The strengths of Sasbadi Group are anchored on these five strategic competencies which drive the Company's missions and vision.

Creating Contents

At Sasbadi, creating quality educational content is at the core of what we do. One of our best practices is working only with experienced writers and teachers for our academic publications. We strive to provide the best content to help national primary and secondary school students in Malaysia to excel in their academic pursuits. Aside from publications for academic studies, we also produce content that nurtures one's love for reading and learning. For children, we publish supplementary educational materials which include fiction and non-fiction titles, a wide range of comics, illustrated storybooks, and internationally renowned titles which include works by award-winning authors. For adults, we support local content by publishing a variety of genres such as novels, short stories, poems, biographies, and young adult literatures by Malaysian writers. Our pride lies in the quality of our content. Over the years, we were able to leverage and adapt our contents to meet a diverse range of educational needs. This includes producing digital education solutions and technology-enabled blended learning products. We are dedicated to the continuous pursuit of quality and creativity, as well as staying current in creating contents for people of all ages.

Developing Technologies

At Sasbadi, we aim to be a leader in the education technology space as we believe that the Fourth Industrial Revolution will bring a new wave of exciting opportunities for the education industry. As such, we have dedicated significant resources to continuously develop cutting-edge technologies and digital classroom solutions to facilitate 21st century teaching and learning in Malaysia. Our in-house team of programmers, designers and engineers create PC software, mobile applications and cloud-based solutions that include platforms for self-paced learning and the future classroom. We are also able to enhance the learner's experience via the conventional medium by incorporating Augmented Reality ("AR") and gamified features into our publications. One of our digital solutions is i-LEARN Ace, a mobile learning platform for Year 1 to Form 5 students. A new addition will be our e-tuition and learning resources platform, "Tutor2U", through which students can attend live classes and subscribe to learning materials prepared by tutors across Malaysia, remotely and on-demand. This platform also enables the Group to tap into the gig economy business. In this new century, we embrace technology as a powerful enabler to foster dynamic and ubiquitous learning.

Nurturing Skills

Sasbadi takes pride in championing STEM (Science, Technology, Engineering and Mathematics) education since 2005. We believe in the value of cultivating the young generation to be future thinkers, creators and innovators. We encourage them to harness their higher order thinking skills such as complex problem solving, critical thinking, creativity and collaboration. We work with the global brand LEGO Education to provide fun and effective educational tools and platforms that promote hands-on learning through robotics and programming. Sasbadi is the organiser of annual robotics competitions such as the National Robotics Competition ("NRC"), National Robotics Open Competition ("NROC"), FIRST LEGO League ("FLL") Malaysia and FIRST LEGO League Junior ("FLL Jr.") Malaysia, in collaboration with the Ministry of Education Malaysia. To strengthen the role of robotics in Malaysia's education landscape, we are working with the University of Malaya on research and product development with an aim to provide a comprehensive certification programme in the field of STEM and robotics skills.

Enriching Life

One of Sasbadi's missions is to facilitate people of all ages on their continuous journey of lifelong learning. In a hyper disruptive environment that runs on a knowledge-based economy, it is crucial for our society to be provided with products and solutions that enable continuous learning. Sasbadi aims to cater to young learners and adults alike through our array of offerings. In 2019, we expanded into providing upskilling products by offering practical and effective English learning solutions for job seekers and working adults. We recognise the importance of English proficiency for employment, professional development and career advancement so we partnered with global experts in the English language to design unique and effective English learning programmes. Sasbadi is a Preferred Partner for Linguaskill by Cambridge Assessment English and an exclusive partner for NYC English products in Malaysia.

Linguaskill 
from Cambridge

Forging Connections

At Sasbadi, we believe collaboration is key in providing value to our customers and stakeholders. Innovation, inclusiveness, and equity are crucial elements in the process of making learning happen. To leverage on the collaborative effort of passionate individuals who share the same goal, we founded MindTech Education, our network marketing division to deliver a personal touch in providing our educational solutions across Malaysia. We understand that our diverse cultural backgrounds, level of accessibility, and experiences mean education solutions should be customisable and personalised to individual needs. Today, MindTech Education is actively reaching out to help close the gaps in education by making our digital education solution, i-LEARN Ace, highly accessible and affordable for all.

MESSAGE TO SHAREHOLDERS

Law King Hui
Group Managing Director

Dato' Salleh Bin Mohd Husein
Independent Non-Executive Chairman

Dear shareholders,

We are pleased to share that our Group's operations are on track to return to full normalcy. The revitalisation of the Malaysian economy and education sector have boded well for the demand of our product offerings, and we were able to respond swiftly to fast-moving trends in the education landscape, backed by our decades of experience.

On behalf of the Board of Directors ("the Board") of Sasbadi Holdings Berhad ("Sasbadi Holdings" or "the Group"), it is our pleasure to present to you Sasbadi's Annual Report for the financial year ended ("FYE") 31 August 2022.

Overview

For FYE 31 August 2022, the Group is proud to share that we have returned to black after two (2) challenging years of net losses. With tapering Covid-19 cases and the government's efforts to revitalise the Malaysian economy in 2022, our nation experienced solid recovery firmly supported by the lifting of movement restrictions, resumption of economic sectors, and improvement in retail market conditions and consumer sentiments. The nation was returning to normalcy at a rapid pace, and our Group had to act swiftly in tandem with the recovering education landscape. Most notably, schools went back to full swing in 2022, which was a key signal for our Group to step up efforts in producing the quality education materials that teachers, parents, and students needed. Ultimately, our Group responded accordingly, backed by our decades of experience and know-how, resulting in a healthy and sustained demand for our product offerings.

MESSAGE TO SHAREHOLDERS

(continued)

Throughout FYE 31 August 2022, our Group managed to produce a wide range of print publications that have cemented itself in the Primary, Secondary and Tertiary education space, including our *Modul Aktiviti Integrasi Digital* series of workbooks, Masterclass and *WOW Grafik* guidebooks, mock exam paper publications such as *Kertas Model Bitara Pra-SPM* and *Kertas Model Bitara SPM*, MUET and IPG reference books, and more. We are pleased and humbled to learn that even after close to four (4) decades of operation, students, teachers, and parents across 2 generations continue to place their trust in our product offerings. Besides our strength in print publications, our Group also capitalised on our decade long expertise and experience to produce quality digital education solutions that are effective, scalable, and cost-effective. This is a strong indication that our Group is consistently making the right moves to remain ahead of the curve, particularly so in this rapidly evolving 21st century landscape.

As a testament to our digital capabilities, it is notable that our Group had managed to clinch two (2) Letters of Acceptance from the Ministry of Education (“MoE”) on 11 October 2022 to supply and deliver market-ready digital solutions in line with the Common European Framework of Reference for Languages (“CEFR”) Year 1 and Year 3 for the school session usage from 2023 with a total contract value of RM2.238 million. In addition, in the textbook publications space, our Group had also clinched two (2) Letters of Acceptance (Package 3 – Peninsula Malaysia and Package 5 – Peninsula Malaysia) from the MoE on 11 October 2022 to supply reprinted textbooks (“BCS”) to schools under the MoE for the period from 2022 to 2024 with a total contract value of RM14.363 million.

Prospects

The Group continues to place heavy emphasis towards the development and enhancement of our array of in-house developed educational technology, including our ensemble of print publications and digital education products.

Print publishing is our Group’s most significant segment. We are constantly assessing and keeping up with current and future trends to deliver innovative, high-quality products that serve not only to satisfy our customers, but to generate brand loyalty amongst our users. We plan to further develop our print publications’ hybrid elements (combines conventional print media with digital solutions) which have historically been

well-received and are increasingly sought for by teachers and students. We believe there is much more room for innovation in this area, and we believe that we are able to deliver a better hybrid experience in our future print publications.

Digital education is constantly in our sights, and as the education sector experiences increasing digitalisation day by day, our Group is committed to strengthen our digital expertise to enable us to respond swiftly to rapidly changing digital education needs. Our flagship digital learning platform, i-LEARN Ace, remains a key focus to our Group as we ensure that the platform is constantly updated to adhere to the latest national curriculum of Malaysia. Besides i-LEARN Ace, our Group is also looking to develop other digital platforms that are more targeted towards specific student groups, leveraging on over a decade of digital experience.

Another area of focus for the Group is the under-tapped early childhood education market. We are aiming to grow our presence in this market via Peapod Readers by Collins from the United Kingdom which comprises 200 titles of levelled and CEFR-aligned English readers. Peapod Readers is a powerful educational tool for young children to kick-start their early English literacy journey and will be instrumental towards growing our market share in the early childhood education market. Beyond the Peapod Readers, our Group is also looking to expand our repertoire of early childhood education classroom solutions to strengthen our product portfolio.

With these initiatives, we believe that our Group will be able to position ourselves at a more competitive position in the education solutions market. Coupled by the scaling-down/exiting of several competing education solutions providers in recent times due to the detrimental effects of the pandemic and encouraging recovery of the economy and education sector, we are cautiously optimistic about our prospects and performance for the FYE 31 August 2022.

Offer of Options Under Employees’ Share Option Scheme (“ESOS”)

In appreciation of our team and as a form of motivation for our employees to strive for greater results, the Group had, on 10 March 2022, offered 12,000,000 options at an exercise price of RM0.10 each to its eligible employees under the ESOS. As at the end of the FYE 31 August 2022, a total of 5,535,000 options granted have been exercised.

Appreciation

Our sincerest thanks to our fellow Board members for charting the way through these challenging times. Our utmost appreciations go to the management team and employees of Sasbadi, who have steadfastly fought on in the face of great market volatility to defend our market position. To our business associates, a big thank you for your continued support and confidence you place in the Group.

With continuing commitment and cooperation by all, the Group aims to achieve greater success in the years ahead.

Opening statement:

FYE 31 August 2022 has been a favourable year for our Group as we have managed to return to black after two years of net losses. This was firmly supported by healthy demand for our suite of quality education solutions that have been trusted by teachers, parents, and students across 2 generations.

Overview of Operations

Sasbadi Holdings Berhad (“Sasbadi Holdings” or “the Company”) is an investment holding company while the Group (i.e. Sasbadi Holdings and its subsidiaries) is an education solutions provider. Further details on the Group’s subsidiaries are disclosed in Note 8 to the Financial Statements section in this Annual Report.

The Group’s history began with the incorporation of Sasbadi Sdn Bhd (“SSB”) in 1985, which commenced its operations as a publisher of printed educational materials within the same year. In order to meet the teaching and learning needs of the 21st century, the Group evolved from being mainly an educational print publisher to a provider of diverse education solutions which include digital technology that enables effective and efficient teaching and learning, applied learning tools that facilitate Science, Technology, Engineering, and Mathematics (“STEM”) education, education services, English language learning cum assessment solutions and a direct selling business. On 23 July 2014, the Company was successfully listed on the Main Market of Bursa Malaysia Securities Berhad.

MANAGEMENT DISCUSSION AND ANALYSIS

(continued)

The Group's premises include our Head Office in Kota Damansara, Petaling Jaya, Selangor; an office in Sungai Buloh, Selangor where Sanjung Unggul Sdn Bhd ("SUSB") and its subsidiaries ("SUSB Group") operate; an office in Sri Petaling, Kuala Lumpur where United Publishing House (M) Sdn Bhd ("UPH") and its subsidiaries ("UPH Group") operate; and an office in Cova Square, Kota Damansara, Petaling Jaya, Selangor where MindTech Education Sdn Bhd ("MindTech Education") operates.

The Group's operations are divided into the following segments:

- (i) Print publishing, which is further divided into the following:
 - (a) Academic print publishing focusing on both national and national-type (Chinese) schools and also early childhood education; and
 - (b) Non-academic print publishing which includes comic books, novels, dictionaries and other general titles.
- (ii) Digital solutions and network marketing; and
- (ii) Applied learning products ("ALP") and STEM education services.

Financial Review

The financial year ended ("FYE") 31 August 2022 served as a notable turning point for our Group after several challenging years due to the COVID-19 pandemic. The Group recorded a revenue of RM69.034 million and net profit of RM0.841 million for the current financial year as compared to a revenue of RM62.902 million and net loss of RM9.251 for the preceding financial year, representing an increase of RM6.132 million (equivalent to 9.75%) in revenue and a return to black after 2 consecutive years of net losses.

Across the Group's segments, the Print Publishing segment recorded a revenue of RM63.280 million in the current financial year compared to RM57.214 million in the preceding financial year, representing an increase of RM6.066 million (equivalent to 10.60%). The Digital & Network Marketing segment recorded a revenue of RM3.441 million for the current financial year as compared to RM3.493 million for the preceding financial year, representing a decrease of RM0.052 million (equivalent to 1.49%). Lastly, our ALP & STEM segment recorded a revenue of RM2.313 million for the current financial year as compared to RM2.195 million for the preceding financial year, representing an increase of RM0.118 million (equivalent to 5.38%).

With the increase in overall revenue, the Group recorded a profit before tax ("PBT") of RM1.971 million for the current financial year vis-à-vis a loss before tax ("LBT") of RM10.456 million for the preceding financial year. This represents an improvement of RM12.427 million primarily due to the higher revenue achieved and lower provision of inventories write down where RM3.450 million was recognised in the current quarter as compared to RM10.997 million recognised in the previous financial year corresponding quarter.

A detailed analysis of the operating segments is provided below.

The equity attributable to owners of the Company increased from RM137.888 million as of 31 August 2021 to RM139.250 million as of 31 August 2022.

The Group recorded an earnings per share ("EPS") of 0.20 sen for FYE 31 August 2022 as compared to a loss per share ("LPS") of 2.20 sen for FYE 31 August 2021 resulting from the higher profit achieved during the financial year.

The Group's debt-to-equity ratio was 0.09 times as of 31 August 2022 vis-à-vis 0.13 times as of 31 August 2021. The decrease in the Group's debt-to-equity ratio was mainly due to lower loan and borrowings which decreased from RM17.491 million to RM12.222 million as of 31 August 2021 and 31 August 2022 respectively. The decrease in loan and borrowings were mainly attributed to the Group's cash management measures where we disposed our non-core assets to increase liquidity and reduce finance cost.

Current ratio is consistent with the previous financial year at 3.41 times as of 31 August 2022 and 3.42 times as of 31 August 2021.

For the FYE 31 August 2022, the Group did not incur any major capital expenditure.

Dividend Policy

The Board of Directors did not recommend the payment of any final dividend for the FYE 31 August 2022.

MANAGEMENT DISCUSSION AND ANALYSIS

(continued)

Review of Operating Segments

Print Publishing Business

The Group's print publishing segment's revenue increased from RM57.214 million for the preceding financial year to RM63.280 million for the current financial year, representing an increase of RM6.066 million (equivalent to 10.60%).

The Group's academic print publishing segment had performed favourably throughout FYE 31 August 2022. With the improvement of the nation's COVID-19 situation, easing of movement restrictions, and transition towards the endemic phase, the resumption of economic activities and recovery of consumer sentiment have bolstered well for the demand of our Group's print publishing products. This was further supported by the full reopening of schools nationwide, spurring the need for printed academic publications for teaching and learning purposes. Furthermore, our Group has managed to gain market share due to market consolidation resulting from the Covid-19 pandemic.

Throughout the years, our Group has been successful in assessing the needs of teachers and students and responding to current trends to produce education solutions that are innovative, effective and competitive. In order to meet the 21st century needs of students, teachers, and parents, many of our print publications products are now aided by hybrid elements (combining conventional print media with digital solutions), such as our *Modul Aktiviti Integrasi Digital* series of workbooks targeting both Primary and Secondary School students, flagship Masterclass series of guidebooks for SPM and MUET, and more. These hybrid elements have been well-received and

sought for by teachers and students and is an area we will further develop and incorporate into our future print publications.

