Directors' Profile

DATO' CHENG MOOH TAT Executive Chairman

Dato' Cheng Mooh Tat ("Dato' Cheng"), male, a Malaysian aged 62, is our Executive Chairman and was appointed to our Board on 9 March 2020. He is responsible for overseeing the overall business direction and strategies of our Group.

Dato' Cheng holds a Sijil Tinggi Persekolahan Malaysia from Maktab Adabi Bukit Mertajam, Pulau Pinang. He is a co-founder of Yenher Agro-Products Sdn Bhd ("Yenher Agro"), Yenher Biotech Sdn Bhd ("Yenher Biotech") and YH European Protein Asia Sdn Bhd ("YHEPA"). He has more than 40 years of experience in animal health and nutrition industry. He also serves as a director of Yenher Agro, Yenher Biotech and YHEPA. and is responsible for overseeing the business operations of those companies.

Dato' Cheng has played an instrumental role in the growth and development of our Group throughout the years. His experience in the development of our Group's products which included premixes, complete feed, formulated products and biotech animal feed ingredients, has led to the expansion of the product portfolio of our Group. In addition, he was also responsible for the establishment of laboratory division, which has enabled our Group to conduct R&D activities as well as perform various diagnostic and material analyses in-house.

Dato' Cheng Mooh Tat is the brother of Cheng Mooh Chye and Cheng Mooh Kheng, and is the spouse of Datin Theoh Mooi Teng.

CHENG MOOH KHENG Executive Director

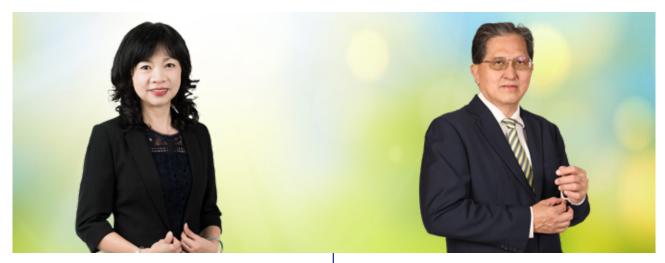

Cheng Mooh Kheng ("Mr Cheng"), male, a Malaysian aged 56, is our Executive Director and was appointed to our Board on 9 March 2020. He is primarily responsible for overseeing the sales and marketing strategies of our Group.

Mr Cheng holds a Sijil Rendah Pelajaran ("SRP") from Sekolah Menengah Kebangsaan Simpang Empat, Pulau Pinang.

Mr Cheng joined Yenher Agro in 1993 and is a co-founder of Yenher Biotech and YHEPA. He has more than 33 years of experience in the sales and marketing activities of animal health and nutrition industry. He also serves as a director of Yenher Agro, Yenher Biotech and YHEPA.

Cheng Mooh Kheng is the brother of Cheng Mooh Chye and Dato' Cheng Mooh Tat and is the brother-in-law of Datin Theoh Mooi Teng.

Directors' Profile (Cont'd)

DATIN THEOH MOOI TENG Executive Director

Datin Theoh Mooi Teng ("Datin Theoh"), female, a Malaysian aged 58, is our Executive Director and was appointed to our Board on 9 March 2020. Datin Theoh is responsible for overseeing our Group's accounting and finance departments. She is also responsible for overseeing our Group's purchasing, shipping, administration and human resource functions. Datin Theoh graduated with a Bachelor of Arts in Economics (Hons) from the University of Sunderland in the United Kingdom in 1990.

Datin Theoh joined Yenher Agro in 1992. She has more than 33 years of experience in management roles overseeing accounting and finance, purchasing, shipping, administration and human resource functions. In October 2019, Datin Theoh was appointed as a director of Yenher Agro. She also serves as a director of YHEPA.

Datin Theoh is the spouse of Dato' Cheng Mooh Tat and is the sister-in-law of Cheng Mooh Chye and Cheng Mooh Kheng.

TAN PENG LAM
Independent Non-Executive Director

Tan Peng Lam ("Mr Tan"), male, a Malaysian aged 66, is our Independent Non-Executive Director. He was appointed to our Board on 10 November 2020. He is the Chairman of our Audit and Risk Management Committee and a member of our Nomination Committee and Remuneration Committee.

Mr Tan obtained a Master in Business Administration from Massey University in New Zealand in November 1992. Mr Tan is a Fellow member of the Association of Chartered Certified Accountants and a registered Chartered Accountant with the Malaysian Institute of Accountants.

Mr Tan Peng Lam had 40 years of working experience in Auditing, Finance, Accounting and Corporate Finance both in Malaysia and overseas. He had worked in Big 8 Accounting Firm and listed company in Malaysia. Prior to his retirement in 2019, he was the CFO of Texchem Resources Berhad ("Texchem") and had worked with Texchem for 19 years.

Currently, he is also an Independent Non-Executive Director of Berjaya Land Berhad and RGT Berhad.

Directors' Profile (Cont'd)

Dr Ong Bee Lee ("Dr Ong"), female, a Malaysian aged 71, is our Independent Non-Executive Director. She was appointed to our Board on 1 July 2022. She is the Chairman of Nomination Committee and a member of the Audit and Risk Management Committee and Remuneration Committee.

Dr Ong obtained the Certificate International Registered Certified Auditor (IRCA) QMS ISO Lead Auditor course ISO 9001 and ISO 17025 from National Association of Testing Authorities (NATA), Australia. She completed her Degree in Veterinary Medicine and Animal Science and Master in Aquatic Animal Health from Universiti Pertanian Malaysia.

Dr Ong started her career in the Department of Veterinary Services Malaysia (DVS) as Veterinary Officer in May 1980. Subsequent she was promoted as Director of DVS of many laboratories and the swine unit until she retired in February 2006. In the same year, she was invited to work with World Health Organization (WHO) as a Zoonotic Epidemiologist in Communicable Disease Surveillance and Response Division, Western Pacific Regional Office in Philippines until May 2011. During her tenure in WHO, she was responsible for managing zoonotic diseases such as Avian Influenza (H5N1), pandemic H1N1 (2009) or swine flu, leptospirosis, plague, brucellosis, anthrax and rabies across the Asia and Western Pacific region and internationally.

In July 2011, Dr Ong was invited to join the Faculty of Veterinary Medicine in Universiti Putra Malavsia as Associate Professor until September 2014. In October 2014, she joined Universiti Malaysia Kelantan as a Principal Fellow/ Industrial Professor of the Faculty of Veterinary Medicine until September 2018. As an academician, she has published many books/ book chapters and international guidelines and papers for managing zoonotic disease control and prevention. Her areas of expertise are epidemiology, veterinary public health, pig and poultry disease, aquatic animal health, laboratory management and quality assurance program. Her research areas covered pig and poultry diseases, diseases related to transmission from animal to human e.g. Al, Swine Flu, Rabies, TB and aquatic animal health. She has also produced many post graduates (PhD and Master Levels) and undergraduates in these areas.

Currently, Dr Ong is a freelance Lead and Technical Auditor for Standards Malaysia Laboratory Accreditation Scheme.

Dato' Lim Choon Khim ("Dato' Lim"), male, a Malaysian aged 48, is our Independent Non-Executive Director. He was appointed to our Board on 10 November 2020. He is the Chairman of our Remuneration Committee and a member of our Audit and Risk Management Committee, as well as Nomination Committee.

Dato' Lim graduated with a Bachelor of Laws and Bachelor of Commerce from the University of Melbourne in June 2001. He was admitted to the Malaysian Bar in 2002.

Dato' Lim currently serves as a Partner of CK Lim Law Chambers. He has 20 years of experience handling legal matters involving commercial, company, banking, construction, constitutional and laws. He also handles labour, employment and industrial disputes.

Dato' Lim also acts in advisory roles for multinational corporations, real estate developers and government-linked companies on matters relating to Malaysian law.

Save as disclosed above, the above Directors have:

- no other directorships in other listed companies;
- no family relationship with any Director and/ or major shareholder of Yenher; and
- no conflict of interest in Yenher.

The above Directors have not been convicted of any offence (other than traffic offences) within the past five (5) years and have not been imposed any public sanction or penalty by the relevant regulatory bodies during the financial year.

The attendance of the Directors at Board Meetings and Board Committee Meetings for the FY2024 is disclosed in the Corporate Governance Overview Statement on page 26 of this Annual Report.

Key Senior Management Profile

CHENG MOOH CHYE

Executive Director of Yenher's subsidiaries

Cheng Mooh Chye ("Mr Cheng"), male, a Malaysian aged 66, is our director of Yenher Agro and Yenher Biotech. He holds a SRP from Sekolah Menengah Kebangsaan Simpang Empat, Pulau Pinang.

Mr. Cheng joined Yenher Agro in 1993 and is a co-founder of Yenher Biotech. He has more than 30 years of experience in animal health and nutrition industry and is responsible for overseeing the warehousing operations of the Group.

Cheng Mooh Chye is the brother of Dato' Cheng Mooh Tat and Cheng Mooh Kheng, and is the brother-in-law of Datin Theoh Mooi Teng.

DR LEE CHOON SHEN

General Manager of Business Development and Sales

Dr Lee Choon Shen ("Dr Lee"), male, a Malaysian aged 43, is our General Manager of Business Development and Sales. He is responsible for overseeing our Group's business development and marketing activities and its related activities.

Dr Lee graduated with a Doctor of Veterinary Medicine from Universiti Putra Malaysia in May 2007. He is a member of the Veterinary of Malaysia since 2007, a member of the World's Poultry Science Association (Malaysia branch) since 2013 and a Life Member of the Veterinary Association of Malaysia since 2015.

Dr Lee began his career at Sunzen Corporation Sdn Bhd in June 2007 as a Field Service Veterinarian where he was involved in providing technical services and marketing of the company's animal health products. Sunzen Corporation Sdn Bhd is a subsidiary of Sunzen Biotech Berhad, a company listed on the ACE Market of Bursa Securities and is involved in, among others, the manufacturing and marketing of animal health products.

Dr Lee then left the company in September 2012 and joined HIPRA Malaysia Sdn Bhd in October 2012, a veterinary pharmaceutical company, as a Regional Technical and Marketing Manager where he oversaw the technical support and marketing activities for the company's poultry products in selected South East Asia and Taiwan markets. Thereafter, he was appointed as a director of HIPRA Malaysia Sdn Bhd in December 2012. He was then reassigned as a Business Manager cum Technical and Marketing Manager in January 2015, where his responsibilities included overseeing the sales and marketing activities for products catered for swine and poultry subsectors in Malaysia.

Subsequently, Dr Lee left the company and joined Yenher Agro in January 2016, as a Regional Manager where his responsibilities included overseeing the company's distribution activities. He was also involved in overseeing new product registrations and expanding the company's products portfolio. He was then promoted to his current position in August 2018.

Key Senior Management Profile (Cont'd)

LIM SEK YANG

Deputy General Manager of Finance

Lim Sek Yang ("Mr Lim"), male, a Malaysian aged 45, is our Deputy General Manager of Finance. He is responsible for overseeing the accounting and finance functions of our Group.

Mr Lim graduated with a Bachelor of Accountancy (Hons) from Universiti Utara Malaysia in September 2005. He is a member of the Malaysian Institute of Accountants since 2009 and a member of the Chartered Institute of Management Accountants since 2017.

Mr Lim began his career at Ernst & Young, an accounting firm in July 2005, as an Associate in the assurance and advisory business services division and was subsequently promoted to Senior Associate in 2007. During his stint with Ernst & Young, he was involved in conducting statutory financial audits and special audits (which included consolidation for private and public limited companies in various industries).

Mr Lim left the firm in November 2007 and joined Armstrong Auto Parts Sdn Bhd in June 2008 as an Assistant Manager in the accounts department where he oversaw the company's financial and accounting functions. Armstrong Auto Parts Sdn Bhd is a subsidiary of Oriental Holdings Berhad, a company listed on the Main Market of Bursa Securities and is involved in, among others, the manufacturing and distribution of automotive parts.

Mr Lim then left the company and joined ZF Chassis Systems Sdn Bhd in November 2012, a manufacturer of automotive parts, as a Finance and Controlling Manager where his responsibilities included setting up and overseeing the daily operations of the company's finance and controlling department. He was subsequently appointed as the Plant Compliance Delegate in 2013 to oversee the company's compliance with the provisions of law and its internal rules.

Subsequently, Mr Lim left the company and joined Yenher Agro as a Finance Manager in July 2017 and was then promoted to his current position in January 2021.

Save as disclosed above, the above Key Senior Management have:

- no other directorships in other listed companies;
- no family relationship with any Director and/ or major shareholder of Yenher; and
- no conflict of interest in Yenher.

The above Key Senior Management have not been convicted of any offence (other than traffic offences) within the past five (5) years and have not been imposed any public sanction or penalty by the relevant regulatory bodies during the financial year.

Management Discussion and Analysis

Summary and overview of business

Yenher Holdings Berhad ("Yenher" or the "Company") and its subsidiaries ("Yenher Group" or the "Group") are principally involved in the business of manufacturing and distribution of animal health and nutrition products. Our manufacturing products include premixes, complete feed, formulated products and biotech animal feed ingredients while our distribution products include various types of feed additives, vitamins, minerals, veterinary pharmaceuticals, veterinary vaccines, farm equipment, livestock reproduction products, disinfectant products, companion animal products, grains and oilseeds. Complementary to our products are the technical consulting services provided to our customers to enhance the health and promote the growth of their livestock with the experience, expertise, scientific approach and innovative solutions provided by the Group's various veterinarians. The Group principally serves the Malaysian market but also has various markets overseas, exporting to Indonesia, Brunei, Hong Kong, Taiwan, Pakistan, Singapore, South Korea, and Afghanistan.

In the poultry sector, rising consumer demands and improved supply conditions contributed to a positive market in year 2024. On the other hand, while challenges remained in the swine sector due to the African Swine Fever, the industry continued to carry out stringent control measures and adjustments in business models as part of their risk mitigation strategies.

At Yenher, we review our strategies and directions on an ongoing basis, adjusting our business plans considering the broader and future market trends. During the financial year, the Group further refined its plan for the new Good Manufacturing Practice ("GMP") plant to incorporate downstream feed mill for the production of livestock and aquaculture feed as well as pet food.

At the same time, we also partnered with Fermentation experts A/S from Denmark to incorporate a 60: 40 joint venture company, namely YH European Protein Asia Sdn Bhd, to manufacture and sell eco-friendly plant protein under the brand of "European Protein" in Southeast Asia and Taiwan market.

On 2 December 2024, Yenher entered into a Memorandum of Understanding with Bioloop Sdn Bhd to establish a joint venture collaboration to set up a Black Soldier Fly plant, the bioconversion of organic waste into high-value protein and organic fertiliser.

Review of financial performance and position

Yenher Group recorded a revenue of RM272.3 million in FY2024. FY2024 revenue decreased by 15.0% compared to FY2023 mainly because the Distribution Activity reported lower sales. Compared to FY2023, the Distribution Activity revenue decreased by 27.3% while the revenue from the Manufacturing Activity increased by 12.0%. The Manufacturing and Distribution Activities contributed 41.2% and 58.8% to the Group's revenue, respectively.

Gross profit was recorded at RM52.7 million for FY2024, which is 8.3% higher than the previous financial year. The higher gross profit margin of 19.4% (FY2023: 15.2%) was attributable to higher revenue contribution by the Manufacturing Activity which has a higher profit margin as compared to the Distribution Activity.

Profit before tax ("PBT") increased by 3.7% to RM28.4 million (FY2023: RM27.4 million) with a PBT margin of 10.4% (FY2023: 8.6%). Despite the lower revenue, the Group was able to achieve a marginal 1.4% increase in its profit after tax ("PAT") at RM 21.5 million (FY2023: RM21.2 million). PAT margin for FY2024 was recorded at 7.9%, compared to 6.6% the previous year.

	FYE 2024 RM'000	FYE 2023 RM'000	Changes
Revenue	272,288	320,421	-15.0%
Gross profit	52,742	48,697	8.3%
Gross profit margin (%)	19.4%	15.2%	
Profit before taxation	28,420	27,396	3.7%
Profit after taxation ("PAT")	21,523	21,218	1.4%
PAT margin (%)	7.9%	6.6%	

Management Discussion and Analysis (Cont'd)

Review of financial performance and position (Cont'd)

Overall total assets increased by 7.2%, supported by higher value of property, plant, and equipment and intangible assets from Yenher's ongoing expansion including industry partnerships. As at 31 December 2024, the Group's total assets stood at RM289.5 million, compared to RM270.1 million last year.

On the other hand, total liabilities decreased by 5.1% to RM33.1 million. The Group does not have bank borrowings, while trade and other payables comprise a major component of the Group's liabilities.

Due to higher retained profits and revaluation gains, the Group's total equity grew by 8.9% to RM256.2 million as at 31 December 2024 (31 December 2023 : RM235.2 million). Debt to equity ratio¹ reduced to 0.13x, compared to 0.15x last year, demonstrating strong financial backed by high solvency.

Cash and cash equivalents as at 31 December 2024 stood at RM18.6 million which have decreased by RM18.5 million or 49.9% compared to the previous financial year. The utilisation of cash is largely attributable to payments made for capital investments which have boosted the Group's total assets.

Review of operating activities

Manufacturing Activity

The Group currently operates two manufacturing plants – one for premixes, complete feed, and formulated products; and one for biotech animal feed ingredients. Our products are formulated to cater for the different needs of livestock based on their growth stages and health conditions. Ingredients and proportions can also be customised and adjusted depending on customers' needs. We also offer specialised formulations designed in-house through our Green Ideal Protein ("GIP") series of premixes.

The revenue of the Manufacturing Activity grew by 12.0% to RM112.3 million in FY2024 (FY2023: RM100.2 million) driven by stronger market demand stemming mainly from poultry sector. During the financial year under review, we adjusted our sales and marketing strategies to harness opportunities in the poultry sector.

The Manufacturing Activity reported a gross profit of RM29.6 million, contributing 56.1% to the Group's total gross profit. Its gross profit margin was recorded at 26.4% which has contributed to the Group's higher gross profit margin for FY2024.

In 2023, we commenced the construction of a new GMP plant to expand our production capacity and consolidate our existing capacities into a single location. The new GMP is expected to expand production volume to three-fold and it will house our new office space, research and development centre, and warehouse. In FY2024, we revised our GMP plant to include additional feed mill equipment and extended the expected completion date to December 2025.

In addition to continuous innovation to expand the products offered, the Management is proactively carrying out efforts to maintain or enhance operational efficiency. We are also monitoring the construction progress of the new GMP plant towards meeting its expected completion date.

Distribution Activity

The Distribution Activity comprises the selling of various types of feed additives, vitamins, minerals, veterinary pharmaceuticals, veterinary vaccines, farm equipment, livestock reproduction products, disinfectant products, companion animal products, grains and oil seeds. This includes the selling of reputable brands of animal feed-related products through distributorship arrangements.

The revenue from the Distribution Activity in FY2024 was lower than in FY2023 due to lower sales, particularly for grain and oil seeds. The Distribution Activity contributed RM23.1 million or 43.9% to the Group's total gross profit for FY2024 with a gross profit margin at 14.5%.

We will continue to expand the product portfolio of our Distribution Activity, including constantly seeking to acquire new distributorship rights to bring more product options to the market.

¹ Calculated by dividing total liabilities by total equity

Management Discussion and Analysis (Cont'd)

Review of operating activities (Cont'd)

Key risks

The inherent risk in our business lies with adverse risks affecting the livestock industry. For example, an outbreak of animal disease may affect the overall livestock population and thus lower demand for our products and services. Macroeconomics of the industry, such as the sustainability and profitability of our clients, the farmers and producers, may also affect demand for our products and services.

At Yenher, we offer a wide range of products and services to support the development of a healthier and more sustainable livestock market and offer solutions to manage these risks in the industry. Our products and services are catered to the various needs of livestock in different growth stages, including vaccines and nutrition products that improve the quality of animal protein. We will also continuously diversify our products and technical services as well as expanding our business in regional markets in order to reduce our risks.

Our business depends on the global supply chain and our raw materials may be sourced globally. Geopolitical conflicts, trade wars, or disruptions in the global and regional networks may impact our supplies including cost price, delivery schedule, or material availability. In this regard, we place emphasis in establishing and maintaining good relationships with our carefully selected suppliers. Our supply chain management is assessed regularly alongside other business functions including product planning, costing, and logistics to optimise margins and to enable timely response to supply chain risks as and when they arise.

