Dividend income from investment is recognised when the right to receive dividend payment is established.

(b) Interest income

Interest income is recognised on an accrual basis using the effective interest method.

4.16 Employee benefits

(a) Short-term benefits

Wages, salaries, paid annual leave and bonuses are measured on an undiscounted basis and are recognised in profit or loss in the period in which the associated services are rendered by employees of the Group.

(b) Defined contribution plans

The Group's contributions to defined contribution plans are recognised in profit or loss in the period to which they relate. Once the contributions have been paid, the Group has no further liability in respect of the defined contribution plans.

4. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

4.17 Functional and foreign currencies

(a) Functional and presentation currency

The individual financial statements of each entity in the Group are presented in the currency of the primary economic environment in which the entity operates, which is the functional currency.

The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is the Company's functional and presentation currency.

(b) Foreign currency transactions and balances

Transactions in foreign currencies are converted into the respective functional currencies on initial recognition, using the exchange rates at the transaction dates. Monetary assets and liabilities at the end of the reporting period are translated at the exchange rates ruling as of that date. Non-monetary assets and liabilities are translated using exchange rates that existed when the values were determined. All exchange differences are recognised in profit or loss.

4.18 Operating segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Group's other components. An operating segment's operating results are reviewed regularly by the chief operating decision maker to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

5. PROPERTY, PLANT AND EQUIPMENT (CONT'D)

- (a) The following property, plant and equipment have been pledged to licensed banks as security for banking facilities granted to the Group (Note 16(a)):

	The Group	
	2021 RM	2020 RM
Carrying amount		
Freehold land	9,861,000	9,642,000
Factory buildings	9,217,329	9,423,912
	19,078,329	19,065,912

- (b) The Group's freehold land and factory buildings were last revalued by independent professional valuers in November 2020 and September 2021. The surplus arising from the revaluation, net of deferred tax, has been credited to other comprehensive income and accumulated in equity under the revaluation reserve to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss, if any.
- (c) Fair value measurements of the freehold land and factory buildings were categorised under Level 2.

Level 2 fair values of freehold land have been generally derived using the comparison method approach. Sales price of comparable properties in close proximity are adjusted for differences in key attributes such as property size. The most significant input into this valuation approach is price per square foot of comparable properties. Level 2 fair values of factory buildings have been generally derived using the depreciated replacement cost approach. The most significant input into this valuation approach is the adjustment for factors such as physical deterioration, functional and economic obsolescence.

There were no transfers between level 1 and level 2 during the financial year.

The fair value measurements of the freehold land and factory buildings are based on the highest and best use which does not differ from their actual use.

- (d) If the freehold land and factory buildings were measured using the cost model, the carrying amounts would be as follows:

	The Group	
	2021 RM	2020 RM
Freehold land	10,606,943	10,606,943
Factory buildings	4,267,629	4,369,140
	14,874,572	14,976,083

- (e) The Group acquired property, plant and equipment with an aggregate cost of RM 1,826,169 (2020 : RM 3,127,086) by cash payments.
- (f) There has been no property, plant and equipment in the Company throughout the current and previous financial years.

- The Warrants are traded separately.
- The Warrants can be exercised at any time within a period of four (4) years commencing from and including the date of issue, 25 February 2021 to 24 February 2025 ("Exercise Period"). Any Warrants not exercised during the Exercise Period will thereafter lapse and cease to be valid.
- Each Warrants entitles the holder of the Warrants to subscribe for one (1) new ordinary share in the Company.
- The exercise price and the number of Warrants shall be adjusted in the event of alteration to the share capital of the Company, in accordance with the provisions of the Deed Poll.
- The holders are not entitled to any voting rights in any general meeting of the Company or to participate in any form of distribution and/or offer of securities in the Company until and unless such holders exercise their Warrants into new ordinary shares.

14. MERGER DEFICIT

The merger deficit arose from the difference between the carrying value of the investment and the nominal value of the shares of a subsidiary upon consolidation under the merger accounting principles.

31. FINANCIAL INSTRUMENTS

The Group's activities are exposed to a variety of market risk (including foreign currency risk, interest rate risk and equity price risk), credit risk and liquidity risk. The Group's overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance.