On the textbook publishing front, the Group managed to secure a new textbook contract from the government during the financial year, which was valued at an estimated total of RM0.725 million as compared to RM2.494 million new contracts in the previous financial year. This was due to smaller order quantities for the new contract won and fewer tenders being offered by the Ministry of Education ("MoE"), attributed to the end of the *Kurikulum Standard Sekolah Menengah* ("KSSM") textbook publishing program cycle.

As a whole, the revenue contribution from textbook contracts has decreased by RM2.240 million to RM6.839 million from RM9.079 million in the previous financial year. This was due to fewer contracts won as mentioned above and smaller order quantities received for *Buku Cetakan Semula* ("BCS") during the current financial year.

Subsequent to the financial year end, the Group had clinched two (2) Letters of Acceptance (Package 3 – Peninsula Malaysia and Package 5 – Peninsula Malaysia) from the MoE on 11 October 2022 to supply reprinted textbooks ("BCS") to schools under the MoE for the period from 2022 to 2024 with a total contract value of RM14.363 million. Part of the revenue from these contracts will be reflected in the financial year ending 31 August 2023.

MANAGEMENT DISCUSSION AND ANALYSIS

(continued)

Similar to the academic print publishing segment, the non-academic related segment had performed positively in the financial year 31 August 2022. As Covid-19 restriction were lifted, our sales channels for non-academic publications such as book fairs, school exhibitions, and traditional bookstores, which were previously subjected to forced closures, could resume per usual resulting in increased retail activity and higher sales of our product offerings.

Digital/Online Solutions and our Direct Selling Business

The Group's digital and network marketing segment's revenue of RM3.441 million for the current financial year is consistent with the revenue of RM3.493 million for FYE 31 August 2021, representing a minor decrease of 1.49%. Despite the slight decrease in performance, our Group remains hopeful of our digital education segment. With over a decade of experience in developing quality digital education technologies, our Group is poised to capitalise on the rising digitalisation of the education landscape in tandem with the aspirations to digitalise the education sector as stated in the Malaysia Digital Economy Blueprint and Twelfth Malaysian Plan ("12MP") 2021-2025. As a testament to our capabilities, the Group had clinched two (2) Letters of Acceptance from the MoE subsequent to the financial year end to supply and deliver market-ready digital solutions in line with the Common European Framework of Reference for Languages ("CEFR") Year 1 and Year 3 for the school session usage from 2023 with a total contract value of RM2.238 million. The revenue from these contracts will also be reflected in the financial year ending 31 August 2023.

Applied Learning Products ("ALP") and STEM Education Services

The Group's ALP and STEM segment recorded a small increase in revenue from RM2.195 million for the FYE 31 August 2021 to RM2.313 million for the FYE August 2022 (equivalent to 5.38%), mainly attributed to the signing of a Letter of Acceptance with the Penang Regional Development Authority ("PERDA") to supply LEGO robotic sets to schools under the *Program Rural Outreach STEM* with a contract value of RM0.497 million. Despite that, the revenue has not fully recovered to the pre-Covid period as physical robotics competitions are still not permitted during the year under review. We are hopeful for physical robotics competitions to resume during FYE 31 August 2023.

Since 2005, the Group has been the MoE's Strategic Partner for robotics programme catering to both the primary and secondary schools. Malaysian contingent consistently made outstanding performances in the prestigious World Robot Olympiad ("WRO"), having emerged as the Overall Champion 10 times in the last 17 years. For WRO 2022, held in Dortmund, Germany from 17-19 November 2022 and involving 375 international teams from more than 73 countries, the Malaysian contingent managed to clinch 2 silver medals, 1 bronze medal, and 2 Excellence awards for their excellent performance.

MANAGEMENT DISCUSSION AND ANALYSIS

(continued)

Anticipated or Known Risks

Competition

We face competition from existing competitors as well as potential new entrants to the educational publishing industry. The barriers to entry in the industry are relatively low based on capital requirements since most of the functions in the publishing processes may be outsourced to third parties. However, product development and operating costs can be high as there is a long lead time between conceptualisation to completion in product development.

Our competitive strengths such as our established track record of 37 years in the industry, brand awareness among students, teachers and parents, extensive distribution network, large customer base, diverse product range, in-house content development, experienced management and editorial personnel, economies of scale and, in particular, in-house technology development put us in a strong position to fend off competition.

Seasonality

The Group's business operations are exposed to seasonality patterns as the Group generally experiences significantly higher quarterly sales in months approaching the beginning of the school academic year. As a result, the seasonal sales patterns may adversely impact the Group's quarterly revenues, profit and cash flow.

The Group takes seasonality patterns into consideration for our cash flow planning. In addition, the Group is consistently seeking ways to reduce the impact of seasonality patterns such as stepping up our efforts to grow our non-academic and digital solutions segments, which are less prone to seasonality, and the private and international schools segment which follows a different academic year period from that of our national schools.

Fluctuations in the Price of Paper

Paper is a major raw material used in our business. As paper is a commodity, it is subject to fluctuations according to world paper prices. In the event that the increase in paper prices is prolonged, there is a risk that we may be unable to pass the price increase to our customers or, if we do, it may affect the affordability of our products. This may then adversely affect our financial performance.

To mitigate this risk, we maintain a certain level of paper inventory which can serve our purposes for up to six (6) months while we source for alternative paper sources that are favourable.

MANAGEMENT DISCUSSION AND ANALYSIS

(continued)

Foreign Exchange Transaction Risk

As paper is a commodity traded worldwide, its prices are quoted in United States Dollar ("USD"). In this regard, even though our purchases of paper are invoiced to us in Ringgit Malaysia ("RM"), the invoiced prices are determined by spot exchange rates. As such, purchasing paper exposes us to foreign exchange transaction risk, albeit indirectly. In addition, our purchases of LEGO Education robotics products are also denominated in USD.

Therefore, any unfavourable movements in USD against RM may have an impact on our profitability. For the FYE 31 August 2022, we did not experience any material losses arising from these transactions. Our Group will use forward exchange contracts to hedge against this risk if necessary.

Infringement of Intellectual Properties ("IPs")

The Group develops and uses various IPs in connection with our business. In this regard, we are susceptible to claims by third parties to have infringed the copyright of their IPs and, similarly, we are also susceptible to the copyright of our IPs being infringed by third parties. As such, in defending our legal rights, the Group may be exposed to suits and counter suits by third parties. Such disputes and the resolution of such disputes may be time consuming and costly.

Therefore, the Group requires our authors to indemnify us of any losses and damages that arise should their works be found to have infringed on any copyright. We also own the copyrights to all published versions of our titles, which are protected under the Copyright Act 1987.

Changes in Educational Curriculum and Policies

As the Group is principally an education solutions provider, any changes in educational curriculum and policies may have an impact on our operations and would require us to react quickly. Nevertheless, the changes are usually announced ahead of time which provides us sufficient time to align our business activities with the changes. In addition, having a pool of experienced editors puts us in a good position to respond in a timely manner.

Stock Returns and Obsolescence

The Group typically publishes new editions of our educational materials every year. Some of the educational materials that we sell may be returned to us (subject to compliance with our return policy which requires that, among others, our approval is obtained prior to returning the stocks, stocks are returned to us within 12 months after the release of a new edition or when titles become out of print, stocks are returned in good condition, stocks are received at our warehouse within an agreed time frame, etc.) for either a full refund or an offset against future purchases. Such returned stocks are commonly resold to other customers. Returned stocks that are not resold after a period of time, as with all other stocks that cannot be sold after a period of time, will become obsolete and may need to be written off and sold as scrap. This may adversely affect our profitability if the volume of obsolete stocks is large.

To mitigate this risk, the Group has put in place an inventory management system to monitor the sales and distribution of stocks. This includes analysing historical and current trends of demand for our titles which enables us to plan our supply effectively to reduce the risk of overproduction and sales returns.

Dependency on Key Management Personnel and Experienced Editors

The Group's continued success will depend, to a significant extent, on the abilities, skills, experience, competency and continuous efforts of our key management personnel (which include our Executive Directors) and experienced editors. As such, the loss of any of our key management personnel and experienced editors, without a suitable and timely replacement, may have a material adverse impact on our business and our continuing ability to compete effectively.

The Group recognises the importance of attracting and retaining our key management personnel and experienced editors, and have put in place competitive compensation packages, including Employees' Share Option Scheme ("ESOS"). In addition, the Group provides a healthy working environment, practices a conducive work culture, upholds good work ethics, and fosters good working relationships among our employees. The Group has also put in place succession planning and provides training and career development opportunities to our employees.

Compliance Management

During the course of business, the Group is subject to the risk of legal or regulatory sanctions, financial loss or damage to reputation resulting from failure to comply with laws, regulations, rules, other regulatory requirements or codes of conducts. To mitigate this risk, the Group actively identifies and assesses all applicable laws, regulations, rules and policies (including internal policies) applicable to all our operating activities to ensure compliance. Furthermore, we take active steps in implementing good corporate governance in compliance to the Malaysian Code on Corporate Governance ("MCCG") to promote corporate accountability and to build sustainable value.

Future Prospects

“Sasbadi is a household brand in the education landscape, gaining the trust of 2 generations over 37 years through its quality and innovate product offerings.”

Looking back at FYE 31 August 2022, the improvement of the nation's Covid-19 situation, easing of movement restrictions, resumption of economic activities, and recovery of consumer sentiment have bolstered well for the demand of our Group's products and solutions. The Group managed to swing back to black after two (2) trying years and we believe that the worst is now behind us as we venture into FYE 31 August 2023. Much of the positive performance for FYE 31 August 2022 has been firmly supported by the positive reception and demand of Sasbadi's product offerings by students, teachers, and parents. Leveraging on over 37 years of know-how, our Group has been successful in assessing the needs of our customers and responding strategically to current trends to produce education solutions that are innovative, effective, and competitive in this dynamic 21st century education landscape. Furthermore, the Group has managed to capture additional market share as several competing education solutions providers in Malaysia had scaled-down their operations/exited the market due to the detrimental effects of the pandemic. We expect this to bode well for our Group moving forward as we further cement ourselves in the Malaysian education landscape.

For FYE 31 August 2023 and beyond, our Group remains steadfast in producing leading education solutions that extend beyond print publications. We will continue to develop and strengthen our digital education products to cater to the increasing digitalisation of the education landscape. Our Group has been developing in house digital education solutions for over 10 years and as a testament to our digital expertise, our Group had on 11 October 2022 clinched two (2) Letters of

Acceptance from the Ministry of Education (“MoE”) to supply and deliver market-ready digital solutions in line with the Common European Framework of Reference for Languages (“CEFR”) Year 1 and Year 3 for the school session usage from 2023 with a total contract value of RM2.238 million. Furthermore, our Group has also launched a new digital teaching aid targeting teachers called *Bahan Bantu Mengajar Kelas Hibrid* which serves to assist teachers in conducting digital teaching and learning (or *Pengajaran dan Pembelajaran (“PdP”) Digital*), in consistence with the MoE’s education transformation initiatives which stressed on Information and Communications Technology (“ICT”) empowerment.

In addition, our Group will continue to market and position our flagship m-learning platform, i-LEARN Ace, as Malaysia’s #1 digital learning platform for Primary and Secondary school students. i-LEARN Ace is aligned with the requirements of the latest national curriculum and is backed by our Group’s expert authors and experienced editors. We are proud to share that many users of i-LEARN Ace reported that their academic performance have experienced notable improvements after using the platform, notably SPM students that utilised i-LEARN Ace for exam preparations as the platform contains a wealth of notes, practice questions, mock exam papers, and more that are designed to improve a student’s understanding in tough, challenging topics. Besides i-LEARN Ace, our Group is looking to develop other digital education solutions in FYE 31 August 2023 that are targeted towards specific student groups. By falling back on our extensive experience in digital education and clear understanding of digital education trends, our Group believes that we are able to produce digital education solutions that are relevant, useful, and accessible to students throughout Malaysia. With these initiatives, we are cautiously optimistic that our Group can further capitalise on our digital capabilities for growth in FYE 31 August 2023.

“Over a decade of experience in producing digital education solutions places our Group in an advantageous and tactical position to capitalise on the rising digitalisation of the education sector.”

Another area of focus for our Group is the early childhood education market which is under-tapped. We are aiming to grow our market share in early English literacy development via the CEFR-aligned Peapod Readers by Collins from the United Kingdom. In tandem with the 10-year National Reading Decade 2021-2030 programme launched by the MoE, our Peapod Readers series comprising 200 titles targeting pre-schoolers and primary school year 1-3 students will be instrumental towards growing our market share in the early childhood education market. Beyond the Peapod Readers, our Group is also looking to expand our repertoire of early childhood education classroom solutions to strengthen our product portfolio.

Besides early childhood English literacy development, our Group will also continue to place much emphasis in our English competency assessment product, Linguaskill by Cambridge Assessment English (“Linguaskill”). Linguaskill is currently accepted as an official English competency test for university admissions and benchmarking by the Ministry of Higher Learning (“MoHE”), Malaysian Qualifications Agency (“MQA”), and Education Malaysia Global Services (“EMGS”) and has been well received for its speed and accuracy in assessing English competency. For FYE 31 August 2023, our Group will focus on positioning Linguaskill as the go-to English competency assessment solution not only for tertiary education purposes but for corporate uses, such as in the identification of whether employees have the right level of English for their job and if English upskilling is a necessary measure.

Overall, we aim to achieve higher growth through our offerings of diverse products that can meet expanding demands as the market returns to normalcy. We will continue to monitor our risk management strategies, including cost reduction and cost optimisation measures, which would benefit the Group as we strengthen our economies of scale and financial position. All things considered, we are cautiously optimistic about the Group’s prospects for FYE 31 August 2023.

LAW KING HUI
Group Managing Director

Malaysian, Male, aged 63

Law King Hui is the Managing Director of the Group and was appointed to the Board on 7 May 2013. As one of the co-founders, he has been instrumental in the development, growth and success of the Group, leading the transformation of the Group from a pure educational print publisher to a Group with diverse learning and teaching solutions that complement the print publishing business.

He graduated from Tunku Abdul Rahman College with a Certificate in Electronics Engineering. He started his career in 1980 with a semiconductor manufacturing company and left to join a local publishing company in January 1981 where he held various positions during his employment there. He left the company in April 1985 and co-founded Sasbadi Sdn Bhd.

He has enjoyed a colourful career as an entrepreneur with more than 40 years of experience in the education industry. He has held numerous key positions over a span of more than 35 years in various organisations, including Chairman of the World Robot Olympiad (WRO) Advisory Council; President of the ASEAN Book Publishers Association (ABPA); Chairman of the Malaysian Book Industry Council (MBIC); President of the Malaysian Book Publishers Association (MABOPA); and Treasurer of the Majlis Buku Kebangsaan Malaysia (MBKM), amongst others. He is currently a member of the Industry Advisory Panel for the Faculty of Language and Communications Studies, University Malaysia Sarawak (UNIMAS).

He is also highly sought after in forums, round tables, seminars, and conferences for his new ideas, concepts, and strategies to promote innovation, creative thinking, and reading culture. His contributions to Malaysia's book industry led to him being selected as one of the 21 personalities documented in the publication, "Tokoh-tokoh Perbukuan Malaysia"¹ by the National Library Malaysia.

SUSTAINABILITY STATEMENT

Law Yi Chian
Executive Director

For Sasbadi Group, ensuring that our education solutions are accessible to all is at the forefront of everything we do. We firmly believe that education is a birth right and that no one should be left behind, especially in this highly dynamic 21st century landscape where education is instrumental in preparing students for future challenges and obstacles.

