Disclaimer

This document may contain projections, estimates, forecasts, targets, opinions, prospects, results, returns and forward-looking statements ("forward-looking statements") with respect to Yinson Holdings Berhad ("Yinson" or the "Group") future performance, position and financial results. Examples of forward-looking statements include statements made or implied about the Group's strategy, estimates of sales growth, financial results, cost savings and future developments in its existing business as well as the impact of future acquisitions and the Group's financial position.

Forward-looking statements are based on current expectations, estimates and projections of Yinson and information currently available to the company. Any forward-looking statements involve material assumptions and subjective judgments which may or may not prove to be correct and there can be no assurance that any of the matters set out in forward looking statements will actually occur or will be realized or are complete or accurate. The assumptions may prove to be incorrect and involve known and unknown risks, uncertainties, contingencies and other important factors, many of which are outside the control of Yinson or the Group. These factors include, but not limited to, macro-economic, market and business trends and conditions, (low-cost) competition, legal claims, the ability to protect intellectual property, changes in legislation, changes in exchange and interest rates, changes in tax rates, pension costs, raw material and energy prices, employee costs, the implementation of the Group's strategy, the Group's ability to identify and complete acquisitions and to successfully integrate acquired companies, the Group's ability to realise planned disposals, savings, restructuring or benefits, the Group's ability to identify, develop and successfully commercialise new products, markets or technologies, economic and/or political changes and other developments in countries and markets in which Yinson operates.

Yinson cautions readers that such forward-looking statements involve certain risks and uncertainties that are difficult to predict and therefore it should be understood that many factors can cause the Group's actual performance and position to differ materially from these statements. As a result, Yinson's actual future performance, position and /or financial results may differ materially from the plans, goals and expectations set forth in such forward-looking statements.

The material contained in this document may include information derived from publicly available sources that have not been independently verified. Certain information in this presentation is based on management estimates. Such estimates have been made in good faith and represent the current beliefs of members of management. Those management members believe that such estimates are founded on reasonable grounds. However, by their nature, estimates may not be correct or complete. Where this presentation quotes any information or statistics from any external source, it should not be interpreted that Yinson or the Group has adopted or endorsed such information or statistics as being accurate. No representation or warranty whatsoever, express or implied, is made as to the accuracy, completeness, consistency or the reliability of the information contained in this presentation and nothing contained in this presentation is, or should be relied upon as, a promise, warranty or representation.

In this document, certain financial data and measures are presented which are not calculated pursuant to any accounting standard or are based on information provided by specialized agencies or advisors and which are therefore alternative performance measures. These alternative performance measures are included to provide readers with further basis, along with standard accounting measures, for measuring the financial performance. Because of the discretion that the management has in defining and calculating these measures or the reliance placed by management on such information provided by those agencies or advisors, care should be taken in comparing these measures with similar measures used by other companies. Alternative performance measures have limitations as analytical tools, and readers should not consider them in isolation, or as a substitute for analysis of results as reported under statutory accounting standards, and readers should not place any undue reliance on the alternative performance measures.
Yinson has no obligation to update the statements contained in this document, unless required by the relevant law and/or regulations. The English language version of this document is leading.

A more comprehensive discussion of the risk factors that may impact Yinson's business can be found in the Group's latest Annual Report, a of copy which can be found on the Group's corporate website, www.yinson.com.

Our Transformation

1

1983 - 2010

TRANSPORT AND LOGISTICS

Began as a transport agency in Johor Bahru, Malaysia. Grew to become one of Malaysia's largest transport companies.

2

2011 - 2013

OFFSHORE PRODUCTION

Ventured into offshore production through joint venture with PTSC Vietnam to build an FPSO and FSO.

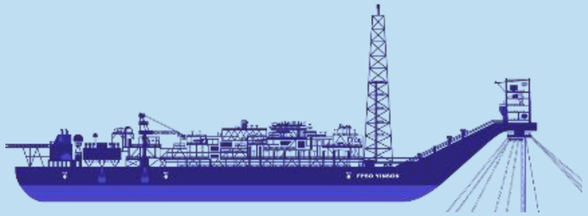

3

2014 - 2018

FULL SCALE EXECUTION AND SERVICE FPSO PROVIDER

Acquired Fred. Olsen Production ASA and divested non-O&G subsidiaries. Increased fleet size to become 6th largest independent FPSO leasing company globally.