31.1 Financial risk management policies

The Group's policies in respect of the major areas of treasury activity are as follows:

(a) Market risk

(i) Foreign currency risk

The Group is exposed to foreign currency risk on transactions and balances that are denominated in currency other than the respective functional currencies of entities within the Group. The currency giving rise to this risk is primarily Singapore Dollar ("SGD") and United States Dollar ("USD"). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level. On occasion, the Group enters into forward currency contracts to hedge against its foreign currency risk. The Group also holds cash and cash equivalents denominated in foreign currencies for working capital purposes.

The Group's exposure to foreign currency risk (a currency which is other than the functional currency of the entities within the Group) based on the carrying amounts of the financial instruments at the end of the reporting period is summarised below:

Foreign currency risk sensitivity analysis

The following table details the sensitivity analysis to a reasonably possible change in the foreign currencies at the end of the reporting period, with all other variables held constant:

	The Group	
	2021 RM	2020 RM
Effects on profit after tax		
SGD/RM		
- strengthened by 5%	16,011	2,140
- weakened by 5%	(16,011)	(2,140)
USD/RM		
- strengthened by 5%	98,764	(160,272)
- weakened by 5%	(98,764)	160,272

There is no impact on the Group's equity.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from long-term borrowings with variable rates. The Group's policy is to obtain the most favourable interest rates available and by maintaining a balanced portfolio mix of fixed and floating rate borrowings.

The Group's fixed rate borrowings and fixed deposits with licensed banks are carried at amortised cost. Therefore, they are not subject to interest rate risk as defined in MFRS 7 since neither carrying amounts nor the future cash flows will fluctuate because of a change in market interest rates.

The Group's exposure to interest rate risk based on the carrying amounts of the financial instruments at the end of the reporting period is disclosed in Note 16.

Interest rate risk sensitivity analysis

Any reasonably possible change in the interest rates of floating rate term loans at the end of the reporting period does not have material impact on the profit after tax and equity of the Group and hence, no sensitivity analysis is presented.

31. FINANCIAL INSTRUMENTS (CONT'D)

31.1 Financial risk management policies (cont'd)

(a) Market risk (cont'd)

(iii) Equity price risk

The Group does not have any quoted investments and hence, is not exposed to equity price risk.

(b) Credit risk

The Group's exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group manages its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including short-term investments, deposits, bank and cash balances and derivatives), the Group minimises credit risk by dealing exclusively with high credit rating counterparties.

The Company's exposure to credit risk also arises principally from advances to subsidiary and corporate guarantee given to financial institutions for credit facilities granted to certain subsidiaries. The Company monitors the results of these subsidiaries regularly and repayments made by the subsidiaries.

(i) Credit risk concentration profile

The Group's major concentration of credit risk relates to the amounts owing by one (2020 : three) customers which constituted approximately 69% (2020 : 72%) of its trade receivables at the end of the reporting period.

In addition, the Group also determines the concentration of credit risk by monitoring the geographical region of its trade receivables on an ongoing basis. The credit risk concentration profile of trade receivables at the end of the reporting period is as follows:

	The Group	
	2021 RM	2020 RM
Africa	98,740	-
Asia Pacific (excluding Malaysia)	879,843	573,593
Europe	573,605	80,677

31.1 Financial risk management policies (cont'd)

(b) Credit risk (cont'd)

(ii) Maximum exposure to credit risk

At the end of the reporting period, the maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised in the statement of financial position of the Group and of the Company after deducting any allowance for impairment losses (where applicable).

In addition, the Company's maximum exposure to credit risk also includes corporate guarantees provided to its subsidiaries of RM 5,016,776 (2020 : RM 5,541,448), representing the outstanding banking facilities of the subsidiaries as at the end of the reporting period. These corporate guarantees have not been recognised in the Company's financial statements since their fair value on initial recognition were not material.

(iii) Assessment of impairment losses

At each reporting date, the Group assesses whether any of the financial assets at amortised cost are credit impaired.

The gross carrying amounts of financial assets are written off against the associated impairment, if any, when there is no reasonable expectation of recovery despite the fact that they are still subject to enforcement activities.

A financial asset is credit impaired when any of following events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred:

- Significant financial difficult of the receivable;
- A breach of contract, such as a default or past due event;
- Restructuring of a debt in relation to the receivable's financial difficulty;
- It is becoming probable that the receivable will enter bankruptcy or other financial reorganisation.

The Group considers a receivable to be in default when the receivable is unlikely to repay its debt to the Group in full or is more than 90 days past due.

Trade receivables

The Group applies the simplified approach to measure expected credit losses using a lifetime expected credit loss allowance for all trade receivables.

Inputs, assumptions and techniques used for estimating impairment losses

To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due.