“ We ensure sustainable growth of our business through responsible material sourcing, minimisation of waste via resource efficiency improvements, and the instillation of a sustainable mindset in our diverse workforce.

”

SUSTAINABILITY STATEMENT

(continued)

Sasbadi Holdings Berhad ("Sasbadi" or "the Group") hereby presents our Sustainability Statement which outlines our commitment towards being a sustainable organisation and our endeavours to continuously improve across the three pillars of sustainability, i.e. Economic, Environmental and Social ("EES").

SCOPE, REPORTING BOUNDARY AND FRAMEWORK

This statement covers the Group's efforts and initiatives undertaken within our financial year ended ("FYE") 31 August 2022, from 1 September 2021 to 31 August 2022, with prior periods provided for comparison where applicable. The disclosures within this statement are based on the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("Bursa Malaysia") on sustainability disclosure and the Sustainability Reporting Guide.

Unless otherwise stated, this statement covers the overall EES performance for all the operating divisions of Sasbadi, all of which are located in the Klang Valley. There are no changes to the reporting boundary as compared to the previous financial year.

This statement is to be read in conjunction with the rest of Sasbadi's Annual Report FYE 31 August 2022, which further highlights our corporate governance, risk management and internal controls as well as other financial and non-financial aspects of our operations.

SUSTAINABILITY STRATEGY

The strategy put in place revolves around our vision of becoming a total education solutions provider. As our operations impact not only the local economy but also the environment and society at large, sustainability has become an integral part of us where our stakeholders' interests are placed at the heart of our business.

The following serves as a guide for the sustainable growth of our business:

- 1 Continuously support our stakeholders' sustainability initiatives, in both the upstream and downstream channels of our supply chain
- 2 Improve resource efficiency by way of sustainable consumption and production throughout our supply chain, from design through to operations
- 3 Include sustainable alternatives in our development of new products and operating processes to reduce the consumption of natural resources whenever possible
- 4 Minimise waste during production activities and incorporate recycling practices
- 5 Develop measures to monitor and evaluate our Health, Safety, Environmental and Quality performance data, employee development methods, customer satisfaction and our financial performance
- 6 Promote philanthropic actions and behaviour amongst Sasbadi's employees to instil a sustainable mindset and promote harmonious living

GOVERNANCE STRUCTURE

The Board of Directors ("BOD") leads the Group in managing sustainability matters relating to our business operations. They are responsible for the Group's sustainability structure as well as in scrutinising, reviewing and approving the Group's overall sustainability progress, effort and plans.

They are supported by the Executive Directors (including the Group Managing Director) ("EDs") who are responsible for the development and recommendation of sustainable objectives and strategies to the Board. The EDs will also oversee and monitor the performance of these sustainability strategies, which are carried out by members of the senior management team (collectively known as "Management") and external advisers, if required.

Management, comprising representatives from various business functions, are responsible in the identification, implementation, management and reporting of the approved sustainability initiatives across the Group.

MATERIALITY ASSESSMENT

Part of our ongoing effort is to identify, assess and prioritise sustainability matters that are relevant and significant to the Group and our stakeholders. Organising and reviewing these sustainability matters would enable the Group to manage them more effectively. As such, having gone through an extensive list of Environmental, Social and Governance (“ESG”) factors identified based on our industry, peers and sustainability megatrends, we have decided to prioritise 12 material ESG factors, which are categorised under our sustainability goals which are aligned to the three pillars of sustainability that is the EES as follows:

Sustainability Goals	Material Factors
Solidifying Economic Performance	1) Financial Performance 2) Regulatory Compliance 3) Ethics and Integrity 4) Investor Relations 5) Data Privacy and Security 6) Quality Control
Creating a Sustainable Workplace	7) Diversity and Equal Opportunities 8) Developing Competencies 9) Occupational Safety and Health
Environmental Stewardship	10) Material Sourcing and Managing Waste
Building a Sustainable Community	11) Social Responsibility 12) Building Digital and Technological Awareness

The factors in the previous financial year were reviewed for their relevance. For this financial year, we have added Data Privacy and Security in terms of materiality. Disclosures on the impact and COVID-19 continues to be monitored and updated across our operations. The Group shall continuously review our material factors to ensure its relevance against our ever-changing operating environment.

SOLIDIFYING ECONOMIC PERFORMANCE

Financial Performance

Achieving sustainable economic growth is our main goal, though we are always observant of any adverse impact our activities may bring to our society and environment. In terms of reporting and communication of information, we strive to:

- 1 Provide timely and relevant information to our stakeholders to aid their decision-making, especially during these unpredictable times when it is even more important to gauge the Group's standing. A dedicated team was formed to ensure the consistency, completeness and timeliness of our reporting and to report to the Management and BOD on a frequent basis. During the FYE 31 August 2022, there have not been any instances of delayed presentation of information.
- 2 Generate sustainable financial and economic returns without compromising on the value to our stakeholders in order to ensure the sustainability of our business. Please refer to the Management Discussion and Analysis section of this Annual Report for more details regarding the Group's financial performance.

Regulatory Compliance

Regulatory compliance is critical for protecting the Group's integrity and reputation as well as fostering our stakeholders' trust. Instances of non-compliance would subject us to warnings, fines and suspension/revocation of our operating licenses.

Key regulations applicable to our operations are listed but not limited to the following:

- Bursa Malaysia Main Market: Listing Requirements
- Applicable Accounting Standards
- Employment Act 1955
- Personal Data Protection Act 2010
- Malaysian Anti-Corruption Commission Act 2009
- Direct Sales and Anti-Pyramid Scheme Act 1993
- Copyright Act 1987

SUSTAINABILITY STATEMENT

(continued)

We ensure on-going efforts are placed in developing effective compliance-related policies and procedures for our operations. Any major non-compliance is reported to the management immediately. During the FYE 31 August 2022, we remain compliant with up-to-date laws and regulations, in particular to any restrictions enforced arising from COVID-19 as well as the Minimum Wages Order 2022.

Ethics and Integrity

Our commitment to business is focused on strong corporate governance and prudent management in view of challenging internal and external environments. We adopt a 'zero tolerance' approach towards corruption. We strive to achieve this by observing the following practices. Further details of the below practices can be found on our website.

- Whistle Blowing Policy
- Code of Conduct
- Anti Bribery & Corruption Policy
- Board Charter
- Corporate Governance and Compliance

The Group's Code of Conduct, which has been tailored to our current business operations, serves as a guiding framework for the ethical and legal business decision-making of our Directors, officers and employees. The areas covered are as follows:

- Compliance Procedures
- Conflict of Interest
- Confidentiality
- Insider Information and Securities Trading
- Fair Dealing
- Abuse of Power, Discrimination and Harassment
- Protection of Assets and Resources

We did not record any breach in the Code of Conduct for FYE 31 August 2022. There were zero cases of corruption, a track record we strive to maintain every year.

Investor Relations

We are committed to maintaining a strong relationship with our investors. We strive to be transparent in our ongoing engagements and communication with our investors as well as the general investment community to facilitate a mutual understanding of expectations. As such, we promptly update our investors with the latest information via the available channels such as our corporate website. Updates are made up of, amongst others, our financial results, annual reports, announcements, circulars and notices of general meetings.

Data Privacy and Security

In this digital time and age, data privacy and security has become an unavoidable global issue. We acknowledge that the onus is on us to ensure that the data entrusted to us is used for its legitimate and intended purposes only. Thus, we continuously strengthen our controls for data management to ensure appropriate collection, retention, use and disclosure of data across our organisation.

This is done by way of a risk assessment exercise on our key systems and appropriate measures have been implemented to mitigate high risk areas. During the FYE 31 August 2022, there is no known incident of data privacy and security breach.

Quality Control

We take pride in being one of the nation's leading education solutions providers. The quality of our products and services remains a priority as it ultimately shapes our future generation. To ensure a level of quality, we have identified the following two critical aspects in the production process and implemented quality control measures for them.

Product Responsibility

In order for Sasbadi's products to remain reliable and up to par with the current educational needs, we ensure that, amongst others:

- 1 Authors and their materials are assessed by our Senior Editors, Commissioning Editors and Managing Editor with respect to their qualifications, quality and relevance to Sasbadi's publications. A descriptive and critical review process will take place upon receiving the manuscripts for the purpose of quality control.
- 2 Content development and modification are overseen by the Editorial and Production departments. After multiple rounds of checking and review, the final manuscript will be approved by our Publishing Manager before being published.
- 3 Editors undergo regular training to ensure they are up to date with the requirements and direction set by the Ministry of Education. We also encourage our authors to keep abreast with such developments.

SUSTAINABILITY STATEMENT

(continued)

Copyright compliance is also essential to our business. Thus, we carefully monitor the usage of contents and actively mitigate any copyright infringement risks. We also continuously educate our people on copyright and licensing issues. We are committed to adhering to data protection as data is a valuable asset to the Group. We have developed a policy for information management which provides guidance to our employees on how to control the usage of and restrict access to our data whenever necessary, in the interest of the Group.

Supply Chain Management

Supply chain management is critical in facilitating our operations and the Group strives to build long term mutually beneficial relationships with our suppliers. Therefore, we engage with our suppliers in a fair, transparent and ethical manner. We review our suppliers based on, amongst others, price and payment terms, product and service quality, operation scale and their geographical proximity to our facilities. Suppliers who share similar core values with us would be our preferred suppliers. We take all reasonable effort to conduct appropriate evaluations of our potential suppliers. We would regularly check on the supplies received and occasionally, engage other suppliers on a trial basis. This is to promote healthy competition among our suppliers and encourage better performance.

One of our procurement practices is to source for materials locally whenever possible. As such, nearly all of our supplies are obtained from the Klang Valley, save and except for products that are not manufactured locally, such as simili paper. This is because we believe in contributing to our local economic growth and sustaining a healthy ecosystem for local players. We find that engaging local partners enhances the Group's efficiency by allowing us to deal with potential risks that may arise from supply chain disruptions. It also reduces cost of purchasing and compliance, as well as minimises our carbon footprint by reducing emissions related to transportation in the supply chain.

CREATING A SUSTAINABLE WORKPLACE

Our employees are the core of our existence and our greatest asset. Their skills, dedication and care define the success of the Group. We strive to provide a positive working environment by constantly engaging our people, creating opportunities for their growth and development as well as emphasising the practice of a balanced lifestyle. This is important especially in times of the pandemic, where livelihoods are threatened and job security becomes a key concern for many employees.

As such, we have put in place policies and guidelines that help our employees navigate through these uncertain times. In line with the relevant labour laws and regulations, they cover issues relating to compensation and dismissal, recruitment and promotion, working hours, leave, career development, diversity, anti-discrimination and other employee welfare-related matters. Throughout the pandemic, we also engage with our employees on a regular basis to provide updates on the Group's developments, as well as to motivate them and address any difficulties they may be facing.

Diversity and Equal Opportunities

At Sasbadi, we recruit our people mainly based on their skills, industry experience and interpersonal skills. We conduct an annual review to evaluate our employees' progress and competencies in the context of their roles. This will then be taken into account for their salary and promotion appraisals. Aside from the annual reviews, we also adopt an as needed approach when it comes to reviewing their performance so that we may address matters that require immediate attention.

We believe our people deserve the opportunity to reach their highest potential and thrive in an inclusive and diverse workplace. We strive to accommodate and provide fair treatment to everyone regardless of their disabilities, gender, age, ethnicity or religion.

Approximately 59% of our people fall within the 30 to 50 years old age group, which indicates a mature and experienced workforce. At the same time, we also recruit a group of younger staff, approximately 27% who are below 30 years old to develop their careers and grow with us. Our workforce is made up of mainly non-executives due to the nature of our operations.

We strongly believe that gender and ethnicity diversity leads to an improved team performance. In terms of ethnicity distribution, our employee composition comprises Malay; 47%, Chinese; 50%, Indian; 2%, Others; 1%. The gender distribution, as guided by our Gender Diversity Policy of Sasbadi is around 46% male to 54% female employees. Participation of female employees are present across all hierarchical positions in Sasbadi.

We encourage the recruitment of local employees as we believe that by providing job opportunities to locals, we are directly contributing to the elevation of Malaysians' socio-economic status. We are pleased to announce that our workforce is fully made up of Malaysians. We are also proud to announce that there is no reported cases of discrimination or harassment during the FYE 31 August 2022.

SUSTAINABILITY STATEMENT

(continued)

Developing Competencies

We aspire to grow with our people and we invest in both their work-related and personal development. In general, we continuously monitor our employees and offer training and upskilling opportunities that are relevant to their areas of work, positions, talents and interests. We provide both internal and external training, as well as on-the-job training, particularly in technical and management skills. Our established appraisal guidelines also enable us to identify and implement development programmes for our employees.

Occupational Safety and Health

The Group endeavours to ensure our employees work in a safe and healthy environment. Not only does it benefit the well-being of our employees, it ensures the Group's productivity which is crucial during these challenging times. We have implemented guidelines and regulations to prevent, reduce and address occupational injuries as well as to stem the spread of COVID-19.

Our internal reporting protocol dictates that any workplace accidents, occupational diseases and matters relating to the health and safety of our employees shall first be reported to the Human Resources Department. They would subsequently be escalated to Management followed by the BOD if necessary, depending on the severity of the matter.

As part of our fight to curb the spread of COVID-19, the Group continues to enforce safe distancing measures, introduced shift-based work hours and embraced telecommuting arrangements for employees who can effectively fulfil their roles doing so. Other efforts include the provision of face masks and hand sanitisers to employees, and to actively promote the wearing of face masks at all times. Any suspicion of an infection is actively monitored and the employee will be sent for immediate screening and where their results returned positive, they would be immediately required to adhere to the SOP set by the Ministry of Health. As an additional precautionary measure, we have also been conducting company-wide sanitisation twice weekly.

During the FYE 31 August 2022, there has not been any incident of work-related injuries or fatalities and the managing of COVID-19 was not detrimental to our business operations. There is no non-compliance to health and safety laws and regulations. Our employees have all been vaccinated with the COVID-19 vaccine. We will continue to implement control measures and strive for a zero-incident workplace.

ENVIRONMENTAL STEWARDSHIP

We acknowledge that for the long-term sustainability of the Group, sound environmental stewardship is necessary. Thus, we are committed to minimising any adverse impact of our operations on the environment. Energy consumption of the Group mainly refers to electricity usage as well as fuel in the form of diesel for our forklifts and transportation when delivering our products. Ongoing initiatives include:

SUSTAINABILITY STATEMENT

(continued)

- 1 to replace existing fluorescent/halogen lights to lower wattage LED lights when existing lights wear out;
- 2 switching/turning off idle equipment, air conditioners, lights and water taps. However, with respect to water usage, though we remind our employees to use them sparingly, as the COVID-19 remains a concern, we continue with precautionary measures such as increasing cleaning and disinfection frequency, encouraging employees to wash their hands regularly and promoting good personal hygiene;
- 3 frequent checks on water supply installation for undetected leaks across the premises;
- 4 introducing the separation of waste into recyclable and general waste; and
- 5 route planning and management when delivering products.

In September 2022, the Group has explored and finalised on our decision to invest in the installation of solar panels at our premises. The total investment is expected to amount to RM769,000 of which the expected annual carbon dioxide ("CO₂") avoidance is approximately 263,000 tonnes leading to an expected savings of approximately RM174,000 annually.

