COVER RATIONALE

The cover of Evergreen Max Cash Capital Berhad's ("EMCC" or "the Company") Annual Report for the financial year ended 31 December 2025 ("FYE 2025") reflects the Company's disciplined approach to capital management and its focus on sustainable growth.

The interlocking cube motif symbolises structure, stability and consistency – mirroring EMCC's structured operations across its "Pajaking" pawnshops and "Cahaya Gold" retail outlets nationwide. The deep navy tones convey trust and resilience, while the gold accents represent value and the precious metals at the core of the Company's business.

"DISCIPLINED CAPITAL. SUSTAINABLE GROWTH." encapsulates EMCC's commitment to prudent financial stewardship and the delivery of long-term value for its stakeholders.

▶ DATO' LOW KOK CHUAN

Non-Independent
Executive Director/
Group Managing Director

Date of Appointment to the Board:
1 October 2021

Board Committee: Nil

Age: 63 **Gender:** Male **Nationality:** Malaysian

Dato' Low Kok Chuan is primarily responsible for shaping our Group's overall strategic business direction and overseeing overall business operations.

Dato' Low Kok Chuan obtained a Higher Stage Certificate in Accounting from the London Chamber of Commerce and Industry in 1983 as well as a Higher Stage Group Diploma in Accounting in 1984.

Dato' Low Kok Chuan began his career in 1984 as an Internal Auditor at Malaysia Industrial Development Finance Berhad. In 1986, he left the organisation in order to pursue his entrepreneurship career. Between 1986 to 1995, he founded several retail and trading businesses, primarily focused on the trading of household and outdoor equipment products. Between 1996 to 2004, he was involved in the business of property development.

In 2012, Dato' Low Kok Chuan, together with his spouse Datin Tea Guat Ngo, co-founded Pajak Gadai Insan Tiara Sdn. Bhd., a subsidiary of our Company, to spearhead their venture into the pawnbroking business. This marked the first inception of our Group's "Pajaking" pawnshop in Sungai Besi, Kuala Lumpur.

Under Dato' Low Kok Chuan's stewardship and strong business acumen, our Group's pawnbroking business has since grown significantly from one (1) "Pajaking" pawnshop in Kuala Lumpur to now an expanded network of 29 "Pajaking" pawnshops and 70 Islamic pawnshop outlets, providing pawnbroking under the *Tawarruq* in Kuala Lumpur, Selangor, Negeri Sembilan, Pahang, Perak, and Terengganu.

To complement our Group's pawnbroking business, Dato' Low Kok Chuan had incorporated Cahaya Gold & Jewellery Sdn. Bhd. in 2018 to venture into the business of gold and luxury products retail and trading. As of today, our Group has three (3) "Cahaya Gold" retail outlets in Kuala Lumpur, primarily involved in the business of retail sales of pre-owned and new gold products.

Dato' Low Kok Chuan is the spouse of Datin Tea Guat Ngo, our Non-Independent Executive Director, as well as the father of Low Kai Loon, our Non-Independent Executive Director.

Dato' Low Kok Chuan is also a director and major shareholder of Tirai Anggerik Sdn. Bhd., which is a major shareholder of our Company.

Dato' Low Kok Chuan attended all five (5) Board meetings held during the financial year ended 31 December 2025.

Datin Tea Guat Ngo

Non-Independent Executive Director

Date of Appointment to the Board:
1 October 2021

Board Committee: Nil

Age: 63 **Gender:** Female **Nationality:** Malaysian

Datin Tea Guat Ngo is primarily responsible for overseeing the overall treasury functions of our Group, which includes capital allocation and planning.

Datin Tea Guat Ngo began her career in 1984 as a general clerk. In 2012, Datin Tea Guat Ngo, together with her spouse, Dato' Low Kok Chuan, co-founded Pajak Gadai Insan Tiara Sdn. Bhd., a subsidiary of our Company. This venture marked the beginning of our Group's successful "Pajaking" pawnshop business. Their leadership has been instrumental in growing the "Pajaking" network to 29 "Pajaking" pawnshops and 70 Islamic pawnshop outlets to date, providing pawnbroking under the *Tawarruq* in Kuala Lumpur, Selangor, Negeri Sembilan, Pahang, Perak, and Terengganu.

Datin Tea Guat Ngo is the spouse of Dato' Low Kok Chuan, our Non-Independent Executive Director/Group Managing Director, as well as the mother of Low Kai Loon, our Non-Independent Executive Director.

Datin Tea Guat Ngo is also a shareholder of Tirai Anggerik Sdn. Bhd., which is a major shareholder of our Company.

Pawnbroking Services

Pawnbroking services provide short-term loans secured by collateral, offering a flexible financing solution for individuals in need of immediate liquidity. In Malaysia, these services are regulated by the Ministry of Housing and Local Government (“KPKT”) under the Pawnbrokers Act 1972. As a KPKT-licensed entity, we strictly adhere to the regulatory framework set out in the Pawnbrokers Act 1972, ensuring compliance and responsible lending practices.

In the FYE 2025, we operate a network of 29 “Pajaking” outlets, offering short-term financing solutions to individuals aged 18 and above.

We provide pawn loans with tenures of up to 6 months, secured against a range of valuable personal assets, including gold jewellery, minted gold bars, and luxury products. Monthly interest rates range between 1.5% and 2.0%, with each pawnshop determining a fixed rate based on local market conditions and competition.

Our services address a critical gap in financial accessibility, particularly for the unbanked and underbanked population, by providing an alternative means of securing short-term financing. Unlike traditional financial institutions, pawn loans enable individuals to leverage their personal assets for immediate cash flow, without the need for credit checks.

Through our expanding network of “Pajaking” pawnshops, we remain committed to supporting financial inclusion, offering a transparent, regulated, and accessible lending solution to those in need.

Islamic Pawnbroking Services

In addition to our conventional pawnbroking services, we have broadened our scope of offerings by introducing “Ar-Rahnu Cahaya” Islamic pawnshops. We have established an additional 28 outlets in FYE 2025, bringing our total “Ar-Rahnu Cahaya” outlets to 70 outlets, to meet the growing demand for Shariah-compliant financial solutions. This strategic move allows us to better serve individuals seeking short-term financing while reinforcing our commitment to ethical and transparent financial services.

In contrast to conventional pawnbroking, Islamic pawnshops adhere to and operate under Islamic finance principles, ensuring all transactions adhere to Shariah guidelines. Customers pledge valuable assets such as gold jewellery, minted gold bars, and luxury items as collateral in exchange for financing.

The financing process is straightforward and accessible. Customers deposit their collateral, which is appraised to determine the financing amount. The tenure extends up to 6 months, hence providing

flexibility in repayment. Customers may redeem their pledged items upon full repayment or extend the tenure by settling the outstanding financing profit.

Additionally, unlike conventional pawnbroking, our Islamic pawnbroking services also offer customers with the option to sell their gold on the spot and receive cash immediately through our “WeBuy” programme. Although sale is conducted at a discounted rate from the market price, the pawnshop will subsequently sell the gold at the prevailing day rate on the prevailing date, creating an arbitrage opportunity.

The introduction of “Ar-Rahnu Cahaya” strengthens our market position by meeting the needs of customers who prefer Shariah-compliant financing. This expansion not only enhances our service offerings but also drives financial inclusion, providing an alternative lending solution that is accessible and responsible for those in need of immediate liquidity.

Gold and Luxury Products Retail and Trading

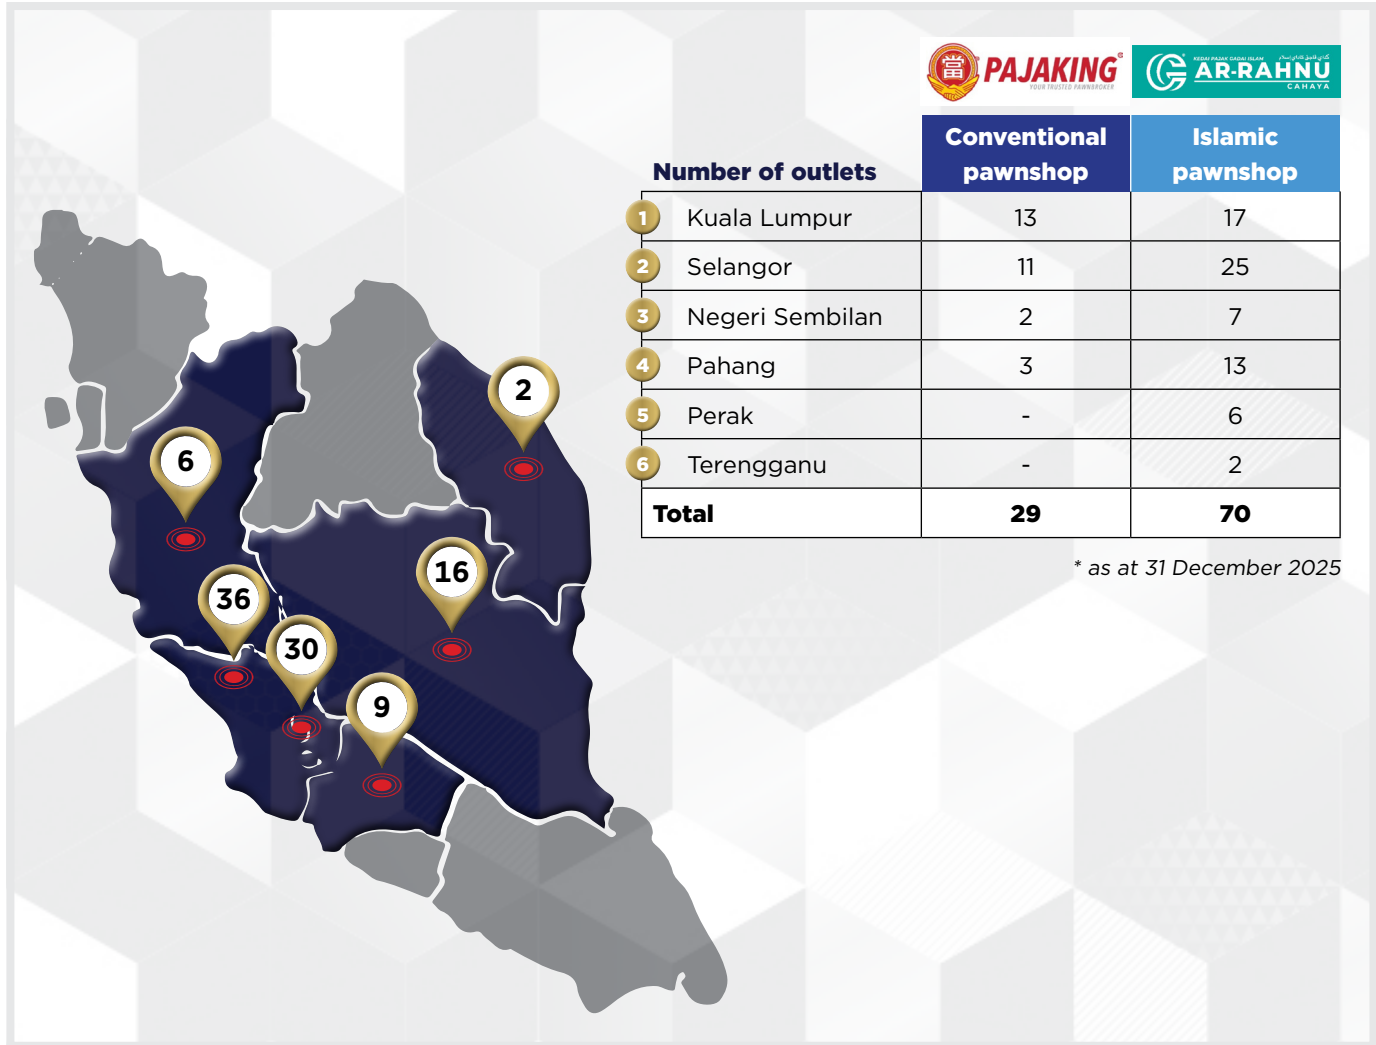

Beyond our pawnbroking business, we are engaged in the retail and trading of gold and luxury products through our “Cahaya Gold” retail outlets. Our offerings include pre-owned gold and luxury items such as unredeemed pledges from our pawnbroking segment, alongside new gold products sourced from reputable suppliers. To further strengthen our market presence, we continue to expand our retail footprint, with a total of three (3) “Cahaya Gold” retail outlets opened as at 31 December 2025, thereby enhancing accessibility and broadening our range of high-quality products to meet growing customer demand.

Apart from our physical outlets across Peninsular Malaysia, we have enhanced our retail and trading operations through digital channels, enabling greater accessibility for customers. Our products are available via the Cahaya Gold website (<https://cahayagold.com>) and across multiple social media and e-commerce platforms, including Facebook Live, Telegram, WhatsApp, Instagram, TikTok, and Shopee. Additionally, we engage in direct sales of pre-owned gold products to gold trading companies, scrap gold collectors, and luxury product retailers, expanding our reach beyond individual consumers.

OPERATIONAL REVIEW

Expansion Efforts Gaining Momentum

At the time of our Group’s listing on Bursa Securities Malaysia Berhad in September 2023, we operated 22 conventional pawnbroking outlets. In the previous financial year ended 31 December 2024 (“**FYE 2024**”), we entered the market of Islamic pawnbroking with our brand, “Ar-Rahnu Cahaya”, and 42 Islamic pawnbroking outlets spreading across the country. Building on this foundation, we continued to expand our presence in the Islamic pawnbroking segment during the FYE 2025, opening an additional 28 Islamic pawnbroking outlets. This further strengthens our service offerings and positions our Group to meet the rising demand for Shariah-compliant financing solutions, while enhancing accessibility to a broader customer base.

At the same time, our Group now operates 29 conventional pawnbroking outlets across the country, bringing our total outlet count to 99 pawnbroking outlets.

Riding further along our expansion momentum, our Group has also obtained 4 additional pawnshop licenses, with the outlets set to open in this upcoming financial year ending 31 December 2026 (“**FYE 2026**”).

Our Group now operates 29 conventional pawnbroking outlets across the country, bringing our total outlet count to 99 pawnbroking outlets.

Financial Performance by Segment

Our Group delivered another year of strong financial performance in FYE 2025, with revenue increasing to RM214.5 million, up from RM122.3 million in FYE 2024, representing a YoY growth of 75.4%. This strong growth was primarily driven by higher contributions across all three segments: conventional pawnbroking, Islamic pawnbroking, and gold and luxury products retail and trading. In particular, revenue from the Islamic pawnbroking segment grew by 366.1%, reflecting the continued expansion of this segment and its increasing contribution to our Group's overall growth.