The Group measures the expected credit losses of certain major customers, trade receivables that are credit impaired and trade receivables with a high risk of default on individual basis.

The expected loss rates are based on the payment profiles of sales over 1 year (2020 : 1 year) before the reporting date and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the trade receivables to settle their debts using the linear regressive analysis methods. The Group has identified the Gross Domestic Product (GDP) as the key macroeconomic factor of the forward-looking information.

Trade receivables (cont'd)

Inputs, assumptions and techniques used for estimating impairment losses (cont'd)

There are no significant changes in the estimation techniques and assumptions as compared to the previous financial year.

The information about the exposure to credit risk for trade receivables is summarised below:

	The Group	
	2021 RM	2020 RM
Carrying amount		
Current (not past due)	5,263,382	1,675,225

Other receivables

The Group applies the 3-stage general approach to measure expected credit losses for its other receivables.

Inputs, assumptions and techniques used for estimating impairment losses

Under this approach, the Group assesses whether there is a significant increase in credit risk for receivables by comparing the risk of a default as at the reporting date with the risk of default as at the date of initial recognition. The Group considers there has been a significant increase in credit risk when there are changes in contractual terms or delay in payment.

At the end of the reporting period, there was no indication that the amount owing are not recoverable.

31.1 Financial risk management policies (cont'd)

(b) Credit risk (cont'd)

(iii) Assessment of impairment losses (cont'd)

Amount owing by subsidiary (non-trade balances)

The Company applies the 3-stage general approach to measure expected credit losses for all inter-company balances. The Company considers advances to subsidiary have low credit risks. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly.

The Company measures the expected credit losses on individual basis, which is aligned with its credit risk management practices on the inter-company balances.

For advances that are repayable on demand, impairment loss is assessed based on the assumption that repayment of the outstanding balances is demanded at the reporting date. If the subsidiary does not have sufficient highly liquid resources when the advances are demanded, the Company will consider the expected manner of recovery to measure the impairment loss; the recovery manner could be either through 'repayable over time' or a fire sale of less liquid assets by the subsidiary.

At the end of the reporting period, there was no indication that the amount owing is not recoverable.

Deposits, bank and cash balances

The Group considers the licensed banks have low credit risks. In addition, some of the bank balances are insured by Government agencies. Therefore, the Group is of the view that the loss allowance is immaterial and hence, it is not provided for.

Financial guarantee contracts

All of the financial guarantee contracts are considered to be performing, have low risks of default and historically there were no instances where these financial guarantee contracts were called upon by the parties of which the financial guarantee contracts were issued to. Accordingly, no loss allowances were identified based on 12-month expected credit losses.

31.2 Capital risk management

The Group manages its capital to ensure that entities within the Group will be able to maintain an optimal capital structure so as to support its businesses and maximise shareholders value. To achieve this objective, the Group may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group manages its capital based on net debt-to-equity ratio that complies with debt covenants and regulatory, if any. The net debt-to-equity ratio is calculated as net debt divided by total equity. The Group includes within net debt, loans and borrowings from financial institutions less cash and cash equivalents. Capital includes equity attributable to owners of the Company. The net debt-to-equity ratio of the Group at the end of the reporting period was as follows:

	The Group

31.5 Fair value information

The fair values of the financial assets and financial liabilities of the Group and of the Company which are maturing within the next 12 months approximated their carrying amounts due to the relatively short-term maturity of the financial instruments or repayable on demand terms.

The fair value of the Group's term loans that carry floating interest rates approximated their carrying amounts as they are repriced to market interest rates on or near the reporting date.

The fair value of long-term receivable, approximated to RM 218,105 (2020 : RM 510,468) which are for disclosures purposes, is estimated by discounting the contractual cash flows by reference to an observable suitable interest rate and the fair value is within level 2 of the fair value hierarchy.

32. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

- (a) During the financial year, the Malaysian Government implemented various types and phases of movement control order throughout the country where restrictions were either relaxed and/or tightened for certain states, districts and/or location based on the number of daily and active COVID-19 cases in the respective areas.

Following the further imposition of full movement control order ("FMCO") in Malaysia since 1 June 2021, all economic sectors are not allowed to operate except the essential services and economic sectors identified by the National Security Council.

During the implementation of the FMCO, the operations of the Group was temporarily interrupted and resulted minimal revenue. The Group has resumed its operations on 24 September 2021 after all its employees have observed a 14-day waiting period after the full inoculation.