Material Sourcing and Managing Waste

We place great care in the usage of our raw materials: paper. We manage material wastage arising from the manufacturing of books as well as excess stocks by applying stringent controls on our printers and making data-driven decisions to prevent over-printing. Proper care is taken to store our raw materials and finished products so as to avoid damages. Older stocks still fit for use are cleared through markdown sales and donated to organisations while remainder are collected and sold to recycling facilities. For the FYE 31 August 2022, production wastage is kept at 1%, which is within the current standard set by the Group. We are continuously evaluating and improving our processes to reduce wastage.

To the best of our abilities, our purchase of raw materials are made from manufacturers who support sustainability initiatives and bodies, such as the Sustainable Forestry Initiative ("SFI"), Forest Stewardship Council ("FSC") and Programme for the Endorsement of Forest Certification ("PEFC"). Without compromising on quality and with the consent of our customers, we would also incorporate products made from recycled paper into our product mix.

To meet the needs arising from the ever-changing education landscape, we have also dedicated a significant portion of our resources to developing digital education solutions. By offering digital products, we are able to empower our customers with 21st century educational technology while reducing our carbon footprint and other negative impacts on the environment.

BUILDING A SUSTAINABLE COMMUNITY

The Group participates in various Corporate Social Responsibility activities every year in our effort to make quality education accessible to students of all backgrounds.

Social Responsibility- Extending a Helping Hand in Times Of Need

In December 2021, the Group participated in a program to help students who were adversely affected by the floods that hit Peninsular Malaysia during that time. Many students suffered great losses which included the loss of textbooks and school supplies due to the flood damages. Therefore, the Group felt compelled to donate our textbook publications to schools in need via *Bahagian Sumber dan Teknologi Pendidikan, Kementerian Pendidikan Malaysia*. We donated a number of textbooks worth approximately RM20,000.00 in an effort to aid the teaching and learning process of teachers and students across the country during this time of need.

SUSTAINABILITY STATEMENT

(continued)

Building Digital and Technological Awareness- Championing STEM Education

At Sasbadi, we understand that nurturing skills for the 21st century is becoming increasingly critical for the future success of our younger generation. As such, we have been dedicating our resources to nurturing Science, Technology, Engineering and Mathematics (“STEM”) skills in students since 2005. We partnered with the global brand LEGO Education and the Ministry of Education Malaysia (“MOE”) to organize robotics competitions with the aim to grow students’ interest and love for science and technology. Sasbadi’s role is to provide the technical expertise, manpower and resources to support these competitions, namely the National Robotics Competition (“NRC”), the National Robotics Open Competition (“NROC”), and the FIRST LEGO League (“FLL”). We also provide the support needed to send Malaysian teams to the international competition, the World Robot Olympiad (“WRO”).

This year, we have supported the NRC state level competitions across 13 states and 3 federal territories, the NRC Finals and the NROC Finals (national levels) competitions, as well as the FLL national level (online) competition.

Through the hard work and dedication of everyone involved, the Malaysian team has become a fierce competitor at the international level, having emerged as the overall champion for 10 times since 2005 at the WRO, the most prestigious robotics competition for students around the world.

Here at Sasbadi, we are constantly inspired and motivated by our nation’s young minds, and will continue to provide our best in Nurturing Students For Tomorrow, Today.

CONCLUSION

We acknowledge that there are still areas for improvement with respect to sustainability. This year continues to be challenging as we recover from the heightened risks attributed to the COVID-19 pandemic. As the Group continues to establish our strategies to mitigate and recover from the effects of the pandemic, we hold steadfast to our goal of building a sustainable business for the future. We will continue to keep abreast with developments in our operating environments, actively engage our stakeholders and build on our foundation to further promote sustainable practices within our organisation.

FEEDBACK

We welcome all stakeholders to share your feedback or concerns regarding our sustainability approach via <https://www.sasbadi.com/contact.php>.

Social Responsibility- Supporting Underserved Communities

Since 2005, Sasbadi has been working closely with The Reading Bus Club to ensure our book donations reach communities in need. The Reading Bus is a Non-Governmental Organisation that addresses basic literacy and reading needs of students from marginalised and low-income families. Together, we hope to provide every child access to quality reading materials so that they have the opportunity to reach their learning potential. Over the years, we have provided The Reading Bus with a variety of books that caters to the academic and reading needs of students, which include reference books, workbooks, storybooks, illustrated books, dictionaries, and educational comics. This year, the Group has donated more than RM132,000 worth of books for the benefit of primary school students as well as Orang Asli preschool children in Pahang.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Board of Directors (“the Board”) of Sasbadi Holdings Berhad (“Sasbadi Holdings” or “the Company”) is committed to implementing and maintaining principles and practices of good corporate governance within Sasbadi Holdings and our subsidiaries (“the Group”) in order to safeguard stakeholders’ investments and the Group’s assets.

This statement provides an overview of the corporate governance practices by the Group during the financial year ended (“FYE”) 31 August 2022. This overview takes guidance from the key principles laid out in the Malaysian Code on Corporate Governance 2021 (“MCCG”) and is to be read together with the Corporate Governance Report which is available on the Company’s website at www.sasbadiholdings.com.

PRINCIPLE A : BOARD LEADERSHIP AND EFFECTIVENESS

I. BOARD RESPONSIBILITIES

The Board is responsible for the overall strategic direction and leadership of the Group, the adequacy and effectiveness of the Group’s risk management and internal control system, compliance with the relevant laws and regulations and maintaining an oversight over Management.

The Board is guided by the Company’s Board Charter which outlines the roles and responsibilities, operation and processes of the Board. The roles and responsibilities of the Board include, among others, the following:

- Review, challenge and approve the strategic plan prepared by the Management for the Group and to monitor the implementation of the plan;
- Oversee the conduct of the Group’s business to ensure the objectives are met, the business is sustainable and the relevant regulations are complied with;
- Identify, assess and manage the principal risks affecting the Group through the implementation of an adequate and effective system;
- Ensure that there are plans in place for orderly succession of senior management;
- Review the adequacy and effectiveness of the Group’s risk management and internal control system; and
- Oversee the implementation of investor relations policy to enable effective communication between the Group and the shareholders and other stakeholders.

In order to ensure the effective discharge of the Board’s functions and responsibilities, the Board delegates specific roles and responsibilities to three (3) Board Committees, i.e. Audit Committee, Nomination Committee and Remuneration Committee.

(a) Separation of the Positions of Chairman and Managing Director

The Board practises the separation of the positions of Chairman and Managing Director and the division in their responsibilities. There is a balance of power and authority such that no one individual has unrestricted powers over decision-making.

Dato’ Salleh Bin Mohd Husein, who is an Independent Non-Executive Director, is the Chairman of the Group and he leads the Board in the oversight of Management while Mr Law King Hui, who is the Managing Director of the Group, focuses on the running of the business and day-to-day management of the Group.

(b) Support of Qualified and Competent Company Secretaries

The Board is supported by two (2) qualified and experienced Company Secretaries, who are Associate members of the Malaysian Institute of Chartered Secretaries and Administrators (“MAICSA”) and are qualified pursuant to the requirements of the Companies Act 2016, pertaining to corporate secretarial matters which include, among others, convening of Board, Board Committee and general meetings, preparation of circular resolutions and minutes of meetings, maintenance of statutory registers and records, prepare and release of announcements to Bursa Malaysia Securities Berhad (“Bursa Securities”), and advising the Board on compliance with the relevant laws and regulations and adoption of corporate governance best practices.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(continued)

(c) Access to Information and Advice

The Directors have full and unrestricted access to all information of the Group on a timely and accurate manner to enable them to discharge their roles and responsibilities effectively. In addition, the Directors have full and unrestricted access to the Company Secretaries, the external auditors and the outsourced internal auditors for advice and services. If required, the Directors, collectively and individually, are also entitled to seek external independent professional advice at the Company's expense. This is provided for in the Company's Board Charter.

At the invitation of the Board or Board Committees, key management, external auditors and outsourced internal auditors will attend the meetings to present reports or information pertaining to their respective areas to the Board or Board Committees.

(d) Board Meetings

The Board shall meet at least four (4) times in a financial year and additional meetings may be convened as and when necessary. All Directors shall comply with the attendance requirement as set out in the Main Market Listing Requirements ("MMLR") of Bursa Securities. Agenda for the meetings, Board papers and any other relevant documents shall be distributed in advance to enable the Board members to have sufficient time to prepare for the meeting and to arrive at informed decisions. The Board may also invite members of the Management to attend the Board meeting to provide further information or explanation to the Board members. Any Director who has interests or is conflicted with regard to the business transaction being deliberated at the meeting, shall abstain from participating in the discussion or decision process pertaining to the matter. The Company Secretaries shall keep minutes of the Board meetings.

For the FYE 31 August 2022, there were five (5) Board meetings held and the attendance records of the Directors are as follows:

Member	Attendance
Dato' Salleh Bin Mohd Husein	5 out of 5
Law King Hui	5 out of 5
Lee Swee Hang	5 out of 5
Law Yi Chian	5 out of 5
Dato' Noor Rezan Binti Bapoo Hashim	5 out of 5
Tang Yuen Kin	5 out of 5

All the Directors complied with the minimum 50% attendance in respect of Board Meetings held during the FYE 31 August 2022 as stipulated under Paragraph 15.05 of the MMLR of Bursa Securities.

(e) Code of Conduct, Whistle-Blowing Policy and Anti Bribery and Corruption Policy

The Board has put in place a Code of Conduct which sets out certain values, principles and standards of good conduct expected of the Directors and employees at work. A copy of the Code of Conduct can be viewed on the Company's website, www.sasbadiholdings.com. The Code of Conduct will be reviewed from time to time for changes and new developments in the external and internal environment.

All Directors and employees of the Group are required to observe the Code of Conduct which provides guidance as to the ethical conduct to be complied to uphold the principles of honesty and integrity, to ensure a high standard of ethical and professional conduct is upheld in the performance of their duties and responsibilities.

Any Director or employee who knows of, or suspects, a violation of the Code of Conduct, is encouraged to whistle-blow or report the violation or suspected violation through the Whistle-Blowing Policy of the Company. A copy of the Whistle-Blowing Policy of the Company can be viewed on the Company's website, www.sasbadiholdings.com. For the FYE 31 August 2022, there was no report of any violation of the Code of Conduct.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(continued)

The Group also established and adopted the Anti-Bribery and Corruption Policy ("ABC Policy"), guided by the Guidelines on Adequate Procedures issued pursuant to Section 17A of the Malaysian Anti-Corruption Commission ("MACC") Act 2009 (Amendment 2018). The ABC Policy sets out the parameters to prevent the occurrence of bribery and corrupt practices and to provide information and guidance to all employees, Directors and associated third parties on how to recognise and deal with bribery and corruption issues. The Group is committed to conducting business dealings in an honest and ethical manner. The ABC Policy can be viewed on the Company's website, www.sasbadiholdings.com.

(f) Directors' Fit and Proper Policy

The Board had on 21 April 2022 approved and adopted the Directors' Fit and Proper Policy, that serves as a guide to the Nomination Committee and the Board in their review and assessment of candidates to be appointed to the Board as well as existing Directors who are retiring and seeking re-election. The aforesaid policy serves to ensure that the person to be appointed or re-elected as a Director possesses the necessary character and integrity, experience and competence as well as the ability to discharge and give appropriate commitment and participation and contribution to the Board and the Company. The Directors' Fit and Proper Policy is published on the Company's website at www.sasbadiholdings.com.

(g) Sustainability

The Board acknowledges the importance of sustainability relating to environmental, social and governance ("ESG") including their risks and opportunities to/for the Group. Currently, the Board leads the Group in managing sustainability matters relating to the business operations. They are supported by the Executive Directors (including the Group Managing Director) ("EDs") who are responsible for recommending to the Board strategies and initiatives to improve the Group's sustainability and obtaining the Board's approval in these matters. The EDs will then monitor the sustainability strategies carried out by members of the senior management team (collectively known as "Management") and external advisers, if required. Management is also responsible for identifying, implementing and managing the sustainability initiatives across the Group.

The Group strives to achieve a sustainable long-term balance between meeting its business goals, preserving the environment to sustain the ecosystem, and improving the welfare of its employees and the communities in which it operates. The Group's efforts in this regard have been set out in the Sustainability Statement in this Annual Report.

II. BOARD COMPOSITION

The Board is made up of three (3) Executive Directors (including the Group Managing Director) and three (3) Independent Non-Executive Directors (including the Chairman). The Board composition provides a good mix of experience and diversity in skills and expertise while maintaining a good balance between Executive and Independent Directors.

The Board has also complied with paragraph 15.02 of the MMLR of Bursa Securities, which requires at least two (2) Directors or one-third (1/3) of the Board of the Company, whichever is the higher, are independent. This is also in line with Practice 5.2 of the MCCG which requires at least half of the Board comprises independent directors. The composition and size of the Board are assessed by the Board through the Nomination Committee appointed by the Board annually or as and when the need arises.

The Board through the Nomination Committee assess the independence of the Independent Directors on an annual basis based on the criteria formulated by the Nomination Committee. This is to mitigate risks arising from conflict of interest or undue influences from interested parties. Based on the assessment in FYE 31 August 2022, the Board reviewed, assessed and was satisfied with the independence demonstrated by all of the Independent Directors and their ability to act in the best interest of the Company.

MCCG recommends that the tenure of an Independent Director should not exceed a cumulative term of nine (9) years and, upon completion of the nine (9) years, an Independent Director may continue to serve on the Board subject to the Director's re-designation as a Non-Independent Director. In the event the Board intends to retain an Independent Director beyond nine (9) years, it should provide justification and seek annual shareholders' approval through a two-tier voting process.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(continued)

Dato' Salleh Bin Mohd Husein and Dato' Noor Rezan Binti Bapoo Hashim were appointed as the Independent Non-Executive Chairman and Senior Independent Non-Executive Director respectively on 7 May 2013 and both have exceeded a cumulative term of nine (9) years as prescribed under the MCCG.

The Board through the Nomination Committee has undertaken relevant assessment and recommended that both Dato' Salleh Bin Mohd Husein and Dato' Noor Rezan Binti Bapoo Hashim be retained as Independent Non-Executive Directors based on the following justifications:

- Confirmation and declaration that they met the criteria of Independent Director prescribed under Paragraph 1.01 of the Listing Requirements of Bursa Securities;
- Confirmation and declaration that they have no conflict of interests with the Company and have not been entering/are not expected to enter into contract(s) especially material contract(s) with the Company and/or its subsidiary companies; and
- Their length of service on the Board do not in any way interfere with their exercise of balance and objective views to Board deliberations. Their experiences and knowledge in the Group's business and operations enable them to contribute effectively to Board deliberations and decision making.

The Board acknowledges that gender diversity is one of the key attributes to an effective and balanced board. In this regard, it is committed to having female representation on the Board though no specific target percentage is set. The Board has adopted the Gender Diversity Policy and the Group ensures equal opportunity is given to an individual whether for appointment as a Director or employment within the Group, based on merits and not on any gender, age or racial bias. Currently, the Board has two (2) female members out of a total of six (6) Board members, representing a percentage of approximately 33%.

(a) Establishment of Nomination Committee

The Nomination Committee comprises the following members:

Chairman : Dato' Noor Rezan Binti Bapoo Hashim (Senior Independent Non-Executive Director)

Members : Dato' Salleh Bin Mohd Husein (Independent Non-Executive Chairman)
Tang Yuen Kin (Independent Non-Executive Director)

All the members are Independent Non-Executive Directors and the Chairman, Dato' Noor Rezan Binti Bapoo Hashim is our Senior Independent Non-Executive Director.

The full Terms of Reference setting out the Nomination Committee's composition, meeting proceedings, functions and reporting procedures, can be viewed on the Company's website, www.sasbadiholdings.com.