Dividends

On 23 August 2024, the Board declared a first single-tier interim dividend of 1.50 sen per ordinary share amounted to RM4,500,000 for the financial year ended 31 December 2024. The dividend was paid on 11 October 2024.

On 27 February 2025, the Board declared a second single-tier interim dividend of 1.50 sen per ordinary share amounted to RM4,500,000 for the financial year ended 31 December 2024 which was paid on 11 April 2025.

The dividend payout of RM9 million represents 41.8% of the Group's profit for FY2024 which is in line with our dividend policy of distributing at least 40% of our annual audited profit attributable to the shareholders.

Prospect and conclusion

The overall market sentiment is positive, anticipating an encouraging recovery in the local livestock industry. Consumer demand in the poultry sector is expected to maintain or continue to increase, while supply conditions are expected to stabilise from higher production efficiency of the sector. We will also continue to monitor trends in the swine sector to identify opportunities and support our customers with our product and solutions, as well as adjusting our strategies to align with market dynamics.

The Group takes a cautiously optimistic view with regard to the Group's performance for the financial year ending 31 December 2025.

Sustainability Statement

Sustainability Statement

Introduction

The Board of Directors ("Board") of Yenher Holdings Berhad ("Yenher") presents this Sustainability Statement (this "Statement") on the approach, management and performance of the sustainability matters of Yenher and its subsidiaries ("Yenher Group" or the "Group").

The scope of this Statement includes the Group's head office and operations which are based in Malaysia, i.e. its head office in Penang, Yenher Agro-Products Sdn Bhd ("Yenher Agro") and Yenher Biotech Sdn Bhd ("Yenher Biotech"), for the financial year ended 31 December 2024 ("FY2024").

Reporting Framework

This Statement has been prepared in accordance with the Main Market Listing Requirements ("Listing Requirements") of Bursa Malaysia Securities Berhad ("Bursa") and has considered the Sustainability Reporting Guide – 3rd Edition, and its accompanying Toolkits, published by Bursa.

Assurance

• This Statement has been independently reviewed by Yenher's internal auditor, Sterling Business Alignment Consulting Sdn Bhd., covering quantitative and qualitative narratives in this Sustainability Statement.

Governance Structure for the Management of Business Sustainability

The Board of Yenher is responsible for reviewing and adopting the strategic plans of the Company. In delivering its duties, the Board ensures that the strategic plan of the Company supports long-term value creation and includes strategies on economic, environmental, social and governance considerations underpinning sustainability.

In addition, the Board is also responsible for ensuring the Group's governance structure supports the management of business sustainability. Amongst others, this includes ensuring that the responsibilities of incorporating sustainability considerations in the Group's business plans and operations are appropriately delegated and that a system is in place to monitor the Group's sustainability performance.

The Senior Management team, through its risk management and sustainability committee led by the Executive Chairman, is responsible for driving the Group's sustainability strategy, management, and performance. Amongst others, the Senior Management ensures there is a process to systematically identify, assess and analyse, manage, and report sustainability matters which are material ("MSMs") to the Group. The Senior Management team develops Sustainability strategies and policies for the Board's review and approval.

The Senior Management team provides guidance to the Heads of Departments to drive the implementation of the Group's broad sustainability strategies, ensuring MSMs affecting the Company's ability to create value in the short, medium, and long term are managed holistically and consistently according to strategies and policies approved by the Board.

The respective Heads of Departments ensure relevant sustainability matters, including the associated risks and opportunities, are managed within their respective business segments or operations. The management of the Group's sustainability matters is supported by its risks management process, which considers the sustainability risks of the Group. The overall sustainability performance of the Group is reported to the Board annually.

The Audit and Risk Management Committee oversees and reviews the key risks of the Group at least annually.

Materiality Assessment

Yenher conducts materiality assessment on an annual basis to assess and determine the Group's MSMs. The assessment is performed by reviewing and considering the identified sustainability matters, in relation to their significance to the Group's business and stakeholders. Such an approach allows us to consider sustainability matters in relation to the overall value of the business and its stakeholders.

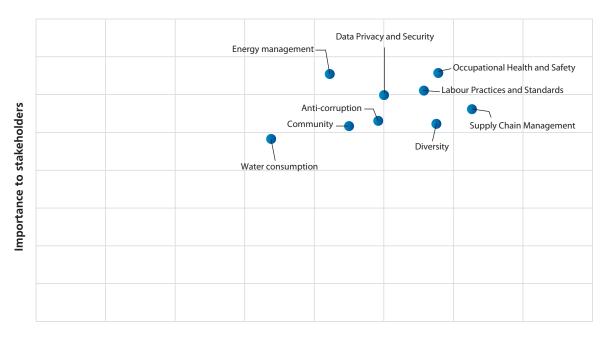

Yenher adopts a definition of "materiality" that is in line with the Listing Requirements, where a material sustainability matter is one that:

- reflects the Group's significant economic, environmental, social and governance impacts; or
- substantively influence the assessments and decisions of stakeholders.

In its materiality assessment, Yenher has also considered the disclosure of the common sustainability matters required to be disclosed in accordance with Part B of Practice Note 9A of the Listing Requirements.

The Group's materiality matrix is presented as follows:

FY2024 Materiality Matrix

Significance to the Group

The Materiality Matrix survey is conducted once every three years. The most recent survey was conducted in 2023. However, the Board of Directors or the Risk Management and Sustainability Committee may request a new survey if deemed necessary or if circumstances warrant it.

The Senior Management carried out a special stakeholder engagement exercise to obtain stakeholders' feedback and inputs in relation to their prioritisation of what sustainability matters and concerns them most.

Stakeholder Engagement and Relationships

The Group's stakeholders are categorised into various groups considering their dependence and influence on the business or the Group. Based on these stakeholder categorisations, the stakeholders are engaged through various means and channels, considering the engagement objective and effectiveness of engagement channels. In addition to communicating key policies and information such as sustainability strategies, directions, targets, and performance, the engagement channels are also used seek feedback to support our internal process improvement. The following table highlights the Group's key stakeholders and how we engage with them.

Key stakeholders	Engagement approaches
Customer and distributors	Meetings and discussions (including online) Product briefings Visits at customers' site
	 Visits at customers site Complementary consulting and after sales services
Shareholders and investors	 Corporate website Investor relations channel Announcements on Bursa's website Investor and analyst briefings General meetings
Employees	 Employee Handbook and other company policy Employee survey Annual performance appraisal Orientation and regular training
Suppliers and service providers	 Meetings and discussions (including online) Site visits Product sampling Technical and product briefings
Regulators and authorities	 Meetings and discussions Reporting as per laws and regulations
Bankers and financiers	Annual bankers' review

We are committed to actively engaging with stakeholders to develop and maintain strong relationships with stakeholders. The Group aims to build close relationships with our stakeholders to understand their views and needs, and to understand how we could foster constructive collaborations with stakeholders to create shared values. Our stakeholder engagement approaches also take into consideration the stakeholders' nature of relationship with the business.

We review our engagements with stakeholders from time to time to ensure our communication approaches and channels remain relevant, adequate, and effective.

Yenher's Vision, Mission, and Core Values

Yenher Group's business is guided by its Vision and Mission and driven by innovation, our expertise, and dedication to our customers.

Vision

To be an innovative leader in design and develop unique, economic, and effective supply in animal health

Mission

Serving our customers
with comprehensive
solutions through
dedicated team of
qualified technical
experts

Core Value

Passion

Technocracy

Ethics and Integrity

Relevant MSM: Anti-corruption

Integrity is one of the core values of Yenher Group. We build our relationships with stakeholders on the basis of trust, integrity, and honesty, and we believe this will help us shape a respectful and trustworthy business environment for the industry.

The Group is committed to upholding integrity in the way we do business and adopting ethical business practices in all our business and operations, including minimising environmental and social impacts, upholding labour standards, and protecting human rights.

Communicating Expectations

We have a Code of Conduct and Business Ethics ("Code"), applicable to Directors and employees. The Code sets clear expectations and standards for ethical behaviours and conduct and addresses topics such as business ethics, managing conflict of interests, insider trading, anti-corruption, and responsible corporate citizenship. Business ethics and values are incorporated in the Group's internal codes, policies, and procedures, as well as the Employee Handbook.

New Directors and employees are being introduced the Code and they are required to acknowledge commitment to it, and adhereto other codes and policies. Training is provided from time to time to remind or update employees.

We also expect business associates and partners to act in alignment with Yenher's ethical values.

Anti-Bribery and Anti-Corruption

The Board established an Anti-Bribery and Corruption ("ABC Policy") that stipulates the Group's zero-tolerance against all forms of bribery and corruption. The ABC Policy provides guidelines for high corruption-risk areas such as dealing with public officials, the use of gifts, hospitality, and entertainment, as well as donations and sponsorships. Facilitation payments are deemed bribes and are prohibited.

The ABC Policy is publicly available on our corporate website.

The ABC Policy forms part of the onboarding briefing materials provided to new employees and we ensure all Directors and employees receive relevant anti-corruption training.

The ABC Policy is also applicable to associated third parties, such as vendors, suppliers, agents, consultants, and business partners. Key third parties such as key suppliers and service providers are introduced to the ABC Policy when they are engaged. We also communicate our zero-tolerance stance against bribery and corruption in our transaction documents such as purchase orders.

Yenher adopts a risk-based approach towards managing bribery and corruption. Corruption risk assessment is incorporated in the risk management process and managed and monitored alongside other risks which are subject to annual review and monitoring for risk management effectiveness.

As of 31 December 2024, all operations of the Group have been assessed for corruption-related risks.

	As at 31 December 2022	As at 31 December 2023	As at 31 December 2024

Reporting breaches and violations

Breaches and violations of the Group's Code, as well as other misconduct or wrongdoings, can be reported via the Group's whistleblowing channel which was established via the Whistleblowing Policy. The whistleblowing channel offers a confidential and secure mechanism through which internal and external stakeholders, including third parties, can report or raise concerns regarding serious misconduct, such as corruption or bribery within Yenher. This channel ensures protection for the whistleblower against any form of retaliation within the Group.

The whistleblowing channel does not prohibit anonymous reporting, it also provides access to the Directors to ensure the objectivity of the reporting mechanism.

The Whistleblowing Policy is publicly available on our corporate website.

We are pleased to report that there were no non-compliance or fines related to breaches of business ethics-related matters reported during FY2024.

	FY2022	FY2023	FY2024
Significant cases of non-compliance (business ethics-related matters)	0	0	0
Confirmed incidents of corruption	0	0	0

Employees

Relevant MSMs: Labour Practices and Standards and Diversity

Yenher Group has 143 employees as at 31 December 2024, of which 59.4% are permanent, full-time employees. There were no significant changes in our workforce compared to the previous year.

Apart from security personnel, we do not have a significant number of workers who are not our employees working at our sites. They are about 3% of our employees.

	FY2023	FY2024
Percentage of employees that are contractors or temporary staff	6%	3%

Employees (Cont'd)

The demographics of the Group's employees are fairly distributed across age groups. Apart from non-executive positions which require manual labour, we have a considerable representative mix of male and female employees.

As at 31 December 2024						
	Ger	nder		Age Group		Total

Employees' Human Rights and No Discrimination

All employees shall be treated equally and not discriminated in any way based on gender, religion, disability, marital status, etc. Such policy is further specified in our Employee Handbook. We are committed to upholding fair employment and equal treatment in our employment practices, including recruitment, training, promotions, disciplinary actions, etc.

We are also against any harassment or bullying, including sexual harassment.

We respect the fundamental rights of all people and are against child labour and forced or involuntary labour. We comply with applicable laws and regulations pertaining to labour practices, including minimum wages, reasonable overtime, and accommodation standards, and we ensure workplace safety. We do not restrict employees' freedom of association or rights to collective bargaining.

Employees (Cont'd)

Employees' Human Rights and No Discrimination (Cont'd)

Employees can report any violation of human rights, cases of discriminative nature, or breaches of fair employment practices via the Group's whistleblowing channel.

During the financial year under review, there were no substantiated complaints concerning human rights violations reported.

	FY2022	FY2023	FY2024
Number of substantiated complaints concerning human rights violations	0	0	0

Talent development

Ongoing development of employees is part of the Group's human capital management, alongside Yenher's succession planning program in ensuring ongoing presence of key leadership and key skills within the Group. Internal talent development also supports the Group's ability to pursue more efficient operations, business growth, and relationship management. We support both the personal and professional development of employees.

Skills and talents are required in various functions of the Group's business and operations such as research and development ("R&D"), sales and marketing, production, and others.

All employees are appraised annually to review their performance during the year and consider the relevant reward or promotion, if any. The appraisal also serves as a platform to determine the employees' training needs, considering the business strategies and objectives of the Group. Employees may also request for specific training as relevant to their work scope or development plans.

We have a target of 4 minimum training hours per year for direct employees (i.e. production workers) and 8 minimum training hours per year for indirect employees (i.e. non-production workers).

Training hours	FY2022	FY2023	FY2024
Directors	106.50	205.5	77.50
Employees	3,904.25	2,897.00	2,395.25

Management	282.00	260.25	343.50
Executive	1,759.25	1,210.00	772.25
Non-executive	1,675	1,204.25	1,129.00

Training hours	FY2022	FY2023	FY2024
Percentage of direct employees achieving a minimum of 4 hours of training	90.4%	96.1%	96%
Percentage of indirect employees achieving a minimum of 8 hours of training	79.7%	74.3%	71%
Average training hours per employee	25 hours	20 hours	16.50 hours

Employees (Cont'd)

In FY2024, Yenher Group's employees attended approximately 17 hours per person on average.

Some of the training topics provided during the financial year include the following:

- Introduction of KPI;
- CPR & AED Briefing;
- Noise Hazard & Hearing Conservation;
- Chemical Management & Spill Control;
- Forklift Operators' & Safety Training;
- Fire Drill;
- E-Invoicing Seminar;
- How to Write a Good Marketing Plan for Animal Health;
- Sustainability Management;
- Introduction to ISO 9001:2015; and
- Internal Audit to ISO 9001:2015.

We continue to work together with universities to provide internship opportunities, enabling graduates to gain experience in the industry while having their internship with us. At the same time, these internship programs also give us opportunities to identify talents among graduates to whom we may offer permanent employment. We emphasise developing talents in the fields of biotechnology and livestock nutrition, amongst others.

Employee Engagement and Retention

We operate in a considerably competitive human capital environment. We strive to create a conducive business environment and offer attractive packages and benefits to attract suitable talents and skills to work with us.

Our various employee engagement channels are important to enable effective communication with employees, including understanding their concerns and needs to enhance their satisfaction at work.

We are in the midst of planning an employee survey in 2025 to gather feedback from employees regarding their satisfaction and happiness at work, to support the development of a longer-term mutually beneficial relationship with our employees.

The Group's overall turnover rate for FY2024 was recorded as 10.60% and remained manageable through our recruitment activities.

	FY2022		FY2	FY2023		FY2024	
	Turnover number	Turnover rate	Turnover number	Turnover rate	Turnover number	Turnover rate	
Senior Management	1	14.3%	1	22.2%	1	28.6%	
Management	0	0%	1	15.4%	0	0%	
Executive	4	18.2%	2	5.9%	5	16.7%	
Non-executive	7	11.4%	12	11.9%	16	15.8%	

Occupational health and safety

Relevant MSM: Occupational Health and Safety

The Group has a Safety Policy setting out our commitment to enabling a healthy and safe workplace. The Safety Policy is fundamental to the Group's operational processes and standard operating procedures ("SOPs"), ensuring employees operate in a safe environment. All relevant employees are required to familiarise themselves with the SOPs as safety performance is the concerted effort of all employees. The SOPs are reviewed for enhancement from time to time.

Occupational health and safety (Cont'd)

Management of Safety and Health

We have established elements of an occupational safety and health management system such as relevant governance bodies, policies, processes to identify, assess, manage, and monitor safety and health risks, relevant documentation, and continuous improvement processes.

We have a Safety and Health Committee whose members include representatives from the production floor and this allows working-level concerns to be transpired and considered in the committees' deliberations and decisions. The Safety and Health Committee is responsible for overseeing the overall safety and health performance and it meets annually.

Hazard Identification, Risk Assessment and Risk Control ("HIRARC") is carried out to identify and assess high-risk areas and hazards, including assessing the possible causes and potential impacts. Risk mitigation approaches and measures are implemented, such as providing sufficient personal protection equipment ("PPE") for employees, putting up protection barriers, and safety training. SOPs will be updated to reflect enhanced safety controls.

In addition to preventive measures, our safety and health management system also includes processes to guide employees to respond appropriately in the event of incidents or accidents. Generally, we require our employees to put their safety first and remove themselves from situations that may potentially threaten their health and safety. We also have an incident and injury review process where incidents and accidents are documented and analysed to identify if controls need to be enhanced to prevent recurrence. Action plans will be developed, carried out, and followed up.

The Safety and Health Committee meets quarterly and reviews the Group's safety performance. It reports to the Executive Directors annually.

Safety and Health Performance

We have set targets to have zero cases of occupational-related serious injuries or fatalities. In FY2024, there were no cases of occupational-related serious injuries or fatalities recorded.

	FY2022	FY2023	FY2024
Lost time incident rate	0	0	0
Occurrence of occupational illness/poisoning/ disease (no. of cases)	0	0	0
Occurrence of accidents resulting in serious injury or fatality (no. of cases)	0	0	0

Safety and Health Training

Employees receive safety awareness briefings and training from time to time to ensure they are aware of the Group's proper safety procedures and how to carry out their work safely, as well as acting appropriately in the event of any incident or emergency. The training programmes also take into consideration the employees' exposure to risk and the nature of work.

The safety and health training provided in FY2024 included the following topics, amongst others:

- first aid, CPR, and AED;
- ERT and fire safety and prevention;
- training for OSH coordinator;
- noise hazard and hearing conservation;
- chemical management and spill control;
- forklift operators and safety training;
 general safety briefing such as on the use of personal protective equipment; and
- fire drill.

	FY2022	FY2023	FY2024
Number of employees trained on health and safety standards	117	114	120

Supply Chain Management

Relevant MSM: Supply Chain Management

The input materials for our products include raw materials and products which are sourced both locally and internationally. The stability and integrity of the supply chain are hence important to the continuity of our operations, production planning, and inventory management. A strong and robust supply chain is also vital for us to expand our product offerings and product capacity, in pursuant of market growth.

We have an established approach towards managing our business's supply chain. Amongst others, we strive to establish and maintain close relationships with business partners, including our carefully selected suppliers, customers, and service providers. We also hold distributorships which enables us to provide a diverse range of products and serve as a one-stop centre to cater for the needs of our customers.

Yenher's supply chain is governed by stringent processes where all suppliers are required to be registered in the Group's approved vendor list. During the assessment of vendors, we consider their product and service quality, pricing and delivery, business ethics and integrity, amongst others. We also assess selected key suppliers and vendors to safeguard and maintain high standards of product and service quality in our supply chain.

We also manage our supply chain through careful sales and production planning, monitoring the timing of the production schedule, and schedule of incoming materials, while ensuring production quality to meet customers' needs and enable timely delivery to our customers. Our sales and production teams undertake regular and effective internal communications to update the internal teams on production progress, as well as external communications to manage customers' expectations.

Our supply chain management is assessed regularly alongside other business functions including product planning, costing, and logistics to optimise margin so we can respond to supply chain risks as they arise.

We understand that purchasing locally will help to support the local economy. Where practical, purchasing locally may also help to diversify supply chain-related risks such as reducing lead time or mitigating geopolitical risks. In this regard, we adopt a balanced strategy and maintain a supply chain with a suitable mix that considers availability, delivery efficiency, quality, and supply chain risk management.

In FY2024, approximately 37% of the Group's spending was for local suppliers.

	FY2023	FY2024
Proportion of spending on local suppliers	30%	37%

Data Privacy and Security

Relevant MSM: Data Privacy and Security

It is important to safeguard our information security and integrity to protect important corporate information, customer data, and personal information such as employee data. The Group's information system is protected via safeguards such as firewalls, antivirus, access controls, etc. We also engage an IT consultant to support our IT systems' effective functioning and security.