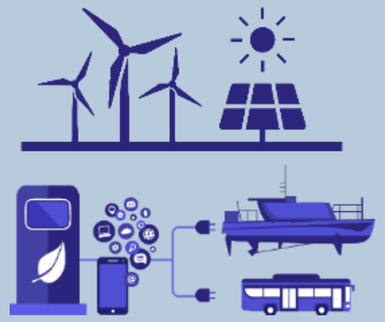

4

2019 TO PRESENT

ENERGY INFRASTRUCTURE AND TECHNOLOGY COMPANY

Established Renewables and Green Technologies Divisions. Ventured into new territories for Offshore Production. Established strategic collaborations for Offshore Marine.

YINSON'S CLIMATE GOALS

CARBON NEUTRAL BY 2030
NET ZERO BY 2050

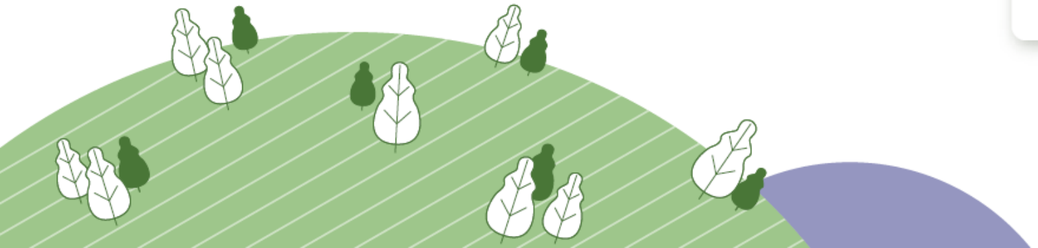

OUR COMMITMENTS

CARBON NEUTRAL BY 2030

- Measure and verify our GHG emissions
- Deploy emission reduction measures where reasonably practicable
- Use high quality offsets to balance residual GHG emissions by 2030

NET ZERO BY 2050

- Focus on investments into nature-based and technology-based carbon removal projects
- Actively invest into zero or low-carbon technologies
- Commit business operations in alignment with the Paris Agreement

OUR CLIMATE GOALS ARE OPERATIONALISED THROUGH A THREE-PRONGED FRAMEWORK

CARBON REDUCTION

- Reduce GHG emissions from Scope 1, 2 and 3
- Limit carbon emission intensity of FPSOs
- Utilise renewable energy in our operations where feasible

