PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENT OF BURSA MALAYSIA SECURITIES BERHAD

B 1. Review of performance

	Current Year Quarter 30.06.2023	Preceding Year Quarter 30.06.2022	Chang	ges
	RM '000	RM '000	RM '000	%
Revenue	296,165	342,465	(46,300)	(13.5)
Gross profit	17,890	25,843	(7,953)	(30.8)
Profit before tax	4,160	13,409	(9,249)	(69.0)
Profit after tax	3,007	10,058	(7,051)	(70.1)

1Q2024 vs 1Q2023

The Group's 1Q2024 revenue decreased by 13.5% year-on-year ("y-o-y") to RM296.2 million from RM342.5 million in 1Q2023. The decline was primarily attributed to softening market demand in building materials. The Group's revenue was wholly generated from the wholesale and distribution of building materials, manufacturing and sale of pre-insulated pipes and rental of temporary structural support equipment.

1Q2024 gross profit ("GP") experienced a y-o-y decrease of 30.8% to RM17.9 million from RM25.8 million in 1Q2023. The GP margin decreased by 1.5% percentage point to 6.0% in 1Q2024, compared to 7.5% in 1Q2023. The lower GP margin was mainly due to higher procurement costs for raw materials and trading inventories and resulted a net increase of impairment on inventory by RM4.1 million.

During the current quarter under review, the Group recorded other income of RM3.0 million primarily derived from gain on foreign exchange (RM1.4 million), gain on disposal of property, plant and equipment (RM0.7 million). Administrative and general expenses amounted to RM10.3 million, largely comprising staff costs, depreciation as well as selling and distribution expenses. In addition, the Group recorded a net impairment loss on trade receivables amounting to RM1.6 million. This was premised upon the Group's adoption of allowance matrix to assess the expected credit loss of trade receivables and thereafter taking into account recovery of specific impairments.

Subsequent to the decline in revenue and GP, profit before tax ("PBT") and profit after tax ("PAT") decreased 69.0% and 70.1% to RM4.2 million and RM3.0 million, respectively.

B 2. Comparison with immediate preceding quarter results

PART B: EXPLANATORY NOTES PURSUANT TO APPENDIX 9B OF THE LISTING REQUIREMENT OF BURSA MALAYSIA SECURITIES BERHAD (CONTINUED)

B 2. Comparison with immediate preceding quarter results (continued)

The Group posted a decrease of 20.6% in revenue to RM296.2 million for current quarter from RM372.8 million. This was mainly due to softening market demand in building materials.

Overall, the Group registered a 158.9% increase in PBT to RM4.2 million as compared with RM1.6 million in 4Q2023. This was mainly contributed from the gain on the foreign exchange in 1Q2024. Correspondingly, the Group's PAT for the current financial quarter had also increased by RM2.2 million compare to 4Q2023.

B 3. Prospects

On the back of Malaysia's resilient economic landscape and uptick in construction activities, the nation's construction sector posted an 8.1% year-on-year growth in the second quarter of 2023, marking its fifth consecutive expansion. This positive trajectory is expected to persist, driven by the Government's revival of the Kuala Lumpur-Singapore high-speed rail project, MRT3, as well as ongoing major infrastructure projects such as Johor Bahru–Singapore Rapid Transit System and the East Coast Rail Link. Additionally, the Government's initiatives in Budget 2023 to foster homeownership are also anticipated to stimulate the property development sector, with key industry players gearing up to launch new residential and mixed-development projects. These collective developments bode well for the Group in capitalising on the rising demands for building materials.

Besides, it is also noteworthy that building materials are used throughout the lifecycle of buildings and infrastructures. Beyond new construction projects, building materials are also required for refurbishment and retrofitting, as well as repair and maintenance works. These multi-faceted usages will continue to support the demand for our products.

Meanwhile, riding on the industry recovery, Unitrade is strategically expanding our rental division, with a focus on modular housing solutions and temporary structural equipment, especially in heavy-duty shoring systems. This bolsters the Group's recurring revenue stream, providing enhanced long-term earnings visibility and stability. Moreover, Unitrade's recent merger and acquisition ("M&A") initiatives also complement our growth strategy, allowing the Group to venture into new markets such as metal recycling business and waste management sector. In turn, Unitrade can offer a more comprehensive suite of products and services to customers, while stepping up our involvement in environmentally responsible business as part of our ESG agenda.

Moving forward, the Group remains cognisant of the challenging environment arising from, amongst others, inflationary pressures and interest rate hikes. Nevertheless, barring any unforeseen circumstances, the Group expects to deliver a satisfactory set of financial performance in the current financial year.

B 5. Income tax expense

The breakdown of income tax expenses are as follows:

The Group's effective tax rate for the year to date ended 30 June 2023 is slightly higher than the statutory tax rate of 24% mainly due to certain expenses which are not deductible for tax purposes.

B 6. Investment in quoted securities

There was no purchase or disposal of any quoted securities during the interim financial reporting period under review.

B 7. Status of corporate proposals

There were no corporate proposals announced but not completed as at the date of this report.

B 8. Utilisation of proceeds from Public Issue

The Company completed its IPO exercise on 14 June 2022, which raised gross proceeds of RM 100 million. The proceeds raised from IPO are proposed to be utilised as follows:

	D	Actual			
Utilisation of proceeds	Proposed utilisation	utilisation at 30 June 2023	Reallocation	Balance to be utilised	Intended timeframe for utilisation (from the listing date 14 June 2022)

temporary structural equipment	-	(1,607)	4,617	3,010	Within 18 months
Total	100,000	(76,041)	-	23,959	

The utilisation of the proceeds as disclosed above should be read in conjunction with the Prospectus of the Company dated 28 April 2022. However, the Board has deliberated and resolved to extend the utilisation of the proceeds to allow the Group to utilise the proceeds raised from the Public Issue in line with the current business needs. The Board is of the view that the pricings of certain products are currently less favourable, and the Group requires additional time to make its purchases more commercially viable. It is anticipated that, due to the volatility of pricing and the volume consumed by the Group, it may take until 3Q2024 to fully utilise the proceeds for such purpose.