The functions of the Nomination Committee under its Terms of Reference include, among others, assessing and recommending candidates for directorships to the Board and undertaking annual assessment of the effectiveness of the Directors individually and as a whole.

A summary of activities carried out by the Nomination Committee during the FYE 31 August 2022 is as follows:

- Reviewed the Board's and Board Committees' structure, size, composition and diversity and was satisfied with the review given the size of the Group and its business operations;
- Reviewed the assessment of performance of the individual Directors, the Board as a whole and the Board Committees, and the independence of the Independent Directors and was satisfied with the experiences, contributions, competencies and mix of skills of the Directors to enable the Board and the Board Committees to discharge their respective duties and responsibilities effectively, as well as with the independence of the Independent Directors. It was also concurred from the assessment that the Board could work as a team and arrive at consensual decisions;
- Reviewed and assessed the Directors who are subject to retirement by rotation and casual vacancy, before recommending to the Board the tabling for shareholders' approval of the re-election of the said Directors at the previous Annual General Meeting ("AGM") held on 16 February 2022;
- Reviewed the need for continuous training and development by the Directors;

CORPORATE GOVERNANCE OVERVIEW STATEMENT

(continued)

- Reviewed the term of office and performance of the Audit Committee and each of its members and was satisfied that the Audit Committee had carried out its duties in accordance with its Terms of Reference;
- Reviewed the list of key senior management (including their profiles) and their potential successors; and
- Reviewed and assessed the Directors who are subject to retirement by rotation and casual vacancy, before recommending to the Board the tabling for shareholders' approval of the re-election of the said Directors at the previous Annual General Meeting ("AGM") held on 16 February 2022.

The Board is satisfied with the level of time committed by the Directors in discharging their respective duties and roles as Directors of the Company. All the Directors of the Company have complied with Paragraph 15.06 of the MMLR of Bursa Securities on the restriction on the number of directorships held in public listed companies.

(b) Board and Board Committee Evaluation

The Board has also put in place a formal process for the assessment of performance of the individual Directors, the Board as a whole and the Board Committees, as well as the independence of the Independent Directors and the assessment is done on an annual basis. The Director are given a set of questionnaires covering assessments of the Board, Board Committees, individual Director and independence assessments for Independent Directors to collect their feedback, views, commentary and suggestions for improvements.

(c) Directors' Training

The Directors are encouraged to attend continuing education programmes to upgrade their knowledge and enhance their skills.

PRINCIPLE B : EFFECTIVE AUDIT AND RISK MANAGEMENT

I. AUDIT COMMITTEE

The Audit Committee comprises the following members:

Chairman : Tang Yuen Kin (Independent Non-Executive Director)
Members : Dato' Salleh Bin Mohd Husein (Independent Non-Executive Chairman)
 Dato' Noor Rezan Binti Bapoo Hashim (Senior Independent Non-Executive Director)

Please refer to the Audit Committee Report contained in the Annual Report for more information.

Relationship with the External Auditors

The Audit Committee reviews and monitors the suitability and independence of the external auditors on an annual basis. In addition, the Audit Committee has obtained confirmation from the external auditors that they are and have been independent throughout the conduct of the audit engagement. For the FYE 31 August 2022, the fees incurred by the Group in relation to the non-audit services by the external auditors amounts to RM8,000.

II. RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

The Board recognises the importance of having effective governance, embedding risk management and internal control processes. The Board also acknowledges its overall responsibility for maintaining a sound risk management, internal control system and reviewing their adequacy and effectiveness in order to safeguard stakeholders' investments and the Group's assets.

Details on the risk management and internal control system of the Group are set out in the Statement on Risk Management and Internal Control of this Annual Report.

The Group has outsourced the internal audit function to a professional services firm, Sterling Business Alignment Consulting Sdn Bhd, which is independent of the activities and operations of the Group. The outsourced internal auditors report directly to the Audit Committee. Details on the internal audit function are set out in the Audit Committee Report and the Statement on Risk Management and Internal Control of this Annual Report.

CORPORATE GOVERNANCE OVERVIEW STATEMENT

PRINCIPLE C : INTEGRITY IN CORPORATE REPORTING AND MEANINGFUL RELATIONSHIP WITH STAKEHOLDERS

I. COMMUNICATION WITH STAKEHOLDERS

The Board recognises the importance of maintaining effective communication between the Company and its potential investors or shareholders together with timeliness and equal dissemination of information. This will enhance their understanding of the Group's performance and position and assist them into making informed decisions.

The Board believes the AGM is a principal forum for dialog and communication with shareholders. Stakeholders are also able to obtain latest information on the Group from the Company's website and are encouraged to contact the Company should they require more information. In this regard, Management hold meetings and engagements with stakeholders regularly upon request and through roadshows, dialogues and forums.

II. CONDUCT OF GENERAL MEETINGS

Notice of the AGM together with a copy of Annual Report are sent out to the shareholders at least 28 days before the date of the meeting to provide the shareholders sufficient time to prepare for the meeting and to make informed decisions at the meeting.

The Company will allocate sufficient time during the AGM and Extraordinary General Meeting(s) ("EGM") for a Question-and-Answer session whereby the Chairman together with the other Board members will be present to answer any questions and possible concerns that the shareholders may have on the Group and its operations.

Senior Management and the Group's external auditors as well as the Company's advisers are also available to respond to shareholders' questions during the AGM/EGM as the case may be.

The Company shall conduct poll voting for all resolutions set out in the notice of any general meeting in accordance with the MMLR of Bursa Securities.

COMPLIANCE STATEMENT

The Board is satisfied that throughout FYE 31 August 2022, the Company has applied the principles and recommendations of the corporate governance set out in the MCCG, where necessary and appropriate.

This Corporate Governance Overview Statement was approved by the Board 16 December 2022.

The fees incurred by the Group in relation to outsourced internal audit function for the FYE 31 August 2022 were RM30,000.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

INTRODUCTION

The Board of Directors (“the Board”) of Sasbadi Holdings Berhad (“Sasbadi Holdings” or “the Company”) is pleased to present the following Statement on Risk Management and Internal Control of Sasbadi Holdings and its subsidiaries (“the Group”) for the financial year ended (“FYE”) 31 August 2022. This Statement has been prepared in accordance with paragraph 15.26(b) of the Main Market Listing Requirements (“MMLR”) of Bursa Malaysia Securities Berhad (“Bursa Securities”) and guided by the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers, issued by the Taskforce on Internal Control with the support and endorsement of Bursa Securities (“the Guidelines”).

BOARD RESPONSIBILITIES

The Board recognises the importance of having effective governance, embedding risk management and internal control processes in order for the Group to achieve its objectives and sustain growth and success in its business operations. In this regard, the Board acknowledges its overall responsibility for maintaining a sound risk management and internal control system and for reviewing their adequacy and effectiveness in order to safeguard stakeholders’ investments and the Group’s assets. While maintaining overall responsibility, the Board has delegated its functions pertaining to risk management and internal controls to the Audit Committee. In addition, the Board and the Audit Committee are assisted by the Management in the implementation of the policies and procedures established by the Board on risk management and internal controls.

The Board recognises that, due to the limitations inherent in any internal control system, the system is designed to manage, and not to eliminate, the risk of failure to achieve the Group’s business objectives, and it can only provide reasonable but not absolute assurance against material misstatement of financial information and records, or against financial losses or fraud.

RISK MANAGEMENT

The Group has put in place a risk management framework (“RM Framework”) to assist the Group in managing the various risks faced in its daily business operations. Under the RM Framework, a Risk Management Team (“RMT”), headed by the Group Chief Financial Officer and comprising the Heads of various functions and departments within the Group, has been established to actively manage the risks faced by the Group. The RMT reports to the Executive Management Team (“EMT”) comprising the Executive Directors, and the Audit Committee, who both in turn report to the Board.

The RMT adopts a strategic approach towards risk management which involves risk identification, evaluation, treatment, monitoring and review. The RMT has been assessing, monitoring and managing the risks on a monthly basis via the use of a checklist of risks. In addition, the risks identified together with the steps taken/to be taken to mitigate the risks are deliberated during the periodic management meetings attended by the EMT and the RMT.

INTERNAL CONTROL SYSTEM

The key elements of the Group’s internal control system include, among others, the following:

- Defined organisation structure with proper segregation of duties, responsibilities and authorities among the Directors, management and employees;
- Board Committees (i.e. Audit Committee, Nomination Committee and Remuneration Committee) which undertake their duties and responsibilities according to their delegated functions as set out in their respective Terms of Reference;
- Formalised Code of Conduct, Whistleblowing Policy, Anti Bribery and Corruption Policy and Directors’ Fit and Proper Policy. For the financial year under review, there were no concerns raised of any wrongdoing or improper conduct involving the Group or its Directors or employees;
- Documentation of key business processes and authority matrix to ensure decisions are made by the relevant individuals/groups within the authority limits established;
- Periodic Board, Board Committee and management meetings to discuss, among others, financial, operational, risk and compliance matters;
- Annual budgeting process whereby the annual budget prepared by management is tabled for the Audit Committee’s review before being approved by the Board;
- Outsourced internal audit function which reports to the Audit Committee;
- Employment procedures and process to facilitate the recruitment and evaluation of employees; and
- Insurance coverage on the Group’s assets, where necessary.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(continued)

INTERNAL AUDIT FUNCTION

The Group has outsourced the internal audit function to a professional service firm, which is independent of the activities and operations of the Group, to review the adequacy of the internal control system of the Group. The outsourced internal auditors, which report directly to the Audit Committee, conducted internal control assessment on the Group in order to identify areas for improvement, besides compliance with internal best practices, guidelines and objectives.

During the financial year under review, the outsourced internal auditors have carried out an internal control assessment based on the internal audit plan for the FYE 31 August 2022 as approved by the Audit Committee, covering the following subsidiaries and functional areas/sections:

- i. Sasbadi Sdn Bhd, Sasbadi Online Sdn Bhd, Sasbadi Learning Solutions Sdn Bhd, United Publishing House (M) Sdn Bhd, The Malaya Press Sdn Bhd and Mindtech Education Sdn Bhd
 - Human Resources Management, in respect of recruitment processes and procedures, probation and confirmation procedures, termination and resignation, payroll processing, staff training, staff evaluation processes and procedures, compensation and benefit, disciplinary policies and procedures, leave entitlement, application, approval, recording and monitoring processes and procedures, attendance record and monitoring processes and procedures, overtime claim policies and procedures, allowance entitlement processes and procedures and staff advance requisition, approval, and repayment monitoring processes and procedures
- ii. Sasbadi Sdn Bhd in the managing of Linguaskill by Cambridge Assessment English unit
 - Sales and Marketing, in respect of implementation process of business development strategy, partner/agent appointment processes and procedures, partner/agent registration processes and procedures, partner/agent contract management, costing control procedures, pricing control processes and procedures, selling and distribution expenses allocation processes and procedures, authorised test centre appointment processes and procedures, test centre management processes and procedures and sales performance monitoring and reporting
 - Finance and Accounts, in respect of billing and revenue recognition processes and procedures, return and refund control procedures, payment processes and procedures, debit note and credit note and collection and receivables processes and procedures.
- iii. Follow-up review on previously reported audit findings to ensure weaknesses identified have been or are being addressed.

Upon completion of the work, the outsourced internal auditors presented their reports to the Audit Committee during the quarterly meetings whereby the outsourced internal auditors' findings and recommendations as well as the Management's responses and action plans were deliberated.

WEAKNESSES IN INTERNAL CONTROLS WHICH RESULTED IN MATERIAL LOSSES, IF ANY

During FYE 31 August 2022 and up to the date of approval for issuance of this Statement, there were no material losses incurred by the Group arising from weaknesses in its internal control system.

STATEMENT ON RISK MANAGEMENT AND INTERNAL CONTROL

(continued)

MANAGEMENT RESPONSIBILITIES AND ASSURANCE

In accordance to the Guidelines, the Management is responsible to the Board for identifying risks relevant to the business of the Company's objectives and strategies, implementing and maintaining a sound system of risk management and internal control, and monitoring and reporting to the Board of significant control deficiencies and changes in risks that could significantly affect the Company's achievement of its objectives and performance.

In producing this Statement, the Board has received assurance from the Group Managing Director and the Group Chief Financial Officer that, to the best of their knowledge, the Group's risk management and internal control system is operating adequately and effectively, in all material aspects, based on the existing risk management and internal control system of the Group for FYE 31 August 2022.

REVIEW OF THIS STATEMENT

Pursuant to Paragraph 15.23 of the MMLR of Bursa Securities, the Company's external auditors have reviewed this Statement for inclusion in the 2022 Annual Report of the Company, and have reported to the Board that nothing has come to their attention that causes them to believe that this Statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal control and risk management.

CONCLUSION

Based on the foregoing, the Board is of the view that the Group's risk management and internal control system is adequate and effective.

ADDITIONAL COMPLIANCE INFORMATION

EMPLOYEES' SHARE OPTION SCHEME ("ESOS")

The Company has implemented an ESOS of up to ten percent (10%) of the Company's total number of issued shares (excluding treasury shares, if any) for the eligible employees and Executive Directors of the Group (i.e. Sasbadi Holdings and its subsidiaries) effective from 1 September 2016 for a duration of five (5) years, expiring on 31 August 2021. On 17 February 2021, the Board of Directors has approved the extension of the ESOS for a further period of five (5) years to 31 August 2026.

The details of the ESOS during the FYE 31 August 2022 are as follows:

Description	Number of Options
As at 1 September 2021	4,925,000
Granted to eligible employees during the year	12,000,000
Exercised during the year	(410,000)
Expired / forfeited during the year	(50,000)
Total outstanding as at 31 August 2022	16,465,000

In accordance with the By-Laws of the ESOS, not more than 80% of the options available under the ESOS shall be allocated, in aggregate to the Executive Directors and senior management. The total ESOS options granted to the senior management represents 13.33% and 29.22% of the total ESOS options granted during the FYE 31 August 2022 and since the commencement of the ESOS respectively.

There were no options offered to any Director of the Company in respect of FYE 31 August 2022 and since commencement of the ESOS.

AUDIT AND NON-AUDIT FEES

The amount of audit and non-audit fees incurred by the Company and the Group for services rendered by the external auditors or a firm or corporation affiliated to the external auditors to the Company and the Group during the FYE 31 August 2022 are as follows:

	Group	Company
	RM'000	RM'000
Audit services		
– BDO PLT	267	60
Non-audit services	8	8

The non-audit services provided by the external auditors were in relation to the review of the Statement on Risk Management and Internal Control.

MATERIAL CONTRACTS INVOLVING DIRECTORS AND/OR MAJOR SHAREHOLDERS

There were no material contracts entered into by the Company and/or our subsidiaries involving the interest of Directors and/or major shareholders, either subsisting at the end of the FYE 31 August 2022 or entered into since the end of the previous financial year.

RECURRENT RELATED PARTY TRANSACTIONS

There were no recurrent related party transactions entered into by the Group during the FYE 31 August 2022.

UTILISATION OF PROCEEDS

No proceeds were raised from any corporate proposals during the FYE 31 August 2022.

STATEMENT ON DIRECTORS' RESPONSIBILITY

The Directors are required by the Companies Act 2016 ("the Act") to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Group and of the Company at the end of the financial year under review and their results and cash flows for the financial year then ended. As required by the Act and the Main Market Listing Requirements of Bursa Malaysia Securities Berhad, the financial statements have been prepared in accordance with the applicable approved accounting standards in Malaysia.