Revenue	73.0	132.0	+80.8%
PAT	7.5	11.4	+52.0%
PAT margin (%)	10.3%	8.6%	-1.7 ppt

Our total pawn loans disbursed increased by 87.7% to RM1,168.0 million in FYE 2025, up from RM622.4 million in the prior year, primarily attributed to the rapid expansion of our “Ar-Rahnu Cahaya” Islamic pawnbroking outlets.

Revenue was further supported by an increase in sales volume of pre-owned gold products to gold trading companies and scrap collectors by 57.8% or 64.6kg, while sales of unredeemed pledged items remained stable with an incremental 1.0% increase in FYE 2025. The higher sales volumes were driven by stronger contributions from our “WeBuy” programme.

Profitability across both conventional and Islamic pawnbroking segments grew. The PAT margin for conventional pawnbroking segment increased to 44.5% in FYE 2025 from 36.7% in FYE 2024, while Islamic pawnbroking segment turned profitable, recording a PAT margin of 7.3% from -87.5% in the prior year. In contrast, the PAT margin for the gold and luxury products retail and trading segment slightly declined in FYE 2025 from 10.3% in FYE 2024, which was attributed to the increase in contributions from our “WeBuy” programme, which carries comparatively lower margins.

In our line of business, expansion of our pawnbroking network requires time to scale effectively in order to reflect any meaningful change in our Group’s overall financial performance. FYE 2024 marked our entry into the Islamic pawnbroking segment and in FYE 2025, we began to see encouraging growth and a positive contribution from the Islamic pawnbroking segment to our overall Group performance. As these business segments continue to scale and mature, we expect stronger contributions to revenue and improving performance in overall profitability.

The expansion of our pawnbroking outlets has resulted in higher operational costs, including rental, utilities and staff costs. As a result, general and administrative expenses increased to RM18.0 million in FYE 2025 from RM9.4 million in the previous year. Additionally, following an increase in pawn loans disbursed, our financing costs rose to RM12.4 million in FYE 2025, representing an increase of 181.8% from RM4.4 million in the previous year.

Despite the higher cost base, EMCC reported a strong PAT of RM36.7 million, with a PAT margin of 17.1%. This translates into an increase of 66.1% from last year’s PAT of RM22.1 million.

Cash Flow and Capital Resources

	FYE 2024 (RM million) (Restated)	FYE 2025 (RM million)	YoY Changes (RM million)	YoY Changes (%)
Net cash (used in) / generated from				
Operating Profit Before Working Capital Changes	43.0	72.3	29.3	+68.1%
Operating Activities	(65.3)	(156.7)	(91.4)	+140.0%
Investing Activities	(23.3)	(7.0)	16.3	-70.0%
Financing Activities	58.1	197.2	139.1	+239.4%
Net (decrease) / increase in Cash and Cash Equivalents	(30.5)	33.5	64.0	+209.8%

During FYE 2025, operating profit before working capital changes increased by RM29.3 million, or 68.1% to RM72.3 million. This underpins the scalability and profitability of our business, particularly from the conventional pawnbroking segment as well as the rapidly expanding Islamic pawnbroking segment.

However, working capital changes during the year as a result of an increase in pawn loans disbursed has resulted in increased negative operating cash flows. This is inherently due to the nature of the pawnbroking business, where pawn loans disbursed are recorded as operating cash outflows while cash and capital injections are classified as financing cash inflows, thus explaining the negative operating cash flows observed.

The RM7.0 million net cash used in investing activities in FYE 2025 are a result of our expansion activities, mainly through the acquisition of property and plant for our new pawnshop outlets. Additionally, a portion of investments were allocated towards intangible assets, such as pawnshop operating licenses, software systems, and trademarks.

Net cash flow generated from financing activities increased more than two-fold to RM197.2 million in FYE 2025 compared to RM58.1 million in FYE 2024. This was largely contributed to the increase in drawdown of bank borrowings, as well as proceeds from the issuance of Islamic Redeemable Convertible Preference Shares (“RCPS-i”) during FYE 2025, which were utilised to support the expansion of pawn loans disbursed.

Balance Sheet

Balance Sheet (RM million)	FYE 2024 (RM million) (Restated)	FYE 2025 (RM million)	YoY Changes (RM million)	YoY Changes (%)
Total Assets	376.4	627.0	250.6	+66.6
Cash and Bank Balances	7.0	35.8	28.8	+411.1
Total Liabilities	151.4	365.3	213.9	+141.3
Total Borrowings	113.5	281.6	168.1	+148.1
Total Equity	225.0	261.7	36.7	+16.3
Net Gearing Ratio (Times)	0.5	1.1	0.6	+120.0

As at FYE 2025, our Group's total assets amounted to RM627.0 million, translating into a 66.6% increase from RM376.4 million in FYE 2024. This growth was primarily driven by an increase in trade receivables, attributed to higher pawn loans disbursements. Additionally, our Group's cash and bank balances increased to RM35.8 million in FYE 2025 from RM7.0 million in FYE 2024, mainly supported by an increase in drawdown of bank borrowings and revolving credit facilities as well issuance of RCPS-i during FYE 2025.

Despite the rise in trade receivables, credit risk remains at a minimal level as all pawn loans are fully secured by pledged items. In the event of non-repayment, these pledged items can be liquidated to recover the outstanding loan amount hence minimising financial exposure to our Group.

Meanwhile, total liabilities rose by 141.3% to RM365.3 million in FYE 2025, primarily due to an increase in short-term borrowings to facilitate business expansions and operational growth.

Our Group's shareholders' equity rose by 16.3% to RM261.7 million in FYE 2025, underpinned by higher retained earnings.

Dividend Policy

During FYE 2025, our Group declared two interim dividends, comprising the first interim dividend of 0.30 sen per share which was paid out on 23 September 2025, and the second interim dividend of 0.35 sen per share which was paid out on 10 April 2026, totalling 0.65 sen per share in respect of the FYE 2025.

This translates into a total distribution of RM7.3 million, representing a dividend payout ratio of approximately 19.9% of net profit for FYE 2025, balancing shareholder returns and our Group's need to retain capital for working cash capital and future growth opportunities.

Our Board will continue to assess the feasibility of dividend distributions in the coming financial years, taking into consideration our Group's financial performance, cash flow position, and other capital requirements. This ensures that sufficient capital is retained to support operational needs and future growth, while continuing to reward shareholders. Our Board intends to recommend and distribute dividends of at least 20% of PAT.

Corporate Development

The pawnbroking business is a cash intensive business that requires adequate liquidity to support day-to-day operations and growth. In FYE 2025, our Group strengthened our funding position by securing multiple revolving credit facilities from various financial institutions, with a combined limit of RM240 million.

In addition to funding from financial institutions, our wholly-owned subsidiary, Evergreen Cahaya Holdings Sdn. Bhd., entered into a subscription agreement with DPK Private Equity Sdn. Bhd. for the subscription of 40 million RCPS-i for a subscription price of RM40.0 million. This strategic move allows our Group to raise additional capital for the Islamic pawnbroking segment without the immediate dilution of the shareholdings of our shareholders.

The proceeds raised from the revolving credit facilities and RCPS-i collectively amounted to approximately RM155 million. These funds are intended to be utilised for the working cash capital for both our conventional and Islamic pawnbroking segments.

Anticipated Risks

Adequate cash capital is crucial for sustaining and scaling our pawnbroking operations

Our pawnbroking business relies heavily on adequate cash capital to fund pawn loan disbursements, ensuring that our operations run smoothly and our ability to meet growing customer demand. Any insufficiency in capital may constrain loan disbursements, limit business expansion, and affect overall liquidity. Additionally, any delays in selling unredeemed pledged items may delay the cash recovery process, further impacting operational cash flow.

To manage these risks, our Group maintains established relationships with financial institutions to secure funding support. We adopt a disciplined financial planning approach with close monitoring of our liquidity position and optimisation of loan disbursements to support sustainable growth. In recognition of the importance of a stable funding structure, we are proactively exploring diverse capital sources.

As a listed company, we have the flexibility to raise capital through equity markets. However, we will carefully assess market conditions and funding needs to ensure decisions made are aligned with the best interest of our Group and our shareholders.

We face risks related to physical security vulnerabilities

Our pawnbroking as well as gold and luxury products retail and trading business segments naturally involve physical security risks, including burglary, theft, robbery, or misappropriation of assets. Protecting valuable assets and cash is our top priority and while we have not experienced any security incidents to date, we remain vigilant against any potential threats.

To safeguard against these risks, we have implemented stringent security protocols as well as comprehensive cash and pledge management policy across all our pawnshops and Cahaya Gold outlets. Apart from that, we have also secured specialized contingency insurance for our pawnbroking operations and jeweller's block insurance for our Cahaya Gold outlets. These policies provide coverage against various risks such as theft, robbery, and damage to pledged items.

Volatility in the gold price affects our business

The inherent nature of our Group's pawnbroking business exposes us to fluctuations in the gold prices, which may materially affect our operations. Given that gold is a globally traded commodity, its prices are influenced by market forces beyond our control such as supply and demand, inflation, USD exchange rates, interest rates, and geopolitical and economic conditions.

Although gold prices has historically trended upwards, its value remains unpredictable. A sudden decline or prolonged downward movement in gold prices could adversely affect the profitability of our gold retail and trading segment as well as the margins of our pawnbroking segment.

To mitigate risks and safeguard our position, we adopt a prudent approach by ensuring that our gold holdings are not kept for extended periods. Our back-to-back price-locking mechanism allows us to hedge against price fluctuations. This approach reduces market exposure, safeguards profitability, and ensures financial stability.

We are dependent on trustworthiness and reliability of our staff and patrons

We are exposed to the possibility of counterfeit items being pledged in our pawnshops. While we have adopted measures to identify and certify the authenticity of a pledged item, there is a risk that error may occur, which may be due to human error, poor standard of practice ("SOP"), or possible collusion. Apart from counterfeit goods, we are also at risk of receiving pledged items that, while being authentic, were obtained unlawfully.

Notwithstanding such unfortunate cases happening in the past, we have procedures set in place to mitigate such risks, such as monthly audits as well as random checks to ensure compliance by our staff and patrons.

Furthermore, we are reliant on the performance of our outlet personnel when providing pawnbroking services. Failure to employ reliable and trustworthy outlet personnel may then expose us to risks of fraud, mismanagement, or mishandling of cash and pledged items, possibly resulting in losses and damages.

We are impacted by credit conditions and interest rate fluctuations

As we secure cash capital through various sources, including borrowings, any unfavourable changes in credit conditions (such as tighter lending requirements) may restrict our ability to raise additional funds for our pawnbroking business. Additionally, an increase in overnight policy rates could result in higher financing costs, thereby affecting our financial performance.

To mitigate these risks, we maintain active engagements with multiple financial institutions to secure favourable loan terms and flexible credit facilities, therefore reducing our exposure to sudden changes in lending conditions. Additionally, we continuously monitor interest rate movements and market trends, enabling us to adjust our financing strategies proactively.

MOVING FORWARD

According to the Ministry of Finance, Malaysia's economy in 2026 is projected to expand by 4% to 4.5%, supported by resilient domestic demand and a steady external sector. Alongside growth, inflation rates are also expected to remain moderate. While uncertainties from ongoing conflicts, geopolitical tensions, and policy decisions weigh on the economic outlook, our Group remains positive in our ability to persist and remain resilient.

Amid these macroeconomic conditions, we are expected to continue observing strong and sustained demand. Traditionally, pawnbroking services would persist through economic cycles, as these services offer short-term financing options, offering a unique proposition that caters to the financially underserved communities in Malaysia. Any unfavourable effects from rising tensions could potentially reflect into an increase in demand for immediate cash through a domino effect resulting from rising inflation.

Given the current global economic and geopolitical uncertainties as well as volatility in financial markets, we expect gold prices to remain elevated in the short to medium term. Gold is still deemed as a safe asset against traditional financial instruments, and as such, its performance is likely to be sustained in the coming years, which our business will likely be able to benefit from.

Apart from organic growth through network expansions, we continue to strive for growth in our existing outlets, further enhancing our services provided to the underbanked and unbanked communities throughout the country.

Looking forward, we are confident that our proactive growth strategy, customer-centric approach, and focus on financial inclusion will position us well to navigate evolving market conditions and drive sustainable long-term value for our shareholders.

APPRECIATION

On behalf of the Board, we would like to express our deepest gratitude to our employees and management for their unwavering dedication, commitment, and hard work. Their efforts have been pivotal in driving our success and maintaining our market leadership as we continue to expand.

I also extend my sincere appreciation to our Board members, shareholders, clients, distributors, suppliers, consultants, bankers, and business partners for their steadfast support and trust. Their contributions have been invaluable, and we remain committed to fostering strong, mutually beneficial relationships.

During the financial year, the Board underwent changes with the departure of Non-Executive Chairman, Dato' Mohd Azfar Bin Mohamed. The Group records its sincere appreciation for his leadership, guidance, and contributions during his tenure, and wishes him the very best in his future endeavours.

The Board also welcomed Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman, who was appointed as Independent Non-Executive Chairman on 1 February 2026, further strengthening the Board's composition and experience.

Sincerely,

DATO' LOW KOK CHUAN

Sustainability Statement

INTRODUCTION

Evergreen Max Cash Capital Berhad (“**EMCC**” or the “**Company**”), together with its subsidiaries (collectively, “**EMCC Group**” or the “**Group**”) is principally involved in the provision of pawnbroking services, retail and trading of gold and luxury products, as well as pawnbroking consultancy and Information Technology (“**IT**”) solutions.

At EMCC Group, we have always believed that how we do business matters as much as the business we do. This conviction is reflected in the communities we serve, the standards we hold ourselves to, and the steps we continue to take to embed sustainability into our operations.

The year 2025 represents a significant milestone in that journey, marking the Group’s initial steps towards formal alignment with the International Financial Reporting Standards (“**IFRS**”) Sustainability Disclosure Standards, specifically *IFRS S1 (General Requirements for Disclosure of Sustainability-related Financial Information)* and *IFRS S2 (Climate-related Disclosures)*, in accordance with the National Sustainability Reporting Framework (“**NSRF**”).

During the year, we strengthened the Group’s sustainability governance structure foundations with the establishment of a Sustainability Steering Committee (“**SSC**”) and a Sustainability Working Group (“**SWG**”). The Board Charter was also updated to formalise the Board’s accountability over sustainability- and climate-related risks and opportunities (“**SRROs and CRROs**”).