We are pleased to report that there were no substantiated complaints concerning breaches of customer privacy or losses of customer data in FY2024.

	FY2022	FY2023	FY2024
Number of substantiated complaints concerning breaches of customer privacy and losses of customer data	0	0	0

Protecting and Preserving the Environment

Relevant MSMs: Energy Management and Water Consumption

Energy and Greenhouse Gas ("GHG") Emissions

This year, we included fossil fuels in our energy consumption and GHG emissions data. Petrol and diesel are mainly used for the company's vehicles and logistics fleet, while liquified petroleum gas ("LPG") is used in forklifts. The consumption of these fuels is estimated from the accounting records.

Electricity used includes electricity purchased from TNB (for operations in Peninsula Malaysia) and SEB (for operations in Sarawak) which powers our operations. We measure our electricity use from electricity bills.

Energy consumption	FY2023 (MWh)	FY2024 (MWh)
Purchased electricity	641.17	622.62
*LPG	N/A	237.54
*Petrol and diesel	N/A	1,591.57
Total		2,451.73

Note: *data collection for fossil-based fuel data began in FY2024

GHG emissions from electricity	FY2023 (tCO ₂ e) ¹	FY2024 (tCO ₂ e) ²
Scope 1	NA	58.65
new Scope 2 ³	473.44	462.15
new Scope 3	NA	395.89

Note: FY2024 GHG emissions data begins to include emissions from fossil fuels

Our new plant, which is expected to be commissioned in 2025, will be fitted with a solar panels power generation system to supply us with renewable energy.

Water usage

Our production activities do not require and rely on water. Water from municipal sources is generally for domestic use at our offices and for cleaning purposes including the cleaning of trucks entering our premises to safeguard the hygiene of our sites.

In FY2024, we withdrew approximately 14,194m³ of water, estimated from water bills.

	FY2023 (m³)	FY2024 (m³)
Water withdrawal (m³)	NA	58.65
Municipal water	15,057	14,194

¹ Includes carbon dioxide, methane, and nitrous oxide

² Includes carbon dioxide, methane, and nitrous oxide

³ estimated using the following Grid Emission Factors. For FY2023 data - FY2021 GEF: 0.758 Gg CO2e/ GWh and 0.198 Gg CO2e/ GWh for Peninsula Malaysia and Sarawak, respectively. For FY2024 data - FY2022 GEF: 0.774 Gg CO2e/ GWh and 0.199 Gg CO2e/ GWh for Peninsula Malaysia and Sarawak, respectively. Source: https://meih.st.gov.my/home

Protecting and Preserving the Environment (Cont'd)

Waste Management

Apart from occasional equipment-maintenance-related waste, we do not generate significant hazardous waste in our operations. All hazardous waste is managed by licenced waste contractors in accordance with the applicable regulations.

Our non-hazardous waste includes packaging materials and residual mix. Where possible, we segregate waste for recycling or reuse. Most of the waste recycled is related to products or materials which can be reused in our production.

	Generated (t)	Diverted from disposal (t)			Directed to disposal (t)		al (t)
		Reused	Recycled	Subtotal	Incineration	Landfill	Subtotal
Hazardous wa	aste						
Production Waste	0.74	-	-	-	-	0.74	0.74
Lab Waste	0.40	-	-	-	-	0.40	0.40
Non-hazardo	us waste						
Industrial Waste	266.91	88.65	1.00	89.65	-	177.26	177.26

Community contribution

Relevant MSMs: Community

We continue to support the communities via donations and contributions to schools and religion establishment, amongst other activities. Notably, we made donations to provide support for the provision of breakfast for school students.

This year, our contribution amounted to about RM47,367 for an estimated 2,742 beneficiaries.

	FY2023	FY2024
Amount contribution to community	RM 61,860	RM 47,367
Number of estimated beneficiaries who are external to the Group	1,211	2,742

Corporate Governance Overview Statement

The Board of Directors ("Board") of Yenher Holdings Berhad ("Yenher" or the "Company") is pleased to present this Corporate Governance Overview Statement ("Statement") for the financial year ended 31 December 2024 ("FY2024") which provided an overview on how the Company has applied the Principles of the Malaysian Code on Corporate Governance (as at 28 April 2021) ("MCCG").

Details of the application of MCCG Practices are disclosed in the Corporate Governance Report which is published on our corporate website at www.yenher.com.my.

The Board of Yenher is cognisant of the importance of upholding high standards of corporate governance to safeguard the assets as well as the best interest of the Company, at the same time ensuring a balanced approach between conformance and delivering accountability through effective governance.

In FY2024, Yenher has applied the Practices of the MCCG except for the following:

- Practice 1.3 : The positions of Chairman and CEO are held by different individuals;
- Practice 8.2 : The board discloses on a named basis the top five senior management's remuneration component including salary, bonus, benefits in-kind and other emoluments in bands of RM50,000; and
- Practice 13.3: Listed companies should leverage technology to facilitate voting including voting in absentia and remote shareholders' participation at general meeting. Listed companies should also take the necessary steps to ensure good cyber hygiene practices are in place including data privacy and security to prevent cyber threats.

Principle A: Board Leadership and Effectiveness

I. Board Responsibilities

The Board is responsible for providing leadership and oversight to the Company, setting short and long-term objectives of the Company and ensuring the Company's strategy incorporates elements that consider long-term sustainability, including underlying considerations pertaining to environmental, social, and governance aspects.

The Board has formalised a Board Charter which sets out the roles and responsibilities of the Board, the Board Committees established to assist the Board, and the individual Directors including the separate roles of the Chairman and Independent Directors.

The Board's responsibilities include reviewing and adopting strategic plans for the Group, overseeing the proper conduct of the business and ensuring adequate and effective risk management and internal control system are in place. The Executive Directors have overall responsibilities for the development of operational and organisational structures including business units. The Executive Directors are tasked to implement the Board's decisions and policies whilst overseeing operations and coordinating business decisions. The role of Management is to support the Executive Directors and implement the general operations and financial business of the Company, in accordance with the delegated authority of the Board.

The Board has established various committees, including the Audit and Risk Management Committee ("ARMC"), Nomination Committee ("NC"), and Remuneration Committee ("RC") (collectively referred to as "the Board Committees") to assist the Board in the discharge of certain duties. The functions, roles, and responsibilities of the Board Committees are formalised via their respective Terms of Reference. While the Board delegates its responsibilities to the Board Committees, it does not abdicate and remains ultimately responsible for making decisions based on the recommendations of the Board Committees.

Principle A: Board Leadership and Effectiveness (Cont'd)

I. Board Responsibilities (Cont'd)

Long-term strategy and sustainability

The Board is responsible for considering, integrating, and overseeing the management of the long-term sustainability matters that are aligned with the long-term objectives and strategies of the Group. The Board reviews the sustainability risks and opportunities, including environmental, social, and governance matters, as identified by Management through materiality assessment and ensures they are managed appropriately. The Board also oversees the strategies, progress, and performance with respect to the management of material sustainability matters. In addition, the Board also reviews the Company's engagement with stakeholders to ensure stakeholder engagements are adequately and effectively carried out.

Effective functioning of the Board

The Board has unrestricted access to the advice and services of the Company Secretaries who are qualified in accordance with the requirements of the Companies Act 2016 and equipped with relevant experience and competence on statutory and regulatory requirements. The Company Secretaries' responsibilities include advising the Board on governance matters, on top of assisting and advising the Board on administrative matters and matters pertaining to the discharge of duties by the Board and Board Committees based on their respective terms of reference. The Company Secretaries also provide updates to the Board on developments in the areas of corporate governance and compliance with company and securities regulations from time to time.

The Senior Management assists the Board in relation to Board procedures including Board meetings and general meetings. Before the commencement of the year, the Company Secretaries schedule the Board and Board Committee meetings for the financial year together with the Directors. All Directors are required to allocate sufficient time to prepare for and attend Board and Board Committee meetings.

Prior to each Board or Board Committee meeting, the chairman of the Board or Board Committee, assisted by the Company Secretaries, develops the agenda for the meeting and ensures relevant matters for deliberation are included in the agenda. The full agenda and meeting papers are circulated at least one week prior to the meeting. After each meeting, the meeting minutes are also circulated to the Directors for their confirmation prior to the next meeting. The meeting minutes include details of the deliberations made, including the outcome, key discussion points raised, and any significant concerns or dissenting views raised, as well as any abstention by Directors due to conflict of interests.

The meetings of the Board and Board Committees and the Directors' attendance during the financial year under review are summarised below.

Dr Ong Bee Lee (Independent Director)	6/6	5/5	1/1	1/1

Principle A: Board Leadership and Effectiveness (Cont'd)

I. Board Responsibilities (Cont'd)

Setting ethical standards for the Group

The Board sets the ethical standards for the Board and the Company, including Yenher's Code of Conduct and Business Ethics ("Code") which sets out the principles and standards of ethical behaviours and business conduct which shall be observed by the Directors and employees and consistently applied throughout the Group. Amongst others, the Code addresses conflict of interests, insider trading including the handling of market-sensitive information, corruption and bribery, as well as providing an avenue for whistleblowing.

In addition, the Company has an Anti-Bribery and Corruption Policy which provides guidance on acting with integrity, including on transactions and relationships such as dealings with public officials, use of gifts, hospitality and entertainment, donations, sponsorships, and charitable contributions.

The Board has established a whistleblowing mechanism which is formalised through the Whistleblowing Policy, allowing anyone, including internal and external stakeholders, to make a whistleblowing report in confidence and without fear of retaliation. Via the channel, a whistleblower can make a report on actual or potential wrongdoings or misconduct, such as violation of laws or regulations, unethical behaviours, or breaches of the Code.

The Group's Code, the Anti-Bribery and Corruption Policy, and the Whistleblowing Policy are published on Yenher's corporate website.

II. Board Composition

The Board is led by an Executive Chairman, Dato' Cheng Mooh Tat, who oversees the effective functioning of the Board. Amongst others, the responsibilities of the Chairman include chairing and facilitating Board meetings, leading Board discussions while ensuring all Directors contribute to discussions and voice out if there are any dissenting views and enabling the Board's decision-making process to incorporate diverse perspectives objectively. The Executive Chairman is also responsible for promoting good corporate governance standards within the Group including the continuous development of the Board.

The Executive Chairman, who is supported by the Executive Directors, also oversees the Group's day-to-day business management and drives the implementation of corporate strategies and business plans approved by the Board.

While the positions of Chairman and CEO are not held by different individuals, the Executive Chairman carries out the dual roles of the Board Chairman stipulated in Yenher's Board Charter and provides leadership to the Management, supported by the Executive Directors with regard to the day-to-day business management.

Half of the Board's Directors are Independent Directors who serve as a check and balance to the Board's independent deliberations, enabling the Board to constructively and objectively challenge and review Management's proposals and performance. The Independent Directors play an important role in balancing the interests of shareholders, particularly those of minority shareholders.

Board mix and diversity

The Board recognises that diversity at the Board includes having the correct mix of skills and experience necessary to effectively monitor various aspects of business management such as financial reporting and sustainability, and having Directors with different and complementing backgrounds and characters to consider business matters from diverse perspectives. In this regard, Yenher's Board has established a Board Diversity Policy.

The Board is made up of Directors who possess a combination of skills and experiences which enable the Board to effectively oversee Yenher's businesses. These skills and experiences include, amongst others, animal health, feed and nutrition, veterinary, finance, economics, audit and accounting, marketing and distribution, environmental sustainability and law.

The Board has a target of having 30% of its Board represented by women directors. Currently, there are two (2) women Directors, or 33.3%, out of the six (6) Directors of the Board.

The Board also encourages women's participation in leadership and senior management roles. Yenher is committed to upholding its merits system and the principles of non-discrimination and equal opportunity at all levels, in its recruitment, assessment, promotion (where applicable) and remuneration processes.

Principle A: Board Leadership and Effectiveness (Cont'd)

II. Board Composition (Cont'd)

The Nomination Committee

The Board has delegated the responsibilities for reviewing, assessing, and making recommendations on Board composition to the NC, while the Board remains ultimately responsible for making relevant decisions or recommendations to shareholders.

The NC comprised exclusively of Independent Directors. The Chairman of the NC is also an Independent Director.

The NC's responsibilities include, amongst others:

- identifying, selecting, and nominating candidates to fill Board vacancies;
- assessing the effectiveness and performance of the Board, Board Committees, and individual Directors, including the independence of Independent Directors;
- developing, maintaining, and reviewing criteria for recruitment and annual assessment of the Board, Board Committees, and Directors;
- assessing the training needs of Directors;
- reviewing and defining the orientation and induction plans for new directors; and
- recommending to the Board the members for the Board Committees.

Annual Assessment and Nomination and Selection of Directors

The NC oversees the annual assessment on the performance and effectiveness of the Board, Board Committees, and individual Directors. The conduct of the assessment is facilitated via self and peer evaluation approach where all Directors assess themselves, other Directors, and the overall functioning of the Board and relevant Board Committees through assessment forms, considering, amongst others:

- the suitability of the composition of the Board and Board Committees;
- · delineation of the roles of governance bodies;
- whether functions of the Board and Board Committees have been carried out;
- effectiveness of meetings and procedures of the Board and Board Committees;
- the performance of the Executive Chairman;
- the contribution, performance, and dynamics of Directors; and
- quality of deliberations by Directors.

The outcomes of the annual assessments of the Board, Board Committee, and individual Directors enable the Board, through the NC, to identify areas where improvement can be made, to identify the training needs for Directors, to make recommendations on Director's re-appointment or re-election, or to perform a review on the overall corporate governance structure, if necessary.

The NC also oversees the nomination and selection process of Yenher's Board, through which Directors are appointed, re-appointed, elected, or re-elected. This process entails the NC considering the said Director or candidate against the qualities of character, experience, competence, integrity, and time which they have or can commit to the affairs of Yenher's Board.

The assessment of Directors or candidates are also considered against the Group's Fit and Proper Policy, which is established to set out the qualities expected of Yenher's Directors. The Fit and Proper Policy is published on Yenher's corporate website.

For the FY2024, we have engaged an external service provider to facilitate the evaluation of the Board, Board Committees, and individual Directors.

The external service provider reviewed and revised the evaluation forms and distributed the forms to the Directors. The completed forms were compiled and analysed by the external service provider who reported to the NC the results of the performance evaluation, before tabling the summary of results and relevant recommendations for improvement to the Board.

Principle A: Board Leadership and Effectiveness (Cont'd)

II. Board Composition (Cont'd)

The Nomination Committee (Cont'd)

Annual Assessment and Nomination and Selection of Directors (Cont'd)

A summary of the activities of the NC for FY2024 is as follows:

- oversaw the evaluation of the Board, Board Committees, and individual Directors facilitated by the external service provider;
- assessed the ARMC and each committee member and whether they have carried out their duties in accordance with their Terms of Reference;
- assessed the independence of Independent Directors, based on the subjective and objective criteria of the Listing Requirements;
- assessed and recommended the re-election of Directors who are due for retirement by rotation, based on the satisfactory outcome of the assessment on the respective Directors;
- assessed the performance of Senior Management including the Executive Directors; and
- assessed the training needs of Directors.

Based on the results of the assessments conducted, the NC considered the Board and Board Committees to be effective. The Board concurred with the NC's views.

The NC also considered the performance of the Directors who will be retiring and submitting themselves for reelection in the forthcoming annual general meeting ("AGM"), i.e. Dato' Cheng Mooh Tat and Datin Theoh Mooi Teng, as satisfactory and that they have fulfilled the fit and proper criteria in accordance with the Group's Fit and Proper Policy. The NC recommends Dato' Cheng Mooh Tat and Datin Theoh Mooi Teng for re-election at the forthcoming AGM and the Board endorses the NC's recommendation. The said Directors had abstained from such deliberations and decisions at the NC and Board meetings, when their own matters were being discussed.

Details of the Directors due for re-election are included in the notice to the AGM appended in Yenher's FY2024 Annual Report.

All Directors are required to undertake continuous training and professional development. A summary of the training attended by each Director during the financial year under review is as follows:

Director	Training attended
Dato' Cheng Mooh Tat	E Invoice BriefingSustainability Management
Cheng Mooh Kheng	E Invoice BriefingSustainability Management
Datin Theoh Mooi Teng	 Farm Equipment and Housing Treatment Training E Invoice Briefing Sustainability Management 2025 Budget Seminar
Tan Peng Lam	 ESG Matters@ACCA – Decoding Greenhouse Gas Emission (GHG) Accounting: Scope 1, Scope 2 and Scope 3 Sustainability Management Audit Committee Conference 2024
Dato' Lim Choon Khim	Sustainability Management

Principle A: Board Leadership and Effectiveness (Cont'd)

III. Remuneration Committee

The Board is assisted by the RC which is responsible for making recommendations to the Board in relation to the remuneration arrangements for Directors and Senior Management, including Executive Directors, with the aim of attaining, motivating, and retaining high-quality individuals to drive the Group towards achieving its long-term objectives. Remuneration packages of the Directors and Senior Management are considered against their responsibilities and contributions.

The Board, assisted by the RC, has established a Remuneration Policy and Procedure for Directors and Senior Management, which aims to provide the policies and procedures for determining, reviewing, assessing, and recommending remuneration packages for Directors and Senior Management.

The policy and procedures set out the remuneration components for Non-Executive Directors, Executive Directors, and Senior Management. The policy and procedures take into consideration factors such as qualifications, skills, competency, and experience of the Directors and Senior Management, in addition to considering their roles and responsibilities, contributions, and performance in delivering their responsibilities.

The Remuneration Policy and Procedure for Directors and Senior Management is published on Yenher's corporate website.

With regard to the remuneration of Executive Directors, they shall play no part in deliberating and making decisions on their own remuneration, while the remuneration and entitlements of the Non-Executive Directors shall be a matter solely for the Board as a whole to determine, with the individuals concerned abstaining from discussing and voting on decisions in respect of their own remuneration.

The remuneration for each Director on a named basis, from the Company and from the Group, respectively, broken down into each remuneration component, is disclosed in detail in Practice 8.1 of the Company's Corporate Governance Report for FY2024 which is also published on the Company's corporate website.

The Board is of the view that the disclosure of the top 5 Senior Management remuneration by bands of RM50,000 on unnamed basis is sufficient for an understanding of the Group's remuneration practices and alignment with the Group's performance. Disclosure by remuneration components on a named basis is not in the best interest of the Group due to confidentiality and potential challenges in safeguarding security and staff morale.

Principle B: Effective Audit and Risk Management

I. Audit Committee

The Board is assisted by the ARMC whose roles include overseeing the audit activities carried out by the Internal and External Auditors, compliance with laws and regulations, and the adequacy of the Group's control environment. The ARMC also oversees matters pertaining to the Group's risk management, including reviewing the key risks of the Group and their management.

The ARMC is chaired by an Independent Director who is not the Executive Chairman. The ARMC comprised exclusively of Independent Directors, in compliance with the Listing Requirements. It consists of members who have skills and experience in the fields of veterinary public health and medicine, quality assurance, audit, corporate finance, finance and accounting and law, amongst others, to facilitate the effective functioning of the ARMC.

In discharging its roles to oversee audit-related matters and assessing the adequacy and effectiveness of internal controls, the ARMC has unrestricted access to both the Internal and External Auditors, including meeting the Internal and External Auditors without the presence of the Management.

The ARMC is also responsible for ensuring the quality of the Internal and External Auditors. In the assessment of the External Auditors, the ARMC considers their suitability, objectivity, and independence, as well as the non-audit services, including their fees and the nature of services, provided by the External Auditors and their affiliates.

Details of the ARMC, its responsibilities, and a summary of activities carried out during the financial year under review are disclosed in the ARMC Report included in this FY2024 Annual Report and the Corporate Governance Report.

Principle B: Effective Audit and Risk Management (Cont'd)

II. Risk Management and Internal Control Framework

Yenher Group maintains an effective risk management and internal control systems to safeguard the Group's assets and to enable the preparation of true and fair view of the financial statements, amongst others. The Board holds ultimate responsibility for ensuring the overall adequacy and effectiveness of the Group's risk management and internal control framework. The ARMC is established by the Board to assist with the oversight of risk management matters, including the overall effectiveness of the risk management framework, the adequacy and effectiveness of internal controls and reviewing the Group's top risks.

