### NOTES TO THE INTERIM FINANCIAL REPORT ON CONSOLIDATED RESULTS FOR THE FIRST QUARTER ENDED 31 OCTOBER 2021

### **B3.** Commentary of Prospects

Growth of the Malaysian economy is expected to recover in 2021. However, Malaysia's economy is projected to grow by 4.5% in 2021, lower than initial projections of 6.0% as a result of the slower pathway in subduing the pandemic and slower than expected vaccine rollout, according to the "Malaysia Economic Monitor June 2021: Weathering the Surge" publication issued by the World Bank.

The Group anticipates the economic landscape for consumer packaging and printing services industry to remain challenging in the near future. As such, moving forward, the Group will be focusing on developing the face mask business in order to cushion any adverse impacts from the consumer packaging and printing services industry.

For the face mask business, the Group plans to gradually expand the production capacity of its face mask manufacturing operations up to 102 manufacturing lines for 3-ply face masks and 26 manufacturing lines for respirator face mask by 2023.

The Group will also plan to streamline its manufacturing processes to reduce the higher operating costs and focus in hiring competent procurement personnel to source for good quality raw material at a reasonable price in order to achieve a sustainable profit for its business.

The Group believes that the synergies between both business segments can be leveraged upon to create distinctive opportunities for growth and expansion. As such, the Group remains optimistic of its future prospects and growth in the coming financial year despite the challenging operating environment.

### **B10.** Material Litigation

### Writ and Statement of Claim against The Edge Communications Sdn Bhd

The Company had on 11 May 2021, filed a Writ and Statement of Claim in the High Court against The Edge for, amongst others, damages and an injunction to restrain The Edge whether by itself, its agents or servants or otherwise from publishing or causing to be published the same or similar words defamatory of the Company.

The Edge then filed its Defence on 19 July 2021. On 11 August 2021, the Company filed an application for, among others, further and better particulars in respect of the Defence and extension of time to file their Reply. On 19 August 2021, the Edge filed an application to strike out the Writ and Statement of Claim.

On 13 October 2021, both applications were dismissed by the Court with costs of RM5,000.00 payable to the Company (in respect of the striking out application) and costs of RM5,000.00 payable to The Edge (in respect of the further and better particulars application). The Court further ordered the Company to file a Reply by 27 October 2021 and had advised Parties to mediate the case.

The Plaintiff filed its Reply on 27 October 2021 and had informed the Court that it had proposed to the Defendant to mediate the case through the Malaysian Mediation Centre as this would allow parties to explore their positions better. However, the Defendant was not agreeable to the Plaintiff's suggestion and had proposed to mediate through the Kuala Lumpur Court Mediation entre instead. The Parties are currently liaising on the avenue for the mediation of the case. The next e-review has been fixed for 11 January 2022.

Save for the above, there were no other pending material litigations against the Group as at the date of this report.