This Sustainability Statement (“**SS2025**”) outlines the Group’s approach to sustainability and the progress we made in the financial year ended 31 December 2025 (“**FYE 2025**”), in respect of our Economic, Environmental, Social and Governance (“**EESG**”) performance.

ABOUT THIS STATEMENT

Reporting Scope and Period

Unless otherwise stated, this SS2025 covers sustainability initiatives for the reporting period from 1 January 2025 to 31 December 2025. The scope of this SS2025 encompasses the operations of EMCC and its subsidiaries, including our “Pajaking” pawnshops, “Cahaya Gold” outlets, and “Ar-Rahnu Cahaya” branches. All operations are based in Malaysia.

Reporting Frameworks and Standards

The SS2025 has been prepared in accordance with Bursa Malaysia Securities Berhad’s (“**Bursa Securities**”) ACE Market Listing Requirements (“**Listing Requirements**”), guided by Bursa Securities’ Sustainability Reporting Guide and Toolkits (3rd Edition).

The Group has also commenced alignment with the IFRS S1 and IFRS S2 in SS2025, particularly in strengthening the sustainability governance in alignment with the disclosure requirements. As we progress, we remain steadfast in developing the processes and capabilities to support full alignment with IFRS S1 and S2 in the years ahead.

Statement of Assurance

This SS2025 has been reviewed and approved by EMCC’s Board of Directors (the “**Board**”) on 17 April 2026. Information and data disclosed in the SS2025 have been verified for accuracy by respective data owners and subsidiaries within the Group. This statement has not been subjected to an assurance process by an independent assurance provider.

OUR COMMITMENT TO SUSTAINABILITY

Sustainability at EMCC Group is not just a commitment we articulate; it is a responsibility we are actively building the structures to deliver on.

In FYE 2025, we took meaningful steps to translate our sustainability intentions into action. An SSC and an SWG were set up to provide dedicated oversight and drive the execution of our sustainability agenda across the Group. Details on the roles and responsibilities of these bodies are set out in the Sustainability Governance section of this SS2025.

Vision

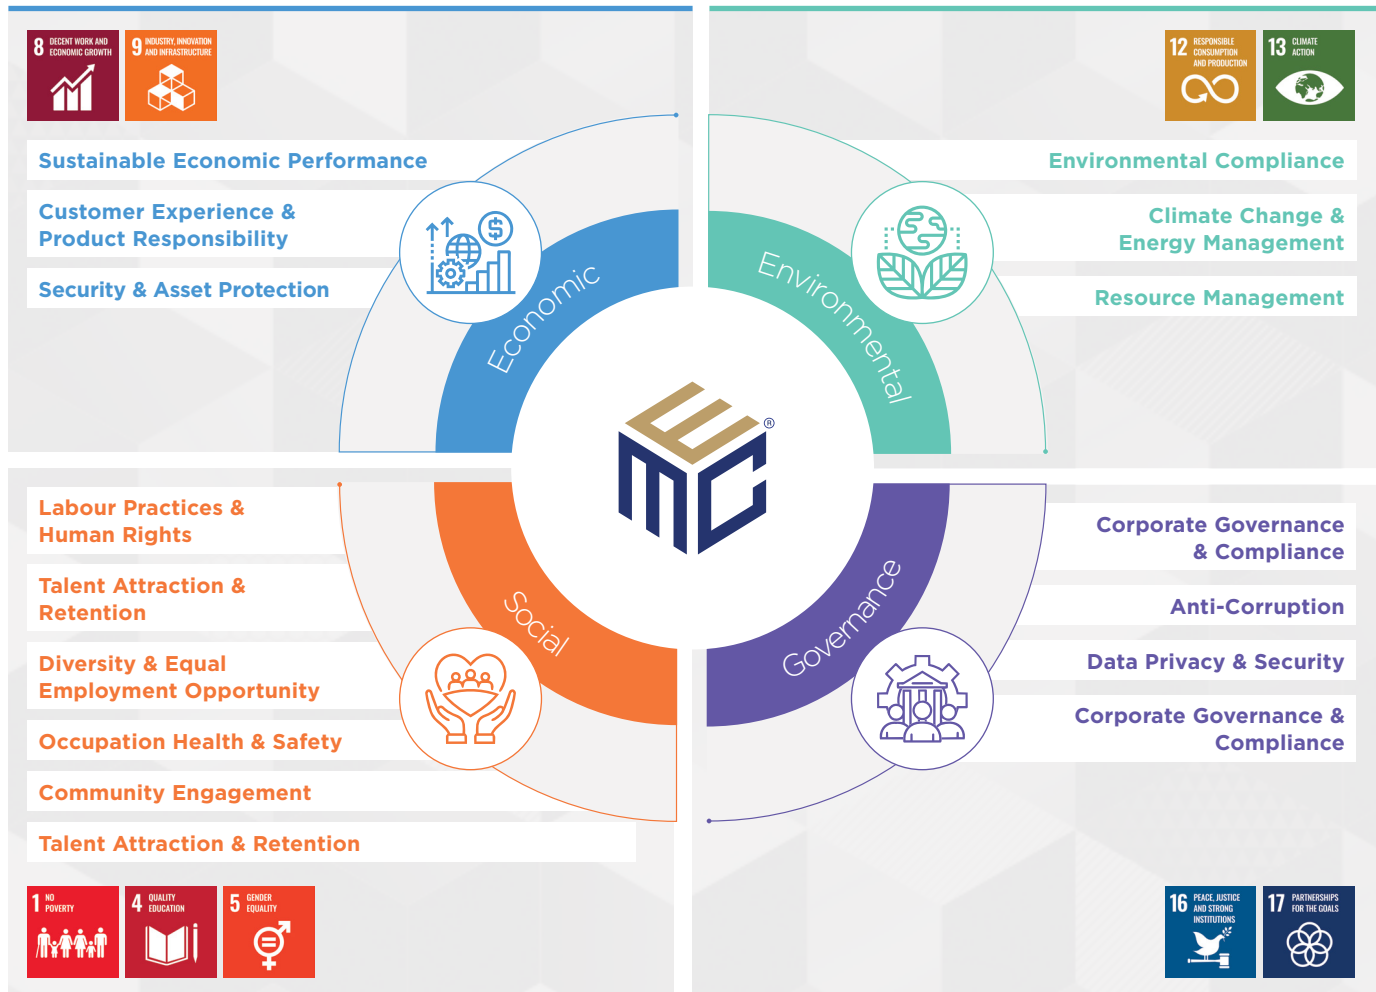

To become an industry leader in pawnbroking, while aiming to be the most trusted and reliable financial partners for our customers at every stage of their lives.

Mission

To be a strong and reputable provider of alternative financing solutions, and an experienced pawnbroker. Also, we aim to leverage on the different strengths of our subsidiaries for maximum performance.

Our sustainability strategy continues to be guided by four (4) pillars of EESG. Where relevant, our initiatives are aligned with the United Nations Sustainable Development Goals (“UN SDGs”), ensuring our efforts contribute meaningfully to global development priorities.

SUSTAINABILITY GOVERNANCE

Effective oversight of sustainability matters is embedded within EMCC’s corporate governance framework. In FYE 2025, we strengthened our sustainability governance structure to align with the requirements of IFRS S1 and IFRS S2, including establishing the SSC and the SWG to support the Board in overseeing and implementing sustainability initiatives.

EMCC has adopted the following three-tier governance structure to strengthen oversight, direction, and implementation of sustainability initiatives. The responsibilities of the Board and the SSC are reflected in the Board Charter and SSC Terms of Reference respectively, as summarised below:

Board of Directors

- Provide strategic oversight of EMCC’s sustainability agenda and commitments.
- Review and approve sustainability strategies, frameworks, and policies proposed by the Sustainability Steering Committee.
- Oversee the management of material SRROs and CRROs.
- Set the tone and direction for sustainability across the organisation and key stakeholders.

Sustainability Steering Committee

- Develops and recommends sustainability strategies, frameworks, and policies for the Board’s review and approval, ensuring alignment with EMCC’s business objectives, regulatory requirements, and IFRS S1 and S2 standards.
- Oversees the preparation of the sustainability statement and other relevant disclosures, recommending them to the board for approval in compliance with IFRS S1, IFRS S2, Bursa Securities’ requirements, and the NSRF.
- Reviews and recommends material sustainability- and climate-related matters, including performance indicators and targets.
- Periodically assesses the skills and competencies of the Board, SSC, and SWG members in relation to sustainability- and climate-related matters, recommending capacity-building programmes, external training, or expert appointments as needed to strengthen governance capability.
- Oversees stakeholder engagement processes, ensuring stakeholder input is incorporated into sustainability and climate-related considerations.
- Monitors progress and performance of sustainability initiatives, including environmental impact, employee well-being, responsible business practices, and community engagement.
- Stays informed of relevant laws, regulations, frameworks, and market developments related to sustainability and climate.
- Reports sustainability progress and challenges including remedies to the Board.
- Promotes awareness, training and behavioural integration of sustainability across business units.
- Considers and acts on other sustainability-related matters delegated by the Board.

Sustainability Working Group

- Execute approved sustainability initiatives, action plans, and data collection activities across departments.
- Support accurate tracking, reporting, and continuous improvement of sustainability- and climate-related performance for internal monitoring and external disclosure.

Governance Body's Oversight

The Board is ultimately responsible for EMCC's strategic direction on sustainability, including oversight of sustainability- and climate-related risks and opportunities covering economic, environmental, social, and governance matters.

The Board, together with the SSC, will continue to seek relevant training and workshops to further upskill and enhance their knowledge of sustainability- and climate-related matters. In FYE 2024, the Board members attended the mandatory Bursa Malaysia MAP Part II: Leading for Impact ("**LIP**") training. This programme enhances the Board's knowledge and capabilities to effectively discharge its governance duties on sustainability matters. Additionally, the Board has also approved the engagement of external consultants to support EMCC in the NSRF, the IFRS Sustainability Standards, and Bursa Securities' Sustainability Reporting requirements.

The Board, supported by the SSC, considers SRROs and CRROs when evaluating business strategies, major business decisions, ensuring these align with EMCC's long-term objectives. Additionally, the Board and SSC review the Enterprise Risk Management ("**ERM**") framework to ensure that sustainability- and climate-related risks and opportunities are

incorporated into policy design and decision-making processes. This includes evaluating the financial and operational trade-offs between mitigation actions and growth opportunities, and ensuring that sustainability considerations are reflected in investment approvals, capital allocation, and policy revisions. All settings of targets related to SRROs and CRROs, as well as the monitoring of the progress towards those targets, will be driven by the SSC and reviewed and approved by the Board. EMCC will establish measurable sustainability and climate-related targets in two (2) phases:

- Climate-related targets (IFRS S2) by end of December 2026.
- Broader sustainability-related targets (IFRS S1) by end of June 2027.

Currently, sustainability performance metrics are not included in the remuneration policies, but will be reviewed for integration in the future.

The Board receives updates on sustainability and climate matters during the Board meetings, at least once annually.

Management's Role in Governance

The SSC will act as the executive-level body responsible for managing sustainability and climate-related matters. The SSC is chaired by the Executive Director ("**ED**"), who reports directly to the Board and the Audit and Risk Management Committee ("**ARMC**") on sustainability-related risks and opportunities. This structure ensures a clear line of accountability from management to the Board. The SSC will meet at least once annually or more frequently as deemed necessary and report to the Board annually on sustainability progress, including updates on sustainability targets and material sustainability issues. The SSC will work closely with the operational Sustainability Working Group to ensure effective execution, data collection, and monitoring of sustainability performance.

To support effective oversight, management uses a series of controls and procedures embedded within EMCC's existing governance framework. These include incorporating sustainability- and climate-related risks into the ERM framework, maintaining and reviewing the list of identified sustainability and climate-related risks. These controls enable integration with other internal functions, ensuring sustainability considerations are reflected in decision-making and risk mitigation measures.

STAKEHOLDER ENGAGEMENT

Ongoing dialogue with our stakeholders enables EMCC Group to operate with greater awareness and accountability. As the business expands, we prioritise transparent and consistent engagement to understand stakeholder expectations and emerging concerns. This allows us to respond proactively to regulatory developments, market dynamics and community needs.

In FYE 2025, we continued to engage with our stakeholders through structured and informal communication channels. These interactions provided input to support operational improvements, regulatory compliance and long-term stakeholder relationships.

The table below summarises our key stakeholder groups, their primary areas of interest and the main channels through which we engage with them.

MATERIALITY ASSESSMENT

Understanding what matters most to our business and our stakeholders is central to how we approach sustainability.

In FYE 2025, the Group engaged an external sustainability consultant to support its alignment with IFRS S1 and S2 under the NSRF. As part of this ongoing alignment exercise, the Group’s existing material sustainability matters (“**MSMs**”) are being reviewed and assessed against the requirements of IFRS S1 and S2.