The Group's risk management practices are guided by an Enterprise Risk Management process which was developed with reference to the Committee of Sponsoring Organizations of the Treadway Commission's ("COSO") guidance on Enterprise Risk Management. Through the risk management process, the Management identifies, assesses, and manages the risks of the Group. The risks considered include strategic, operational, financial, compliance, and sustainability-related risks, amongst others. The Management implements risk management strategies based on the risk appetite approved by the Board and reports regularly to the ARMC. The risk management process supports the Group's internal control system, which prioritises resources in addressing risks with greater significance.

The Board reviews the adequacy and operating effectiveness of the Group's risk management and internal control systems on an annual basis, based on, amongst others, the audit activities overseen by the ARMC, the assurance from the Executive Chairman and the Executive Director responsible for the Group's financial affairs, and input from other parties and processes.

Details of the features of the Group's risk management and internal control framework and the Board's commentary on its adequacy and effectiveness are disclosed in the Statement on Risk Management and Internal Control included in this FY2024 Annual Report.

Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders

I. Engagement with Stakeholders

Understanding the roles of stakeholders to the Group, the Board takes responsibility for overseeing that stakeholders' interests are considered and managed. In this regard, the Board also sets the strategy for shareholder communication and oversees the development of the investor relations programme.

Various communication channels are established to engage with the Group's various stakeholders including shareholders and investors, employees, customers, business partners, and others. Key communication channels for shareholders include announcements on Bursa's website, the Company's corporate website at www.yenher. com.my, as well as annual reports, press releases, and other information which are also available on the corporate website.

Through the stakeholder engagement channels, relevant information such as financial information and performance, policies regarding how the Group's businesses are run, and sustainability information including environmental, social, and governance matters are communicated to stakeholders. Engagement channels facilitating two-way communications, including AGMs, employee appraisal processes, and business meeting forums, are also in place.

The Board reviews the overall stakeholder engagement strategies and approaches of the Group on an annual basis, considering their adequacy and effectiveness.

II. Conduct of General Meetings

General meetings serve as a principal forum through which shareholder dialogue is carried out to review the Group's performance and understand the Group's long-term strategic direction, as well as financial and non-financial information.

The notice of Yenher's 4th AGM, scheduled and held on 14 June 2024, was circulated on 29 April 2024, at least 28 days prior to the date of the meeting, beyond the 21 days as required by the Companies Act 2016, to enable shareholders sufficient notice and time to consider the resolutions.

Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders (Cont'd)

II. Conduct of General Meetings (Cont'd)

The Executive Chairman chaired Yenher's 4th AGM and all Directors attended the AGM. A dedicated timeslot was allocated for shareholders to ask questions while the Directors were prepared to respond to those questions. Shareholders were invited to raise questions on each resolution on the agenda before the poll voting for the resolution.

The minutes of the AGM, which include the matters discussed, meeting proceedings, voting outcomes, issues or concerns raised, and the Company's responses, are published on Yenher's website.

In carrying out general meetings, the Board places emphasis on striking a balance between encouraging shareholders' participation and enabling shareholders to interact effectively with the Board and Senior Management, as well as cost-efficiency.

While the 4th AGM was held physically at Iconic Hotel, Bukit Mertajam, Penang and was not broadcasted online, the Company is of the view that such a physical AGM provides shareholders with the opportunity to meet the Directors face-to-face, and shareholders who were unable to attend were still able to appoint proxies to attend and vote on their behalf. The Board considers that such a format is currently appropriate and balanced in terms of cost-efficiency in encouraging shareholders participation.

This Statement is dated 21 April 2025.

Statement of Directors' Responsibilities

The Directors are required to prepare financial statements for each financial year in accordance with Malaysian Financial Reporting Standards ("MFRSs") and the provisions of the Companies Act 2016 in Malaysia ("the Act").

The Directors are responsible to ensure that financial statements of the Group and of the Company give a true and fair view of the financial positions of the Group and of the Company as at 31 December 2024 and of their financial performance and cash flows for the financial year then ended. In preparing the financial statements, the Directors have:-

- Adopted appropriate accounting policies in accordance with the MFRSs and applied them consistently;
- Made judgements and estimates that are reasonable and prudent; and
- Prepared the financial statements on going-concern basis.

The Directors also have the general responsibility to keep accounting records which disclose the financial position of the Group and of the Company with reasonable accuracy to ensure compliance with the provisions of the Act as well as take reasonable steps to safeguard the assets of the Group and of the Company to prevent and detect fraud and other irregularities.

Audit and Risk Management Committee ("ARMC") Report

Yenher Holdings Berhad ("Yenher" or the "Company") presents this Audit and Risk Management Committee Report ("Report") for the financial year ended 31 December 2024. This Report is prepared pursuant to Paragraph 15.15 of the Main Market Listing Requirements ("Listing Requirements") of the Bursa Malaysia Securities Berhad ("Bursa").

Composition and Terms of Reference of the ARMC

Yenher's ARMC comprises three (3) members, all of whom are Independent Directors. The current composition of the ARMC and the attendance of the ARMC members at the five (5) meetings held during the financial year ended 31 December 2024 are as follows:

Name	Designation	Attendance	
Tan Peng Lam (Independent Director)	Chairman	5/5	
Dato' Lim Choon Khim (Independent Director)	Member	5/5	
Dr. Ong Bee Lee (Independent Director)	Member	5/5	

The ARMC members possess the necessary range of skills and experience including in the fields of veterinary public health and medicine, quality assurance, audit, corporate finance, finance and accounting and law. Further, the ARMC Chairman is a fellow member of the Association of Chartered Certified Accountants ("ACCA") and is also a registered Chartered Accountant with the Malaysian Institute of Accountants ("MIA"). The profiles of the ARMC members are available in this Annual Report.

The ARMC has Terms of Reference ("TOR") which are approved by the Board and are available on Yenher's corporate website.

The ARMC is authorised to investigate any activity of Yenher and its subsidiaries ("Yenher Group" or the "Group") and has full and unrestricted access to information pertaining to the Group. The ARMC also has the authority to obtain independent legal or professional advice it considers necessary in fulfilling its responsibilities.

The ARMC is delegated to oversee and appraise the quality of audit activities by the Internal and External Auditors. It has the responsibility to recommend the appointment and re-appointment of External Auditors, as well as their fees. The ARMC is also responsible for assessing the performance, suitability, objectivity, and independence of the External Auditors, as well as discussing with the External Auditors matters pertaining to the audit plan, scope, and audit findings.

The ARMC has authority over the appointment and removal of Internal Auditors and approval of the internal audit plan. The ARMC is responsible for ensuring that the internal audit function is independent, sufficiently resourced, has access to the necessary information to carry out its work and adopts a recognised framework in internal audit activities. Internal audit reports, findings, and any concerns or issues arising are reported directly to the ARMC.

The ARMC is authorised to have direct communication channels with the Internal and External Auditors.

ARMC Meetings

ARMC meeting agendas and meeting materials are circulated to ARMC members at least one week prior to the scheduled meetings, allowing members to have sufficient time to consider the subjects to be discussed and to seek additional information or clarification from the Management where necessary.

Other Directors and Management personnel only attend ARMC meetings upon invitation to enable effective discussion of specific matters on the agenda. Representatives of the External and Internal Auditors also attend ARMC meetings to present matters pertaining to their work, as well as such other matters as determined by the ARMC.

At least once a year, the ARMC meets with the External Auditors without the presence of any Executive Director or Management personnel. The External and Internal Auditors may also request for meetings without Management's presence.

Audit and Risk Management Committee Report ("ARMC") (Cont'd)

Summary of Activities Carried Out by the ARMC

During the financial year under review, the ARMC carried out the following activities with respect to the roles and responsibilities of an audit committee as required by the Listing Requirements:

A. Financial Reporting

- reviewed the quarterly results of the Group and recommended them to the Board for approval before releasing them to Bursa; and
- reviewed the audited financial statements of the Group and the Company together with the External Auditors, Folks DFK & Co., and recommended them to the Board for approval.

B. External Audit

- reviewed the annual audit plan for the financial year ended 31 December 2024, which was presented by the External Auditors, including the scope of work, audit strategy, anticipated key audit matters, reporting timelines, and their fees for audit and non-audit services;
- obtained assurance by the External Auditors that they have complied with relevant ethical requirements regarding professional independence;
- reviewed and discussed with the External Auditors, their audit findings including any audit and accounting issues and weaknesses noted in the internal controls over financial reporting;
- held private sessions with the External Auditors without the presence of Management personnel (including the
 Executive Chairman and Executive Directors) during which the External Auditors provided their comments on
 the assistance and cooperation provided by the employees of the Group during their course of audit;
- reviewed and assessed the performance, suitability, objectivity, and independence of the External Auditors, considering, amongst others, the outcome of the audit work, feedback from Management personnel who have had dealings with the audit team during the audit, and any non-audit services and the relevant fees; and
- following the assessment of the External Auditors, recommend to the Board the re-appointment of Folks DFK & Co. as the External Auditors for the Group's financial year ending 31 December 2025, which the Board accepted and will be tabled for shareholders' approval at the forthcoming Annual General Meeting ("AGM").

C. Internal Audit

- reviewed and approved the appointment of Sterling Business Alignment Consulting Sdn Bhd as the outsourced Internal Auditors, considering, amongst others, its independence, resources, competency and qualification, and internal audit fee;
- reviewed and approved the internal audit plan presented by the Internal Auditors for the financial year ended
 31 December 2024, considering, amongst others, the adequacy of scope and coverage, the Group's risk profile, reporting timeline, and the adoption of a recognised framework in the internal audit; and
- reviewed the internal audit reports presented by the Internal Auditors and discussed the internal audit findings
 including any weaknesses in internal control, the Internal Auditors' recommendations to address such
 weaknesses, Management's response and action plans, and follow-up actions.

D. Related Party Transactions and Other Matters

- reviewed the shareholders' mandate for recurrent related party transactions for the Board's proposal for shareholders' approval at the AGM;
- during each quarter of the financial year, reviewed recurrent related party transactions to monitor that they are carried out in accordance with the shareholders' mandate;
- reviewed any other related party transactions during each quarter of the financial year, ensuring they are on an arm's length basis, are based on normal commercial terms not more favourable than those generally available to third parties, are not detrimental to minority shareholders, and are in the best interest of the Group; and
- reviewed any other conflict of interest situations involving the Directors and noted no substantial conflict of interest situations that gave rise to questions of Management integrity.

Audit and Risk Management Committee Report ("ARMC") (Cont'd)

Summary of the Work of the Internal Audit Function

The Group's internal audit function is carried out by an outsourced Internal Auditors of an external professional firm independent of the Group's Management, business, and operations. The Internal Auditors are appointed by and report directly to the ARMC.

During the financial year under review, the Internal Auditors carried out their work on risk-based approach that focused on key risk areas significant to the Group. In developing the internal audit plan proposed for the ARMC's approval, the Internal Auditors considered the Group's risk profile including the Group's major business functions, risks inherent in the business functions concerned, and emerging risks and industry trends.

The Internal Auditors referred to the Committee of Sponsoring Organisations of the Treadway Commission (COSO) Internal Control – Integrated Framework as a basis for evaluating the effectiveness of the Group's internal control system.

Internal audit work carried out by the Internal Auditors was largely aligned to and in accordance with the International Professional Practices Framework ("IPPF"). The IPPF is the conceptual framework that organises authoritative guidance promulgated by The Institute of Internal Auditors.

The Internal Auditors performed their work via, amongst others, interviewing process owners to walkthrough key processes, reviewing policies and procedures to assess control adequacy, performing testing on sample transactions and activities to determine operating effectiveness, as well as reviewing compliance with applicable laws, regulations, and Group policies.

The results of the internal audit work were presented to the ARMC in internal audit reports which include highlights of weaknesses noted and recommendations to address such weaknesses. Action plans agreed to be implemented by the Management were also reviewed in subsequent audit cycles as part of the Internal Auditors' scope of work to ensure weaknesses identified have been adequately addressed.

For the financial year under review, the Internal Auditors carried out two (2) cycles of internal audits covering the areas of human resources management, internal regulatory monitoring and compliance, production planning, production and packing, laboratory and quality assurance and two (2) follow-up audits. The costs incurred for the internal audit function in respect of the financial year amounted to approximately RM37,600.

This Report is dated 21 April 2025.

Statement On Risk Management and Internal Control

The Board of Directors ("Board") of Yenher Holdings Berhad ("Yenher" or the "Company") presents this Statement on Risk Management and Internal Control ("Statement").

This Statement is prepared pursuant to Paragraph 15.26(b) of the Main Market Listing Requirements ("Listing Requirements") of the Bursa Malaysia Securities Berhad ("Bursa") and has considered the mandatory contents outlined in the "Statement on Risk Management and Internal Control – Guidelines for Directors of Listed Issuers" published by Bursa. This Statement outlines the risk management and internal control systems of Yenher and its subsidiaries ("Yenher Group" or the "Group") during the financial year ended 31 December 2024 ("FY2024") and up to the date of approval of this Statement.

Governance for Risk Management and Internal Control

The Board acknowledges its responsibility to establish an effective risk management and internal control framework to safeguard the Group's assets and the shareholders' investments. In view of inherent limitations in any system of risk management and internal control, such a system can only manage and minimise risk to an acceptable level, but not eliminate all risks. Accordingly, the Group's risk management and internal control system can only provide reasonable but not absolute assurance against material misstatement, loss, or malpractices.

In relation to the Company's risk management and internal control framework, the Board is also responsible for reviewing the adequacy and operating effectiveness of the risk management and internal control system, as well as overseeing the Company's principal risks and ensuring appropriate controls are in place to manage these risks. The Board carries out its responsibilities via delegations made through the Company's corporate governance structure.

The Board is assisted by the Audit and Risk Management Committee ("ARMC") whose key responsibilities include the following:

- overseeing the overall effectiveness of the risk management framework;
- reviewing the adequacy and effectiveness of internal controls;
- reviewing the Group's risks including specific risk areas such as cybersecurity, anti-corruption, and business contingency planning matters; and
- reviewing and recommending strategic risk management matters including major investments and transactions.

Led by the Executive Chairman and Executive Directors, the Senior Management team provides leadership to business and operations in the execution of risk policies and drives the implementation of risk management processes. This includes performing evaluation on risks affecting the Group's business and operations, assessing the risk levels, devising risk management action plans, executing risk management activities, and preparing and submitting periodic reports to the ARMC and to the Board.

Risk Management Processes

The Group has a process on Enterprise Risk Management ("ERM") which guides the Group's integrated and continuous process for managing enterprise-wide risks with an aim to minimise unexpected performance variance and maximise intrinsic firm value. The process is meant to facilitate informed decision-making by the Board and Management via a systematic approach towards risk identification, analysis, management, and monitoring and reporting. The Group's ERM processes were developed with reference to the Committee of Sponsoring Organizations of the Treadway Commission's ("COSO") guidance on Enterprise Risk Management.

Key risks are identified and assessed taking into consideration the Group's strategic plans approved by the Board. Risks considered include risks relating to, amongst others, strategic risks, operational risks, compliance risks, sustainability-related risks, and financial risks. During the process, Management considers the potential sources of risks, their likelihood of occurrence, and the consequences if they materialise. Risk mitigation plans are developed and implemented by the Management.

Statement On Risk Management and Internal Control (Cont'd)

Risk Management Processes (Cont'd)

Summary of risk management activities during the financial year

- Senior Management performed a risk assessment update, considering the risks including emerging risks, trends and development of the Group's business, operations, and business environment. Consequently, the Group's risk registers are updated as required, reflecting the latest risk levels and risk management approaches.
- Risks which are more significant are highlighted and reviewed by the ARMC and the Board;
- Management implemented strategies and action plans addressing key risks identified, including developing or enhancing relevant policies and controls;
- Management managed and monitored key risks affecting business operations in the day-to-day business and updated Senior Management on their progress and status, together with business management performance;
- The Board reviews the performance relating to the management of key risks identified.

Key risks of the Group's business, including any emerging or current risks, are disclosed in Yenher's Management Discussion and Analysis in this Annual Report.

Internal Control System

The Group has established internal controls which were developed and enhanced on an ongoing basis considering, amongst others, the Group's risks, risk levels, and risk management approaches. Key features of the Group's internal control system are highlighted as follows:

Governance and organisation structure

The Group has an established organisation structure, supported by a formalised governance structure that clearly specifies the roles and responsibilities of the relevant governance bodies and the Management. The Board provides stewardship for the management of business affairs, including setting the Group's strategies considering long-term business sustainability. The Board is supported by various Board Committees which carry out their duties based on their respective Terms of Reference.

Current Board Committees include the Audit and Risk Management Committee, the Nomination Committee, and the Remuneration Committee. The Senior Management, led by the Executive Chairman and Executive Directors, is responsible and accountable to the Board for the day-to-day business management of the Group, as well as the implementation of strategies approved by the Board.

Strategy setting and business monitoring

The strategy is reviewed and determined on an annual basis to set out the Group's short and long-term business direction. At the beginning of the year, Senior Management discusses the business plans, budgets, and forecasts for major business functions with the Board and proposes the Group's strategies for the Board's review and approval.

The performance against approved business strategies and plans is reviewed quarterly at Board meetings, where results and significant gaps or variances are deliberated and remedial actions are developed, where necessary. The Group's financial performance is also reported quarterly to the Audit and Risk Management Committee and the Board before the quarterly performances are announced to shareholders on Bursa's website.

At the Management level, the Senior Management oversees the implementation of the Group's strategies via delegations made across various functions and departments. Monthly management meetings with Executive Chairman and Executive Directors are carried out to monitor and review the progress of business plans.

Delegation of Authority and Limits

The Group has a formalised set of delegated authority and limits of authority with clearly defined lines of accountability and responsibility, to facilitate the effective functioning of the Group's corporate governance and business management, including the day-to-day implementation of the Group's risk management, internal controls, and compliance.

Statement On Risk Management and Internal Control (Cont'd)

Internal Control System (Cont'd)

Key features of the Group's internal control system are highlighted as follows: (Cont'd)

Code of Ethics and governance policies

The Group's operations, the Directors, and employees are governed by the Group's Code of Conduct and Business Ethics ("Code"), which addresses issues including business ethics, managing conflict of interests, insider trading, anti-corruption, and responsible corporate citizenship such as upholding environmental and social standards. It is a requirement for all Directors and employees of the Group to adhere to the Code to ensure consistent business ethics are demonstrated throughout the Group's business dealings as well as to safeguard the Group's interest, assets, and reputation.

Other governance policies such as the Anti-Bribery and Corruption Policy are also in place to govern the Group's ethical business practices and conduct. All Directors and employees are required to sign off their acknowledgement and commitment to upholding the Anti-Bribery and Corruption Policy before joining the Group.

Operational Policies and Procedures

To ensure consistent and effective business operations, the Group's key operations are governed by standard operating policies and procedures. Amongst others, operations such as sales and marketing, production, quality control, procurement, business reporting, corporate finance, and accounting are key business and supporting functions of the Group. The standard operating policies and procedures incorporate relevant internal controls, including those that address business sustainability in the aspects of environmental and social. The standard operating policies and procedures are reviewed and enhanced regularly to address any gaps or findings arising from emerging risks or weaknesses identified in the risk management process.

Assurance and audit

The second and third lines of defences are established to provide assurance over the Group's operations and products. Internally, the Group has quality control and assurance processes that ensure compliance with operational policies and procedures, as well as safeguarding product safety and quality.

The Group has an internal audit function that provides assurance on the adequacy and effectiveness of the Group's governance, risk management, and internal controls. External audit is also conducted to provide independent assurance, through the annual statutory audit, that the financial statements fairly present, in all material aspects, the Group's financial position and performance.

Both internal and external audits are conducted annually, and reports are made directly to the Audit and Risk Management Committee which oversees the audit activities and findings with an independent mind. Internal control weaknesses, where found, will be highlighted to the Audit and Risk Management Committee. Relevant remedial action plans will be devised, implemented, followed up, and reported. The Senior Management remains responsible for the implementation of the remedial action plans.