In preparing the financial statements of the Group and the Company for the financial year ended 31 August 2022, the Directors have:

- adopted suitable accounting policies and applied them consistently;
- made judgments and estimates that are prudent and reasonable;
- ensured applicable approved accounting standards have been complied with, subject to any material departures being disclosed and explained in the financial statements; and
- prepared the financial statements on a going concern basis.

The Directors are responsible for ensuring that the Group and the Company keep proper accounting records which disclose with reasonable accuracy at any time the financial position of the Group and the Company. The Directors are also responsible for taking such reasonable steps to safeguard the assets of the Group and the Company and to prevent and detect fraud and other such irregularities.

This statement is made in accordance with the resolution of the Board dated 16 December 2022.

OTHER STATUTORY INFORMATION REGARDING THE GROUP AND THE COMPANY

(I) AS AT THE END OF THE FINANCIAL YEAR

- (a) Before the financial statements of the Group and of the Company were prepared, the Directors took reasonable steps:
 - (i) to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of provision for doubtful debts and have satisfied themselves that all known bad debts have been written off and that adequate provision had been made for doubtful debts; and
 - (ii) to ensure that any current assets other than debts, which were unlikely to realise their book values in the ordinary course of business have been written down to their estimated realisable values.
- (b) In the opinion of the Directors, the results of operations of the Group and of the Company during the financial year have not been substantially affected by any item, transaction or event of a material and unusual nature.

(II) FROM THE END OF THE FINANCIAL YEAR TO THE DATE OF THIS REPORT

- (c) The Directors are not aware of any circumstances:
 - (i) which would render the amounts written off for bad debts or the amount of the provision for doubtful debts in the financial statements of the Group and of the Company inadequate to any material extent;
 - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading; and
 - (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.
- (d) In the opinion of the Directors:
 - (i) there has not arisen any item, transaction or event of a material and unusual nature likely to affect substantially the results of operations of the Group and of the Company for the financial year in which this report is made; and
 - (ii) no contingent or other liability has become enforceable, or is likely to become enforceable, within the period of twelve (12) months after the end of the financial year which would or may affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

(III) AS AT THE DATE OF THIS REPORT

- (e) There are no charges on the assets of the Group and of the Company which have arisen since the end of the financial year to secure the liabilities of any other person.
- (f) There are no contingent liabilities of the Group and of the Company which have arisen since the end of the financial year.
- (g) The Directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements which would render any amount stated in the financial statements of the Group and of the Company misleading.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Sasbadi Holdings Berhad, which comprise the statements of financial position as at 31 August 2022 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including a summary of significant accounting policies, as set out on pages 72 to 123.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 August 2022, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards ("IFRSs") and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the *By-Laws (on Professional Ethics, Conduct and Practice)* of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (continued) (Incorporated in Malaysia)

Key Audit Matters (continued)

Key Audit Matters of the Group

1. Annual impairment assessment of the carrying amount of goodwill

The carrying amount of goodwill of Sanjung Unggul Sdn. Bhd. and its subsidiaries amounted to RM10,253,000 as disclosed in Note 7 to the financial statements.

We determined the annual assessment of impairment of goodwill to be a key audit matter because of the significance of goodwill to the Group's consolidated financial position and it requires significant management judgement and assumptions in determining the value-in-use of the cash generating units to determine the expected cash flows. These judgements and assumptions include projected growth in sales and gross margins, as well as determining appropriate pre-tax discount rate.

Audit response

Our audit procedures included the following:

- a. Compared prior period projection to actual outcome to assess reliability of management's projections;
- b. Compared cash flow projections against the CGU's recent performance, then assessed and evaluated the key assumptions made in the forecast and projections;
- c. Verified projected gross margins, sales growth rates and terminal values to support the key assumptions in projections by corroborating information from other areas of our audit;
- d. Verified pre-tax discount rate used by management for each CGU by comparing to market rate, weighted average cost of capital of the Group and relevant risk factors; and
- e. Performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

2. Impairment assessment of trade receivables

As at 31 August 2022, the gross trade receivables of the Group was RM37,645,000 and the associated impairment losses of trade receivables was RM3,815,000, as disclosed in Note 15 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgements in assessing expected credit losses, including determining the probability of default by trade receivables as well as the use of appropriate forward-looking information.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (continued) (Incorporated in Malaysia)

Key Audit Matters (continued)

Key Audit Matters of the Group (continued)

2. Impairment assessment of trade receivables (continued)

Audit response

Our audit procedures included the following:

- a. Understood management's internal control and assessment process for impairment of trade receivables and assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors associated with this accounting estimate;
- b. Evaluated management's assessment and explanations on the individually significant trade receivables that were past due as at 31 August 2022 with reference to supporting evidence such as payment record of the customers and correspondences with customers; and
- c. Evaluated the appropriateness of expected credit loss allowance including examining correlation coefficient between the macroeconomic indicators applied by the Group in calculating probability of default using historical data and forward-looking information adjustment.

3. Valuation of inventories

As at 31 August 2022, the carrying amount of inventories of the Group was RM64,785,000 and the associated allowance for inventories write down was RM3,450,000, as disclosed in Note 12 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgements in assessing the level of allowance for inventories write down required.

Audit response

Our audit procedures included the following:

- a. Evaluated the design and implementation over the control of identification of slow moving inventories and tested their effectiveness;
- b. Checked selected inventories samples to sales subsequent to the financial year end to determine that these were sold at more than its cost; and
- c. Assessed the adequacy of the allowance for inventories write down at year end.

Key Audit Matters of the Company

Impairment assessment of investments in subsidiaries

As at 31 August 2022, the carrying amount of the investments in subsidiaries for unquoted equity shares were RM90,414,000 as disclosed in Note 8 to the financial statements.

We determined this to be a key audit matter because it requires management to exercise significant judgements in determining the recoverable amount, estimating the future results and key assumptions applied to cash flow projections of these subsidiaries. These key assumptions include forecast growth in future revenues and operating profit margin, as well as determining an appropriate pre-tax discount rate.

Audit response

Our audit procedures included the following:

- a. Compared prior period projection to actual outcome to assess reliability of management's projections;
- b. Compared cash flow projections against the subsidiaries' recent performance, then assessed and evaluated the key assumptions made in the forecast and projections;
- c. Verified projected profit margins, revenue growth rates and terminal values to support the key assumptions in projections by corroborating information from other areas of our audit;
- d. Verified pre-tax discount rate used by management for each subsidiaries by comparing to market rate, weighted average cost of capital of the Group and relevant risk factors; and
- e. Performed sensitivity analysis of our own to stress test the key assumptions in the impairment model.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

FINANCIAL STATEMENTS

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (continued) (Incorporated in Malaysia)

Information Other than the Financial Statements and Auditors' Report Thereon (continued)

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with MFRSs, IFRSs and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the ability of the Group and of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

FINANCIAL STATEMENTS

(continued)

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (continued) (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

As part of an audit in accordance with approved standards on auditing in Malaysia and ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- (a) Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- (b) Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of the Group and of the Company.
- (c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- (d) Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group or of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- (e) Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- (f) Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

FINANCIAL STATEMENTS

(continued)

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF SASBADI HOLDINGS BERHAD (continued) (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

The consolidated financial statements of the Company for the financial year ended 31 August 2022 comprise the Company and its subsidiaries (together referred to as “the Group”). These financial statements are presented in Ringgit Malaysia (‘RM’), which is also the functional currency of the Company. All financial information presented in RM has been rounded to the nearest thousand, unless otherwise stated.

The financial statements were authorised for issue in accordance with a resolution by the Board of Directors on 16 December 2022.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in investment holding activities whilst the principal activities and details of its subsidiaries are as stated in Note 8 to the financial statements. There have been no significant changes in the nature of these activities during the financial year.

3. BASIS OF PREPARATION

The financial statements of the Group and of the Company have been prepared in accordance with Malaysian Financial Reporting Standards (‘MFRSs’), International Financial Reporting Standards (‘IFRSs’) and the provisions of the Companies Act 2016 in Malaysia.

The accounting policies adopted are consistent with those of the previous financial year except for the effects of adoption of new MFRSs during the financial year. The new MFRSs and Amendments to MFRSs adopted during the financial year are disclosed in Note 4.1 to the financial statements.

The financial statements of the Group and of the Company have been prepared under the historical cost convention except as otherwise stated in the financial statements.

FINANCIAL STATEMENTS

(continued)

4. ADOPTION OF NEW MFRSs AND AMENDMENTS TO MFRSs

4.1 New MFRSs adopted during the financial year

The Group and the Company adopted the following Standards of the MFRS Framework that were issued by the Malaysian Accounting Standards Board ('MASB') during the financial year:

Title	Effective Date
<i>Interest Rate Benchmark Reform - Phase 2 (Amendments to MFRS 9, MFRS 139, MFRS 7, MFRS 4 and MFRS 16)</i>	1 January 2021

Adoption of the above Standards and Amendments did not have any material effect on the financial performance or position of the Group and of the Company.

4.2 New MFRSs that have been issued, but only effective for annual periods beginning on or after 1 January 2022

The following are Standards of the MFRS Framework that have been issued by the MASB but have not been early adopted by the Group and the Company:

Title	Effective Date
Annual Improvements to MFRS Standards 2018 - 2020	1 January 2022
Amendments to MFRS 3 <i>Reference to the Conceptual Framework</i>	1 January 2022

FINANCIAL STATEMENTS

(continued)

5. PROPERTY, PLANT AND EQUIPMENT (continued)

- (a) All items of property, plant and equipment are initially recognised at cost. After initial recognition, property, plant and equipment are stated at cost (other than the properties comprising condominiums and leasehold land and buildings which are revalued every 4 to 5 years and at shorter intervals whenever the fair value of the revalued assets is expected to differ materially from their carrying value), less accumulated depreciation and any accumulated impairment losses. Additions subsequent to the date of valuation are stated at cost until the next revaluation exercise.

Depreciation is calculated to write off the cost of the assets to their residual values. Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. Right-of-use assets are depreciated on a straight-line basis over the earlier of their estimated useful lives or the end of the lease term. The estimated useful lives represent common life expectancies applied in the industry. The principal depreciation periods are as follows:

Property, plant and equipment

Motor vehicles	5 years
Office equipment, furniture and fittings	10 years
Renovation	10 years
Computers	3 to 5 years

Right-of-use assets under property, plant and equipment

Condominiums	50 years
Leasehold land	60 to 99 years
Buildings	50 years
Leased warehouse and residential properties (included in Buildings)	2 to 4 years
Motor vehicles	5 years

- (b) During the financial year, the Group made the following cash payments to purchase property, plant and equipment:

Group	2022 RM'000	2021 RM'000
Purchase of property, plant and equipment	494	209
Leases	(124)	(106)
Cash payments to purchase property, plant and equipment	<u>370</u>	<u>103</u>

- (c) Right-of-use assets acquired under leasing arrangements are presented together with the owned assets of the same class. Details of such leased assets are disclosed under Note 11 to the financial statements.
- (d) Certain land and buildings of the Group with carrying amounts of RM32,745,000 (2021: RM33,665,000) were charged to banks as security for banking facilities granted to the Group (Note 18).

FINANCIAL STATEMENTS

(continued)

5. PROPERTY, PLANT AND EQUIPMENT (continued)

- (e) The Group's condominiums, leasehold land and buildings are stated at Directors' valuation which is supported by the professional valuation carried out in February 2018 by an external independent valuation company, KGV International Property Consultants (M) Sdn. Bhd., using the Market Value basis of valuation that made reference to sales of similar properties in the vicinity on a price per square feet basis, which ranged from RM205 to RM265.

Had the condominiums, leasehold land and buildings been carried at historical cost less accumulated depreciation, the carrying amounts of the revalued assets that would have been included in the financial statements at the end of the financial year are as follows:

Group	2022 RM'000	2021 RM'000
Condominiums	180	189
Leasehold land	1,873	1,919
Buildings	7,351	7,572
	<u>9,404</u>	<u>9,680</u>

The fair value of condominiums, leasehold land and buildings are categorised as Level 3 in the fair value hierarchy. There were no transfers between levels in the hierarchy during the financial year.

6. INVESTMENT PROPERTIES

- (a) Intangible assets are initially measured at cost. After initial recognition, intangible assets, excluding goodwill, are carried at cost less any accumulated amortisation and any accumulated impairment losses. Goodwill recognised in a business combination is an asset at the acquisition date and is initially measured at cost. After initial recognition, goodwill is measured at cost less accumulated impairment losses.
- (b) Subsumed within goodwill are the brand names and the synergies expected to be achieved from integrating Sanjung Unggul Sdn. Bhd. ("Sanjung Unggul") and its subsidiaries ("Sanjung Unggul Group"), Distinct Motion Sdn. Bhd. and its subsidiary ("Distinct Motion Group") and Pinko Creative Sdn. Bhd. ("Pinko Creative") into the Group's existing publishing and applied learning products business.

- (c) Intellectual properties comprise the publishing rights and production files in relation to educational and learning materials for national schools and institutes of teacher education acquired by the Group as well as the publishing rights and production files in relation to dictionaries, comics, storybooks, educational and learning materials for early education and national-type Chinese schools recognised through the acquisitions of United Publishing House (M) Sdn. Bhd. and Sanjung Unggul by the Company.

The intellectual properties are amortised over 15 years as the management estimates that the intellectual properties can be used for commercial activities for a duration of 15 years. Development costs and software are amortised over 10 years.

- (d) Impairment testing for cash-generating units containing goodwill

For the purpose of impairment testing, goodwill is allocated to the Group's cash-generating units ("CGU"), which represent the lowest level within the Group at which the goodwill is monitored for internal management purposes.

The aggregate carrying amounts of goodwill allocated to each unit are as follows:

Group	2022 RM'000	2021 RM'000
Sanjung Unggul Group	10,253	10,253
Distinct Motion Group	-	-
Pinko Creative	178	178
	<u>10,431</u>	<u>10,431</u>

In the previous financial year, an impairment loss on goodwill amounting to RM533,000 had been recognised in respect of Distinct Motion Group CGU within other operating expenses in the statements of profit or loss and other comprehensive income due to its deteriorating financial performance arising from COVID-19 pandemic.

In assessing whether goodwill is impaired, the carrying amount of the CGU (including goodwill) is compared with the recoverable amount of the CGU.

(d) Impairment testing for cash-generating units containing goodwill (continued)

Sanjung Unggul Group

The recoverable amount of the business unit is higher than its carrying amount and was based on its value in use. Value in use was determined by discounting future cash flows to be generated from the continuing operation of the business as a book publisher and education and supplement material provider and was based on the following key assumptions:

- Cash flows were projected based on actual operating results and financial budget approved by management covering a 5-year business plan.
- The anticipated sales is approximately RM12,737,000 in 2023. The anticipated sales growth rate are in the range of 2.00% to 21.00% from 2023 to 2027.
- The operating expenditure growth was assumed to be 2.42% (2021: 2.00%) per annum. The estimated growth rate was based on the average of historical growth levels experienced over the past 5 years and the forecasted inflation rate.
- The projected gross margins which reflects the average historical gross margin, adjusted for projected market and economic conditions and internal resource efficiency.
- Terminal value was based on the fifth year cash flow without incorporating any growth rate.
- The unit will continue its operations indefinitely.
- A pre-tax discount rate of 11.02% (2021: 14.66%) was applied in determining the recoverable amount of the CGU. The discount rate applied was estimated based on the Group's weighted average cost of capital and reflect the current market assessment of the risks specific to the CGU.

The values assigned to the key assumptions represent management's assessment of future trends in the industries and are based on both external sources and internal sources.

Sensitivity analysis

Management believe that any reasonably possible change in the key assumptions would not cause the carrying amount of goodwill to exceed the recoverable amount of the CGU. Based on their review, there is no evidence of impairment on the goodwill allocated to the Sanjung Unggul Group.