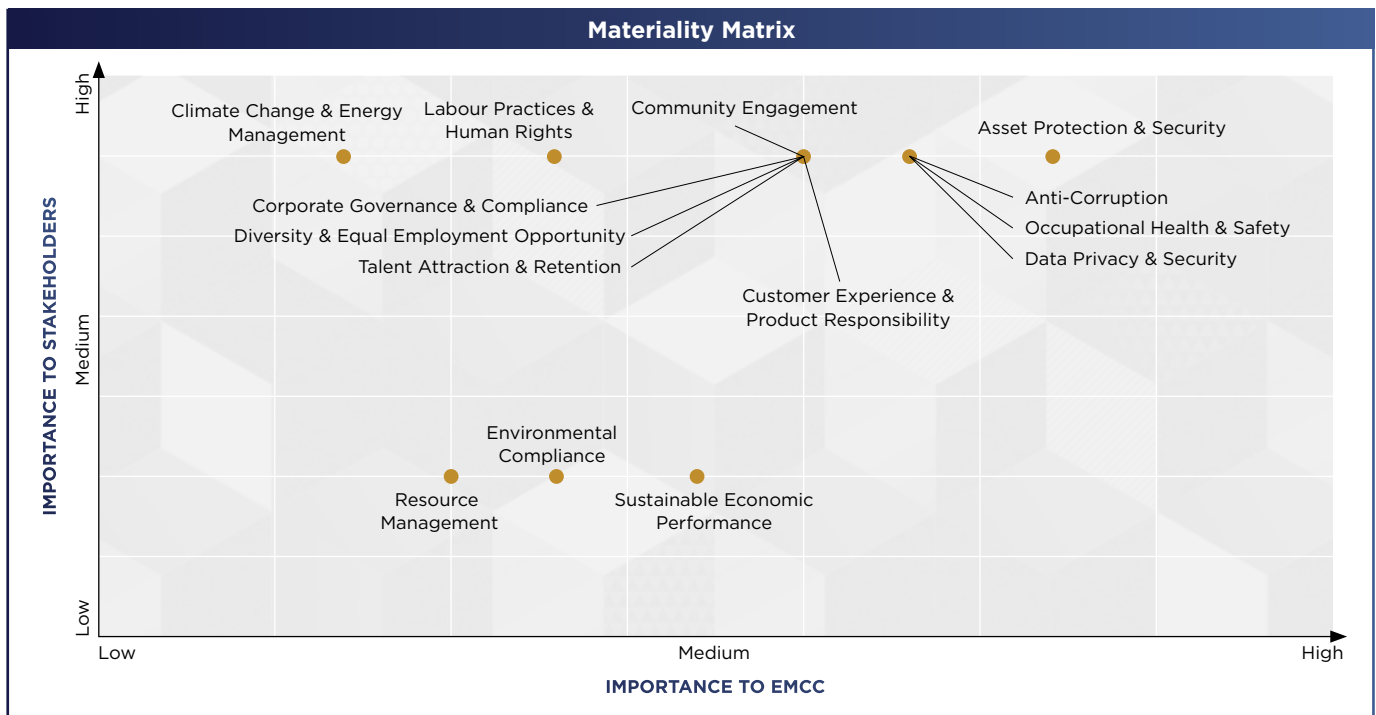

Pending the conclusion of this exercise, this SS2025 continues to be guided by the 14 MSMs identified

through a materiality assessment exercise (“**MAE**”) conducted in FYE 2023, which remain relevant to the Group’s operations and stakeholders. Updated MSMs will be reflected in the Group’s sustainability disclosures in the subsequent reporting cycle.

The 14 existing MSMs were determined through the MAE, involving the identification of key sustainability topics relevant to our business operations, drawing from Bursa Securities’ Sustainability Reporting Guide, industry peer benchmarking, and internal business considerations. The identified topics were then assessed and prioritised based on their significance from both business and stakeholder perspectives.

The outcomes of the assessment were used to shape the Group’s sustainability strategy and define the content of the sustainability statement. The materiality matrix below presents the results of the MAE, highlighting the relative importance of each EESG topic from the perspectives of the Group and our stakeholders.

Economic

SUSTAINABLE ECONOMIC PERFORMANCE

Sustainable growth extends beyond profitability. For EMCC Group, it involves building financial resilience, expanding access to financial services, and creating lasting value for our stakeholders, from our customers and employees to the communities and government we operate within.

Economic Value Distribution

FYE 2025 was a landmark year for the Group, with revenue reaching an all-time high of RM214.5 million. The growth was driven by rapid expansion of our “Ar-Rahnu Cahaya” Islamic pawnbroking network and continued growth in gold and luxury product retail and trading. Net profit similarly grew to a record-high of RM36.7 million in FYE 2025.

Underpinned by this robust performance, the Group declared and paid its inaugural dividend of 0.30 sen per share, totalling RM3.4 million. Following that, the Group has also declared an interim dividend of 0.35 sen per share. The Board intends to distribute dividends of at least 20% of profit after tax going forward.

Beyond returns to shareholders, the Group’s financial performance generates broad economic value across multiple stakeholder groups. The table below sets out the economic value distributed to our key stakeholder groups.

<i>(RM million)</i>	FYE 2023	FYE 2024	FYE 2025
Economic Value Generated	97.5	122.3	214.5
Economic Value Distributed			
- Operating costs	66.8	75.8	136.4
- Payment to government (taxes)	6.0	7.6	12.9
- Payment to providers of capital (dividends and interest paid)	4.5	5.8	16.4
- Employee wages & benefits	6.4	11.3	19.3
- Community investments	-	0.1	0.1
Economic Value Retained	13.8	21.7	29.4

EMCC Group continues to create economic value for its stakeholders through responsible financial management and remains attentive to EESG matters that may pose financial implications. In FYE 2025, zero (0) environmental, social and governance (“ESG”)-related provisions were made for ESG-related fines, penalties, or settlements.

Network Expansion and Financial Inclusion

The Group operates an extensive network of conventional and Islamic pawnshops alongside gold retail outlets across Malaysia. As at 31 December 2025, the Group operated 99 pawnbroking outlets, compared to 70 outlets as at end-2024. The increase of 29 outlets during the year was attributable to the addition of 28 new “Ar-Rahnu Cahaya” branches and the acquisition of one (1) conventional branch.

Our expanding network plays a direct role in advancing financial inclusion in Malaysia. By providing regulated, asset-backed financing solutions, the Group serves individuals who may not have access to conventional banking services, including the unbanked and underbanked population.

Our “Ar-Rahnu Cahaya” branches extend our reach to customers seeking Shariah-compliant financing solutions, reinforcing our commitment to serving diverse communities across Malaysia. The Group’s gold and luxury product retail and trading activities further complement this offering by enabling customers to unlock value from their assets through transparent and fairly priced transactions.

Membership of Associations

EMCC Group maintains membership in industry associations to keep abreast of regulatory developments, market trends, and evolving industry practices. These affiliations also provide opportunities for collaboration and knowledge sharing. EMCC Group is a member of the following associations:

- Malaysia Pawnbrokers Association;
- Licensed Money Lenders Association;
- Malaysian Employers Federation; and
- Malaysia Fujian Chamber of Commerce and Industry.

ASSET PROTECTION & SECURITY

The nature of our business demands the highest standards of asset protection. Across our outlets, we hold significant volumes of pledged assets — gold jewellery, minted gold bars, and luxury items — on behalf of our customers. Safeguarding these assets is not merely a regulatory obligation; it is central to the trust our customers place in us and to the integrity of our operations.

Cash Management

All outlets operate under a structured cash management framework. A cash ceiling policy limits the amount of cash held on-site, with excess funds deposited into secure accounts on a daily basis.

At the Group’s pawnshops, every transaction is captured in its pawn processing system, with daily reconciliations conducted between system records and physical cash balances. Regular internal audits are also carried out to verify compliance with operational procedures. At “Cahaya Gold” outlets, daily counts of both inventory and cash are performed, with reports submitted to the head office accounting team for verification.

Physical Security Measures

Pledged items at the Group’s pawnshops are stored away in locked cabinets within fortified strong rooms fitted with two (2)-tonne security doors equipped with passcode and time-lock systems. Access to these facilities is restricted to authorised personnel only. Similarly, “Cahaya Gold” outlets maintain stringent security arrangements to safeguard inventory and cash. Across the Group’s premises, security alarm systems and closed-circuit television (“**CCTV**”) surveillance systems are installed.

Customer Due Diligence

To safeguard against unlawful activities, EMCC implements Know-Your-Customer (“**KYC**”) procedures to verify customers’ identities and assess potential risks associated with financial crimes such as money laundering, fraud, or terrorist financing. Employees are trained to identify and report suspicious transactions, including potential indicators of money laundering, fraud, or terrorist financing, in accordance with applicable regulatory requirements.

Insurance Coverage

The Group further mitigates risks through comprehensive insurance protection. Our “Pajaking” pawnshops are covered under a special contingency insurance policy with a total insured sum of RM347.6 million. In addition, “Cahaya Gold” outlets are protected by jeweller’s block insurance with coverage of up to RM0.3 million. The Group’s “Ar-Rahnu Cahaya” outlets carry insurance coverage of up to RM238.3 million.

These insurance arrangements provide an additional layer of protection against unforeseen events while supporting the continued security of customer assets.

This commitment to security is reflected in our track record; the Group recorded zero (0) incidents of burglary, theft, or robbery across its premises over the past three (3) years from FYE 2023 to FYE 2025.

CUSTOMER EXPERIENCE & PRODUCT RESPONSIBILITY

Delivering a positive and reliable customer experience across every customer touchpoint is a priority we take seriously. With the Group’s pawnbroking and retail outlets serving diverse communities across Malaysia, we recognise that our customers rely on us for fast, transparent, and accessible financial services, often at moments when they need support the most. Meeting that expectation, every time, is what drives our approach to service quality and product responsibility.

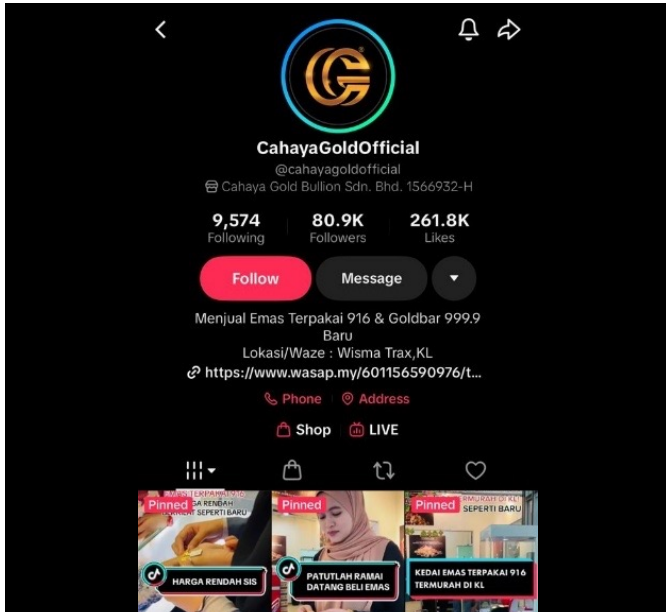

Accessibility and Service Reach

Our expanding network is itself a statement of our commitment to accessibility. The addition of 29 “Ar-Rahnu Cahaya” branches in FYE 2025 brought our total outlet count to 99 pawnbroking outlets across six (6) states, namely Kuala Lumpur, Selangor, Negeri Sembilan, Pahang, Perak, and Terengganu. Outlets are strategically located to serve customers in areas where access to conventional banking services may be limited, reducing the distance and friction involved in obtaining financing.

Beyond our physical presence, both “Pajaking” and “Cahaya Gold” maintain dedicated online presences to serve customers digitally. The “Pajaking” website (www.pajaking.com) offers practical tools including a pawn value calculator, live gold price updates, and an Express Pay facility for customers to settle loan repayments online, reducing the need to visit a branch for routine transactions. “Cahaya Gold” products are similarly accessible through its website (www.cahayagold.com) and across social media and e-commerce platforms including Facebook Live, Telegram, WhatsApp, Instagram, TikTok, and Shopee.

Commitment to Quality and Service Standards

In addition to accessibility, EMCC Group places strong emphasis on maintaining consistent service quality across all outlets. The Group’s frontline employees undergo annual training to remain informed of industry developments, regulatory requirements, and best practices. This equips our people to guide customers through pawnbroking terms and processes clearly and professionally, ensuring that every customer understands the terms of their transaction before proceeding.

In FYE 2025, this included formal training sessions in relation to responsible lending for customer-facing staff, namely Gold Training programmes for our Operation Assistants. The training covered key areas such as product knowledge, gold verification procedures, and responsible lending practices. In FYE 2025, seven (7) Gold Training programmes were conducted, with 56.7% of Operation Assistants, completing the programme.

Quality assurance (“QA”) and quality control (“QC”) measures are implemented consistently across all outlets. Trained personnel carry out thorough visual inspections and authenticity assessments on every item accepted or sold, maintaining the integrity of our operations and reinforcing confidence in our brand.

Customer engagement is further enhanced through the Group’s pawnshop membership programme, which allows customers to accumulate points that can be used to offset pawn interest charges. In addition, returning customers may benefit from higher financing margins, providing greater flexibility when accessing the Group’s services.

EMCC Group places strong emphasis on maintaining consistent service quality across all outlets. The Group’s frontline employees undergo annual training to remain informed of industry developments, regulatory requirements, and best practices.

Customer Satisfaction

Customer feedback is an important input into how we continuously improve. The Group monitors customer sentiment through platforms such as Google Business reviews across our outlets.

In FYE 2025, the Group's outlets received an average 5-star rating, based on aggregated Google Business reviews across all branches, reflecting the positive experiences delivered by our teams and the trust that customers place in EMCC Group's services.

SUPPLY CHAIN MANAGEMENT

EMCC Group's supply chain differs from traditional retail businesses. A significant portion of the Group's gold and luxury items inventory are sourced through customer transactions, including pledged items that are not redeemed and gold trading activities with customers. As such, the Group's sourcing is largely driven by customer interactions rather than conventional upstream suppliers.

In addition to customer-sourced assets, the Group engages a range of suppliers and service providers to support its operational needs, including retail and wholesale supplies, security services, and information technology infrastructure.

In FYE 2025, 100% of EMCC's suppliers and service providers were based in Malaysia, reflecting the Group's focus on supporting local businesses and service partners.

Environmental

ENVIRONMENTAL COMPLIANCE

As an alternative financial services provider primarily engaged in pawnbroking and gold retail operations, the Group's direct environmental footprint is inherently limited. Unlike manufacturing or industrial operations, our business does not involve production processes, heavy machinery, or significant raw material consumption.

The Group's outlets operate primarily as service premises, requiring lighting, air conditioning, and basic office equipment, resulting in a relatively modest energy intensity and minimal direct environmental impact. As such, our environmental impact is largely confined to electricity and water consumption, as well as general waste generated from daily operations. Nevertheless, we recognise that responsible environmental stewardship is an integral part of operating sustainably, and we seek to manage our environmental impact accordingly.

The Group's environmental practices are guided by the principal environmental legislation applicable to our operations in Malaysia, including the Environmental Quality Act 1974. During FYE 2025, EMCC complied with applicable environmental laws and regulations. There were zero (0) incidents of environmental non-compliance resulting in fines, penalties or non-monetary sanctions.

EMISSIONS MANAGEMENT

Electricity Consumption

Electricity represents the Group's main source of energy consumption, arising from daily operations of our pawnshops, gold retail outlets and headquarters, used primarily for lighting, air conditioning, and security systems.

We monitor our electricity usage on a monthly basis at both branch and headquarters levels to track consumption trends and identify opportunities for efficiency improvements. To manage consumption, energy-efficient LED lighting has been installed across our outlets, and energy conservation signage is displayed to encourage employees to adopt responsible energy practices.

In FYE 2025, the Group's total electricity consumption amounted to 1.4 million kilowatt-hours ("kWh"). Electricity usage has risen in line with the Group's network expansion, and is expected to grow correspondingly as additional outlets come onstream.

Notwithstanding the increase, electricity intensity remained stable at 6,638.9 kWh per RM million revenue in FYE 2025.