Whistleblowing Policy

The Board has formalised a Whistleblowing Policy through which internal and external parties can provide information or make a whistleblowing report on actual or potential wrongdoings or misconduct, including, but not limited to, violation of laws and regulations, unethical behaviour or breach of the Code, corruption including bribery and fraud, and workplace harassment. The Whistleblowing Policy provides the whistleblower an avenue to make reports in confidence as well as protection against retaliation within the Group. The Whistleblowing Policy does not prohibit anonymous reporting and it also provides access to reporting to Directors to ensure the objectivity of the reporting mechanism. The Whistleblowing Policy is publicly available on Yenher's corporate website.

Statement On Risk Management and Internal Control (Cont'd)

Review of Risk Management and Internal Control System

During the financial year under review, in addition to the Board's review of the Group's risk management reports, the Board has, via the ARMC, reviewed the work and findings of the Internal and External Auditors including their assessments of the Group's internal controls system.

The Board has also received assurance from the Executive Chairman and the Executive Director responsible for the Group's financial affairs that the Group's risk management and internal control system are operating adequately and effectively, in all material aspects, during the FY2024.

Considering the review activities of the Board and the ARMC, the assurance obtained from the Executive Chairman and the Executive Director responsible for the Group's financial affairs, and input from the relevant parties including reports, findings, and feedback from the external and internal auditors, the Board is of the view that the system of risk management and internal control is adequate and operating effectively, in all material aspects, to achieve its objective and there were no significant weaknesses which resulted in material losses, contingencies, or uncertainties that would require separate disclosure in the audited financial statements. The Board is committed to ensuring the ongoing adequacy and operating effectiveness of the Group's system of risk management and internal control.

Review of this Statement by the External Auditors

As required by Paragraph 15.23 of the Listing Requirements, the External Auditors have reviewed this Statement pursuant to the scope set out in Audit and Assurance Practice Guide 3 ("AAPG 3") – Guidance for Auditors on Engagement to Report on the Statement on Risk Management and Internal Control included in the Annual Report issued by the Malaysian Institute of Accountants. The External Auditors concluded that based on the procedures performed and evidence obtained, nothing has come to their attention that causes the External Auditors to believe that this Statement intended to be included in Yenher's FY2024 Annual Report, in all material respects:

- a) has not been prepared in accordance with the disclosures required by paragraphs 41 and 42 of the Statement on Risk Management and Internal Control: Guidelines for Directors of Listed Issuers; or
- b) is factually inaccurate.

AAPG 3 does not require the External Auditors to consider whether the Statement covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system. The External Auditors are also not required to consider whether the processes described to deal with material internal control aspects of any significant problems disclosed in the annual report will, in fact, remedy the problems.

This Statement is approved by the Board on 21 April 2025.

Additional Compliance Information

1. UTILISATION OF PROCEEDS FROM INITIAL PUBLIC OFFERING

Yenher Holdings Berhad was listed on the Main Market of Bursa Securities on 15 July 2021 ("the Listing"). In conjunction with the Listing, the Company undertook a public issue of 64,431,000 new ordinary shares at an issue price of RM0.95 per share, raising gross proceeds of approximately RM61.21 million ("the IPO proceeds"). The status of the utilisation of the IPO proceeds for FY2024 is as follows:

	Proposed utilisation RM'000	Actual utilisation RM'000	Balance unutilised RM'000	Intended timeframe for utilisation from the date of listing
Details of the use of proceeds				
Construction of new Good Manufacturing Practice ("GMP") compliant manufacturing plant	31,000	31,000	-	Within 48 months
Purchase of new machinery and equipment	9,700	9,700	-	Within 48 months
Working capital	16,709	(17,276)	(567)	Within 36 months
Estimated listing expenses	3,800	(3,233)	567	Within 1 month*
Total	61,209	61,209	-	

^{*}The balance of unutilised proceeds allocated for listing expenses had been reallocated for the Group's working capital purposes.

The use of proceeds as disclosed above should be read in conjunction with the Company's prospectus dated 22 June 2021.

2. AUDIT AND NON-AUDIT FEES

Details of the audit and non-audit fees paid or payable to the Company's external auditors, Messrs. Folks DFK & Co., during the financial year ended 31 December 2024 are set out below:

	Company RM	Group RM
Fees for statutory audit services	30,000	100,000
Fees for non-audit services	15,200	15,200
Total	45,200	115,200

3. MATERIAL CONTRACTS

There were no material contracts entered by the Group involving the interests of the Directors and major shareholders during financial year ended 31 December 2024 or still subsisting at the end of previous financial year.

4. RECURRENT RELATED PARTY TRANSACTIONS

The shareholders' mandate for the Group's Recurrent Related Party Transactions ("RRPT") was obtained at the fourth Annual General Meeting held on 14 June 2024. Details of the transactions with related parties during the financial year ended 31 December 2024 are disclosed in Note 26 to the financial statements.

The mandate for RRPT is subject to renewal at the forthcoming fifth Annual General Meeting. Details of Shareholders' Mandate for RRPT to be sought are furnished in the Circular to Shareholders dated 30 April 2025.

Directors' Report

The Directors have pleasure in submitting their report and the audited financial statements of the Group and of the Company for the financial year ended 31 December 2024.

Principal Activities

The principal activity of the Company is investment holding. The principal activities and details of its subsidiaries are set out in Note 6.1 to the financial statements. There have been no significant changes in the nature of the principal activities of the Company and of the subsidiaries during the financial year.

Results

Tresuits	Group RM	Company RM
Profit for the financial year attributable to owners of the Company	21,522,934	9,424,816

Reserves and Provisions

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

Dividends

Dividends declared, paid or proposed since the end of the Company's previous financial year were as follows:-

(a) In respect of the financial year ended 31 December 2023, a second single-tier interim dividend of 1.50 sen per ordinary share was declared by the Directors of the Company on 26 February 2024 and paid on 5 April 2024.

RM4,500,000

(b) In respect of the financial year ended 31 December 2024, a first single-tier interim dividend of 1.50 sen per ordinary share was declared by the Directors of the Company on 23 August 2024 and paid on 11 October 2024.

RM4,500,000

(c) On 27 February 2025, the Directors of the Company declared a second single-tier interim dividend of 1.50 sen per ordinary share for the financial year ended 31 December 2024 amounted to RM4,500,000 which was paid on 11 April 2025. The financial statements for the current financial year do not reflect this second interim dividend. Such dividend will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 December 2025.

No final dividend has been recommended by the Directors in respect of the financial year ended 31 December 2024.

Share Capital

There was no issuance of new shares during the financial year.

Warrants 2024/2029

On 16 August 2024, the Company issued 60,000,000 free warrants pursuant to a bonus issue on the basis of 1 free warrant for every 5 existing ordinary shares held in the Company ("Warrants 2024/2029" or "the Warrants"). The Warrants were listed and quoted on the Main Market of Bursa Malaysia Securities Berhad on 21 August 2024.

The salient features of the Warrants 2024/2029 are disclosed in Note 12 to the financial statements.

None of the Warrants 2024/2029 has been exercised since the date of issue.

Options Granted Over Unissued Shares

No options were granted to any person to take up unissued shares of the Company during the financial year.

Directors

The names of the Directors of the Company since the beginning of the financial year to the date of this report are as follows:-

Dato' Cheng Mooh Tat Cheng Mooh Kheng Datin Theoh Mooi Teng Tan Peng Lam Dato' Lim Choon Khim Dr. Ong Bee Lee

The names of the directors of the Company's subsidiaries who served during the financial year and up to the date of this report are as follows:-

Dato' Cheng Mooh Tat Cheng Mooh Kheng Cheng Mooh Chye Datin Theoh Mooi Teng

^{*} Deemed interested by virtue of his interest in CGH Holdings Sdn. Bhd. pursuant to Section 8 of the Companies Act 2016

By virtue of their direct and indirect interests in the Company, Dato' Cheng Mooh Tat and Cheng Mooh Kheng are deemed to have an interest in the shares of all the subsidiaries to the extent that the Company has an interest.

Other than as disclosed above, none of the other Directors in office at the end of the financial year had any interest, direct and indirect, in shares and in Warrants 2024/2029 in the Company or of its related corporations during the financial year.

^{**} Deemed interested through the shareholdings of his/her child pursuant to Section 59(11)(c) of the Companies Act 2016

^{***} Deemed interested through the shareholdings of his spouse pursuant to Section 59(11)(c) of the Companies Act 2016

Directors' Benefits

Since the end of the previous financial year, no Director has received or become entitled to receive any benefits (other than those disclosed in the *Directors' Remuneration* section below) by reason of a contract made by the Company or a related corporation with the Director or his nominees or with a firm of which he is a member or with a company in which he has a substantial financial interest other than by virtue of transactions entered into in the ordinary course of business as disclosed in Note 26 to the financial statements.

As at the end of the financial year and during the financial year, there did not subsist any arrangement to which the Company was a party, whereby the Directors or their nominees might acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

Directors' Remuneration

The remuneration received or receivable by the Directors of the Company from the Company and its subsidiaries during the financial year are as follows:-

	Received or re	ceivable from	
	The Company RM	Subsidiaries RM	Total RM
Fees	150,000	930,000	1,080,000
Other remuneration	17,500	5,074,809	5,092,309
Benefits-in-kind		75,900	75,900
	167,500	6,080,709	6,248,209

The Directors and officers of the Group and of the Company were insured against certain liabilities under a Directors' and Officers' Liability Insurance policy and the related insurance premium paid by the Company was RM16,564.

Auditors' Remuneration

The remuneration paid or payable to the auditors of the Group and of the Company for the financial year are RM115,200 and RM45,200 respectively.

No indemnity was given to nor was there any insurance effected for the auditors during the financial year.

Other Statutory Information

- (a) Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps:-
 - to ascertain that proper action had been taken in relation to the writing off of bad debts and the making of allowance for doubtful debts and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for doubtful debts; and
 - (ii) to ensure that any current assets which were unlikely to realise their value as shown in the accounting records in the ordinary course of business had been written down to an amount which they might be expected so to realise.

Other Statutory Information (Cont'd)

- (b) At the date of this report, the Directors are not aware of any circumstances :-
 - (i) which would render the amount written off for bad debts and allowance made for doubtful debts in the financial statements of the Group and of the Company inadequate to any substantial extent;
 - (ii) which would render the values attributed to current assets in the financial statements of the Group and of the Company misleading:
 - (iii) which have arisen which would render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate; and
 - (iv) not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.
- (c) At the date of this report, there does not exist :-
 - (i) any charge on the assets of the Group and of the Company which has arisen since the end of the financial year which secures the liabilities of any other person; and
 - (ii) any contingent liability in respect of the Group and of the Company which has arisen since the end of the financial year.
- (d) In the opinion of the Directors :-
 - no contingent or other liability has become enforceable, or is likely to become enforceable within the period
 of twelve months after the end of the financial year which will or may affect the ability of the Group and of the
 Company to meet their obligations when they fall due;
 - (ii) the results of the Group's and of the Company's operations during the financial year were not substantially affected by any item, transaction or event of a material and unusual nature; and
 - (iii) no item, transaction or event of a material and unusual nature has arisen in the interval between the end of the financial year and the date of this report which is likely to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

Notes to the Financial Statements

31 December 2024

1. General Information

Yenher Holdings Berhad is a public company limited by shares, incorporated and domiciled in Malaysia. The Company is listed on the Main Market of Bursa Malaysia Securities Berhad.

The registered office of the Company is located at No. 35, 1st Floor, Jalan Kelisa Emas 1, Taman Kelisa Emas, 13700 Seberang Jaya, Pulau Pinang and its principal place of business is located at No. 1628, Jalan IKS Simpang Ampat 1, Taman IKS Simpang Ampat, 14100 Simpang Ampat, Seberang Perai Selatan, Pulau Pinang.

The principal activity of the Company is investment holding. The principal activities and the details of the subsidiaries are set out in Note 6.1.

These financial statements comprise the financial statements of the Group and the financial statements of the Company and they are presented in Ringgit Malaysia ("RM").

The financial statements were approved and authorised for issue by the Board of Directors on 21 April 2025.

2. Basis of Preparation and Material Accounting Policy Information

2.1 Basis of Preparation

The financial statements have been prepared in accordance with the Malaysian Financial Reporting Standards ("MFRSs"), International Financial Reporting Standards and the provisions of the Companies Act 2016 in Malaysia.

The financial statements of the Group and of the Company are prepared under the historical cost convention unless otherwise indicated in the summary of material accounting policy information.

The accounting policies applied by the Group and by the Company are consistent with those applied in the previous financial year other than the application of the amendments to MFRSs as disclosed in Note 2.2 below.

2.2 Application of Amendments to MFRSs

During the financial year, the Group and the Company have applied the following amendments to MFRSs issued by the Malaysian Accounting Standards Board ("MASB") which are effective for accounting period beginning on or after 1 January 2024:-

Amendment to MFRS 16 - Lease Liability in a Sale and Leaseback

Amendments to MFRS 101 - Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants

Amendments to MFRS 107 and MFRS 7 - Supplier Finance Arrangements

The initial application of the amendments to MFRSs did not have any significant impact on the Group's and the Company's financial statements for the current and prior financial periods.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.3 New MFRSs and Amendments to MFRSs That Are In Issue But Not Yet Effective

The Group and the Company have not early adopted the following new MFRSs and amendments to MFRSs that have been issued by the MASB but are not yet effective:-

Effective for annual periods beginning on or after 1 January 2025

Amendments to MFRS 121 - Lack of Exchangeability

Effective for annual periods beginning on or after 1 January 2026

Amendments to MFRS 9 and MFRS 7:

- Amendments to the Classification and Measurement of Financial Instruments
- Contracts Referencing Nature-dependent Electricity

Annual Improvements to MFRS Accounting Standards - Volume 11:

- Amendments to MFRS 1 First-time Adoption of Malaysia Financial Reporting Standards
- Amendments to MFRS 7 Financial Instruments : Disclosures
- Amendments to MFRS 9 Financial Instruments
- Amendments to MFRS 10 Consolidated Financial Statements
- Amendments to MFRS 107 Statement of Cash Flows

Effective for annual periods beginning on or after 1 January 2027

MFRS 18 Presentation and Disclosure in Financial Statements MFRS 19 Subsidiaries without Public Accountability: Disclosures

Effective for annual periods beginning on or after a date to be determined by the MASB

Amendments to MFRS 10 and MFRS 128 - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture

The Group and the Company will apply the above new MFRSs and amendments to MFRSs that are applicable once they become effective. The adoption of these new MFRSs and amendments to MFRSs is not expected to have any significant impact on the Group's and on the Company's financial statements in the period of initial application, other than as disclosed below.

MFRS 18 Presentation and Disclosure in Financial Statements

The new MFRS 18 will replace MFRS 101 Presentation of Financial Statements while retaining many of the requirements in MFRS 101 with limited changes. The key changes introduced by MFRS 18 are as follows:-

- (a) Classification of income and expenses into three new defined categories namely operating, investing and financing.
- (b) Two new required subtotals namely operating profit and profit before financing and income taxes.
- (c) Disclosures of management-defined performance measures ("MPMs") in a single note, including:
 - a statement that the MPMs reflect management's view; and
 - an explanation of why the MPMs are reported and how they are calculated.
- (d) Enhanced requirements for aggregation and disaggregation of information in the financial statements.

The new standard is to be applied retrospectively and it will affect the presentation and disclosure of information but it will not impact the recognition and measurement of items in the financial statements of an entity.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.4 Basis of Consolidation

The financial statements of the Group ("the consolidated financial statements") include the financial statements of the Company and its subsidiaries. The financial statements of the subsidiaries are prepared for the same reporting date as the Company. The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances.

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group:-

- has power over the entity;
- is exposed, or has rights, to variable returns from its involvement with the entity; and
- has the ability to affect those returns through its power over the entity.

The Group reassesses whether it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls listed above.

Subsidiaries are consolidated using the acquisition method except for subsidiaries arising from common control combination as explained in Note 2.5. Consolidation of a subsidiary begins from the date the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary.

In preparing consolidated financial statements, intra-group balances and transactions and the resulting unrealised profits are eliminated on consolidation. Unrealised losses are eliminated on consolidation and the relevant assets are assessed for impairment. The consolidated financial statements reflect external transactions and balances only.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. If the Group loses control of a subsidiary, the assets and liabilities of the subsidiary will be derecognised at their carrying amounts at the date when control is lost. Any investment retained in the former subsidiary is recognised at its fair value at the date when control is lost. The resulting difference between the amounts derecognised and the aggregate of the fair value of consideration received and investment retained is recognised as gain or loss in profit or loss attributable to the Group.

2.5 Business Combinations

Acquisitions of businesses are accounted for using the acquisition method except for combinations of entities or businesses under common control.

The acquisitions of the Group's existing subsidiaries, namely Yenher Agro-Products Sdn. Bhd. and Yenher Biotech Sdn. Bhd. have been accounted for as common control combination. These subsidiaries are consolidated using the principles of merger accounting. The common control combinations are business combinations in which all the combining entities have common ultimate controlling parties prior to and immediately after such combinations, and that control is not transitory. Under the principles of merger accounting, the assets and liabilities of the combining entities are consolidated using the existing book values from the controlling parties' perspective and the results of each of the combining entity are presented as if the combination had been effected throughout the current and previous comparative periods presented. On consolidation, the cost of investment is matched against the nominal value of ordinary shares acquired and any difference is taken to equity as merger reserve (for resulting credit difference) or merger deficit (for resulting debit difference).

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.5 Business Combinations (Cont'd)

New acquisitions of businesses are accounted for using the acquisition method. The consideration transferred for the acquisition of an acquiree is measured at fair value which is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, equity interests issued and contingent consideration given. Identifiable assets acquired and liabilities and contingent liabilities assumed are measured at their acquisition-date fair values. Acquisition-related costs are recognised as an expense in the periods in which the costs are incurred.

Goodwill on new acquisitions is measured as the excess of the aggregate of the consideration transferred, the amount of any non-controlling interests and the acquisition-date fair value of any previously held equity interest over the net of the acquisition-date amounts of the identifiable assets acquired and liabilities assumed. The excess of the Group's interest in the net amounts of the identifiable assets, liabilities and contingent liabilities over the aggregate of the consideration transferred, the amount of any non-controlling interests and the acquisition-date fair value of any previously held equity interest is recognised immediately in profit or loss as a gain from bargain purchase.

For each business combination, non-controlling interests are measured either at their fair value at the acquisition date or at the non-controlling interests' proportionate share of the subsidiary's identifiable net assets.

In a business combination achieved in stages, any previously held equity interest is remeasured at its acquisition-date fair value and the resulting gain or loss is recognised in profit or loss.

2.6 Foreign Currencies

2.6.1 Functional and presentation currency

The individual financial statements of each entity within the Group are presented in the currency of the primary economic environment in which the entity operates i.e. the entity's functional currency. The consolidated financial statements are presented in Ringgit Malaysia ("RM"), which is also the Company's functional currency.

2.6.2 Foreign currency transactions and balances

In preparing the financial statements of the Group, transactions in currencies other than the Group's functional currency (foreign currencies) are recorded in the functional currency using the exchange rates prevailing at the dates of the transactions. At the end of each reporting period, foreign currency monetary assets and liabilities are translated at exchange rates prevailing at the end of the reporting period. Nonmonetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the date of the transactions.

Exchange differences arising from the settlement of foreign currency transactions and from the translation of foreign currency monetary assets and liabilities are recognised in profit or loss.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.6 Foreign Currencies (Cont'd)

2.6.3 Foreign operations

The results and financial position of the foreign operations that have a functional currency different from the presentation currency (RM) of the consolidated financial statements are translated into RM as follows:-

- (a) Assets and liabilities for each statement of financial position presented are translated at the closing rate at the date of that statement of financial position;
- (b) Income and expenses for each statement presenting profit or loss and other comprehensive income are translated at average exchange rates for the financial year, which approximates the exchange rates at the dates of the transactions; and
- (c) All resulting exchange differences are recognised in other comprehensive income and are accumulated in foreign currency translation reserve within equity.

2.7 Investments in Subsidiaries

In the Company's separate financial statements, investments in subsidiaries are accounted for at cost less any accumulated impairment losses. The investments are reviewed for impairment in accordance with the Group's accounting policy for impairment of non-financial assets. On disposal of such investments, the difference between the net disposal proceeds and the net carrying value of the investments is recognised as a gain or loss on disposal in the Company's profit or loss.