8. INVESTMENTS IN SUBSIDIARIES (continued)

- (c) The Company reviews the investments in subsidiaries for impairment when there is an indication of impairment. The recoverable amounts of the investments in subsidiaries are assessed by reference to the fair value less cost to sell of the underlying assets or the value in use of the respective subsidiaries. The value in use is the net present value of the projected future cash flows derived from the business operations of the respective subsidiaries discounted at an appropriate discount rate. For such discounted cash flow method, it involves the use of estimated future results and a set of assumptions to reflect their income and cash flows. Judgement had also been used to determine the discount rate for the cash flows and the future growth of the businesses of the subsidiaries. Impairment losses are made when the carrying amount of the investments in subsidiaries exceed its recoverable amount.
- (d) At the end of the previous financial year, the Company had made an impairment of RM2,316,000 in respect of a subsidiary due to poor financial position of the subsidiary. The recoverable amount of the cost of investment in the subsidiary was based on its fair value less cost to sell ("FVLCTS") of the underlying assets. The net assets of the subsidiary were used as a proxy for its recoverable amount based on FVLCTS method and were within Level 3 of the fair value hierarchy.

The Group designated shares quoted in Malaysia as fair value through other comprehensive income because these equity securities represent investments that the Group intends to hold for long-term strategic purposes.

Shares quoted in Malaysia of the Group were categorised as Level 1 in the fair value hierarchy. The fair value of investments was determined based on quoted market prices at the reporting date. The club membership of the Group is categorised as Level 3 in the fair value hierarchy. There is no transfer between levels in hierarchy during the financial year.

(a) Nature of the leasing activities

Condominiums, leasehold land and buildings

The Group has made upfront payments to secure the right-of-use of condominiums, leasehold land and buildings for its operations. The Group also leases warehouses and residential properties for the purpose of staff accommodation. These leasehold land and buildings, and related leases which have a lease term of more than 12 months are recognised within property, plant and equipment (Note 5).

Motor vehicles

The Group leases motor vehicles for employees for use in operations.

- (b) The right-of-use assets under property, plant and equipment are initially measured at cost, which comprise the initial amount of the lease liabilities adjusted for any lease payments made at or before the commencement date.

After initial recognition, right-of-use assets are stated at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any re-measurement of the lease liabilities.

The Group has certain leases with lease term less than twelve (12) months, and low value leases of office of RM20,000 and below. The Group applies the "short-term lease" and "lease of low-value assets" exemptions for these leases.

The right-of-use assets are depreciated on a straight-line basis over the earlier of the estimated useful lives of the right-of-use assets or the end of the lease term as disclosed in Note 5 (a).

(e) Extension options

Some leases of buildings contain extension options up to 3 years, which are exercisable by the Group before the end of the non-cancellable contract period. Where practicable, the Group seeks to include extension options in new leases to provide operational flexibility. The extension options held are exercisable only by the Group and not by the lessor. The Group assesses at lease commencement whether it is reasonably certain to exercise the extension options. The Group reassesses whether it is reasonably certain to exercise the options if there is a significant event or significant change in circumstance within its control.

As at 31 August 2022, there is no undiscounted potential future rental payments that are not included in the lease term.

(f) The table below summarises the maturity profile of the lease liabilities of the Group at the end of the reporting period based on contractual undiscounted repayment obligations as follows:

Group	2022 RM'000	2021 RM'000
On demand or within one year	448	608
One to five years	<u>367</u>	<u>707</u>
	<u>815</u>	<u>1,315</u>

(g) Significant judgements and assumptions in relation to leases

The Group assesses at lease commencement by applying significant judgement whether it is reasonably certain to exercise the extension options. Group entities consider all facts and circumstances including their past practice and any cost that will be incurred to change the asset if an option to extend is not taken, to help it determine the lease term.

The Group also applied judgement and assumptions in determining the incremental borrowing rate of the respective leases. Group entities first determine the closest available borrowing rates before using significant judgement to determine the adjustments required to reflect the term, security, value or economic environment of the respective leases. The lease payments are discounted using the annual incremental borrowing rate of the Group in range of 2.51% to 5.17% (2021: 2.49% to 5.17%).

Write down of inventories	<u>3,450</u>	<u>10,997</u>

Cost of inventories is determined using the first-in first-out and weighted average method and are stated at lower of cost and net realisable value.

The Group writes down its obsolete or slow-moving inventories based on assessment of their product lifecycle and nature. Inventories are written down when events or changes in circumstances indicate that the carrying amounts could not be recovered. Management specifically analyses sales trend when making this judgement to evaluate the adequacy of the write down for obsolete or slow-moving inventories. Where expectations differ from the original estimates, the differences would impact the carrying amount of inventories.

Right to recover returned goods	<u>2,190</u>	<u>990</u>
Refund liabilities	<u>(4,266)</u>	<u>(1,876)</u>

An asset with a right to recover returned goods and the corresponding refund liabilities are recognised in relation to finished goods sold with a right of return.

These are measured by reference to the former carrying amounts of the sold inventories less any expected costs to recover those inventories and any potential decreases in the value to the Group of the returned inventories.

14. CONTRACT WITH CUSTOMERS

(a) Contract costs

Group	2022 RM'000	2021 RM'000
Cost to obtain a contract	<u>253</u>	<u>579</u>

Cost to obtain a contract primarily comprises commission fees paid to intermediaries as a result of obtaining contracts and they are recoverable.

Capitalised commission fees are amortised when the related revenues are recognised. During the current financial year, the amount of amortisation was RM1,924,000 (2021: RM1,311,000).

15. TRADE AND OTHER RECEIVABLES (continued)

(e) Credit risk and impairment policy for trade receivables

As at the end of the reporting period, the maximum credit risk exposure is equivalent to the gross carrying amount of trade receivables of the Group.

As at 31 August 2022, the Group has significant concentration of credit risk in the form of outstanding balances from 5 trade customers, which amounted to RM8,513,000 (2021: RM6,636,000) representing 23% (2021: 17%) of gross trade receivables. The Directors are of the opinion that the outstanding balances from these customers are fully recoverable based on the following:

- i) Significant payments have been subsequently received from 5 customers after the reporting period; and
- ii) The Directors have made assessments that all these customers have the ability to repay the balances outstanding.

The Group has also entered into small number of contracts, all of which are monitored individually for completion and payment. The management is confident that, based on their knowledge of payment patterns and subsequent payments received, the Group is able to fully recover the amounts due from its customers. Where applicable, the Group will demand for guarantees from shareholders/Directors of their customers as a form of safeguard over the outstanding debts.

In managing credit risk of trade receivables, the Group manages its debtors and takes appropriate actions (including but not limited to legal actions) to recover long overdue balances. Any receivables having significant balances past due more than 330 days, which are deemed to have higher credit risk, are monitored individually.

The gross carrying amounts of credit impaired trade receivables are written off (either partially or fully) when there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. Nevertheless, trade receivables that are written off could still be subject to enforcement activities.

The Group uses an allowance matrix to measure the lifetime ECL of trade receivables based on the simplified approach. Consistent with the debt recovery process, invoices which are past due 690 days will be considered as credit impaired. Expected loss rates are calculated using the 'roll rate' method based on the probability of a receivable progressing through successive stages of delinquency to 690 days past due.

Loss rates are based on actual credit loss experience over the past three years. The Group also considers the differences between (a) economic conditions during the period over which the historical data has been collected, (b) current economic conditions and (c) the Group's view of economic conditions over the expected lives of the receivables. The Group adjusted the loss rates to reflect current and forward-looking information such as gross domestic product, unemployment rate, inflation rate, bank lending rate, non-performing loan ratio and services sector gross domestic product.

Significant judgement is required in determining the probabilities of default by receivables and appropriate forward-looking information in assessing the expected credit loss allowance.

(f) Credit risk and impairment policy for amounts due from subsidiaries and other receivables

As at the end of the reporting period, the maximum credit risk exposure is equivalent to the carrying amounts of amounts due from subsidiaries and other receivables of the Group and Company.

The Group and Company monitors the ability of the subsidiaries and other receivables to repay on an individual basis. These amounts are not secured by any collateral or supported by any other credit enhancements.

Generally, the Group and Company considers amount due from subsidiaries and other receivables to have low credit risk. The Group and Company assumes that there is a significant increase in credit risk when a subsidiary's and other receivables' financial position deteriorates significantly or when the counterparty is unable to pay when demanded. As the Company is able to determine the timing of payments of the amount due from subsidiaries when they are payable, the Company considers these to be in default when the subsidiaries are not able to pay when demanded. It is considered to be credit impaired when:

- i) The subsidiary is unlikely to repay its amount due to the Company in full; or
- ii) The subsidiary is continuously loss making and is having a deficit shareholders' fund.

The Group and Company have exercised judgement in determining the probability of default for these amounts due, by obtaining without undue cost or effort both quantitative and qualitative information, including historical experience also ensuring that they are reasonable and supportable.

17. SHARE CAPITAL AND RESERVES (continued)

(a) Share capital (continued)

- i) The holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one (1) vote per share at meetings of the Company. All ordinary shares rank pari passu with regard to the residual assets of the Company.
- ii) During the financial year, the issued and fully paid-up ordinary shares of the Company was increased from 424,174,500 to 424,584,500 by way of issuance of 260,000 and 150,000 new ordinary shares pursuant to options exercised under the ESOS at an exercise price of RM0.12 and RM0.10 respectively per ordinary share for cash.

(b) Treasury shares

The shareholders of the Company, by an ordinary resolution passed at the annual general meeting held on 16 February 2022, renewed their approval for the Company's plan to purchase up to ten percent (10%) of the total number of issued shares at any point of time.

The purchased shares are being held as treasury shares in accordance with the requirements under Section 127 of the Companies Act 2016.

(c) Merger deficit

The merger deficit comprises the differences between the cost of acquisition and the nominal value of shares acquired during the acquisition of Sasbadi Sdn. Bhd. in 2014.

(d) Fair value reserve

The fair value reserve comprises the cumulative net change in the fair value of equity instruments designated at fair value through other comprehensive income until the investments are derecognised or impaired.

(e) Revaluation reserve

The revaluation reserve relates to the revaluation of condominiums, leasehold land and buildings.

(f) Share option reserve

Share option reserve represents the effect of equity-settled share option granted to employees. This reserve is made up of the cumulative value of services received from employees for the issue of share option. Share option reserve in relation to the unexercised option at the expiry of the share option scheme will be transferred to retained earnings.

Employees' share option scheme ("ESOS")

The salient features of the Company's ESOS are, inter alia, as follows:

- i) The maximum number of shares which may be issued and allotted pursuant to the ESOS shall not exceed 10% of the total number of issued shares of the Company (excluding treasury shares, if any), at any point of time during the duration of the ESOS;
- ii) Any employee or executive director of the Group is eligible to participate in the ESOS provided that, as at the date of offer:
 - (a) The employee or executive director is a Malaysian citizen who has attained eighteen (18) years of age;
 - (b) The employee or executive director is not an undischarged bankrupt nor subject to any bankruptcy proceedings;
 - (c) The employee or executive director must have been confirmed in service and have served at least six (6) months in the employment of the Group;
 - (d) Where the employee or executive director is under an employment contract, the contract is for a duration of at least one (1) year and shall have not expired within three (3) months from the date of offer; and
 - (e) The employee or executive director has fulfilled any other criteria as may be imposed by the ESOS Committee from time to time.

Notwithstanding the above, the ESOS Committee may, at its sole and absolute discretion, waive any of the eligibility conditions set out above.

- iii) Not more than 10% of the shares available under the ESOS shall be allocated to any individual eligible person, who, either singly or collectively through persons connected with the eligible person, holds 20% or more of the total number of issued shares (excluding treasury shares, if any) of the Company;
- iv) Not more than 80% of the options available under the ESOS shall be allocated, in aggregate to executive directors and senior management;
- v) The ESOS shall be in force for a period of five (5) years from the effective date of 1 September 2016, and may be extended for a further five (5) years or a shorter period from the expiry of the first five (5) years; and
- vi) The exercise price shall be fixed based on the higher of a discount of not more than 10% to the five (5)-day volume weighted average market price of the shares of the Company immediately preceding the date of offer or the par value of the shares of the Company;

17. SHARE CAPITAL AND RESERVES (continued)

(f) Share option reserve (continued)

Employees' share option scheme ("ESOS") (continued)

The Company has received all the relevant approvals, complied with the requirements pertaining to the ESOS, and submitted the final copy of the By-Laws of the ESOS to Bursa Malaysia Securities Berhad ("Bursa Securities") pursuant to paragraph 6.42 of the Bursa Securities Listing Requirements on 1 September 2016. The implementation of ESOS is thus effective from 1 September 2016. On 17 February 2021, the Board of Directors has approved the extension of the ESOS which will be expiring on 31 August 2021, for a further period of five (5) years from 1 September 2021 to 31 August 2026.

On 17 February 2021, the Company offered 10,000,000 options at an exercise price of RM0.12 each to its eligible employees under the ESOS. During the current financial year, 260,000 new ordinary shares were issued pursuant to the exercise of this ESOS and 50,000 options had lapsed. On 10 March 2022, the Company offered another 12,000,000 options at an exercise price of RM0.10 each to its eligible employees under the ESOS. During the current financial year, 150,000 new ordinary shares were issued pursuant to the exercise of this ESOS.

In accordance with the ESOS, holders of vested ESOS options are entitled to purchase the Company's shares at the exercise price at the date of grant. The terms and conditions related to the grants of the share option programme are as follows:

	<u>10,863</u>	<u>15,276</u>
	<u>12,222</u>	<u>17,491</u>

- (a) Loans and borrowings are classified as financial liabilities measured at amortised cost.
- (b) Loans and borrowings are denominated in Ringgit Malaysia.
- (c) The term loans of the Group are secured by charges over the land and buildings (Note 5), corporate guarantees by the Company and letter of negative pledged.
- (d) The bank overdrafts of the Group are secured by charges over the land and buildings (Note 5), pledged deposits (Note 16), corporate guarantees by the Company and letter of negative pledge.
- (e) The bankers' acceptances are secured by charges over the land and buildings (Note 5), corporate guarantees by the Company and letter of negative pledge.
- (f) Fair value of the Group's hire purchase is categorised as Level 3 in the fair value hierarchy, which is estimated by discounting expected future cash flows at current market interest rates available for similar financial instruments. There were no transfers between levels in the hierarchy during the financial year. Hire purchase that is not carried at fair value and together with its carrying amount, is as follows:

Group	2022		2021	
	Carrying amount RM'000	Fair value RM'000	Carrying amount RM'000	Fair value RM'000
Hire purchase	<u>62</u>	<u>70</u>	<u>106</u>	<u>115</u>

The carrying amounts of short-term borrowings reasonably approximate their fair values due to the relatively short-term nature of these financial instruments.

The carrying amount of term loans is reasonable approximation of fair value as they are floating rate instruments that are re-priced to market interest rate on or near to the reporting period.

- (a) Sale of printed books, distribution of applied learning products and trading of paper is recognised at a point in time when the goods are delivered and accepted by the customers at their premises.
- (b) Sale of online/digital educational material is recognised over time as the customer simultaneously receives and consumes the benefits provided as the Group performs.
- (c) Some contracts for the sales of printed books, distribution of applied learning products and trading of paper and online/digital educational material provide customers with a right of return the goods within a specified period. Under MFRS 15, the consideration received from the customer is variable because the contract allows the customer to return the products. To account for the transfer of products with a right of return, the Group recognises all of the following:
- (i) revenue for the transferred products in the amount of consideration to which the entity expects to be entitled (therefore, revenue would not be recognised for the products expected to be returned);
 - (ii) a refund liability; and
 - (iii) an asset (and corresponding adjustment to cost of sales) for its right to recover products from customers on settling the refund liability.
- (d) Dividend income is recognised when the shareholder's right to receive payment is established.
- (e) There is no significant financing component in the revenue arising as the sales and services are made on the normal credit terms not exceeding twelve (12) months.