	FYE 2023	FYE 2024	FYE 2025
Total electricity consumption (kWh)	359,000	803,747	1,424,207
Electricity intensity (kWh per RM million revenue)	3,681.1	6,572.1	6,638.9

Fuel Consumption

In FYE 2025, the Group recorded petrol consumption of 20,372 litres. This represents the first year of systematic fuel tracking across the Group’s operations. Fuel consumption arises mainly from operational transport and business travel activities.

To reduce reliance on private vehicles and minimise the Group’s transport-related carbon footprint, the Group provides shuttle services for employees travelling to and from nearby Mass Rapid Transit (“MRT”) and Light Rail Transit (“LRT”) stations, encouraging the use of public transportation for daily commutes.

Greenhouse Gas (“GHG”) Emissions

The Group commenced formal tracking of its GHG emissions in FYE 2025, calculated in accordance with the GHG Protocol Corporate Accounting and Reporting Standard. This marks an important step in the Group’s broader effort to understand and manage its carbon footprint, while establishing the foundation for formal GHG disclosure moving forward.

In FYE 2025, the Group recorded total Scope 1 emissions of 47.67 tonnes of carbon dioxide equivalent (“tCO₂e”), arising from direct fuel consumption associated with operational transport and business travel activities, and Scope 2 emissions of 1,053.91 tCO₂e, arising from purchased electricity consumed across its outlets and facilities.

As the Group progresses in its IFRS S2 alignment journey, emissions data will be further developed to support future target-setting and climate-related disclosures.

SCOPE 1

47.67 tCO₂e

SCOPE 2

1,053.91 tCO₂e

RESOURCE MANAGEMENT

Water Management

Water is sourced from municipal suppliers in the areas where we operate. Water usage across the Group is limited to everyday operational needs such as sanitation and general facilities upkeep, as our business activities do not involve water-intensive processes.

In FYE 2025, the Group consumed 6,910 cubic metres (“m³”) of water, in line with the continued expansion of the Group’s network. As our outlet count grows, a corresponding rise in water usage is expected.

Despite this upward trend, overall water intensity improved to 32.2 m³ per RM million revenue in FYE 2025, reflecting more efficient water utilisation. Water consumption is monitored regularly, and employees are encouraged to practise prudent water use in daily activities to manage usage levels responsibly.

	FYE 2023	FYE 2024	FYE 2025
Water consumption (m ³)	2,048	4,968	6,910
Water intensity (m ³ per RM million revenue)	21.0	40.6	32.2

Waste Management

The Group's pawnbroking and gold retail operations generate only non-scheduled waste, as our business activities do not involve industrial processes, hazardous chemicals, or other activities that would give rise to scheduled waste under the Environmental Quality (Scheduled Wastes) Regulations 2005.

Waste generated across the Group's outlets and headquarters mainly comprises general waste arising from day-to-day operations, including paper, plastic, and aluminium, among others.

We manage waste in accordance with the "3Rs" framework of reuse, reduce, and recycle ("3Rs"), incorporating circular economy principles into daily activities. General waste is collected and disposed of responsibly through building management services in compliance with applicable laws and regulations, while recyclable materials are segregated and channelled through the Group's recycling initiative. Employees play an active role in this effort, coordinating the collection of recyclable materials and providing monthly reporting on recycling quantities to facilitate tracking.

The Group also encourages paper reduction through digitalisation and mindful usage, and has ceased providing disposable cutlery at its headquarters, encouraging employees to bring their own utensils instead.

In FYE 2025, 0.586 metric tonnes ("MT") of waste were diverted from disposal, comprising:

<i>Recycled Volume (MT)</i>	FYE 2023	FYE 2024	FYE 2025
Paper	0.082	0.250	0.234
Plastics	0.011	0.123	0.262
Aluminium & glass	N/A	0.081	0.075
Miscellaneous	N/A	N/A	0.015
Total	0.093	0.454	0.586

Overall recycling volume grew in FYE 2025, driven primarily by an increase in plastics recycling, following improved waste segregation practices and wider participation as the Group's outlet network expanded. Variations in paper and aluminium recycling volumes are attributable to changes in operational activity levels and consumption patterns during the year.

The Group has progressively expanded the scope of its recycling programme over the years, with tracking extended to cover additional waste categories as the programme matures.

Social

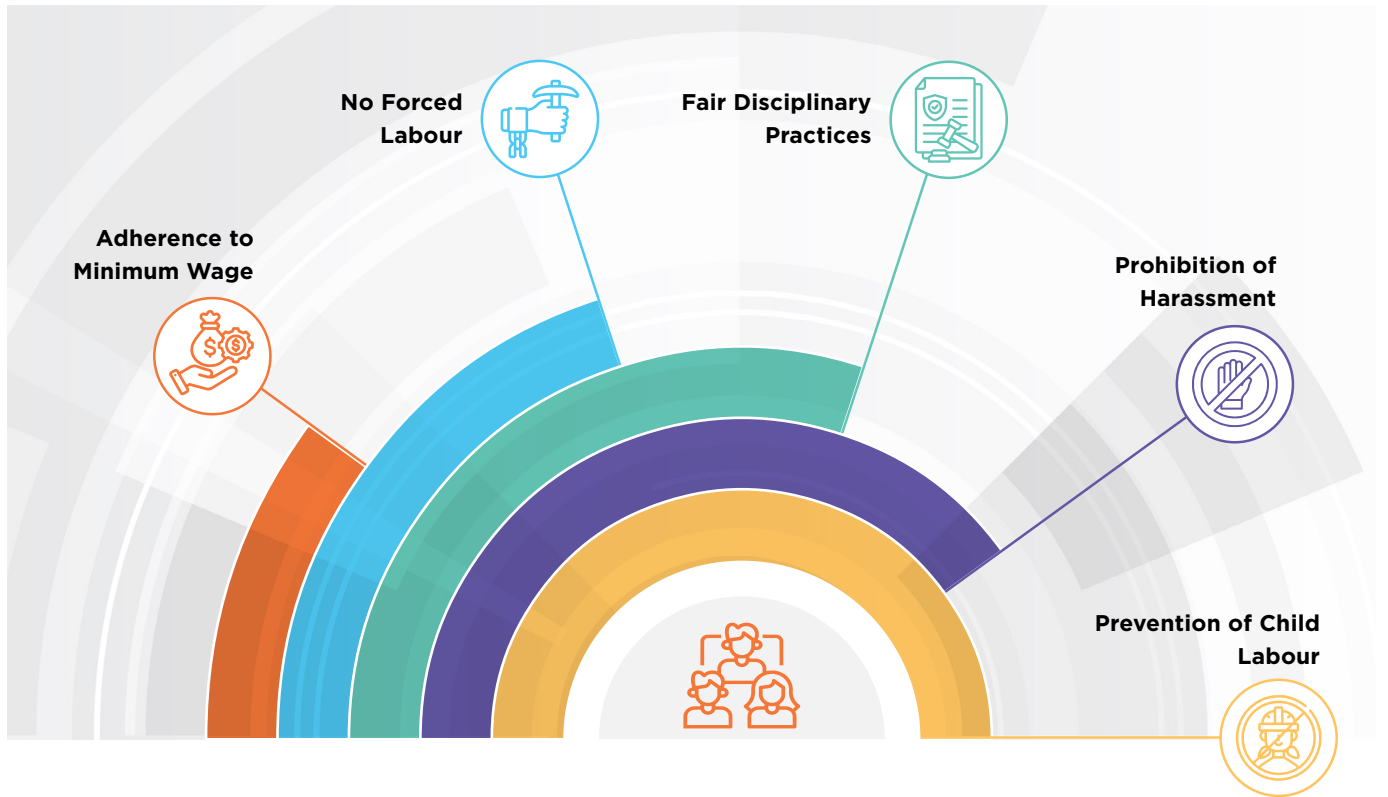

LABOUR PRACTICES & HUMAN RIGHTS

EMCC Group is dedicated to upholding human rights and maintaining fair labour practices across our operations. We believe that treating employees with integrity and respect is fundamental to building a resilient and high-performing organisation.

The Group’s approach to labour practices and human rights is governed by applicable Malaysian employment laws and internal policies. During the year, the Group maintained compliance with relevant labour laws and regulations, including the Employment Act 1955 and the Minimum Wage Order 2024.

Our Employee Handbook sets out the standards governing employment terms, workplace conduct, and employee responsibilities, covering key matters such as wages, benefits, working hours, health and safety, leave entitlements, workplace conditions, and grievance procedures. The handbook is provided to all employees upon joining the Group, with formal acknowledgement required to affirm understanding and alignment with company expectations.

We uphold a zero-tolerance approach towards discrimination, harassment, forced labour, child labour, and any form of unfair treatment. Employees may raise concerns through established internal channels, including a designated reporting platform. All matters raised are assessed and addressed in accordance with internal procedures.

During the reporting period, there were zero (0) substantiated complaints concerning human rights violations. One (1) labour-related issue was raised through employee representation channels and was reviewed and resolved internally in accordance with the Group’s human resource (“HR”) procedures.

TALENT ATTRACTION & RETENTION

Attracting Talents

Building a capable and stable workforce remains central to EMCC's continued growth. As our network expands, we prioritise attracting individuals who are aligned with the Group's values and culture, while providing training and growth opportunities to support long-term career progression.

Our recruitment strategy leverages multiple hiring channels, including the Group's corporate website, online job portals and employee referrals. This enables us to reach a broad and diverse talent pool.

As a Group operating in a trust-sensitive industry, we place equal importance on the character and integrity of our people as we do on their skills and experience. To this end, the Group conducts credit background screening for all employees on a periodic basis, reinforcing a culture of financial responsibility across the workforce.

Training and Development

Strengthening employee capabilities remains a key focus area at EMCC Group. Recognising that a well-trained workforce is essential to delivering consistent service quality across our growing network, we have continued to expand our investment in training in FYE 2025.

During the year, the Group conducted 18 training programmes, resulting in a total of 1,478 training hours. Training hours recorded across employee categories were as follows:

1,478

Total training hours in **FYE 2025**

Training programmes conducted during the year covered areas such as workplace safety, operational skills, digital tools, wellness and mental resilience. Relevant departments participated based on operational needs, ensuring that training initiatives remained practical and role-specific. Beyond formal training sessions, the Group promotes on-the-job learning and peer mentorship to facilitate practical skill development and knowledge sharing across teams.

Throughout FYE 2025, the Group organised a range of wellness and engagement activities, including workshops on emotional intelligence, sound bowl therapy, shadow boxing, and yoga sessions, as well as team-bonding activities such as a Succulent Terrarium Workshop, Bowling Day, and Batik Workshop.

Employee Remuneration and Well-Being

The Group believes that fair remuneration and genuine care for employee wellbeing are inseparable from building a workforce that is motivated and loyal.

Accordingly, we provide remuneration and benefits packages that are aligned with industry practices to ensure our employees are fairly rewarded for their contributions. Employee benefits include annual leave entitlements, maternity and paternity leave, compassionate leave, performance-based bonuses, group personal accident insurance and medical coverage for permanent employees. Statutory contributions including Employees Provident Fund (“EPF”), Social Security Organisation (“SOCSO”), and Employment Insurance System (“EIS”) are maintained in compliance with applicable regulations, ensuring employees are protected under Malaysia’s social security framework.

Beyond compensation, we recognise the importance of fostering a positive workplace culture. The Group’s Sport Club, jointly funded by employee and employer contributions, provides financial assistance upon marriage, childbirth, and bereavement, recognising that life’s significant moments extend beyond the workplace. Members also benefit from biennial health screening, with results communicated directly and privately to each employee.

As a multicultural organisation operating across diverse communities, we value opportunities that strengthen team cohesion and reinforce mutual respect among employees. During the year, we organised a range of festive and engagement activities, providing opportunities for employees to connect and celebrate together. The year was also marked by the commemoration of EMCC Day 926, celebrating EMCC Group’s 14th anniversary and its second (2nd) year as a listed company on Bursa Securities.

DIVERSITY AND EQUAL EMPLOYMENT OPPORTUNITY

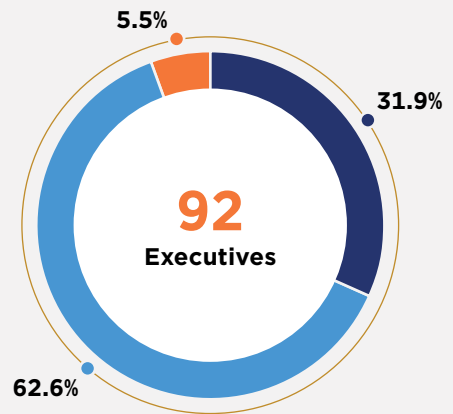

EMCC Group seeks to foster an inclusive and equitable workplace where employment decisions are based on merit, capability and performance. We believe that a diverse workforce strengthens the Group’s ability to serve the varied communities in which we operate. We maintain a zero-tolerance stance towards discrimination and ensure that recruitment, promotion and career development opportunities are conducted fairly across all levels of the organisation.

As at FYE 2025, the Group employed a total of 377 employees, which is predominantly female. This is consistent with the customer-facing nature of our pawnbroking and gold retail operations. In terms of age profile, the Group’s workforce skews towards the 30-50 age group across all employee categories, reflecting a mature and experienced team.

Note:

* During FYE 2025, Dato' Mohd Azfar bin Mohamed resigned as an Independent Non-Executive Chairman on 31 October 2025. Subsequently, Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman was appointed as the Independent Non-Executive Chairman on 1 February 2026.

OCCUPATIONAL HEALTH AND SAFETY

Maintaining a safe and healthy working environment remains a priority for EMCC. We prioritise occupational health and safety (“OHS”) to preserve the best possible working conditions for all employees, customers, and visitors across our outlets and headquarters.

Although our pawnbroking and gold retail activities are inherently low-risk in terms of physical hazards, we hold firm in maintaining workplace safety standards and appropriate OHS measures across the Group.

Our OHS practices are guided by the Group’s Health and Safety Policy, which is structured around two key pillars: preventative action and emergency management.

Under preventive action, the Group takes a proactive approach to identifying and mitigating potential workplace hazards before they arise. Workplace conditions are monitored to ensure compliance with applicable OHS requirements, and employees are encouraged to raise safety concerns through established internal channels.

Meanwhile, emergency management protocols ensure the Group is prepared to respond swiftly and effectively to unforeseen events, safeguarding the well-being of both employees and customers at all times.

To further promote safety awareness, the Group conducts training programmes to equip employees with essential emergency response skills. During the year, 30 employees received training on health and safety standards, including cardiopulmonary resuscitation (“CPR”) and first-aid sessions. The Group also provides annual health blood tests to employees to support early detection and preventive healthcare.