Overall, the COVID-19 global pandemic has not resulted in any material impairment to the Group's assets (including inventories and receivables) as of 31 December 2021 or affected the Group's ability to continue its business as a going concern. The COVID-19 global pandemic did not have material impact on the Group's operations and financial performance for the financial year ended 31 December 2021 other than those arising from the temporary cessation of business operations from 1 June to 23 September 2021.

Going forward, the Group will continuously monitor the development of COVID-19 pandemic, and the disruption to its business activities caused by the prolonged effect of such pandemic and/or any subsequent measures imposed by the governments and evaluate their impact on the financial position, cash flows and operating results of the Group.

- (b) On 28 October 2021, Elisa Home Sdn. Bhd. ("Elisa"), a wholly-owned subsidiary of the Company entered into two sale and purchase agreements to acquire two pieces of freehold land held under GM 128, Lot 407 and GM 1829, Lot 408, Mukim of Sungai Raya, District of Muar, State of Johor for a total cash consideration of RM 2,396,827 and RM 4,810,673 respectively. A deposit of RM 1,377,500 had been paid by Elisa and included in other receivables as at 31 December 2021 (Note 9). The transaction was completed when Elisa fully paid its balance purchase consideration in January 2022.

Notice of Annual General Meeting

Notes:

1. IMPORTANT NOTICE

The Meeting Venue is **strictly for the purpose of complying with Section 327(2) of the Companies Act 2016** which requires the Chairman of the meeting to be present at the main venue of the meeting.

Shareholders **WILL NOT BE ALLOWED** to attend the Fourth Annual General Meeting in person at the Meeting Venue on the day of the meeting.

Shareholders are to attend, speak (including posing questions to the Board via real time submission of typed texts) and vote (collectively, "participate") remotely at the Fourth Annual General Meeting via the Remote Participation and Voting facilities ("RPV") provided by Tricor Investor & Issuing House Services Sdn. Bhd. ("Tricor") via its TIIH Online website at <https://tiih.online>. **Please follow the Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting and take note of Notes (2) to (7) below in order to participate remotely via RPV.**

2. Only depositors whose names appear in the Record of Depositors as at 22 June 2022 shall be regarded as members and be entitled to attend, speak and vote at the Meeting.
3. A member entitled to attend and vote at the Meeting is entitled to appoint a proxy or proxies to attend and vote in his stead. A proxy may but need not be a member of the Company.
4. Where a member of the Company is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("Omnibus Account"), there is no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each Omnibus Account it holds.
5. Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy. If the appointor is a corporation, the proxy form must be executed under its common seal or under the hand of an officer or attorney duly authorised. In the event the member(s) duly executes the proxy form but does not name any proxy, such member(s) shall be deemed to have appointed the Chairman of the meeting as his/her proxy, provided always that the rest of the proxy form, other than the particulars of the proxy have been duly completed by the member(s).
6. A member who has appointed a proxy or authorised representative to attend, participate, speak and vote at this Annual General Meeting via RPV must request his/her proxy to register himself/herself for RPV at **TIIH Online** website at <https://tiih.online> **Please follow the Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting.**

Bhd., Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, or alternatively, the Customer Service Centre at Unit G-3, Ground Floor, Vertical Podium, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, or by electronic lodgement via TIIH Online website at <https://tiih.online> not less than twenty-four (24) hours before the time for holding the meeting. For electronic lodgement please follow the **Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting.**

Notice of Annual General Meeting

Explanatory Notes:

8. Item 1 of the Agenda

This Agenda item is meant for discussion only as the provision of Section 340(1)(a) of the Companies Act 2016 does not require a formal approval of the shareholders and hence, is not put forward for voting.

9. Item 2 of the Agenda – Ordinary Resolution 1

Approval of Directors' fees and benefits for the financial year ending 31 December 2022

Directors' fees and benefits approved for the financial year ended 31 December 2021 was RM1.6 million. The Directors' fees and benefits proposed for the financial year ending 31 December 2022 are calculated based on the number of scheduled Board and Committee Meetings for year 2022 and assuming that all Non-Executive Directors will hold office until the conclusion of the next annual general meeting.

This resolution is to facilitate payment of Directors' fees and benefits on current financial year basis. In the event the Directors' fees and benefits proposed are insufficient (e.g. due to more meetings), approval will be sought at the next annual general meeting for additional fees and benefits to meet the shortfall.