24. EARNINGS/(LOSS) PER ORDINARY SHARE ("EPS/LPS")

Basic earnings per ordinary share is calculated by dividing profit/(loss) attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding after deducting treasury shares as follows:

Group	2022	2021
Profit/(Loss) attributable to ordinary shareholders (RM'000)	841	(9,251)
Weighted average number of ordinary shares ('000)	424,432	420,541
Basic earnings/(loss) per ordinary share (sen)	0.20	(2.20)

Diluted earnings per ordinary share is calculated by dividing profit/(loss) attributable to ordinary shareholders by the weighted average number of ordinary shares outstanding, adjusted for the effects of dilutive potential ordinary shares. The effects of dilutive potential ordinary shares have been arrived at based on the assumption that ESOS are exercised and the ordinary shares to be issued are based on the assumed proceeds on the difference between average share price for the financial year and exercise price.

Group	2022
Profit attributable to ordinary shareholders (RM'000)	841
Weighted average number of ordinary shares ('000)	424,432
Effect of dilution due to ESOS ('000)	2,426
Adjusted weighted average number of ordinary shares ('000)	426,858
Diluted earnings per ordinary share (sen)	0.20

For the previous financial year, diluted EPS was equivalent to the basic EPS as the share option had an anti-dilutive effect on the basic EPS and the Group has no other instruments with potential dilutive effects.

25. OPERATING SEGMENTS

Segmental information is presented in accordance with the Group's operations and products.

For each operation and product, the Group's Managing Director ("GMD"), who is the chief operating decision maker, reviews internal management reports regularly.

Performance is measured based on segment profit before tax, interest, depreciation and amortisation ("EBITDA"), as included in the internal management reports that are reviewed by the GMD. Segment profit is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries.

Segment assets

The total of segment assets is measured based on all assets (including goodwill) of a segment, as included in the internal management reports that are reviewed by the GMD. Segment total assets are used to measure the return on assets of each segment.

Segment liabilities

Segment liabilities information is neither included in the internal management reports nor provided regularly to the GMD. Hence, no disclosure is made on segment liabilities.

Segment capital expenditure

Segment capital expenditure is the total cost incurred during the financial year to acquire property, plant and equipment, and intangible assets other than goodwill.

Geographical segments

The Group operates primarily in Malaysia and as such, there are no geographical segment disclosures.

Major customer

Revenue from a customer of the Group amounted to RM9,979,000 (2021: RM7,696,000) contributed to more than 10% of the Group's revenue.

26. CAPITAL AND FINANCIAL RISK MANAGEMENT

(a) Capital management

The Group's objectives when managing capital are to maintain a strong capital base and safeguard the Group's ability to continue as going concern, so as to maintain investor, creditor and market confidence and to sustain future development of the business. The Directors monitor and are determined to maintain an optimal debt-to-equity ratio that complies with debt covenants and regulatory requirements.

The debt-to-equity ratios are as follows:

Group	2022 RM'000	2021 RM'000
Total loans and borrowings	12,222	17,491
Less: Cash and cash equivalents	(10,378)	(8,184)
Net debt	1,844	9,307
Total equity	139,250	137,888
Net debt-to-equity ratio	0.01	0.07

There was no change in the Group's approach to capital management during the financial year.

(b) Financial risk management

The Group has exposures to the following risks from its use of financial instruments:

- i) Credit risk
- ii) Liquidity risk
- iii) Interest rate risk

i) Credit risk

Credit risk is the risk of a financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The Group's and the Company's exposure to credit risk arises principally from its outstanding balances from customers and loans and advances to its subsidiaries. There are no significant changes as compared to prior periods.

Receivables

Risk management objectives, policies and processes for managing the risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over a certain amount.

Exposure to credit risk, credit quality and collateral

As at the end of the reporting period, the maximum exposure to credit risk arising from receivables is represented by the carrying amounts in the statements of financial position.

FINANCIAL STATEMENTS

(continued)

26. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management (continued)

i) Credit risk (continued)

Receivables (continued)

Information regarding credit risk concentration for trade and other receivables is disclosed in Note 15 to the financial statements.

Cash and cash equivalents

The cash and cash equivalents are held with banks and financial institutions. As at the end of the reporting period, the maximum exposure to credit risk is represented by their carrying amounts in the statements of financial position.

These banks and financial institutions have low credit risk. Consequently, the Group and the Company are of the view that the loss allowance is not material and hence, it is not provided for. Information regarding credit risk concentration for cash and cash equivalents is disclosed in Note 16 to the financial statements.

Financial guarantees

Risk management objectives, policies and processes for managing the risk

The Company provides unsecured financial guarantees to banks in respect of banking facilities granted to certain subsidiaries. The Company monitors on an ongoing basis the results of the subsidiaries and repayments made by the subsidiaries.

Exposure to credit risk, credit quality and collateral

The maximum exposure to credit risk amounts to RM12,160,000 (2021: RM17,386,000) representing the outstanding term loans, bankers' acceptances and bank overdrafts of the subsidiaries as at the end of the reporting period. Maturity profile of financial guarantee contracts of the Company at the end of each reporting period based on contractual undiscounted repayment obligations, is repayable upon any default by the subsidiaries in respect of the guaranteed bank facilities.

As at the end of the reporting period, there was no indication that any subsidiary would default on repayment. The financial guarantees have not been recognised since the fair value on initial recognition was not material.

Other investments

Risk management objectives, policies and processes for managing the risk

Investments are allowed only in liquid securities and only with counterparties that have a credit rating equal to or better than the Group. Transactions involving derivative financial instruments, if any, are with approved financial institutions. Information regarding credit risk concentration for other investments is disclosed in Note 9 to the financial statements.

FINANCIAL STATEMENTS

(continued)

26. CAPITAL AND FINANCIAL RISK MANAGEMENT (continued)

(b) Financial risk management (continued)

i) Credit risk (continued)

Other investments (continued)

The management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on customers requiring credit over a certain period. There are no significant changes as compared to prior periods.

ii) Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group's and the Company's exposure to liquidity risk and the maturity profiles are as follows:

- (a) Lease liabilities, as disclosed in Note 11 to the financial statements;
- (b) Loans and borrowings, as disclosed in Note 18 to the financial statements; and
- (c) Trade and other payables, as disclosed in Note 19 to the financial statements.

The Group maintains a level of cash and cash equivalents and banking facilities deemed adequate by the management to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they fall due.

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts. There are no significant changes as compared to prior periods.

iii) Interest rate risk

The Group's fixed rate borrowings are exposed to a risk of change in their fair values due to changes in interest rates. The Group's variable rate borrowings are exposed to a risk of change in cash flows due to changes in interest rates. Investments in equity securities and short-term receivables and payables are not significantly exposed to interest rate risk.

The Group's and the Company's exposure to interest rate risk and the relating interest rate profiles are as follows:

- (a) Lease liabilities, as disclosed in Note 11 to the financial statements;
- (b) Cash and cash equivalents, as disclosed in Note 16 to the financial statements; and
- (c) Loans and borrowings, as disclosed in Note 18 to the financial statements.

The Group adopts a practice to continuously seek for alternative banking facilities which provide competitive interest rates to finance and/or refinance its working capital requirements.

FINANCIAL STATEMENTS

7. AUTHORITY FOR DIRECTORS TO ISSUE SHARES

Resolution 7

“THAT pursuant to Sections 75 and 76 of the Companies Act 2016 (“the Act”), and subject to the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (“Bursa Securities”) and the approvals of the relevant governmental and/or regulatory authorities (if any), the Directors be and are hereby empowered to allot and issue new shares in the Company at any time, without first offer to holders of existing issued shares of the Company, upon such terms and conditions and for such purposes as the Directors may, in their absolute discretion, deem fit, provided that the aggregate number of shares issued pursuant to this resolution does not exceed 10% of the total number of issued shares of the Company (excluding treasury shares) at the time of issue.

THAT pursuant to Section 85 of the Act, approval be and is hereby given to waive the statutory pre-emptive rights of the shareholders of the Company to be offered new shares of the Company ranking equally to the existing issued shares arising from any issuance of new shares in the Company pursuant to Sections 75 and 76 of the Act.

THAT the Directors be and are also empowered to obtain the approval from Bursa Securities for the listing of and quotation for the additional shares so issued AND THAT such authority shall continue to be in force until the conclusion of the next Annual General Meeting (“AGM”) of the Company.”

8. PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

Resolution 8

“THAT subject to the provisions of the Act, the Constitution of the Company, the Main Market Listing Requirements of Bursa Securities and the approvals of all relevant governmental and/or regulatory authorities, the Company be and is hereby authorised to purchase such number of issued ordinary shares in the share capital of the Company as may be determined by the Directors of the Company from time to time through Bursa Securities, upon such terms and conditions as the Directors may deem fit in the interest of the Company provided that:-

- (a) the aggregate number of shares purchased does not exceed 10% of the total number of issued shares of the Company (“Purchased Shares”) at any point in time;
- (b) the maximum amount of funds to be allocated by the Company for the purposes of purchasing the Purchased Shares shall not exceed the aggregate amount of the retained earnings of the Company at the time of purchase;
- (c) the authority conferred by this resolution will commence immediately upon passing of this resolution and will continue to be in force until:-
 - (i) the conclusion of the next AGM of the Company at which time the authority shall lapse unless it is renewed, either unconditionally or subject to conditions; or
 - (ii) the expiration of the period within which the next AGM of the Company is required by law to be held; or
 - (iii) the authority is revoked or varied by ordinary resolution passed by the shareholders of the Company at a general meeting;

whichever occurs first,

NOTICE OF TENTH ANNUAL GENERAL MEETING

NOTICE OF TENTH ANNUAL GENERAL MEETING

(continued)

Notes:

- (1) *The Broadcast Venue is strictly for the purpose of complying with Section 327(2) of the Act which requires the Chairman of the Meeting to be present at the main venue of the Meeting. Shareholders/proxies from the public will NOT be allowed to be physically present at the Broadcast Venue. Shareholders who wish to participate the AGM will have to register online and attend remotely.*

Kindly read and follow the procedures in the Administrative Guide for the AGM in order to participate remotely.

- (2) *A member of the Company entitled to attend and vote at the meeting is entitled to appoint one or more proxies to attend and vote in his stead. Where a member appoints more than one proxy to attend and vote at the Meeting, such appointment shall be invalid unless he/she shall specifies the proportion of his/her holdings to be represented by each proxy. A proxy may but need not be a member of the Company.*
- (3) *Where a member of the Company is an exempt authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 which holds ordinary shares in the Company for multiple beneficial owners in one (1) securities account ("Omnibus Account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each Omnibus Account it holds.*
- (4) *Only a depositor whose name appears in the Company's Record of Depositors as at 9 February 2023 shall be regarded as a member and entitled to attend, speak and vote at this meeting or appoint proxy(ies) to attend, speak and vote on his/her behalf.*
- (5) *The instrument appointing a proxy shall be in writing under the hand of the appointer or of his attorney duly authorised in writing or if the appointer is a corporation, either under seal or under the hand of an officer or attorney duly authorised.*
- (6) *The original instrument appointing a proxy and the power of attorney or other authority, if any, under which it is signed or a notarially certified copy of that power or authority shall be deposited at the Poll Administrator's Office, Mega Corporate Services Sdn Bhd at Level 15-2, Bangunan Faber Imperial Court, Jalan Sultan Ismail, 50250 Kuala Lumpur or submitted via email at AGM-support.Sasbadi@megacorp.com.my not less than forty-eight (48) hours before the time for holding the meeting or adjourned meeting.*
- (7) *The Personal Data Protection Act 2010, which regulates the processing of personal data in commercial transactions, applies to the Company. By providing to us or our agents your personal data which may include your name, contact details and mailing address, you hereby consent, agree and authorise the processing and/or disclosure of any personal data of or relating to you for the purposes of issuing the notice of this meeting and convening the meeting, including but not limited to preparation and compilation of documents and other matters, whether or not supplied by you. You further confirm to have obtained the consent, agreement and/or authorisation of all persons whose personal data you have disclosed and/or processed, in connection with the foregoing.*

EXPLANATORY NOTES

Resolution 1

There is no increase in the Directors' Fees for the financial year ending 31 August 2023.

Resolutions 2 and 3

The profiles of Mr Lee Swee Hang and Ms Law Yi Chian who are standing for re-election are set out under the profile of directors in the Annual Report 2022. Based on the recommendation of the Nomination Committee, the Board is satisfied with both of their performance and contributions and supports their re-election.

Resolutions 5 and 6

The proposed Resolutions 5 and 6 are to seek shareholders' approval to retain Dato' Salleh Bin Mohd Husein and Dato' Noor Rezan Binti Bapoo Hashim, who have served the Board of Directors of the Company for a cumulative term of more than 9 years, as Independent Non-Executive Directors of the Company. The Board recommended that Dato' Salleh Bin Mohd Husein and Dato' Noor Rezan Binti Bapoo Hashim be retained as Independent Non-Executive Directors based on the following justifications:-

- (i) Confirmation and declaration that they met the criteria of Independent Director prescribed under Paragraph 1.01 of the Listing Requirements of Bursa Securities;
- (ii) Confirmation and declaration that they have no conflict of interests with the Company and have not been entering/are not expected to enter into contract(s) especially material contract(s) with the Company and/or its subsidiary companies; and
- (iii) Their length of service on the Board do not in any way interfere with their exercise of balance and objective views to Board deliberations. Their experiences and knowledge in the Group's business and operations enable them to contribute effectively to Board deliberations and decision making.

Resolution 7

The proposed Resolution 7, if passed, will renew the authority given to the Directors of the Company to allot and issue new shares in the Company pursuant to Sections 75 and 76 of the Companies Act 2016 ("the Act") ("General Mandate"), without first offer to holders of existing issued shares of the Company, provided that the number of shares issued pursuant to this General Mandate, when aggregated with the number of shares issued during the preceding twelve (12) months, does not exceed 10% of the total number of issued shares of the Company at the time of issue and waive the statutory pre-emptive rights of shareholders of the Company ("Waiver"). This General Mandate, unless revoked or varied at a general meeting, will expire at the conclusion of the next AGM of the Company.

The purpose to seek the General Mandate is to enable the Company to raise funds expeditiously for the purpose of funding future investment project(s), working capital, repayment of borrowings and/or acquisition(s) without having to convene a general meeting to seek shareholders' approval when such opportunities or needs arise.

The Waiver will allow the Directors of the Company to issue new shares of the Company which rank equally to existing issued shares of the Company, to any person without having to offer the new shares to all existing shareholders of the Company prior to issuance of new shares in the Company under the General Mandate.

The Company did not issue any new shares pursuant to mandate obtained at the Ninth AGM of the Company held on 16 February 2022.

Resolution 8

The proposed Resolution 8, if passed, will renew the authority given to the Directors to purchase issued ordinary shares in the Company of not exceeding 10% of the total number of issued shares of the Company through Bursa Securities in accordance with the Act, the provisions of the Constitution of the Company and the requirements of Bursa Securities. This authority unless revoked or varied by the Company at a general meeting, will expire at the next AGM of the Company.

Details on the proposal contained under Resolution 8 above are set out in the Statement to Shareholders dated 30 December 2022.