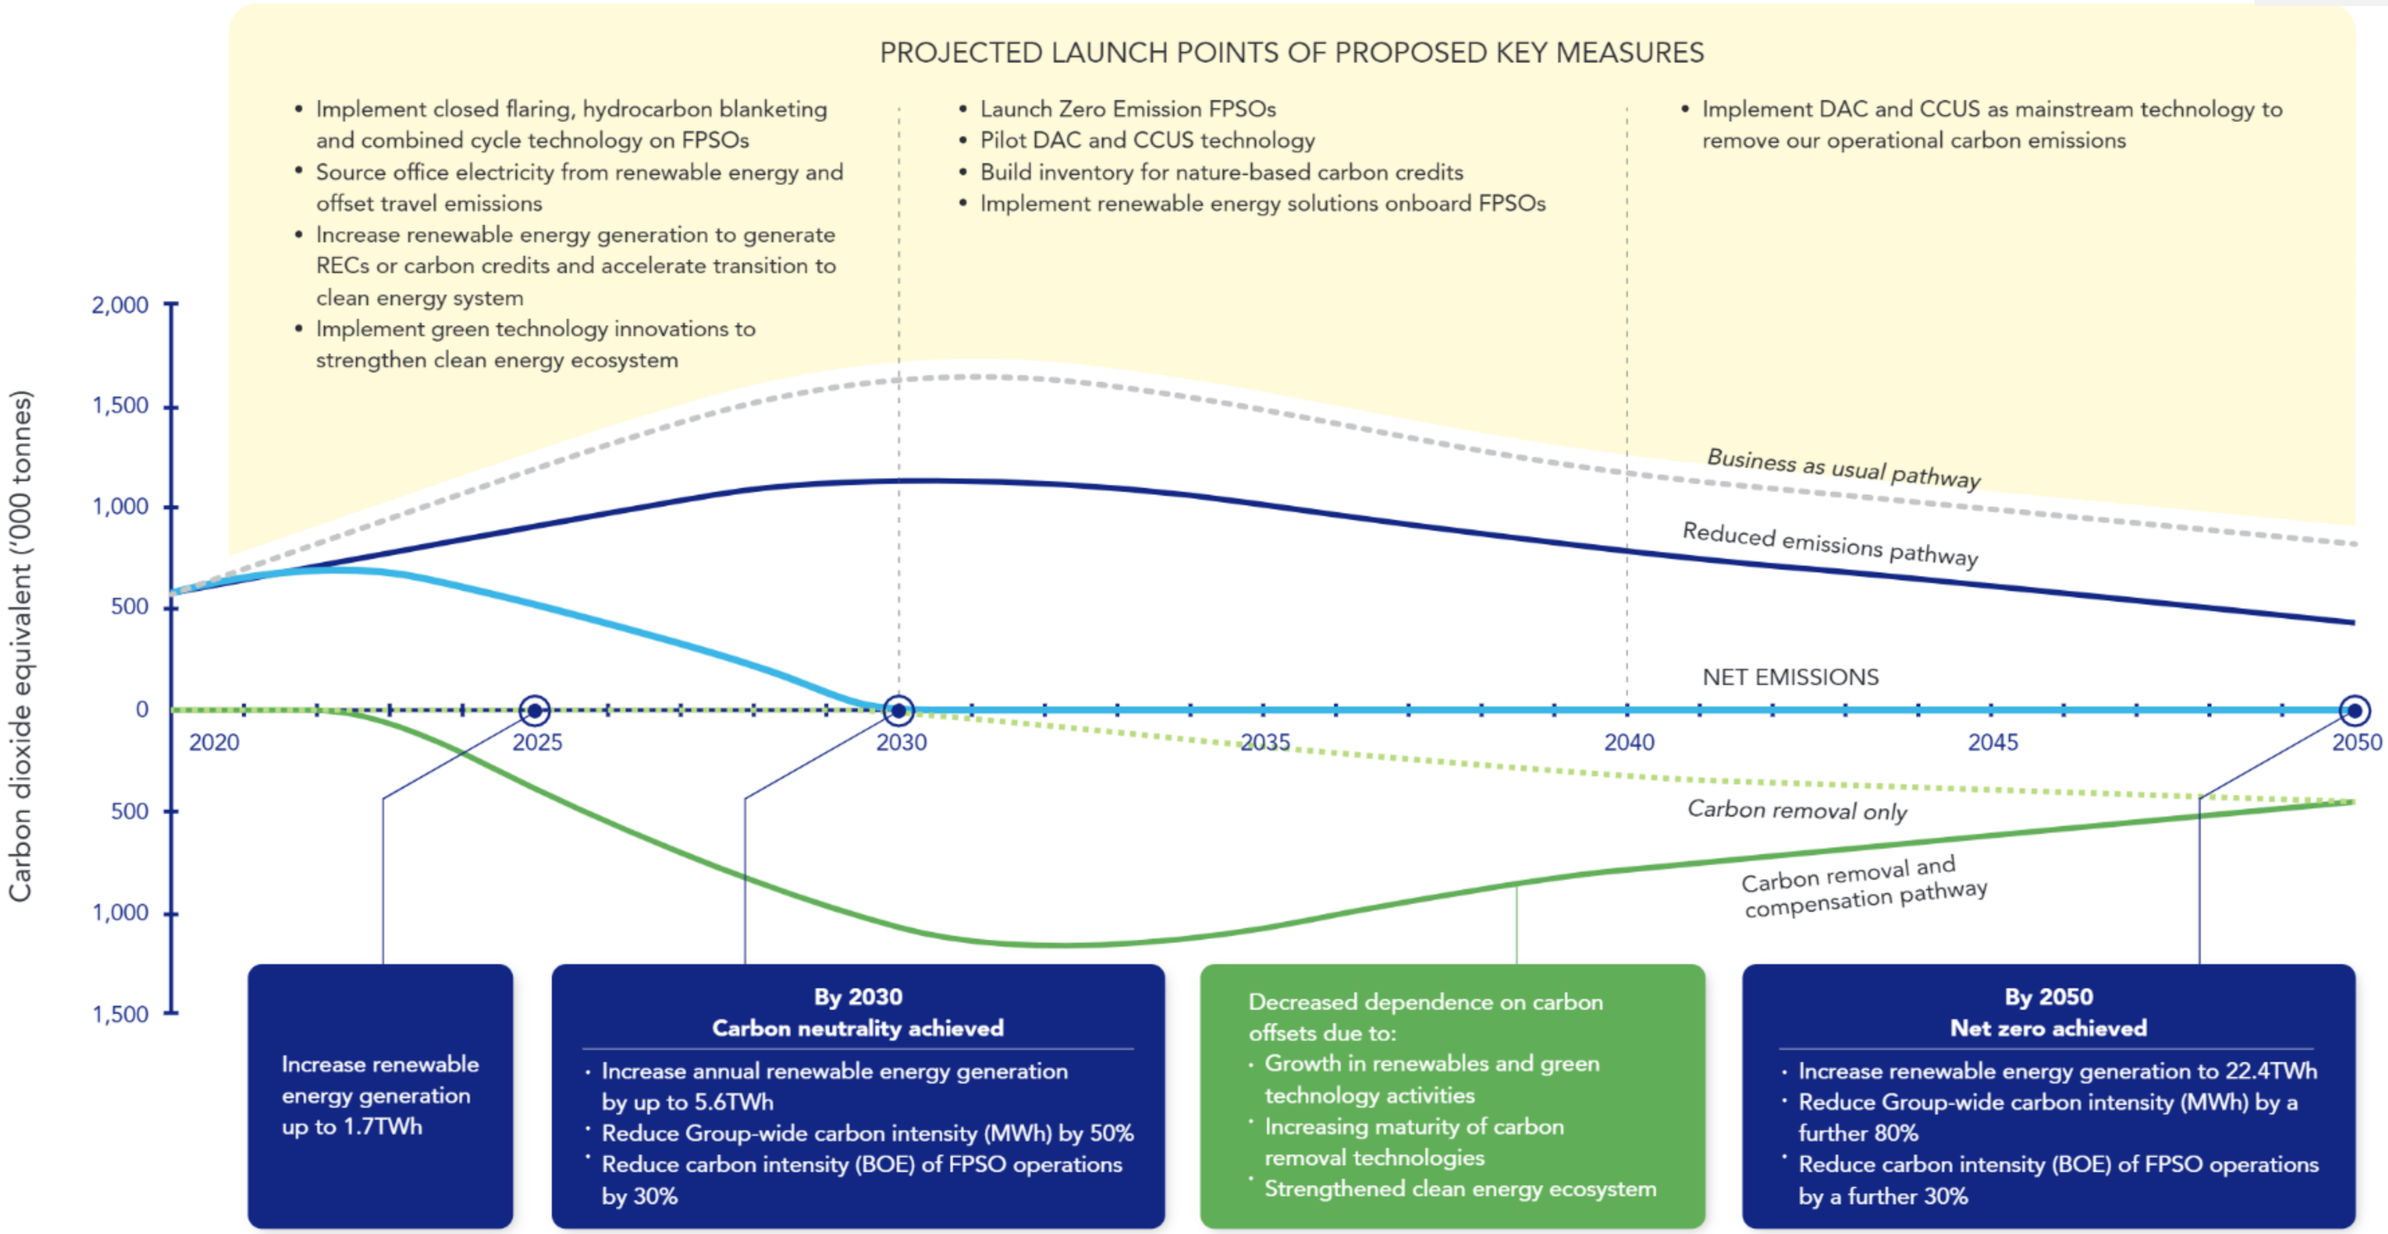

CARBON REMOVAL

- Invest into nature-based carbon removal solutions such as afforestation and reforestation
- Utilise technology-based carbon removal solutions such as Direct Air Capture ("DAC") and Carbon Capture, Utilisation and Storage ("CCUS")