For FYE 2025, the Group recorded zero (0) work-related fatalities and zero (0) lost time incidents (“LTI”), translating to an LTI rate of zero (0).

Prevention Action

-  Periodic risk assessments and job hazard analysis
-  Regular inspection of equipment and infrastructure
-  Employee training on OHS standards and procedures
-  No-smoking policy across all premises
-  Workplace condition monitoring and compliance checks

Emergency Management

-  Functional smoke alarms and fire detection systems
-  Fire extinguishers and fire protection equipment
-  Clearly marked fire escapes and safety exits
-  Fully-stocked first-aid kits at convenient locations
-  Evacuation plans posted across all floors
-  Periodic fire drills and emergency evacuation exercises

COMMUNITY ENGAGEMENT

Supporting the communities in which we operate is an integral part of how EMCC defines its role as a responsible business. Beyond providing accessible financial services to underserved segments of the population, we seek to contribute meaningfully to the social fabric of the communities we serve.

The Group supports community development through financial contributions and sponsorships benefiting schools, welfare organisations for persons with disabilities, and community associations. In addition to monetary donations, the Group also provides in-kind support, including the provision of premises to a local youth association to facilitate its operational and community activities.

In FYE 2025, the Group contributed a total of RM108,885 towards community and social initiatives, benefiting an estimated 2,025 beneficiaries through monetary donations, sponsorships, and in-kind support across a range of programmes.

EMCC Group provided monetary donation to St. John Ambulance Malaysia in support of its free CPR and Automated External Defibrillator (“AED”) training programmes aimed at improving community emergency preparedness and public health awareness.

▶ Premises Support to *Pergerakan Pemuda Malaysia Cawangan Negeri Pahang*

EMCC Group entered into a social contribution tenancy arrangement by making available our premises in Jerantut, Pahang to *Pergerakan Pemuda Malaysia Cawangan Negeri Pahang* at a nominal rate until 31 August 2027. This initiative provides a dedicated space for youth-focused activities and community engagement in the region.

▶ Charity Sports Sponsorship: EMCC Dato’ Low Kok Chuan Charity Badminton Cup

In FYE 2025, EMCC provided RM20,000 in sponsorship for the EMCC Dato’ Low Kok Chuan Charity Badminton Cup, organised by the Young Malaysians Movement (“YMM”) Taman Midah in collaboration with SJK (C) Tsun Jin and charity partners on 23 November 2025. The tournament attracted more than 400 participants, promoting sportsmanship and community participation while raising funds for charitable causes.

▶ Internship opportunities

EMCC Group continues to support talent development by offering internship opportunities, providing aspiring professionals with practical industry experience and a pathway into the workforce.

Governance

CORPORATE GOVERNANCE & COMPLIANCE

Sound governance is not merely a regulatory obligation for EMCC – it is the foundation upon which trust is built with our customers, regulators, and stakeholders. Operating within the highly regulated pawnbroking industry where financial integrity is paramount, the Group holds itself to rigorous standards of ethical conduct and compliance.

FYE 2025 marked a year of meaningful progress in the Group's governance journey. The Board Charter was reviewed and updated to incorporate sustainability oversight responsibilities, reflecting the Board's recognition that ESG considerations must be embedded within its governance mandate. Separately, the Group established the SSC, supported by a formalised Terms of Reference, to provide dedicated governance oversight of the Group's sustainability agenda. The formation of the SSC signals the Group's recognition that sustainability governance must be embedded at the highest levels of the organisation, not treated as a peripheral function.

The Group operates in accordance with applicable regulatory frameworks that govern the pawnbroking and financial services sectors, including the Pawnbrokers Act 1972, the Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 ("**AMLA**"), and the Financial Services Act 2013.

The Group's internal governance framework is further reinforced by formalised policies, such as the Data Protection Policy, Anti-Bribery and Corruption Policy, Whistle Blowing Policy, and Anti-Money Laundering and Countering Financing of Terrorism ("**AML/CFT**") Policy, providing clear standards of conduct for all employees across the organisation.

The AML/CFT Policy outlines procedures for detecting and reporting suspicious transactions. In line with this policy, the Group conducts sanctions screening against relevant regulatory lists, including those issued by Bank Negara Malaysia ("**BNM**"), the Ministry of Home Affairs ("**MOHA**"), and the United Nations Security Council Resolutions ("**UNSCR**"), to ensure that the Group does not transact with sanctioned individuals or entities. Where suspicious activities are identified, timely reports are submitted to BNM in accordance with regulatory requirements.

As regulatory expectations continue to evolve, EMCC remains committed to strengthening its governance practices and aligning its operations with industry best practices to uphold stakeholder trust and maintain responsible business conduct.

ANTI-CORRUPTION

Integrity and ethical conduct are non-negotiable at EMCC Group. The Group maintains a strict zero-tolerance stance towards bribery and corruption in all its forms, and is committed to ensuring that every business interaction is conducted in a transparent and responsible manner.

To echo this, the Group's Anti-Bribery and Corruption ("**ABC**") Policy, established in line with Section 17A of the Malaysian Anti-Corruption Commission ("**MACC**") Act 2009, sets out clear expectations on ethical conduct for directors, employees, business partners, and third-party intermediaries. Employees are required to formally acknowledge their understanding of the policy.

As a further layer of accountability, the Group's Whistle Blowing Policy provides employees with a secure and confidential channel to report suspected misconduct without fear of retaliation, supporting the early detection of unethical practices before they escalate.

As an institution operating under BNM's AML/CFT compliance programme, EMCC Group adheres to the requirements of AMLA. Awareness of these obligations is reinforced through regular training, ensuring that employees at all levels remain vigilant in identifying and addressing potential financial crime risks. During FYE 2025, anti-corruption training was completed by 100% of the Group's employees.

In FYE 2025, EMCC Group recorded zero (0) fines, penalties, or settlements related to corruption from regulatory authorities. Additionally, there were zero (0) reported cases of non-compliance with anti-money laundering or terrorism financing regulations.

DATA PRIVACY & SECURITY

In the course of its pawnbroking and gold retail operations, EMCC Group manages various personal and financial information obtained from customers in the course of its operations. The Group recognises the importance of protecting this information and is dedicated to maintaining the confidentiality, integrity, and security of all customer data.

Data Privacy

EMCC Group complies with the requirements of Malaysia's Personal Data Protection Act 2010 ("**PDPA**") and has implemented policies and procedures to ensure responsible data management across its operations. These include the Group's Data Protection Policy and PDPA-compliant standard operating procedures, which establish clear guidelines for the handling, storage, and protection of personal information.

The Group employs a range of protection measures, including information and communication technology ("**ICT**") security systems, restricted system access for authorised personnel, and internal protocols governing the collection and use of customer information.

In FYE 2025, EMCC Group recorded zero (0) incidents of data breaches.

Data Security

Our pawnbroking operations utilise a proprietary pawn processing system developed by its subsidiary, Atapttech Sdn. Bhd. ("**Atapttech**"). The system manages key operational data, including pawned item records, pawn tickets, customer information, loan values, and applicable interest rates.

Recognising the importance of maintaining secure digital systems, the Group has implemented cybersecurity safeguards to mitigate risks associated with potential cyber threats. These measures include real-time data backups at a dedicated disaster recovery facility, encryption of data transmitted through online systems, and third-party monitoring of servers to detect potential cyberattacks.

In FYE 2025, EMCC Group recorded zero (0) cybersecurity breaches or prolonged system disruptions across its operations.

Corporate Governance Overview Statement

The Board of Directors of Evergreen Max Cash Capital Berhad (“**EMCC**” or the “**Company**”) (“**Board**”) is firmly committed to upholding good corporate governance and high standards of accountability and integrity across EMCC and its subsidiaries (“**EMCC Group**” or the “**Group**”). The Board recognises that strong governance practices are fundamental to safeguarding and enhancing long-term shareholder value, driving sustainable financial performance and ensuring the overall integrity of the Group. The Board remains mindful of the interests of all stakeholders and strives to foster a culture of accountability, transparency, and ethical conduct within the Group.

This Corporate Governance Overview Statement (“**CG Overview Statement**”) provides shareholders with an overview of the Board’s commitment towards upholding a high standard of corporate governance practices and ethical business conducts for the financial year ended 31 December 2025 (“**FYE 2025**”), in line with the principles and best practices set out in the Malaysian Code on Corporate Governance (“**MCCG**”), where possible.

This CG Overview Statement has been prepared in accordance with Rule 15.25 of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“**Bursa Securities**”) (“**Listing Requirements**”), and is to be read together with the Corporate Governance Report (“**CG Report**”) for the FYE 2025 which is available on the Group’s website at <https://emc.capital/> as well as via announcement on the website of Bursa Securities at www.bursamalaysia.com.

This CG Overview Statement outlines the Group’s compliance with the following three (3) key principles of the MCCG:

Principle A: Board Leadership and Effectiveness

Principle B: Effective Audit and Risk Management

Principle C: Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders.

PRINCIPLE A:

Board Leadership and Effectiveness

PART I – BOARD RESPONSIBILITIES

1.1 Board and Board Committees

The Board has overall responsibility for the performance and management of the Group’s business affairs. It provides leadership and upholds high standards of corporate governance to support the Group’s long-term success and the creation of sustainable value for its stakeholders.

The Group is guided by an effective and experienced Board whose members bring a diverse range of expertise and qualifications. The Board provides oversight of the Group's strategic direction and operations with the objective of enhancing shareholder value.

In order to assist in the discharge of its stewardship role, the Board has established the following Board Committees to assist the Board in the running of its function:-

- (a) Audit and Risk Management Committee (“**ARMC**”) and
- (b) Nomination and Remuneration Committee (“**NRC**”).

Each Board Committee operates in accordance with clearly defined Terms of Reference (“**TOR**”). These Board Committees are authorised by the Board to deal with and to deliberate on matters delegated to them within their respective TOR and report to the Board on their proceedings and deliberation together with their recommendations to the Board for approval.

1.2 Chairman of the Board

During the FYE 2025, Dato' Mohd Azfar bin Mohamed resigned as an Independent Non-Executive Chairman on 31 October 2025. Subsequently, Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman was appointed as the Independent Non-Executive Chairman on 1 February 2026.

The Chairman is supported by the Non-Independent Executive Director/Group Managing Director and other Board members with experience in a wide range of expertise and they collectively play an important role in the stewardship of the direction and operations of the Group. The Chairman is dedicated to promoting good corporate governance practices and has been leading the Board towards a high-performing culture.

The Board is of the view that the Chairman of the Board should not participate in any Board Committees. This is to uphold checks and balances while preserving objectivity, ensuring that the Chairman's role, which includes overseeing the Board's activities, remains independent from the Board Committees' decisions. Therefore, in adherence to the MCGG, the Chairman of the Board does not hold membership in any Board Committees.

1.3 Separation of Roles of Chairman and Chief Executive Officer / Managing Director

In line with sound corporate governance practice and to ensure effective supervision and accountability of the Board and management, there is a clear division of responsibilities between the Chairman of the Board, the Group Managing Director (“**GMD**”) and the Chief Executive Officer (“**CEO**”). The roles of the Chairman and the GMD/CEO are separated and clearly defined to ensure that there is a balance of power and authority, and to enhance accountability and prevent the concentration of unchecked decision-making authority.

Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman, as the Independent Non-Executive Chairman, who acts independently in the best interests of the Group and is accountable for the stewardship and smooth functioning of the Board and its effectiveness on all aspects of its role.

Whereas, Dato' Low Kok Chuan, the Non-Independent Executive Director/GMD, plays a crucial role in shaping the strategic direction and ensuring the overall success of the Group, while Sing Suk Fuen, the CEO, oversees the day-to-day operations and businesses, ensuring smooth functioning and alignment with company goals. Both the GMD and CEO maintain open communication with the Board, providing timely and accurate reports on any material and relevant matters.

The Board Charter states that the GMD is responsible for implementing the policies, strategies and decisions made by the Board.

1.4 Qualified and Competent Company Secretaries

The Board is supported by three (3) Company Secretaries nominated by Cospec Management Services Sdn. Bhd. who are experienced and qualified to act as company secretaries under Section 235(2) of the Companies Act 2016 and are registered holders of the Practising Certificate issued by the Companies Commission of Malaysia. All Directors have access to the advice and services of the Company Secretaries.

The Company Secretaries consistently participate in relevant training programmes, conferences, or seminars organised by authorities and professional bodies to keep themselves abreast with the latest developments in corporate governance and changes in regulatory requirements that are relevant to their role and enable them to provide valuable advisory services to the Board.

The Board acknowledges that the Company Secretaries play an important role and will ensure that the Company Secretaries fulfil the functions for which they have been appointed.

During the FYE 2025, all Board and Board Committee meetings were properly convened, with accurate and proper records of the proceedings and resolutions passed taken and maintained in the statutory records of the Company.

1.5 Meeting of Board and Board Committees

To assist Directors in planning their schedules, the Company Secretaries prepare an annual meeting calendar in advance of each financial year. This calendar sets out the scheduled dates for Board and Board Committee meetings, as well as the Annual General Meeting (“AGM”) of the Company. It also includes the designated closed periods for Directors and principal officers regarding dealings in the Company’s securities, aligned with the dates for announcements of the Group’s quarterly results.

Notices of Board and Board Committee meetings, together with the relevant meeting papers, are typically provided to Directors at least five (5) clear days prior to the meetings. This allows Directors adequate time to review the materials and make well-informed decisions.

The deliberations and outcomes of matters discussed during Board or Board Committee meetings are formally documented in the minutes, which are maintained at the Company’s registered office. Draft minutes are circulated to the respective Board or Board Committees for review within a reasonable timeframe following the meetings. The minutes accurately reflect the discussions and decisions made, including instances where any Director abstains from voting or deliberating on a particular matter.

For urgent matters requiring Board approval outside of scheduled meetings, Board papers accompanied by Directors’ Written Resolutions are circulated for consideration. All approved written resolutions are subsequently tabled for notation at the next scheduled Board meeting.

1.6 Board Charter

In compliance with Practice 2.1 of the MCCG, the Board has formalised and adopted a Board Charter outlining the authority, responsibilities, membership and operation of the Board, adopting principles of good corporate governance and practices, in accordance with applicable laws in Malaysia. The Board Charter serves as a primary guidance, detailing the roles and responsibilities of the Board in accordance with the principles of good corporate governance set out by regulatory authorities.