2.8 Property, Plant and Equipment

Items of property, plant and equipment are initially stated at cost. Cost initially recognised includes expenditure that is directly attributable to the acquisition of the asset and any other costs directly attributable to bringing the asset to working condition for its intended use. All property, plant and equipment, except for land and buildings, are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

Land and buildings are subsequently carried at their revalued amounts, being the fair value at the date of revaluation, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Revaluation is made every 3 years or at shorter intervals whenever the fair value of a revalued asset is expected to differ materially from its carrying amount. Any accumulated depreciation at the date of revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the asset's revalued amount. If the carrying amount of land and buildings is increased as a result of a revaluation, the increase is recognised in other comprehensive income and accumulated in equity under revaluation reserve, except to the extent that it reverses a revaluation decrease for the same asset previously recognised in profit or loss, in which case the increase is credited to profit or loss to the extent of the decrease previously expensed. A decrease in carrying amount arising on a revaluation is recognised to profit or loss to the extent that it exceeds the credit balance held in the revaluation reserve relating to a previous revaluation of that asset.

The cost of replacing part of an item of property, plant and equipment is recognised in the carrying amount of the item or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repair and maintenance are charged to the profit or loss during the financial period in which they are incurred.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.8 Property, Plant and Equipment (Cont'd)

Freehold land and capital work-in-progress are not depreciated. All other property, plant and equipment are depreciated on the straight-line basis so as to write-off the cost of the assets to their residual values over their estimated useful lives. Depreciation on capital work-in-progress commences when the assets are ready for their intended use. The estimated useful lives of the Group's property, plant and equipment are as follows:-

Buildings 50 years
Furniture and fittings 10 years
Motor vehicles 5 years
Office equipment 5 to 10 years
Plant and machinery 5 to 10 years
Renovation 10 years
Tools and equipment 10 years

The residual values and useful lives of assets are reviewed at each financial year end and adjusted prospectively, if appropriate, where expectations differ from previous estimates. Property, plant and equipment are reviewed for impairment in accordance with the Group's accounting policy for impairment of non-financial assets.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. The difference between the net disposal proceeds, if any, and the net carrying amount is recognised in profit or loss and the unutilised portion of the revaluation surplus on that item is taken directly to retained profits.

2.9 Intangible Assets Acquired Separately - Computer Software and Licence

Intangible assets acquired separately are carried at costs less accumulated amortisation and any accumulated impairment losses. Amortisation is recognised on the straight-line basis over the period the assets are expected to generate economic benefits. The estimated useful life and amortisation method are reviewed at the end of each reporting period with the effect of any changes in estimates being accounted for on a prospective basis.

2.10 Impairment of Non-financial Assets

The carrying amounts of non-financial assets (other than inventories and deferred tax assets) are reviewed for impairment at the end of each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated to determine the amount of impairment loss. For intangible assets that are not yet available for use, the recoverable amount is estimated annually or more frequently when indicators of impairment are identified.

An impairment loss is recognised if the carrying amount of an asset or a cash generating unit ("CGU") exceeds its recoverable amount. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets.

The recoverable amount of an asset or CGU is the higher of its fair value less costs of disposal and its value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.10 Impairment of Non-financial Assets (Cont'd)

An impairment loss is recognised in profit or loss in the period in which it arises, unless the asset is carried at revalued amount. Any impairment loss of a revalued asset is recognised in other comprehensive income for that asset to the extent that the impairment loss does not exceed the amount held in the revaluation surplus account.

An impairment loss for an asset is reversed if, and only if, there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset is recognised to the profit or loss unless the asset is carried at revalued amount, in which case, such reversal is treated as a revaluation increase.

2.11 Inventories

Inventories are valued at the lower of cost (determined on the first-in, first-out basis) and net realisable value. Net realisable value represents the estimated selling price in the ordinary course of business less selling and distribution costs and all other estimated costs to completion.

Costs of raw materials and distribution goods comprise purchase price and other costs directly attributable to the acquisition of inventories.

Cost of finished goods consists of direct materials, direct labour, direct expenses and attributable production overheads.

2.12 Financial Assets

The Group recognises all financial assets in the statement of financial position when, and only when, the Group becomes a party to the contractual provisions of the instruments.

All regular way purchases or sales of financial assets are recognised and derecognised using trade date accounting. A regular way purchase or sale is a purchase or sale of a financial asset that requires delivery of asset within the time frame established generally by regulation or convention in the marketplace concerned. Trade date accounting refers to:-

- the recognition of an asset to be received and the liability to pay for it on the trade date which is the date the Group commits itself to purchase or sell an asset; and
- derecognition of an asset that is sold, the recognition of any gain or loss on disposal and the recognition
 of a receivable from the buyer for payment on the trade date.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.12 Financial Assets (Cont'd)

2.12.1 Classification

The Group classifies its financial assets into the following measurement categories depending on the business models used for managing the financial assets and the contractual cash flow characteristics of the financial assets:-

- (a) at amortised cost;
- (b) fair value through other comprehensive income; and
- (c) fair value through profit or loss.

The Group's financial assets comprised financial assets at amortised cost and financial assets at fair value through profit and loss and it does not have financial assets at fair value through other comprehensive income. The classification of financial assets are disclosed in Note 29.1.

2.12.2 Measurement

At initial recognition, trade receivables without a significant financing component are measured at their transaction price when they are originated.

Other financial assets are initially measured at fair value plus, in the case of financial assets not at fair value through profit or loss, directly attributable transaction costs. Transaction costs of financial assets at fair value through profit or loss are expensed to profit or loss when incurred.

Subsequent measurements of the Group's financial assets are described below :-

(a) Financial assets at amortised cost

A financial asset that is a debt instrument is measured at amortised cost if both of the following conditions are met and it is not designated as at fair value through profit or loss at initial recognition:-

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These financial assets are subsequently measured at amortised cost using the effective interest method less any impairment losses. Interest income, gains or losses on derecognition, foreign exchange gains or losses and impairment are recognised in profit or loss. Impairment losses are presented as a separate line item in the statement of profit or loss and other comprehensive income.

(b) Financial assets at fair value through profit or loss ("FVTPL")

A financial asset that is a debt instrument is measured at FVTPL if it does not meet the criteria for amortised cost or fair value through other comprehensive income ("FVOCI"). This includes all derivative financial assets.

The Group may, at initial recognition, irrevocably designate a financial asset as measured at FVTPL that otherwise meets the criteria for amortised cost or FVOCI if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Changes in fair value of financial assets at FVTPL and interest or dividend income are recognised in profit or loss.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.12 Financial Assets (Cont'd)

2.12.3 Impairment of financial assets

The Group recognises loss allowance for expected credit losses ("ECLs") on :-

- (a) financial assets measured at amortised cost; and
- (b) financial guarantee contracts.

ECLs are based on the difference between the contractual cash flows due in accordance with the contract and the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months i.e. a 12-month ECL. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default i.e. a lifetime ECL.

For trade receivables, the Group applies a simplified approach in measuring ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. Refer to Note 29.2(a) for further details.

The Group considers a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any collaterals or other credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flow in its entirety or a portion thereof.

An impairment loss is recognised in the profit or loss and the carrying amount of the assets is reduced through the use of an allowance account.

2.12.4 Derecognition of financial assets

The Group derecognises a financial asset when, and only when, the contractual rights to the cash flows from the financial asset expire or the Group transfers the financial asset without retaining control or transfers substantially all the risks and rewards of ownership of the financial asset to another party.

On derecognition of a financial asset in its entirety, the difference between the carrying amount measured at the date of derecognition and the sum of the consideration received (including any new asset obtained less any new liability assumed) is recognised in profit or loss.

2.13 Cash and Cash Equivalents

For the purpose of presentation in the statements of cash flows, cash and cash equivalents include cash in hand, bank balances, deposits with licensed banks with original maturities of 3 months or less and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, reduced by bank overdrafts. The statements of cash flows are prepared using the indirect method.

2.14 Share Capital

Ordinary shares are classified as equity. Distributions to holders of ordinary shares are debited directly to equity and dividends declared on or before the end of the reporting period are recognised as liabilities. Costs directly attributable to equity transactions are accounted for as a deduction, net of tax, from equity.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.15 Financial Liabilities

The Group recognises all financial liabilities in the statement of financial position when, and only when, the Group becomes a party to the contractual provisions of the instruments.

2.15.1 Classification and measurement

Financial liabilities are initially measured at fair value minus, in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs. Transaction costs of financial liabilities at fair value through profit or loss are expensed to profit or loss when incurred.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or financial liabilities measured at amortised cost. The Group does not have any financial liabilities at fair value through profit or loss.

All financial liabilities of the Group are subsequently measured at amortised cost using the effective interest method and any gain or loss is recognised in profit or loss when the liabilities are derecognised and through the amortisation process.

Financial liabilities are initially measured at fair value minus, in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs. Transaction costs of financial liabilities at fair value through profit or loss are expensed to profit or loss when incurred.

Financial liabilities are classified as either financial liabilities at fair value through profit or loss or financial liabilities measured at amortised cost. The Group does not have any financial liabilities at fair value through profit or loss.

All financial liabilities of the Group are subsequently measured at amortised cost using the effective interest method and any gain or loss is recognised in profit or loss when the liabilities are derecognised and through the amortisation process.

2.15.2 Derecognition of financial liabilities

A financial liability is derecognised when, and only when, the obligation specified in the contract is extinguished. When an existing financial liability is exchanged with the same lender on substantially different terms or the terms of an existing liability are substantially modified, they are accounted for as an extinguishment of the original financial liability and a new financial liability is recognised. The difference between the carrying amount of a financial liability extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss.

2.16 Offsetting Financial Instruments

Financial assets and financial liabilities are offset when the Group has a legally enforceable right to offset and intends to either settle on a net basis, or to realise the asset and settle the liability simultaneously.

2.17 Financial Guarantee Contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.17 Financial Guarantee Contracts (Cont'd)

Financial guarantee contracts are recognised initially as a liability at fair value, net of transaction costs. Subsequent to initial recognition, financial guarantee contracts are measured at the higher of (i) the amount of loss allowance determined in accordance with the expected credit loss model under MFRS 9 *Financial Instruments*; and (ii) the amount initially recognised less, where appropriate, the cumulative amount of income recognised in accordance with the principles of MFRS 15 *Revenue from Contracts with Customers*. The loss allowance on financial guarantee contracts, if any, is recognised as a provision and is reported under current liabilities.

2.18 Derivatives Financial Instruments

The Group enters into derivative financial instruments such as forward foreign currency contracts to manage its exposure to foreign currency risks.

Derivatives are initially recognised at fair value at the date the derivative contract is entered and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

A derivative with a positive fair value is recognised as a financial asset and derivative with a negative fair value is recognised as a financial liability. A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months. Other derivatives are presented as current assets or current liabilities.

The Group has not designated any derivatives as hedging instruments.

2.19 Provisions

Provisions are recognised when the Group has a present legal and constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the effect of time value of money is material, the amount of provision is measured at the present value of the expenditure expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the amount of a provision due to passage of time is recognised as finance cost.

2.20 Leases as a Lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date.

Subsequent to the initial recognition, the right-of-use assets are measured at cost less accumulated depreciation and accumulated impairment losses, if any, and adjusted for any remeasurement of lease liability.

Depreciation for right-of-use asset is calculated using the straight-line method and commences from the commencement date of the lease to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The right-of-use assets of the Group are included under the line item of Property, Plant and Equipment (Note 4) and their depreciation rates are as follows:-

Leasehold land Buildings on lease 55 years 24 to 36 months

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.20 Leases as a Lessee (Cont'd)

The lease liability is initially measured at the present value of future lease payments at the commencement date. Lease payments comprise fixed lease payments (including in-substance fixed payments).

The future lease payments are discounted using the interest rate implicit in the lease, or, if that rate cannot be readily determined, at the respective Group entities' incremental borrowing rate. This is the rate that the Group entities would have to pay to borrow the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment over a similar term.

The lease liability is remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") and which is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification.

The Group has elected not to recognise the right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

2.21 Income Taxes

Tax expense is the aggregate amount of current and deferred taxation. Current and deferred taxes are recognised as income or expense in profit or loss except to the extent that the taxes relate to items recognised outside profit or loss either in other comprehensive income or directly in equity or a business combination.

Current tax is the expected tax payable on the taxable income for the reporting period using tax rates enacted or substantively enacted at the end of the reporting period.

Deferred tax is provided by using the liability method on temporary differences at the end of the reporting period between the carrying amounts of assets and liabilities in the financial statements and the amounts attributed to those assets and liabilities for taxation purposes.

Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised for all deductible temporary differences and unabsorbed tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the assets can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction (other than a business combination) that affects neither accounting profit nor taxable profit or loss.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that the related tax benefits will be realised.

Tax rates enacted or substantively enacted at the end of the reporting period are used to determine deferred tax.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Group intends to settle the current tax assets and liabilities on a net basis.

2.22 Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction, production or preparation of assets until they are ready for their intended use or sale are capitalised as part of the cost of those assets. Other borrowing costs are recognised as an expense in the period in which they are incurred.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.23 Employee Benefits

2.23.1 Short-term employee benefits

Wages, salaries and social security contributions, paid annual and sick leave, bonuses and non-monetary benefits are recognised as expenses in profit or loss or included in the costs of assets, where applicable, in the period in which the associated services are rendered by employees of the Group.

2.23.2 Post-employment benefits - Defined contribution plan

The Group provides post-employment benefits by way of contribution to defined contribution plans operated by the relevant authorities at the prescribed rates.

Defined contribution plans are post-employment benefit plans under which the Group pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

The Group's contributions to defined contribution plans are recognised as an expense in profit or loss in the period to which the contributions relate or included in the costs of assets, where applicable.

2.24 Fair Value Measurements

Fair value of an asset or a liability, except for share-based payment and leasing transactions, is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The measurement assumes that the transaction to sell the asset or transfer the liability takes place either in the principal market or in the absence of a principal market, in the most advantageous market. For non-financial assets, the fair value measurement takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

When measuring fair value, the Group maximises the use of relevant observable inputs and minimises the use of unobservable inputs. Fair value measurements are categorised into different levels in a fair value hierarchy based on the input used in the valuation technique as follows:-

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability; and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable input).

Transfer between levels of the fair value hierarchy is deemed to have occurred on the date of the event or change in circumstances that caused the transfer.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.25 Revenue Recognition

2.25.1 Revenue from Contracts with Customers

The Group recognises revenue from a contract with customer when performance obligation is satisfied by transferring control of a promised good or service to the customer. Depending on the terms of a contract with customer, control may transfer over time or at a point in time.

Control of a good or service is transferred over time when one of the following criteria is met :-

- (i) the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to-date; or
- the Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
- (iii) the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs.

Where any one of the above conditions is met, the Group recognises revenue over time. Otherwise, revenue is recognised at a point in time.

Revenue from sales of goods derived from the manufacturing and distribution activities is recognised at a point in time when control of the goods has transferred, being when the goods are delivered to the customers and there is no unfulfilled obligation that could affect the customers' acceptance of the goods. Revenue is measured based on the consideration specified in the contract which the Group expects to be entitled in exchange for transferring the goods, excluding the amounts collected on behalf of third parties.

The normal credit term ranges from 7 to 120 days upon delivery. There is no significant financing component in contracts with customers as the payment terms is less than 12 months from the date of billings. Therefore, no adjustment is made to the promised amount of consideration for the effects of time value of money.

2.25.2 Revenue from Other Sources and Other Income

(a) Dividend income

Dividend income is recognised when the right to receive payment has been established.

(b) Interest income

Interest income is recognised on an accrual basis using the effective interest method.

2.26 Earnings Per Share

Basic earnings per share is calculated by dividing the profit or loss for the financial year attributable to ordinary equity holders of the Company by the weighted average number of ordinary shares outstanding during the financial year, net of treasury shares held if any. Diluted earnings per share is determined by adjusting the profit or loss attributable to ordinary equity holders and the weighted average number of ordinary shares outstanding, net of treasury shares held, for the effects of all dilutive potential ordinary shares.

31 December 2024

2. Basis of Preparation and Material Accounting Policy Information (Cont'd)

2.27 Operating Segments

An operating segment is a component of the Group that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses relating to transactions with other components of the Group. Operating segment results are reviewed regularly by the chief operating decision maker, which in this case is the Board of Directors, who makes decision about resources to be allocated to the segments and to assess their performance and for which discrete financial information is available.

3. Critical Accounting Judgement and Key Sources of Estimation Uncertainty

The preparation of financial statements in conformity with the Malaysian Financial Reporting Standards requires management to exercise their judgement in the process of applying the Group's accounting policies and which may have significant effects on the amounts recognised in the financial statements. It also requires the use of accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the results reported for the reporting period and that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year. Although these judgements and estimates are based on the management's best knowledge of current events and actions, actual results may differ.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

3.1 Significant Judgements in Applying the Group's Accounting Policies

In the process of applying the Group's accounting policies, which are described in Note 2, the management are of the opinion that any instances of application of judgement are not expected to have a significant effect on the amounts recognised in the financial statements, apart from those involving estimations which are dealt with below.

3.2 Key Sources of Estimation Uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

3.2.1 Estimated useful lives of property, plant and equipment

Property, plant and equipment are depreciated on a straight-line basis over their estimated useful lives. The management estimate the useful lives of property, plant and equipment to be between 5 and 50 years. The Group reviews the estimated useful lives of these assets annually based on various factors such as obsolescence, level of usage and business plans. The estimated useful lives are disclosed in Note 2.8. Future financial performance could be materially affected by changes in these estimates.

3.2.2 Income taxes

Judgement is involved in determining the provision for income taxes. There are certain transactions and computations for which the estimation of the provision for income taxes is made and which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions, where applicable, in the period in which such determination is made.

31 December 2024

3. Critical Accounting Judgement and Key Sources of Estimation Uncertainty (Cont'd)

3.2 Key Sources of Estimation Uncertainty (Cont'd)

3.2.3 Loss allowances for expected credit losses on trade receivables

The Group applies a simplified approach in measuring loss allowances for expected credit losses ("ECLs") on trade receivables. The measurement requires the use of significant assumptions about risk of default, expected loss rate and the future economic conditions.

The expected loss rates are based on the payment profiles of its customers in relation to the invoices issued for sales of goods over a period of 2 years prior to the end of each reporting period and the corresponding historical credit loss experienced within those periods.

The historical loss rates are then adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the debtors to settle the receivables. The Group has identified the Gross Domestic Product ("GDP") as a relevant factor and accordingly adjusts the expected loss rates based on expected changes in the factor.

At every reporting date, the historical observed loss rates are updated and changes in the forward-looking estimates are analysed. When the historical observed loss rates vary from the original estimates, such difference will impact the carrying amount of trade receivables. The carrying amounts of trade receivables and the cumulative allowance for impairment losses are disclosed in Note 8.1.

4.2 The carrying amounts of property, plant and equipment which have been charged to financial institutions in consideration for credit facilities granted to the Group are as follows:-

	Gro	up
	2024 RM	2023 RM
Freehold land	52,700,000	43,500,000
Buildings	3,450,000	3,500,000
	56,150,000	47,000,000

4.3 The land and buildings of the Group were revalued on 31 December 2024 by independent professional valuers. Based on these latest valuations, the total fair values of those land and buildings as at 31 December 2024 was RM58,150,000. In the assessment of the fair values, the sales prices of comparable properties in the locality were adjusted for factors which affect value such as location, size, age and condition of buildings, tenure, shape, title restrictions if any and other relevant characteristics. The most significant input of this valuation was price per square foot.

The fair values of the land and buildings of the Group are categorised as Level 2 in the fair value hierarchy and there were no transfers in between fair value levels during the financial year.

31 December 2024

4. Property, Plant and Equipment (Cont'd)

4.3 (Cont'd)

The net carrying amounts of revalued land and buildings had the assets been carried under the cost model are as follows:-

	Gro	up
	2024 RM	2023 RM
Own assets		
Freehold land	16,581,067	16,581,067

Right-of-use assets		
Leasehold land	582,886	595,287
	20,448,170	20,558,819

4.4 Right-of-use assets - Buildings on lease

The costs of right-of-use assets and the corresponding lease liabilities recognised in the financial statements include the present value of all unpaid lease payments up to the end of extension period as the Group reasonably expects for the underlying assets will be used. The Group shall reassess the lease term upon the occurrence of either a significant event or a significant change in circumstances that is within its control and that was not previously included in its determination of the lease term.