10. Item 5 of the Agenda – Ordinary Resolution 5

Authority to Directors to allot and issue shares pursuant to Section 75 of the Companies Act 2016

(a) The proposed Ordinary Resolution no. 5, if passed, will empower the Directors of the Company, from the date of the forthcoming Annual General Meeting ("AGM") to allot and issue shares in the Company up to an amount not exceeding ten percent (10%) of the issued share capital of the Company for the time being for such purposes as they may deem fit and in the interest of the Company. This authority, unless revoked or varied at a general meeting will expire at the conclusion of the next AGM of the Company.

(b) The mandate now sought is a renewal from the previous mandate obtained at the last AGM held on 29 June 2021 which will expire at the conclusion of the forthcoming AGM.

(c) As at the date of this Notice, no new shares in the Company were issued pursuant to the mandate granted to the Directors at the last AGM held on 29 June 2021.

(d) The authority will provide flexibility to the Company for any possible fund raising activities, including but not limited to further placing of shares, for purpose of funding future investment project(s), working capital and/or acquisitions.

11. ANNUAL REPORT

The Annual Report for the financial year ended 31 December 2021 is now available at the Company's corporate website, www.springart.com.my. Printed copy of the Annual Report shall be provided to the shareholders upon request soonest possible from the date of receipt of the request.

Shareholder who wishes to receive the printed Annual Report may request at <https://tiih.online> by select "Request for Annual Report" under the "Investor Services" to submit the request form electronically or contacting Tricor Investor & Issuing House Services Sdn. Bhd. [197101000970 (11324-H)] at 03-27839299 or email your request to is.enquiry@my.tricorglobal.com.

IMPORTANT NOTICE

- The Meeting Venue is **strictly for the purpose of complying with Section 327(2) of the Companies Act 2016** which requires the Chairman of the meeting to be present at the main venue of the meeting.

Shareholders **WILL NOT BE ALLOWED** to attend the Fourth Annual General Meeting in person at the Meeting Venue on the day of the meeting.

Shareholders are to attend, speak (including posing questions to the Board via real time submission of typed texts) and vote (collectively, "participate") remotely at the Fourth Annual General Meeting via the Remote Participation and Voting facilities ("RPV") provided by Tricor Investor & Issuing House Services Sdn. Bhd. ("Tricor") via its TIH Online website at <https://tjih.online>. **Please follow the Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting and take note of Notes (2) to (7) below in order to participate remotely via RPV.**
- Only depositors whose names appear in the Record of Depositors as at 22 June 2022 shall be regarded as members and be entitled to attend, speak and vote at the Meeting.
- A member entitled to attend and vote at the Meeting is entitled to appoint a proxy or proxies to attend and vote in his stead. A proxy may but need not be a member of the Company.
- Where a member of the Company is an Exempt Authorised Nominee which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("Omnibus Account"), there is no limit to the number of proxies which the Exempt Authorised Nominee may appoint in respect of each Omnibus Account it holds.
- Where a member appoints more than one (1) proxy, the appointment shall be invalid unless he specifies the proportions of his holdings to be represented by each proxy. If the appointor is a corporation, the proxy form must be executed under its common seal or under the hand of an officer or attorney duly authorised. In the event the member(s) duly executes the proxy form but does not name any proxy, such member(s) shall be deemed to have appointed the Chairman of the meeting as his/her proxy, provided always that the rest of the proxy form, other than the particulars of the proxy have been duly completed by the member(s).

6. A member who has appointed a proxy or authorised representative to attend, participate, speak and vote at this Annual General Meeting via RPV must request his/her proxy to register himself/herself for RPV at TIH Online website at <https://tiah.online> **Please follow the Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting.**
7. The proxy form duly completed must be deposited at Tricor Investor & Issuing House Services Sdn. Bhd., Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, or alternatively, the Customer Service Centre at Unit G-3, Ground Floor, Vertical Podium, Avenue 3, Bangsar South, No. 8, Jalan Kerinchi, 59200 Kuala Lumpur, or by electronic lodgement via TIH Online website at <https://tiah.online> not less than twenty-four (24) hours before the time for holding the meeting. For electronic lodgement please follow the Procedures for RPV in the Information for Shareholders on Fourth Annual General Meeting.

Personal Data Privacy

By submitting the proxy form, the member or proxy accepts and agrees to the collection, use and disclosure of their personal data by the Company (or its agents or service providers) for the purpose of preparation and compilation of documents relating to the Second Annual General Meeting (including any adjournment thereof).
