## Q1 FY23/24 vs Q1 FY22/23

For the first quarter ended 30 June 2023 ("Q1FY23/24"), the Group reported a total revenue of RM10.91 million, marking a 14% increase compared to the corresponding quarter of the previous year. Additionally, in terms of profitability for the quarter, the Group have significantly reduced its loss before taxation ("LBT") by 99%, bringing it down to RM0.03 million, as opposed to a LBT of RM4.81 million during the same period last year. These improvements in quarter-on-quarter ("qoq") figures indicate that the Group's businesses have commenced a recovery process following a challenging year.

The Energy Services Division recorded a revenue of RM9.89 million for the quarter, marking a 116% increase as compared to the same quarter last year. The revenue was attributed to the deployment of the Group's core assets, the vessel ("Ratu ENRA") and Single Point Mooring ("SPM Buoy") for its Floating Storage and Offloading ("FSO") contract in Myanmar.

The Property Development Division reported a revenue of RM1.02 million, generated from Shamelin Star and our affordable homes project in Teluk Panglima Garang ("TPG 1"). However, the contribution from TPG 1 saw a decrease of 42% in comparison to the same quarter last year of RM0.52 million as the project approaching its final stage of the progress. The delayed delivery of vacant possession ("VP") to buyers in the 1QFY23/24 occurred due to delayed approvals.

The Maintenance, Repair, and Overhaul ("MRO") division did not generate any revenue in the first quarter of the year due to the rescheduling of 1 engine delivery to customer. As a result, the loss before taxation ("LBT") for the current quarter increase by 160% in comparison to the same quarter of the previous year due to the delay of revenue.

## 15 Material change in profit before taxation compared to the immediate preceding quarter

## Q1FY23/24 vs Q4FY22/23

The revenue for Q1FY23/24 amounted to RM10.91 million, marking an 11% increase compared to Q4FY22/23. This increase was attributed to the higher revenue recorded by the Property Development Division and the favorable impact of a stronger USD against MYR on our FSO business, offsetting the absence of revenue from the MRO division during the current quarter. Referring to the profitability for the quarters in comparison, the exceptional loss incurred in the last quarter was primarily a result of an impairment provision made on the properties in Rugby, amounting to RM9.75 million.

#### 16 Future prospects

The prospects of the Group's business segments are as follows:

#### (a) Property Development Division

The property market, both domestically and internationally, continue to encounter challenges.

The trend towards remote work has influenced preferences, sparking interest in properties located in suburban and rural areas. However, escalating construction costs and uncertainty surrounding potential increases in the Overnight Policy Rate ("OPR") have imposed certain limitations on both developers and prospective homebuyers. Our fully sold maiden project, Taman Iram Perdana is expecting to achieve with vacant possession in September 2023. Despite the challenges, we are pleased to highlight that we are making progress towards recognising revenue from our second project in the upcoming quarter. Having experienced a significant challenges in the industry, we are continously reevaluating the product design, pricing and marketing strategy for our on going projects.

Similiar challenges have also impacted the Rugby project and the team has been diligently refining the sales strategy and project feasibility.

Considering the property market outlook and the prevailing conditions, our foremost focus is to sell all our products in a timely manner.

## (b) Energy Logistics Division

The Floating Storage and Offloading ("FSO") operation, employing Ratu ENRA and a Single Point Mooring system, has received an extension until September 2023 from its original conclusion date of June 2023. Following the completion of this ongoing contract, Ratu ENRA will be chartered on a bareboat basis for a duration of 5 years, accompanied by a mutual option to further extend for an additional 5 years. Given the existing market conditions and prevailing geopolitical landscape, the logistics involving oil, gas, and associated cargo for storage or transportation purposes are expected to experience heightened demand.

#### (c) Maintenance, Repair and Overhaul ("MRO") Division

The organisation is currently undertaking active efforts in business expansion and promotional campaigns to introduce its array of services and solutions to both the government and commercial sectors. Additionally, it has commenced the submission of MRO quotes and proposals for diesel-powered equipments to the identified prospects within the Oil and Gas segment. In response to the challenges encountered within its offerings, the Company is taking significant steps to present "out of the box solutions" to its prospective customers.

The Group will focus on achieving our FY23/24 revenue target, operational improvement and cost management initiatives.