As defined in the Board Charter, the Board is accountable to the shareholders for the management and performance of the Group. The full Board Charter can be accessed on the Group’s website at <https://emc.capital/>. The Board Charter will be reviewed periodically to ensure relevance with the needs of EMCC and compliance with applicable laws and regulations.

In the FYE 2025, the Board Charter was enhanced to incorporate considerations relating to sustainability-related and climate-related risks and opportunities. This includes updates to the duties and responsibilities of the Board, as well as the formalisation of the Sustainability Steering Committee and Sustainability Working Group to support oversight of these matters. In addition, Directors will also be required to undergo periodic training to strengthen their understanding of sustainability-related and climate-related risks and opportunities to enable more informed decision-making at the Board level.

1.7 Code of Conduct and Ethics

The Board had formalised and adopted a Code of Conduct and Ethics for Directors in order to adhere to the general principles and standards of business conduct and ethical behaviour in the performance and exercise of their responsibilities as Directors of the Company and to uphold good corporate integrity which ultimately serves as a ground rule to the employees of the Company in the discharge of their respective duties and responsibilities.

The Code of Conduct and Ethics will be reviewed from time to time to ensure the information remains relevant and appropriate. The Code of Conduct and Ethics is available on the Company's website at <https://emc.capital/>.

1.8 Anti-Bribery and Corruption Policy (“ABC Policy”)

In line with the Malaysian Anti-Corruption Commission (Amendment) Act 2018 (“**MACC Act 2018**”), the Company has implemented an ABC Policy with the objective of providing information, scope, and guidance on how to recognise and deal with bribery and/or corruption as well as to set out the procedure on how to raise concerns on breaches of the ABC Policy, without fear of reprisal.

The ABC Policy is aligned with the Listing Requirements of Bursa Securities and the Guidelines on Adequate Procedures issued under Section 17A(5) of the MACC Act 2018, setting out the responsibilities of the Company and all individuals working for the Group in upholding the Group's stance against bribery and corruption. The ABC Policy also establishes key principles to govern interactions with customers, business partners and other third parties, while providing guidance on the prevention, management, and remediation of bribery and corruption-related risks.

The ABC Policy will be reviewed at least once every three (3) years to ensure that they continue to remain relevant and appropriate. The ABC Policy is made available on the Company's website at <https://emc.capital/>.

1.9 Whistle Blowing Policy

The Group is committed to the highest standards of integrity, transparency and accountability in the conduct of its business and operations. To support this commitment, the Group has established a Whistle Blowing Policy setting out the appropriate communication and feedback channels to facilitate whistleblowing. The implementation of the Whistle Blowing Policy is in line with the Companies Act 2016 and Section 17A of the MACC Act 2018 (the “**Acts**”), where provisions have been made to protect the officers who make disclosures on breach or non-observance of any requirement or provision of the Acts or on any serious offence involving fraud and dishonesty.

The Board will review and update the Whistle Blowing Policy at least once every three (3) years to ensure its effectiveness and consistency with the governing legislation and regulatory requirements.

The Whistle Blowing Policy is available on the Company's website at <https://emc.capital/>.

1.10 Directors' Fit and Proper Policy

In line with Rule 15.01A of the Listing Requirements of Bursa Securities, the Board had formalised and adopted the Directors' Fit and Proper Policy which serves as a guide to the NRC and the Board in their review and assessment of the potential candidates for appointment to the Board, as well as the retiring Directors who are seeking re-election at the AGM.

The Directors' Fit and Proper Policy ensures that the NRC and the Board apply rigorous standards when evaluating candidates, enabling the selection of Directors who possess the appropriate qualifications, experience, and integrity to contribute effectively to the Board.

The Directors' Fit and Proper Policy shall be reviewed periodically by the Board and be revised at any time as it may deem necessary to ensure that they remain consistent with the Board's objectives, current laws, and practices. The Directors' Fit and Proper Policy is published on the Company's website at <https://emc.capital/>.

1.11 Conflict of Interest Policy

The Board had adopted a Conflict of Interest Policy which sets forth guidelines and procedures to identify, disclose, and address conflict of interest situations that may arise within the Group. This ensures that any actual, potential, and perceived conflicts of interest are effectively managed. This policy is also designed to ensure compliance with the Listing Requirements and the provisions under the Companies Act 2016, as well as to uphold the highest standards of corporate governance and transparency.

The Board will review the Conflict of Interest Policy from time to time and make any necessary amendments to ensure it remains consistent with the Board's objectives, current laws, and practices.

1.12 Sustainability Governance

The Board emphasises the importance of sustainable business practices in creating long-term value, recognising that responsible business conduct is fundamental to achieving operational excellence.

Structural oversight of sustainability, including strategies, priorities, and targets, rests with the Board. Meanwhile, the Sustainability Steering Committee ("**SSC**") is entrusted with developing and recommending sustainability strategies, frameworks, and policies for the Board's review and approval. Following that, the Sustainability Working Group ("**SWG**") is tasked with operational execution of approved sustainability initiatives, action, plans, and data collection activities across departments.

As fiduciary to the Company's shareholders, the Board prioritises upholding exemplary corporate governance practices, marked by a dedication to ethics, integrity, and corporate responsibility. Additionally, the Board ensures that both internal and external stakeholders are well-informed about the Company's sustainability strategies, priorities, targets, and overall performance, as detailed in the Sustainability Statement within this Annual Report 2025.

The Board also incorporated the assessment of the Board's understanding of sustainability issues in the annual performance evaluation that are critical to the Company's performance.

PART II – COMPOSITION OF THE BOARD

2.1 Board Composition

The Board composition complies with Rule 15.02 of the Listing Requirements of Bursa Securities, whereby at least two (2) Directors or one-third (1/3) of the Board, whichever is higher, are Independent Directors (“ID(s)”), as well as Practice 5.2 and 5.9 of the MCCG, which stipulates that at least 50% of the Board comprises IDs, and at least 30% women directors, respectively.

The Board currently comprises eight (8) members, comprising three (3) Non-Independent Executive Directors (“ED(s)”), one (1) Non-Independent Non-Executive Director, and four (4) Independent Non-Executive Directors (“INED(s)”), as set out below:

No.	Board of Directors	Directorship
1.	Tan Sri Dato’ Sri Dr Abdul Aziz bin Abdul Rahman <i>(Appointed on 1 February 2026)</i>	Independent Non-Executive Chairman
2.	Dato’ Low Kok Chuan	Non-Independent Executive Director/ Group Managing Director
3.	Datin Tea Guat Ngo	Non-Independent Executive Director
4.	Low Kai Loon	Non-Independent Executive Director
5.	Datin Fadzullailiy Binti Yakob	Non-Independent Non-Executive Director
6.	Chow Lai Mun	Independent Non-Executive Director
7.	Hong Boon Toh	Independent Non-Executive Director
8.	Kenneth Chai Chuan Teong	Independent Non-Executive Director

As stipulated in the Board Charter, the Board shall consist of qualified individuals with diverse experience, backgrounds and perspectives. The Board believes its present composition constitutes an optimal size for EMCC’s business profile and facilitates the making of informed and critical decisions, reflecting a balanced mix of qualified, skilled and experienced professionals from the fields of economics, engineering, audit and accounting, among others.

The Directors have diverse backgrounds equipped with industry-specific knowledge and experience. The Board’s spectrum of skills and experience provides the strength needed to lead the Group forward to meet its goals. The Board is of the opinion that the Directors, with their various backgrounds and specialisations, collectively bring with them the required expertise and experience to discharge the Board’s duties and responsibilities effectively. As such, the Group is led and guided by a skilled and capable Board.

The profile of each Director is presented under Directors’ Profile on pages 8 to 12 of Annual Report 2025.

All the IDs have exercised their independent judgement, where issues were fully discussed and examined after taking into account the long-term interest of shareholders as well as other stakeholders such as the employees, customers and business associates.

The IDs do not participate in the daily operations and management of the Group, and there are no relationships or circumstances which are likely to affect, or could appear to affect, the IDs’ judgment. They are pivotal in bringing impartiality and scrutiny to the Board’s deliberation and decision-making process, providing effective check and balance in the functioning of the Board to safeguard the interests of all stakeholders.

2.2 Tenure of Independent Directors (“IDs”)

Under the MCCG, the tenure of an ID should not exceed a cumulative term of nine (9) years. EMCC’s Board Charter mandates that all Directors, including IDs, shall retire from office at least once every three (3) years, but shall be eligible for re-election. This ensures that the tenure of the IDs do not exceed a cumulative term limit of nine (9) years in accordance with Practice 5.3 of the MCCG. Currently, none of the Directors has served the Board as an ID for a cumulative term of more than nine (9) years.

Upon completion of the nine (9) years, an ID may continue to serve on the Board as a Non-ID upon the recommendation of NRC to the Board for approval. If the Board intends to retain an ID beyond nine (9) years, the Board should justify and seek annual shareholders’ approval through a two-tier voting process. Furthermore, the Board recognises that under the Listing Requirements, the tenure of an ID should not exceed a cumulative term of twelve (12) years.

The Company has not adopted a policy that limits the tenure of its IDs to nine (9) years, being a step-up practice. Notwithstanding that, the assessment of the independence of IDs will be conducted annually via the Annual Evaluation of Independence of Directors to ensure that they are independent of Management and free from any business or other relationship which could materially interfere with the exercise of their independent judgement or the ability to act in the best interests of the Company. The criteria used in assessing the independence of the INEDs are based on the definition under Rule 1.01 of the Listing Requirements of Bursa Securities and whether the INEDs are able to provide objective and independent views on various issues dealt with at Board and Board Committee level.

Based on the assessment carried out during the FYE 2025, the Board is satisfied with the level of independence demonstrated by the INEDs and their abilities to act in the best interests of the Company. The Board considers that the INEDs provide objective and independent views on various issues dealt with at the Board and Board Committee level. All INEDs are independent and free from management and the Board is of the view that the current composition of INEDs fairly reflects the interests of minority shareholders in the Company through Board representation.

2.3 Appointment to the Board

The principal responsibility for making recommendations on the nomination and appointment of new Directors and the re-election of retiring Directors has been delegated to the NRC.

In evaluating potential candidates, the NRC considers not only academic qualifications but also relevant industry experience, to ensure that candidates are able to contribute meaningfully to the Board and support the Company’s growth. In making recommendations to the Board on candidates for directorship, the NRC assesses and nominates candidates based on objective criteria, including, inter alia:-

- (a) character and integrity;
- (b) experience and competence;
- (c) time commitment to the Company, taking into account the number of directorships held; and
- (d) for candidates nominated to the position of INED, the ability to discharge the roles and responsibilities expected of an INED.

All Directors comply with the requirement under Rule 15.06 of the Listing Requirements of Bursa Securities, which limits the number of directorships held in listed issuers to not more than five (5).

There was one (1) new appointment of a Director, as recommended by the NRC, as follows:-

Name	Date of Appointment	Designation
Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman	1 February 2026	Independent Non-Executive Chairman

2.4 Board Diversity and Senior Management Team

The Board acknowledges the importance of Board and Senior Management team composition diversity as recommended by the MCCG. In pursuing a diversity agenda, the Directors and Senior Management are sourced from a diverse pool and recruited based on objective criteria, merit, and with due regard for diversity in terms of skills, knowledge, experience, age, cultural background, and gender.

In line with the recommendation under the MCCG on gender diversity, the Board has established and adopted a Gender Diversity Policy which provides a framework for the Company to improve its gender diversity at the Board and Senior Management level. The policy emphasises the need for diversity amongst the Board members and Senior Management team, taking into consideration, amongst others, race, ethnicity, age, gender, skills, competencies, experiences, and expertise.

Currently, there are three (3) female Directors on the Board, namely, Datin Tea Guat Ngo, Datin Fadzlullaily Binti Yakob, and Ms. Chow Lai Mun, representing 37.50% of the Board composition.

2.5 Board Committees

The Board Committees are set up to manage specific tasks for which the Board is responsible for within their defined TORs. This ensures that the Board members can spend their time more efficiently as the Board Committees are entrusted with the authority to examine particular issues within their scope of work and responsibilities.

The Board has established two (2) Board Committees and the membership of each Board Committee is set out in the table below:-

Composition	ARMC	NRC
Chow Lai Mun <i>(Independent Non-Executive Director)</i>	Chairman	Member
Kenneth Chai Chuan Teong <i>(Independent Non-Executive Director)</i>	Member	Chairman
Hong Boon Toh <i>(Independent Non-Executive Director)</i>	Member	N/A
Datin Fadzlullaily Binti Yakob <i>(Non-Independent Non-Executive Director)</i>	N/A	Member

The TOR of the respective Board Committees are available on the Company's website at <https://emc.capital/>.

2.6 NRC

The Board has stipulated specific TOR for the NRC, covering inter-alia, overseeing the selection and assessment of Directors to ensure the Board composition meets the needs of the Group. While the Board considers that its composition and size remain balanced and able to reinforce effective oversight and independent review function, the Board, through the NRC, continues to identify suitable and qualified individuals in meeting the Company's future needs, taking into consideration of diverse perspectives and insights. The Board will utilise a variety of approaches and sources available to identify suitable candidates, which may include sourcing from Directors' network, recommendation of major shareholders, as well as independent sources.

The activities undertaken by the NRC during the FYE 2025 are as follows:-

- (a) Evaluated the balance of skills, knowledge, and experience of the Board and carried out the assessment and rating of each Director's performance against the criteria set out in the assessment form. The performance of Non-EDs was also carefully considered, including whether he or she was able to devote sufficient time to the role;
- (b) Undertaken an effectiveness evaluation exercise to assess the effectiveness of the Board and its Committees as a whole;
- (c) Reviewed and assessed the independence of the IDs of the Company;
- (d) Reviewed and assessed the performance of the ARMC;
- (e) Reviewed and recommended the re-election of Directors who were due for retirement by rotation at the AGM;
- (f) Reviewed and recommended to the Board the appointment of new Director to the Board for consideration;
- (g) Reviewed and recommended to the Board the proposed directors' fees and benefits payable for the FYE 2025;
- (h) Reviewed and recommended to the Board the remuneration packages for the Executive Directors and Key Senior Management for the FYE 2025;
- (i) Reviewed the training undertaken and assessed the training needed for the Directors to attend; and
- (j) Updated the Board on the implementation of the Group's Employee Share Option Scheme.

The NRC was satisfied with the effectiveness of the Board and the Board Committees for the FYE 2025, and acknowledged that the Board and the Board Committees have discharged their duties according to their respective Board Charter and TOR.