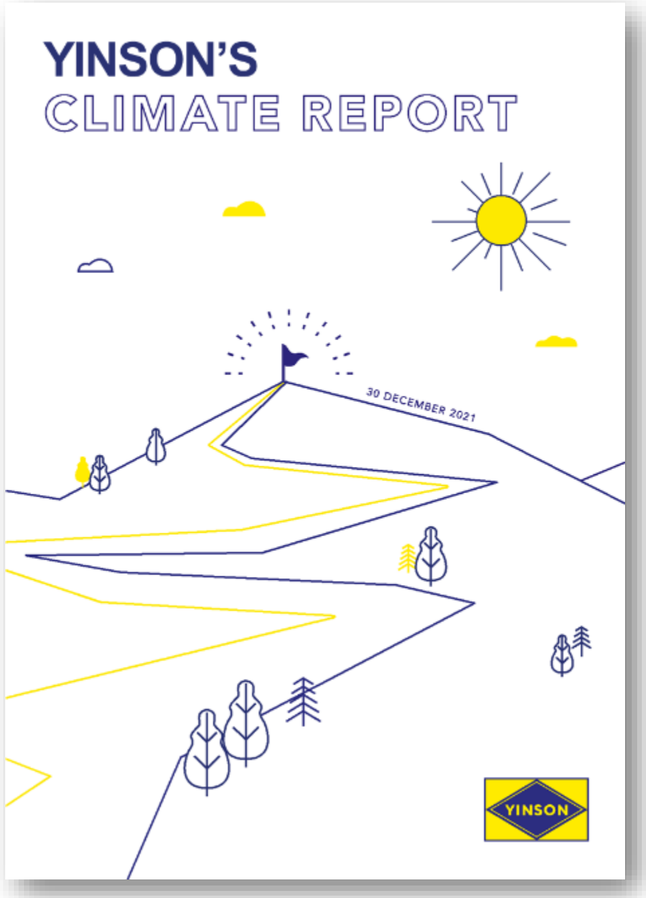

CARBON COMPENSATION

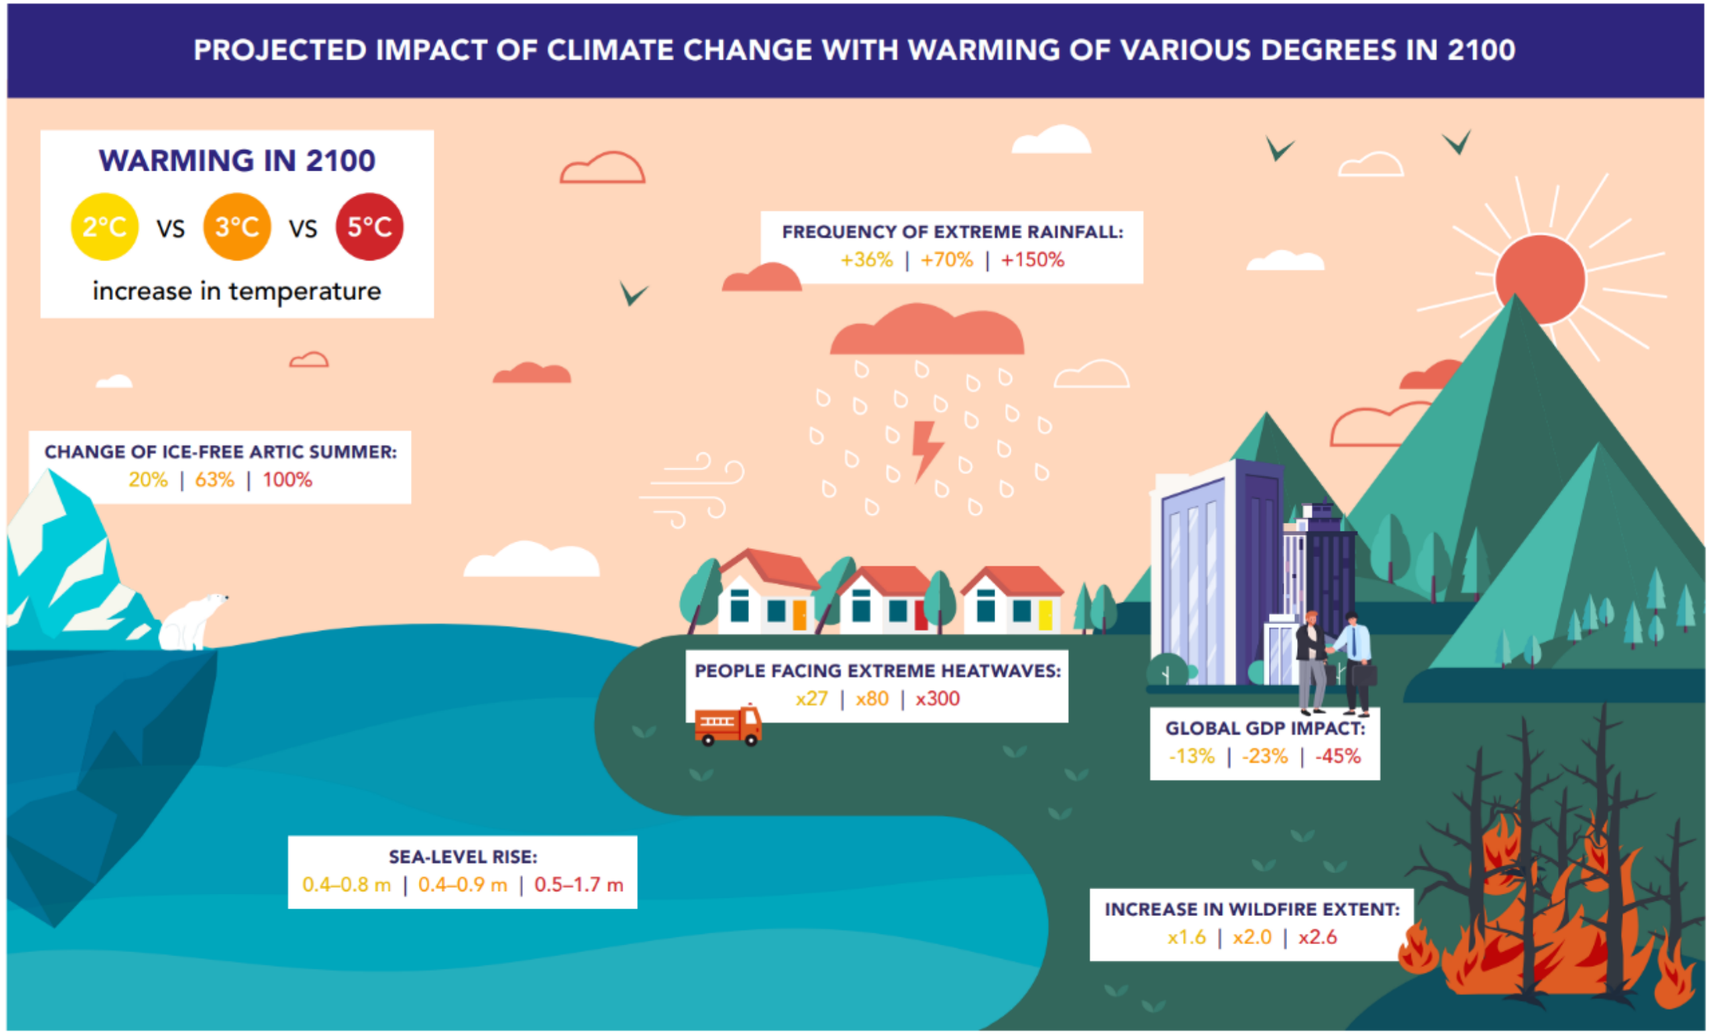

- Invest in zero or low-carbon technologies
- Increase capacity of renewable energy generation