The Group's buildings on lease include a lease of 1 unit double-storey office cum warehouse building from a company in which the Directors of the Company have substantial financial interests for an initial period of 2 years and thereafter the lease contract will be automatically renewed for another 1 year.

5. Intangible Assets (Cont'd)

5.1 Patents and know-how licence

Patents and know-how licence refers to an exclusive licence granted by a non-controlling shareholder of a subsidiary, namely YH European Protein Asia Sdn. Bhd. ("YHEPA"), to manufacture, market and sell series of plant proteins and fermented palm kernel meal for livestock and aquaculture ("the Products") in South East Asia and Taiwan pursuant to a Patents and Know-How License Agreement entered into by the Company and the non-controlling shareholder on 16 October 2024 ("the License Agreement"). A one-off licensing fee of USD2,000,000 is chargeable for the exclusive licence granted and is payable in three tranches as described below:-

- (a) First payment of USD666,000 upon the execution of the License Agreement;
- (b) Second payment of USD666,000 when the Products are produced according their specifications; and
- (c) Third payment of USD668,000 when the production volume of 2,000 tonnes per month is reached.

As at 31 December 2024, only the first payment for the licensing fee amounted to RM2,757,906 has been made and as of that date and up to the date of approval of these financial statements, YHEPA has yet to commence any production activity. Amortisation of the licence fee commences when the Products are produced according their specifications over a useful life that will be determined at a later date.

5.2 Computer software

The costs of computer software acquired, including all directly attributable costs incurred in preparing the software for its intended use, are amortised on the straight line basis to administrative expenses over the asset's estimated useful life of 5 years (2023: 5 years).

6. Investments in Subsidiaries

YH European Protein Asia Sdn. Bhd. (Note 6.2)	Manufacturing and selling of fermented plant proteins	60%	-

31 December 2024

6. Investments in Subsidiaries (Cont'd)

6.2 Incorporation of a new subsidiary

On 13 September 2024, the Company entered into a Business Cooperation and Shareholders' Agreement ("the Cooperation Agreement") with FermentationExperts A/S ("FE"), a company incorporated and registered in Denmark, and pursuant to the Cooperation Agreement, YH European Protein Asia Sdn. Bhd. ("YHEPA") was incorporated on 20 September 2024. As at 31 December 2024, the Company holds 60% equity interest in YHEPA comprising 300,000 ordinary shares for a capital contribution of RM300,000 and the remaining 40% is held by FE comprising 200,000 ordinary shares with RM200,000 of capital contribution.

YHEPA was incorporated to undertake the activities to manufacture, market and sell series of plant proteins and fermented palm kernel meal under the brand European Protein ("the Products") in South East Asia and Taiwan for livestock and aquaculture. As at the date of approval of these financial statements, YHEPA has yet to commence any of those activities.

6.3 Non-controlling interests in a subsidiary

The Company's non-wholly owned subsidiary is YH European Protein Asia Sdn. Bhd. where 40% (2023: NIL) equity interests and voting rights are held by non-controlling interests. The details of loss allocated to the non-controlling interests during the financial period since its corporation on 20 September 2024 to 31 December 2024 ("the financial period ended 31 December 2024") and the accumulated non-controlling interests as at the end of the reporting period are as follows:-

Loss during the financial period ended 31 December 2024 allocated to the non-controlling interests	(49,234)

Issued and fully paid-up ordinary shares				
At beginning/end of financial year	300,000,000	117,429,501	300,000,000	177,429,501

All of the issued ordinary shares of the Company do not have par value. The holders of ordinary shares are entitled to receive dividends as declared from time to time, and are entitled to one vote per share at the shareholders' meetings of the Company.

Warrants 2024/2029

On 16 August 2024, the Company issued 60,000,000 free warrants pursuant to a bonus issue on the basis of 1 free warrant for every 5 existing ordinary shares held in the Company ("Warrants 2024/2029" or "the Warrants"). The Warrants were listed and quoted on the Main Market of Bursa Malaysia Securities Berhad on 21 August 2024.

The salient features of the Warrants 2024/2029, among others, are as follows:-

- (a) The Warrants are constituted by a Deed Poll executed on 30 July 2024;
- (b) Each Warrant shall give the warrant holders a right to subscribe for 1 new ordinary share in the Company at an exercise price of RM1.10 per share;
- (c) The Warrants are exercisable at any time during the tenure of 5 years commencing after the issue date on 16 August 2024 ("the Exercise Period"). At the expiry of the Exercise Period on 15 August 2029, any Warrant which has not been exercised will lapse and cease to be valid; and
- (d) New ordinary shares to be issued and allotted arising from the exercise of the Warrants shall rank pari passu in all respects with the then existing ordinary shares, save and except that they will not be entitled to any dividend, right, allotment and/or other distribution that may be declared, made or paid to the shareholders prior to the date of allotment of such new ordinary shares.

None of the Warrants 2024/2029 has been exercised since the date of issue.

31 December 2024

13. Merger Deficit

The merger deficit arose from the difference between the purchase consideration and the issued share capital of the subsidiaries acquired upon consolidation using the principles of merger accounting in respect of business combinations under common control.

14. Revaluation Reserve

	Group	
	2024 RM	2023 RM
Revaluation of land and buildings		
At beginning of financial year	25,495,306	17,253,097
Net revaluation surplus during the financial year	9,280,875	9,256,115
Deferred tax effect on current financial year revaluation surplus (Note 15)	(939,410)	(905,468)
Transfer to retained profits	(34,321)	(108,438)
At end of financial year	33,802,450	25,495,306

Revaluation reserve represents net of tax surplus from revaluation of land and buildings included under property, plant and equipment (Note 4.1).

15. Deferred Tax Liabilities

	Group	
	2024 RM	2023 RM
At beginning of financial year	3,277,882	2,360,337

Tax effects in respect of :-				
Income not subject to tax	(505,849)	(684,591)	(2,411,603)	(2,091,801)
Expenses not deductible for tax purposes Tax savings arising from utilisation of previously unrecognised deferred tax	586,521	358,595	172,066	89,230
assets	(1,378)	-	-	-
Current financial year deferred tax assets not recognised	-	25,906	-	-
Under/(Over) provision in prior financial year:				
- Income tax	5,085	(82,830)	-	(347)
- Deferred tax	(8,165)	(13,923)		
Total tax expense	6,896,997	6,178,155	29,499	358,759

31 December 2024

20. Taxation (Cont'd)

20.2 Subject to agreement with the relevant tax authorities, the Group has the following estimated amounts of unabsorbed tax losses which are available for set-off against future taxable income:-

	Grou	Group	
	2024 RM	2023 RM	
Expiring in 2031	179,477	196,583	
Expiring in 2032	229,005	250,831	
Expiring in 2033	160,130	175,392	
Expiring in 2034	39,536	-	
Unexpired (Note 20.3)	174,689	174,689	
	782,837	797,495	

20.3 A subsidiary, namely Yenher Biotech Sdn. Bhd. ("YHB") has been granted with BioNexus status by the Malaysian Bioeconomy Development Corporation Sdn. Bhd. which exempts 100% of its statutory income from Malaysian income tax for a period of 5 years commencing from 1 July 2021 ("the exempt period"). YHB had incurred losses before the commencement of exempt period and during the exempt period amounted to RM174,689 (2023: RM174,689) and pursuant to the Inland Revenue Board of Malaysia's Public Ruling No. 1/2020 Tax Incentives for Bionexus Status Companies, such losses are carried forward to the year of assessment after the exempt period ends and, subject to agreement by the Inland Revenue Board, may be available for utilisation against future taxable income until they are fully absorbed.

21. Earnings per Share

21.1 Basic

The basic earnings per share is calculated based on the Group's profit for the financial year attributable to ordinary equity holders of the Company and the weighted average number of ordinary shares outstanding during the financial year as shown below:-

	2024	2023
Profit for the financial year attributable to ordinary equity holders of the Company (RM)	21,572,168	21,217,671
Weighted average number of ordinary shares outstanding during the financial year	300,000,000	300,000,000
Earnings per share (Sen)	7.19	7.07

21.2 Diluted

The calculation of diluted earnings per share is based on the profit for the financial year attributable to ordinary equity holders of the Company and the weighted average number of ordinary shares outstanding, after the adjustments for the effects of all dilutive potential ordinary shares.

The effect on earnings per share for the current financial year arising from the assumed exercise of the Warrants is anti-dilutive. Accordingly, the diluted earnings per share equals the basic earnings per share (2023 : NIL).

31 December 2024

22. Dividends

Dividends declared and paid during the financial year are as follows:-

	Group and Company	
	2024 RM	2023 RM
For the financial year ended 31 December 2024		
- First single-tier interim dividend of 1.50 sen per ordinary share, declared		
on 23 August 2024 and paid on 11 October 2024	4,500,000	-
For the financial year ended 31 December 2023		
- First single-tier interim dividend of 1.50 sen per ordinary share, declared		
on 30 August 2023 and paid on 6 October 2023	-	4,500,000
- Second single-tier interim dividend of 1.50 sen per ordinary share,		
declared on 26 February 2024 and paid on 5 April 2024	4,500,000	-
For the financial year ended 31 December 2022		
- Second single-tier interim dividend of 1.50 sen per ordinary share,		
declared on 27 February 2023 and paid on 31 March 2023	-	4,500,000
	9,000,000	9,000,000

On 27 February 2025, the Directors of the Company declared a second single-tier interim dividend of 1.50 sen per ordinary share for the financial year ended 31 December 2024 amounted to RM4,500,000 which was paid on 11 April 2025. The financial statements for the current financial year do not reflect this second interim dividend. Such dividend will be accounted for in shareholders' equity as an appropriation of retained profits in the financial year ending 31 December 2025.

23. Staff Costs

	Group	
	2024 RM	2023 RM
Staff costs comprised :-		
Salaries, bonus, overtime, commissions, allowances and incentives	14,342,911	13,879,872
Contributions to Employees Provident Fund	1,812,925	1,784,138
Others	887,769	704,580
	17,043,605	16,368,590

Staff costs include remuneration (except for fees) of executive directors of the Company and the subsidiaries.

31 December 2024

24. Notes to Statements of Cash Flows

24.1 Liabilities arising from financing activities

27. Operating Segments

27.1 Reportable segment

The Group's operations comprise mainly of manufacturing, supplying and marketing of health and nutrition products for livestock and companion animals which collectively are considered as one business segment. Accordingly, the operating revenue and results of this segment are reflected in the Group's statement of profit or loss and other comprehensive income. The segment assets and liabilities are as presented in the Group's statement of financial position.

31 December 2024

27. Operating Segments (Cont'd)

27.2 Geographical information

In determining geographical segments of the Group, "Revenue" is based on the geographical location of customers and "Non-current Assets" are based on the geographical location of the assets. The non-current assets do not include financial instruments and deferred tax assets.

	Gro	Group	
	2024 RM	2023 RM	
Revenue from:			
- Malaysian customers	228,101,843	280,681,802	
- Overseas customers	44,185,834	39,738,862	
	272,287,677	320,420,664	
Non-current assets located in Malaysia	116,527,364	70,807,574	

27.3 Major customers

There was no single customer which contributed more than 10% of the Group's total revenue for the current financial year. In respect of the financial year ended 31 December 2023, Customer A contributed RM35,756,876 of the Group's total revenue.

28. Corporate Guarantees (Unsecured)

	Company	
	2024 RM	2023 RM
Corporate guarantees favouring banks for facilities granted to a subsidiary :		
- Limit of guarantee	43,010,000	38,360,000
- Amount utilised		

As at the reporting date, no values were place on the unsecured corporate guarantees provided by the Company as the Directors regard the value of the credit enhancement provided by the corporate guarantees to be minimal and the likelihood of default to be low.

29. Financial Instruments and Financial Risk Management

A financial instrument is any contract that gives rise to both a financial asset of one enterprise and a financial liability or equity instrument of another enterprise.

Financial assets of the Group include trade and other receivables, refundable deposits, placements in money market funds, short-term deposits with licensed banks, cash and bank balances.

Financial liabilities of the Group include trade and other payables.

In respect of the Company, financial assets include the amount due from subsidiaries.

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.1 Categories of Financial Instruments

The Group's and the Company's financial instruments as at the end of the financial year are categorised as follows:-

- (a) Financial assets measured at amortised cost ("FAAC")
- (b) Financial assets measured at fair value through profit or loss ("FAFVTPL")
- (c) Financial liabilities measured at amortised cost ("FLAC")

29.2 Financial Risk Management

balances

Other payables

The Group's financial instruments are subject to a variety of financial risks including credit risk, liquidity and cash flow risks and market risk.

27,547,943

45,983,728

19,480,367

11

16

The Group's overall financial risk management objective is to seek to address and control the risks to which the Group is exposed and to minimise or avoid the incidence of loss that may result from its exposure to such risks and to enhance returns where appropriate.

The Board is primarily responsible for the management of these risks and to formulate policies and procedures for the management thereof. The risks are managed by regular risk reviews, internal control systems, on-going formulation and adherence to financial risk policies and mitigated by insurance coverage where appropriate.

(a) Credit risk

Risk management

Credit risk is the risk of financial loss attributable to default on obligations by parties contracting with the Group. The Group's main exposure to credit risk is in respect of its trade and other receivables, refundable deposits, placements in money market funds, short-term deposits placed with licensed banks and bank balances. The Company's exposure to credit risk includes the amount due from subsidiaries.

(228, 158)

(228, 158)

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.2 Financial Risk Management (Cont'd)

(a) Credit risk (Cont'd)

Risk management (Cont'd)

Credit risk is addressed by the application of credit evaluation and close monitoring procedures by the management.

New customers are subject to a credit evaluation process and existing customers' risk profiles are reviewed regularly with a view to setting appropriate terms of trade and credit limits. Where appropriate, further sales are suspended and legal actions are taken to attempt recoveries and mitigate losses.

The Group's and the Company's money market funds, short-term deposits and bank balances are only placed with licensed financial institutions and banks and the management consider the risk of material loss in the event of non-performance by the financial counterparty to be unlikely.

The Group's and the Company's maximum exposure to credit risk as at the end of each reporting period is represented by the carrying amount of each class of financial assets recognised in the Group's and in the Company's statements of financial position.

The Company provides unsecured corporate guarantees to licensed banks for facilities granted to a subsidiary. The Company monitors on an on-going basis the results of the subsidiary and its ability to fulfill the financial obligations. As at 31 December 2024, the Company was not exposed to credit risk arising from the corporate guarantees provided as the subsidiary did not utilise any banking facility available.

Credit risk concentration profile

As at the end of the reporting period, the Group has significant concentration of credit risk arising from the exposure to the amounts due from the following major customers :-

	Gro	Group		
	2024	2023		
Number of major customers	13	10		
Percentage of exposure of total trade receivables	59%_	53%		

The amount due and repayment from these customers are closely monitored by the management to ensure that the credit limits and terms agreed with the customers are complied with.

Measurement of expected credit loss allowances

The Group has three types of financial assets which are subject to the expected credit losses ("ECLs") impairment model and they are :-

- Trade receivables;
- Other receivables and refundable deposits; and
- Short-term deposits with licensed banks and bank balances.

Short-term deposits with licensed banks and bank balances have a low credit risk as they are placed with reputable banks with high quality external credit ratings. Consequently, no allowance for impairment loss has been provided for in the financial statements.

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.2 Financial Risk Management (Cont'd)

(a) Credit risk (Cont'd)

Measurement of expected credit loss allowances (Cont'd)

Trade receivables using the simplified approach

The Group applies the MFRS 9 simplified approach in measuring ECLs which estimates a lifetime expected credit loss allowance for all trade receivables.

To measure the ECLs, trade receivables have been grouped based on shared credit risk characteristics and the days past due. The expected loss rates are based on the payment profiles of its customers in relation to invoices issued for sales of goods over a period of 2 years prior to the end of each reporting period and the corresponding historical credit loss experienced within those periods.

The historical loss rates are then adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the debtors to settle their debts. The Group has identified the Gross Domestic Product ("GDP") as a relevant factor and accordingly adjusts the expected loss rates based on expected changes in the factor.

Where the credit risk of a debtor has increased significantly and past due more than 210 days, its ECLs are assessed individually by considering historical payment trends and financial strength of the debtor.

The gross carrying amounts of credit impaired trade receivables are written off when there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor is having significant financial difficulty and does not have sufficient cash flows to repay its debts. Nevertheless, trade receivables that are written off could still be subject to enforcement activities.

The Group's exposure to credit risk and loss allowance for ECLs on trade receivables are disclosed in Note 8.1.

Trade receivables that are individually determined to be impaired at the reporting date relate to debtors that have defaulted on payments. These receivables are not secured by any collateral or credit enhancement.

None of the Group's trade receivables that are neither past due nor impaired have been renegotiated during the financial year.

Other receivables and refundable deposits

Impairment of other receivables and refundable deposits is recognised on the general approach within MFRS 9 using the forward-looking ECLs impairment model. The methodology used to determine the amount of impairment is based on whether there has been a significant increase in credit risk since initial recognition of the financial assets.

Based on the management's assessment, the probability of default on other receivables and refundable deposits are low and hence, no loss allowance has been recognised in the financial statements.

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.2 Financial Risk Management (Cont'd)

(a) Credit risk (Cont'd)

Measurement of expected credit loss allowances (Cont'd)

Amount due from subsidiaries

The Company provides unsecured advances to subsidiaries and monitors their financial performances regularly.

The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. Since the Company is able to determine the timing of repayments of the advances, the Company considers the advances to be in default if the subsidiaries are not able to pay when demanded. This is normally evidenced by the subsidiaries' continuing losses and/or having a deficit in shareholders' fund.

The Company determines that the probability of default for the amount due from subsidiaries individually using internal information. No loss allowance has been recognised for amount due from subsidiaries as the Company determines that the risk of loss from non-recovery of debts as insignificant.

Liquidity and cash flow risks

Liquidity or funding risk is the risk of the inability to meet commitments associated with financial instruments while cash flow risk is the risk of uncertainty of future cash flow amount associated with a monetary financial instrument.

Liquidity and cash flow risks are addressed by annual and continuous review and forward planning of cash flow in relation to business plans to ensure a balanced and prudent portfolio of cash and other liquid assets and credit facilities is maintained. The proper management of currency, interest rate and credit risks have the effect of further minimising the incidence and effects of liquidity and cash flow risks.

Maturity analysis

The maturity profile of the Group's and the Company's financial liabilities and lease liabilities as at the end of the reporting period based on the contractual undiscounted cash flows is as follows:-

	Maturity profile				
	Within 1 year RM	Between 1 year to 5 years RM	More than 5 years RM	Total RM	Effective interest rate %
Group - 2024

(c) Market risk

Market risk is the risk that the value of the financial instruments will fluctuate due to changes in market prices.

The Group's main market risk exposures are currency and interest rate fluctuations which are discussed under the respective risk headings.

(d) Currency risk

The Group is exposed to foreign currency risk arising from transactions denominated in currencies other than the functional currency of the Group, i.e. Ringgit Malaysia. The foreign currencies giving rise to this risk are primarily United States Dollar ("USD"), European Union Euro ("EURO"), New Taiwan Dollar ("NTD"), Chinese Yuan ("CNY") and British Pound Sterling ("GBP"). Foreign currency risk is monitored closely on an on-going basis to ensure that the net exposure is maintained at an acceptable level.

The Group does not speculate in foreign currency derivatives.

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.2 Financial Risk Management (Cont'd)

(d) Currency risk (Cont'd)

Exposure to currency risk

The foreign currency exposure profile of the Group's financial instruments as at the end of the reporting period is as follows:-

_	Denominated in foreign currency				
	USD RM	EURO RM	NTD RM	CNY	Total RM
2024					
Trade receivables	3,862,100	-	577,057	-	4,439,157

Short-term deposits, cash and bank					
balances	557,693	71,591	204,371	215,993	1,049,648
Trade payables	(3,126,521)	(599,887)	-	(168,700)	(3,895,108)
Other payables	-		(74,911)	-	(74,911)
	1,852,012	82,061	709,548	96,806	2,740,427
_					

	Denominated in foreign currency				
_	USD RM	EURO RM	NTD RM	GBP RM	Total RM
2023					
Trade receivables	6,797,023	-	234,928	-	7,031,951
Other receivables	4,501,694	399,400	6,166	86,950	4,994,210
Short-term deposits, cash and bank					
balances	1,032,622	103,829	172,537	-	1,308,988
Trade payables	(4,526,465)	(2,774,426)	-	-	(7,300,891)
Other payables			(54,701)		(54,701)
	7,804,874	(2,271,197)	358,930	86,950	5,979,557

Currency risk sensitivity analysis

A 10 percent strengthening or weakening of the foreign currency against the functional currency of the Group at the end of the reporting period would have increased or decreased profit or loss by the amount shown below. This analysis assumes that all other variables, in particular interest rates, remain constant.

	Increase/(Decrease)		
	2024 RM	2023 RM	
USD	185,201	780,487	
EURO	8,206	(227,120)	
NTD	70,955	35,893	
CNY	9,681	-	
GBP	<u> </u>	8,695	

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.2 Financial Risk Management (Cont'd)

(e) Interest rate risk

The Group and the Company have interest rate risk in respect of their placements in money market funds and short-term deposits placed with licensed banks. In respect of the Company, its interest rate risk includes the interest-bearing amount due from a subsidiary which is based on a floating rate.

The Group's and the Company's short-term deposits placed with licensed banks are subject to interest based on fixed rates while placements in money market funds are subject to interest based on floating rates.

Market interest rates movements are monitored with a view to ensuring that the most competitive rates are secured and where appropriate borrowing arrangements and interest bearing instruments are structured or reduced.

Exposure to interest rate risk

The interest rate exposure profile of the Group's and of the Company's interest-bearing financial instruments, based on the carrying amounts as at the end of the reporting period is as follows:-

	Group		Company	
	2024 RM	2023 RM	2024 RM	2023 RM
Floating rate instruments Financial assets				
Placements in money market funds	45,546,773	45,190,924	23,028,713	19,480,367
Amount due from a subsidiary	-		2,795,538	
	45,546,773	45,190,924	25,824,251	19,480,367

Interest rate risk sensitivity analysis

As the short-term deposits with licensed banks are based on fixed rates, a change in interest rates at the end of the reporting period would not affect profit or loss or equity.

In respect of the floating rate instruments, a change in interest rate by +/- 50 basis points would have increased or decreased the Group's and the Company's profit or loss for the financial year by the amount shown below. The analysis assumes that all other variables, in particular foreign currency rates, remain constant.

Impact on profit or loss [Increase/(Decrease)]

	Group		Company	
_				
_	2024 RM	2023 RM	2024 RM	2023 RM
Floating rate instruments Financial assets				
Placements in money market funds	227,734	225,955	115,144	97,402
Amount due from a subsidiary			13,978	

31 December 2024

29. Financial Instruments and Financial Risk Management (Cont'd)

29.3 Fair Value of Financial Instruments

(a) Financial instruments that are carried at fair value

The table below analyses financial instruments at the end of the reporting period which are measured at fair value by the various level within a fair value hierarchy:-

	Fair value hierarchy			
	Level 1 RM	Level 2 RM	Level 3 RM	Total RM
2024				
Financial assets				
Placements in money market funds:				
- Group	45,546,773	-	-	45,546,773
- Company	23,028,713			23,028,713
2023				
Financial assets				
Placements in money market funds:				
- Group	45,190,924	-	-	45,190,924
- Company	19,480,367		_	19,480,367

The fair value of the placements in money market funds is determined by reference to market price at the end of the reporting period.

(b) The carrying amounts of the Group's and the Company's other financial assets and liabilities are reasonable approximation of their fair values due to the relatively short-term nature of these financial instruments.

There were no transfers in between fair value levels during the financial year ended 31 December 2024 and 31 December 2023.

30. Capital Management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ra tios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares.

In the management of capital risk, the Group takes into consideration the net debt equity ratio as well as the Group's working capital requirement. There were no changes in the Group's approach to capital management during the financial year.

31. Material Event During the Financial Year

On 2 December 2024, the Company entered into a Memorandum of Understanding ("MoU") with Bioloop Sdn. Bhd. ("Bioloop") that outlines the intended joint collaboration between the Company and Bioloop to set up a black soldier fly ("BSF") plant, to produce fresh BSF larvae and organic fertiliser, and to market and sell the BSF related products ("the intended activities").

Pursuant to the MoU, the Company shall be required to incorporate an entity to undertake the intended activities with a proposed initial capital contribution of RM3,000,000 for 3,000,000 ordinary shares that are to be held on 60: 40 ratio between the Company and Bioloop, respectively. As at the date of approval of these financial statements, the entity has yet to be incorporated and there was no further development since December 2024.

32. Material Event Subsequent to the Financial Year-End

On 25 January 2025, a fire broke out at the factory premises of the Company's wholly-owned subsidiary, namely Yenher Agro-Products Sdn. Bhd. ("YHA") due to resistance heating of electrical wires. The estimated carrying amount of the affected equipment and inventories is RM68,480 and RM1.78 million respectively. Insurance claims submitted are currently being assessed by the insurers.

33. Comparative Figures

Certain comparative figures have been restated to conform with current financial year's presentation.

Statement by Directors

(Pursuant to Section 251(2) of the Companies Act 2016)

We, DATO' CHENG MOOH TAT and CHENG MOOH KHENG, being two of the Directors of YENHER HOLDINGS BERHAD do hereby state that, in the opinion of the Directors, the financial statements set out on pages 49 to 106 are drawn up in accordance with the Malaysian Financial Reporting Standards, International Financial Reporting Standards and the provisions of the Companies Act 2016 in Malaysia so as to give a true and fair view of the financial position of the Group and of the Company as at 31 December 2024 and of the financial performance and cash flows of the Group and the Company for the financial year ended on that date.

Independent Auditors' Report To The Members of Yenher Holdings Berhad

202001008388 (1364708-X) (Incorporated in Malaysia)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of YENHER HOLDINGS BERHAD, which comprise the statements of financial position as at 31 December 2024 of the Group and of the Company, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 49 to 106.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2024, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters

How our audit addressed the key audit matters

Measurement of loss allowances for expected credit losses ("ECLs") on trade receivables

As disclosed in Note 8.1 to the financial statements, the carrying amount of the Group's trade receivables as at 31 December 2024 is RM61,062,431, after deducting cumulative impairment losses of RM1,389,871, and this represents approximately 21% of the Group's total assets.

For other disclosures, refer to the following notes to the financial statements :

- Note 2.12.3 Accounting policy for measurement of loss allowances for ECLs
- Note 3.2.3 Key sources of estimation uncertainty on measurement of loss allowances for ECLs on trade receivables
- Note 29.2(a) Disclosures about credit risk management in respect of trade receivables

The measurement of loss allowances for ECLs requires the exercise of significant judgement and the estimation of the effects of uncertain future events such as risk of default, expected loss rate and changes in macroeconomic conditions. In view of the significance of the carrying amount and the high level of subjectivity involved in the estimation of ECLs, we considered that this area as a key audit matter.

Our audit procedures included the following:

- Reviewed the management's processes and controls over the identification of impaired trade receivables.
- Reviewed the trade receivables ageing report and made inquiries of the management about long outstanding debts and assessed their recoverability by evaluating the receipts after year-end and past payment trend.
- In relation to the determination of expected loss rates using historical ageing data, on sampling basis, we tested the integrity of the ageing report against the relevant supporting documents. We also evaluated the reasonableness of the forward-looking macroeconomic factor used in determining the expected loss rate.

Information Other than the Financial Statements and Auditors' Report Thereon

The Directors of the Company are responsible for the other information. The other information comprises the Directors' Report and other information included in the Annual Report, but does not include the financial statements of the Group and of the Company and our auditors' report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact. We have nothing to report in this regard.

Independent Auditors' Report To The Members of Yenher Holdings Berhad (Cont'd)

202001008388 (1364708-X) (Incorporated in Malaysia)

Responsibilities of the Directors for the Financial Statements

The Directors of the Company are responsible for the preparation of financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, International Financial Reporting Standards and the requirements of the Companies Act 2016 in Malaysia. The Directors are also responsible for such internal control as the Directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the Directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the financial statements of the Group. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

Independent Auditors' Report To The Members of Yenher Holdings Berhad (Cont'd)

202001008388 (1364708-X) (Incorporated in Malaysia)

Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)

We communicate with the Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Proposed power to issue shares pursuant to Sections 75 and 76 of the Companies Act 2016

(a) "THAT subject always to the Companies Act 2016 ("Act"), Constitution of the Company and approvals of the relevant regulatory authorities, where such approval is necessary, the Directors be and are hereby empowered, pursuant to Sections 75 and 76 of the Act, to issue and allot shares in the Company from time to time at such price, upon such terms and conditions and for such purposes as the Directors may in their absolute discretion deem fit provided that the aggregate number of shares to be issued pursuant to this Resolution does not exceed 10% of the total number of issued shares of the Company for the time being and that the Directors be and are also empowered to obtain the approval from Bursa Malaysia Securities Berhad for the listing of and quotation for the additional shares so issued and that such authority shall continue to be in force until the conclusion of the next annual general meeting of the Company or the expiration of the period within which the next annual general meeting is required by law to be held or revoked/varied by resolution passed by the shareholders in general meeting whichever is the earlier.

AND THAT pursuant to Section 85 of the Act read together with Clause 31 of the Constitution of the Company, approval be and is hereby given to waive the statutory pre-emptive rights of the shareholders of the Company to be offered new shares ranking equally to the existing issued shares arising from any issuance of new shares pursuant to Sections 75 and 76 of the Act."

Ordinary Resolution 6

Notice of Annual General Meeting (Cont'd)

AS SPECIAL BUSINESSES (CONT'D)

7. To consider and, if thought fit, to pass with or without modifications the following resolutions as Ordinary Resolutions:-(Cont'd)

Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature ("RRPTs") and Proposed New Shareholders' Mandate for Additional RRPTs

(b) "THAT approval be and is hereby given to the Company and its subsidiary(ies) ("Group") to enter into and give effect to the recurrent related party transactions of a revenue or trading nature with the specified classes of related parties as specified in Section 2.5 and Section 2.6 of the Circular to Shareholders dated 30 April 2025, provided that:

Ordinary Resolution 7

- (a) such arrangements and/or transactions are necessary for the Group's day-to-day operations;
- (b) such arrangements and/or transactions undertaken are in the ordinary course of business, at arm's length basis and on normal commercial terms which are not more favourable to the related parties than those generally available to third party;
- such arrangements and/or transactions are not detrimental to the minority shareholders of the Company; and
- (d) he disclosure is made in the annual report on the aggregate value of transactions conducted pursuant to the shareholders' mandate during the financial year in relation to:
 - the related transacting parties and their respective relationship with the Company;
 - (ii) the nature of the recurrent transactions.

THAT such authority shall continue to be in force until:-

- (a) the conclusion of the next annual general meeting ("AGM") of the Company, unless the authority is renewed by a resolution passed at the next AGM; or
- (b) the expiration of the period within which the next AGM after that date is required to be held pursuant to Section 340(2) of the Companies Act 2016 ("Act") (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by ordinary resolution passed by the shareholders of the Company in a general meeting,

whichever is the earlier.

AND THAT the Directors of the Company be and are hereby authorised to do all such acts and things as they may consider necessary or expedient to give effect to transactions contemplated and/or authorised by this Ordinary Resolution."

8. To consider any other business for which due notice shall have been given.

Notice of Annual General Meeting (Cont'd)

Notes:

1. **Appointment of Proxy**

- Subject to Paragraph (c) below, a member entitled to attend and vote is entitled to appoint more than one (1) proxy to attend and vote instead of him. Where a member appoints more than one (1) proxy to attend and vote at the same meeting, the appointment shall be invalid unless the member specifies the proportion of his holdings to be represented by each proxy.
- A proxy may but need not be a member of the Company and a member may appoint any person to be his proxy without restriction as to the qualification of the proxy.
- Where a member of the Company is an exempt authorised nominee as defined under the Securities Industry (Central Depositories) Act 1991 which holds ordinary shares in the Company for multiple beneficial owners in one securities account ("omnibus account"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds.
- The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing, or if the appointor is a corporation, either under its seal or under the hand of an officer or attorney duly authorised.
- The instrument appointing a proxy must be deposited at the Share Registrar of the Company at Securities Services (Holdings) Sdn Bhd, Suite 18.05, MWE Plaza, No. 8, Lebuh Farquhar, 10200 George Town, Pulau Pinang not less than 48 hours before the time appointed for holding the AGM or adjourned meeting at which the person named in the instrument, proposes to vote.
- Pursuant to Paragraph 8.29A of the Main Market Listing Requirements of Bursa Securities, the resolutions set out above will be put to vote by way of poll.

2. Members entitled to attend 5th AGM

For the purpose of determining a member who shall be entitled to attend the 5th AGM, the Company shall be requesting Bursa Malaysia Depository Sdn. Bhd., in accordance with Clause 129 of the Company's Constitution and Section 34(1) of the Securities Industry (Central Depositories) Act 1991, to issue a General Meeting Record of Depositors as at 10 June 2025. Only a depositor whose name appears in the Record of Depositors as at 10 June 2025 shall be entitled to attend the said meeting or appoint proxies to attend, speak and/or vote on his/her behalf.

Audited Financial Statements for the financial year ended 31 December 2024

The audited financial statements are laid in accordance with Section 340(1)(a) of the Act for discussion only under Agenda 1. They do not require shareholders' approval and hence, will not be put for voting.

Ordinary Resolution No. 1 - Proposed payment of Directors' fees

Pursuant to Section 230(1) of the Act, the Company shall at every AGM approve the fees of the Directors of the Company and its subsidiaries. The Directors' fees payable to the Directors have been reviewed by the Remuneration Committee and the Board of Directors of the Company. The Directors' fees are in accordance with the remuneration framework of the Group.

Ordinary Resolution No. 2 - Proposed payment of Directors' benefits 5.

The Directors' benefits (excluding Directors' fees) comprise the allowances and other benefits payable to the Non-Executive Directors of the Company. The total estimated amount of Directors' benefits payable is calculated based on the number of actual Board and scheduled Board and Board Committee meetings for the period from 19 June 2025 until the next AGM. This authority, unless revoked or varied by the Company in a general meeting will expire at the conclusion of the next AGM of the Company.

Notice of Annual General Meeting (Cont'd)

Notes: (Cont'd)

 Ordinary Resolution Nos. 3 and 4 – Re-election of Directors who retire in accordance with Clause 165 of the Company's Constitution

Clause 165 of the Company's Constitution provides that an election of directors shall take place each year. 1/3 of the directors for the time being shall retire from office at each Annual General Meeting but shall be eligible for reelection at the said meeting. If the total number of the directors is not 3 or a multiple of 3, the number nearest to 1/3 will retire.

Dato' Cheng Mooh Tat and Datin Theoh Mooi Teng, who will be retiring and offering themselves for re-election at the 5th AGM were evaluated by the Nomination Committee and the Board. Based on the evaluation outcome, the Nomination Committee and the Board were of the view that their performance were satisfactory and recommended their re-election for shareholders' approval.

7. Ordinary Resolution No. 6 - Proposed power to issue shares pursuant to Sections 75 and 76 of the Companies Act 2016

The proposed Ordinary Resolution 6 is a general mandate and if passed will empower the Directors of the Company to issue and allot shares up to 10% of the total number of issued shares of the Company from time to time (other than bonus or right issue). This authority will, unless revoked or varied by the Company in general meeting, expire at the conclusion of the next AGM of the Company or the period within which the next AGM of the Company is required by law to be held whichever is the earlier.

This authority will provide flexibility to the Company for possible raising of funds, including but not limited to placing of shares, for purpose of additional working capital, capital expenditure, funding of investments, acquisitions or reduction of borrowings.

As at the date of this notice, no new shares in the Company have been issued pursuant to the mandate granted to the Directors at the Fourth AGM held on 14 June 2024 which will lapse at the conclusion of the Fifth AGM.

8. Ordinary Resolution No. 7 – Proposed Renewal of Shareholders' Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature ("RRPTs") and Proposed New Shareholders' Mandate for Additional RRPTs

The proposed Ordinary Resolution 7, if passed, will allow the Company and its subsidiaries to enter into the existing and new RRPTs in accordance with Paragraph 10.09 of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad without the necessity to convene separate general meetings from time to time to seek shareholders' approval as and when such RRPT occur. This would reduce substantial administrative time, inconvenience and resources associated with the convening of such meetings without compromising the corporate objectives of the Group or affecting the business opportunities available to the Group. The shareholders' mandate is subject to renewal on an annual basis.

Please refer to the Circular to Shareholders dated 30 April 2025 for further information.

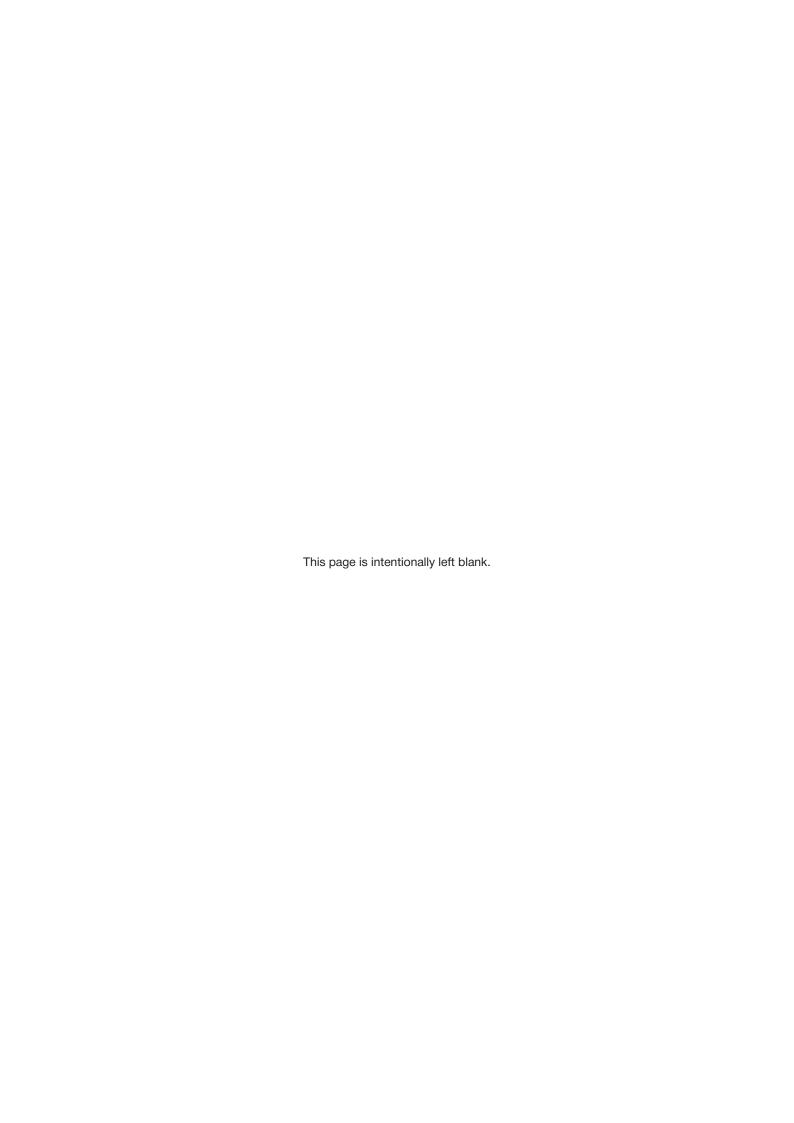

STATEMENT ACCOMPANYING NOTICE OF AGM

(Pursuant to Paragraph 8.27(2) of the Listing Requirements of Bursa Malaysia Securities Berhad)

As at date of this notice, there are no individuals who are standing for election as Directors (excluding Directors who are standing for re-election as stated above) at this forthcoming 5th AGM.

PERSONAL DATA POLICY

By submitting the duly executed Form of Proxy, the member and his/her proxy consent to the Company (and/or its agents/service providers) collecting, using and disclosing the personal data therein in accordance with the Personal Data Protection Act 2010, for the purpose of the AGM, and any adjournment thereof.