2.7 Re-Election of Directors

In accordance with the Listing Requirements of Bursa Securities and the Constitution of the Company, one-third (1/3) of the Directors are subject to retirement by rotation such that each Director shall retire from office once in every three (3) years at the AGM but shall be eligible for re-election. Additionally, the Directors appointed to fill a casual vacancy or as an addition to the Board shall hold office only until the conclusion of the next AGM and shall be eligible for re-election.

In assessing the candidates' eligibility for re-election, the NRC considers their competencies, commitment, contribution, and performance based on their respective performance evaluation to the Board and their ability to act in the best interest of the Company.

The Board makes recommendations concerning the re-election, re-appointment, and continuation in office of any Director for shareholders' approval at the AGM.

2.8 Annual Assessment of the Board and Board Committees as a Whole

The Board has, through the NRC, conducted an annual assessment to determine the effectiveness of the Board and Board Committees as a whole as well as the contribution of each individual Director. The process was carried out by sending the following customised annual assessment forms to the Directors:-

- (i) Performance of the GMD and EDs;
- (ii) Performance of Non-EDs;
- (iii) Independence of the IDs;
- (iv) Performance of the ARMC; and
- (v) Effectiveness of the Board and Board Committees as a whole.

The annual assessment was facilitated by the Company Secretaries and conducted on a peer and self-evaluation basis through questionnaires circulated to the Directors. The annual assessment forms for the FYE 2025, duly completed by the Directors, were then collated and tabled to the NRC for deliberations and subsequently escalated to the Board for consideration on the key issues arising thereon, if any.

In evaluating the performance of Non-EDs, the assessment also takes into account, amongst others, their attendance at Board or Board Committee meetings, adequate preparation for Board and/or Board Committee meetings, regular contribution to Board or Board Committee meetings, personal input to the role and other contributions to the Board or Board Committees as a whole. Whilst, in evaluating the performance of EDs, the assessment was carried out against diverse key performance indicators, including amongst others, financial, strategic and sustainability, conformance and compliance, business acumen or increase in shareholders' wealth, succession planning, and personal input to the role.

2.9 Attendance of Board and Board Committee Meetings

The Board meets at least once every quarter on a scheduled basis and additional meetings are to be convened as and when deemed necessary by the Board. All the Directors fulfilled the requirements of the Listing Requirements of Bursa Securities by having attended at least 50% of the Board meetings held by the Company for the FYE 2025.

The attendance records of each Board member at the Board and Board Committee meetings held during the FYE 2025 are as follows:-

Name of Directors	Board	ARMC	NRC
	No. of Meetings Attended		
Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman <i>(Independent Non-Executive Chairman)</i> <i>(Appointed on 1 February 2026)</i>	-	-	-
Dato' Mohd Azfar bin Mohamed <i>(Independent Non-Executive Chairman)</i> <i>(Resigned on 31 October 2025)</i>	4/4	-	-
Dato' Low Kok Chuan <i>(Non-Independent Executive Director/ Group Managing Director)</i>	5/5	-	-
Datin Tea Guat Ngo <i>(Non-Independent Executive Director)</i>	5/5	-	-
Low Kai Loon <i>(Non-Independent Executive Director)</i>	5/5	-	-
Datin Fadzlullaili Binti Yakob <i>(Non-Independent Non-Executive Director)</i>	4/5	-	1/1
Chow Lai Mun <i>(Independent Non-Executive Director)</i>	5/5	6/6	1/1
Kenneth Chai Chuan Teong <i>(Independent Non-Executive Director)</i>	5/5	6/6	1/1
Hong Boon Toh <i>(Independent Non-Executive Director)</i>	5/5	6/6	-

The Board is satisfied with the level of time commitment given by the Directors towards fulfilling their roles and responsibilities as Directors of the Group. This was reflected in the attendance record of the Directors at Board meetings.

2.10 Directors' Training

The Board is mindful of the importance for its members to undergo continuous training to ensure they are equipped to carry out their duties effectively and the need to keep abreast of changes in the regulatory and business environments, on sustainability-related matters, as well as new developments within the industry in which the Group operates.

During the FYE 2025, the Directors have attended various training programmes and seminars as follows:

Tan Sri Dato' Sri Dr Abdul Aziz bin Abdul Rahman did not attend any training during the FYE 2025 as he was appointed to the Board on 1 February 2026. The Board would continuously evaluate and assess the training needs of each Director to keep them abreast with the state of the economy, technological advances, regulatory updates, management strategies and development in various aspects of the business environment to enhance the Board's skills and knowledge in discharging its responsibilities.

PART III - REMUNERATION

3.1 Remuneration Policy

The Board had established a formal Remuneration Policy for Directors and Senior Management. The Remuneration Policy establishes a formal and transparent procedure for developing a structure for the remuneration of Directors and Senior Management of the Company with the objective of supporting and driving business strategy and the long-term interests of the Company.

The Remuneration Policy is available on the Company's website at <https://emc.capital/>.

3.2 Remuneration of Directors

The Board believes in a remuneration package that fairly supports the Directors' responsibilities and fiduciary duties in steering and growing the Group to achieve its long-term goals and to enhance its shareholders' value.

The Board's objective, in this respect, is to offer competitive remuneration packages in order to attract, develop and retain directors of such calibre to provide the necessary skills and experience which commensurates with the responsibilities of an effective Board.

To this end, the Board delegates to the NRC the responsibility to set the principles, parameters, and framework relating to the Group's remuneration matters. Each Director is to be fairly remunerated for his or her contribution, taking into account corporate and individual performance.

The remuneration package of the EDs includes fixed salaries, bonuses, and other emoluments, among others. The EDs concerned do not play a part in deciding the remuneration package and shall refrain from discussions relating to their remuneration. The NRC would recommend the remuneration package to the Board for its review.

Meanwhile, Non-EDs, including INEDs, shall be paid fixed fees and meeting allowances. The Board as a whole, with the assistance of the NRC, determines the fees and allowances for INEDs, with each Director concerned abstaining from any decision with regards to his or her own remuneration. The Directors' annual fees shall reflect their respective job scopes and levels of responsibilities.

The Directors have abstained from the deliberation and voting on the agenda item in relation to their individual remuneration. The Directors' remuneration for the FYE 2025 are set out below:

The Group and the Company

Director	Fees RM'000	Allowance RM'000	Salary RM'000	Bonus RM'000	Other Emoluments# RM'000	Total RM'000

* Share option expenses are disclosed in Note 32 of audited financial statements for the FYE 2025.

**PRINCIPLE B:****Effective Audit and Risk Management****PART I - ARMC****4.1 Effective and Independent ARMC**

The Board has established an ARMC, which assists and supports the Board in fulfilling its fiduciary responsibilities in reviewing the audit, recurring audit-related and non-audit services provided by the external auditors. During the FYE 2025, six (6) ARMC meetings were held.

The ARMC currently comprises three (3) members, all of whom are INEDs:

No.	Director	Designation	Directorship
1.	Chow Lai Mun	Chairman	Independent Non-Executive Director
2.	Hong Boon Toh	Member	Independent Non-Executive Director
3.	Kenneth Chai Chuan Teong	Member	Independent Non-Executive Director

The TOR of the ARMC is available on the Company's website at <https://emc.capital/>.

In compliance with Practice 9.1 of the MCGG, the ARMC is chaired by Ms. Chow Lai Mun, which is a separate person from the chairman of the Board. Further, the composition of the ARMC meets the requirement of Rule 15.09(1)(c) of the Listing Requirements of Bursa Securities that at least one (1) member of the audit committee has accounting or financial acumen. Ms. Chow Lai Mun, who is a member of Malaysian Institute of Accountants ("MIA"), is the Chairman of the ARMC. Collectively, the ARMC members possess a wide range of necessary skills to discharge their duties and responsibilities. All ARMC members are financially literate and have carried out their duties in accordance with the TOR of the ARMC.

The ARMC members are expected to update their knowledge and enhance their skillsets continuously by attending training programmes from time to time to keep themselves abreast of the latest developments in accounting and auditing standards, practices, and rules and regulations.

In compliance with Practice 9.2 of the MCGG, none of the ARMC members were former partners of the Group's existing auditing firm within the previous three (3) years. This is outlined in the TOR of the ARMC.

Under the TOR, the ARMC is responsible for the nomination, appointment, and re-appointment of external auditors, including determination of the audit fees. The ARMC is accorded the authority to meet with the external auditors without the presence of EDs and the management team to discuss issues of concern to the external auditors arising from the annual statutory audit.

4.2 External Auditors

During the FYE 2025, the external auditors had confirmed to the ARMC of their independence throughout the conduct of the audit engagement for the FYE 2025 with EMCC in accordance with the independence criteria set out under the By-Laws (on Professional Ethics, Conduct and Practice) of the MIA and the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants.

The ARMC had assessed the objectivity, independence, and service quality of the external auditors for the FYE 2025 and was satisfied that they were sufficiently resourced and had demonstrated their objectivity, independence, and proficiency in carrying out the audit according to the audit scope and plan. With the recommendation from the ARMC, the Board is agreeable and satisfied with the suitability and independence of the external auditors.

During the ARMC meetings conducted in the FYE 2025, the ARMC was briefed by the external auditors on the following:-

- (a) Financial Reporting developments;
- (b) Adoption of Malaysian Financial Reporting Standards; and
- (c) Other changes in the regulatory environment.

Further information on the ARMC is set out in the ARMC Report on pages 81 to 84 of this Annual Report 2025.

PART II - RISK MANAGEMENT AND INTERNAL CONTROL FRAMEWORK

5.1 Risk Management and Internal Control

The Board is accountable for maintaining a robust risk management and internal control system. The Board, through the ARMC, has established an ongoing process for identifying, evaluating, and managing the significant risks faced by the Group and this process includes enhancing the risk management and internal control system as and when there are changes to the business environment and regulatory requirements. The process is reviewed by the Board and the ARMC on a periodic basis.

To maintain total independence in the management of internal control environment and to remain in compliance with the Listing Requirements, the Group has outsourced its internal audit function to a professional consulting firm, which assists the ARMC in the discharge of its duties.

During the FYE 2025, the ARMC reviewed and assessed the adequacy of the scope, functions, competency, and resources of the internal audit function of the Group for the FYE 2025 and the internal audit function performed by the internal auditors was satisfactory and adequate.

The Statement on Risk Management and Internal Control is set out on pages 85 to 87 of this Annual Report 2025, providing an overview of the state of risk management and internal controls within the Group.

5.2 Internal Audit Function

The internal audit function of the Group for the FYE 2025 was outsourced to Indah Corporate Governance Sdn. Bhd. ("**Indah Corporate Governance**"), a third-party professional internal audit service firm that is independent of the operations and activities of the Group. The engagement team from Indah Corporate Governance is free from any relationship or conflict of interest with EMCC Group, which could impair their objectivity and independence.

The ARMC had obtained assurance from Indah Corporate Governance confirming that they are, and have been, independent throughout the conduct of the internal audit engagement in accordance with the terms of all relevant professional and regulatory requirements.

The internal audit functions and activities carried out during the FYE 2025 are disclosed in the ARMC Report on pages 81 to 84 of this Annual Report 2025.

PRINCIPLE C:

Integrity in Corporate Reporting and Meaningful Relationship with Stakeholders

PART I - ENGAGEMENT WITH STAKEHOLDERS

6.1 Continuous Communication with Stakeholders

The Board recognises the importance of effective dialogue with its stakeholders and is committed to utilise various channels to provide transparent and timely communication on various matters regarding the business, operations and financial performance of the Group.

In line with best practices, the Board strives to disclose relevant information to stakeholders while being mindful of the legal and regulatory framework governing the release of material and price-sensitive information. The Board abides by the Corporate Disclosure Guide as issued by Bursa Securities, which is calibrated in line with the disclosure requirements stipulated in the Listing Requirements of Bursa Securities.

The Group maintains various methods of communication with its stakeholders through the following channels:

Announcements to Bursa Securities' website

The Group strives to provide all material information publicly through Bursa Securities' website on a timely basis, which include quarterly results and full year financial results announcements, and other relevant material transactions undertaken by the Group.

Corporate website

Information on the Group is accessible through the Group's corporate website at <https://emc.capital/>, which has a dedicated Investor Relations section, providing updates on the Group, that is easily accessible by stakeholders.

General Meetings

The general meetings of the Company also serve as a platform and principal forum for dialogue with shareholders, where they will be given the opportunity to clarify any matters on the proposed resolutions. Status of all resolutions tabled at the general meetings shall be made public and announced to Bursa Securities at the end of the meeting day. The Summary of Key Matters discussed will be summarised and published on the corporate website at <https://emc.capital/>.

Annual Report

The Group's Annual Report serves as an alternate channel of communication between the Group and its shareholders by outlining a series of comprehensive information of the Group, comprising, amongst others, business overview, financial performance, corporate governance, sustainability management, risk management, internal control system as well as the Group's prospects.

Corporate Disclosure Policy

The Board is committed to provide effective communication to its shareholders and the general public regarding the business, operations, and financial performance of the Group and where necessary, information filed with regulators which is in accordance with all applicable legal and regulatory requirements.

The Board had adopted a Corporate Disclosure Policy to promote comprehensive, accurate, and timely disclosures pertaining to the Company and the Group to regulators, shareholders and stakeholders.

PART II - CONDUCT OF GENERAL MEETINGS

7.1 Conduct of General Meetings

The AGM remains the principal forum for dialogue with shareholders where they may seek clarification on the Company's business and reports. Shareholders are encouraged to meet and communicate with the Board at the AGM and to vote on all resolutions.

In line with Practice 13.1 of MCCG, the notice convening the Third AGM ("**3rd AGM**") was issued to shareholders at least 28 days before the 3rd AGM date, which gave shareholders sufficient time to prepare themselves to attend the 3rd AGM or to appoint a proxy to attend and vote on their behalf.

At the 3rd AGM, the shareholders were encouraged to participate in discussing the resolutions proposed or future developments of the Group's operations in general. The Board, the Senior Management team and the Company's external auditors were present to answer the questions raised and provide clarification as requested by the shareholders.

All resolutions set out in the notice of the 3rd AGM were put to vote by poll and the votes cast were validated by an independent scrutineer appointed by the Company. The outcome of all resolutions proposed at the general meetings was announced to Bursa Securities at the end of the meeting day. The minutes of the 3rd AGM were also made available on the Company's website within 30 business days after the 3rd AGM.

7.2 Effective Communication and Proactive Engagement

All the Directors were present at the 3rd AGM held on 26 June 2025 and responded to questions raised by the shareholders.

The Chairman of the Board and its Board Committees' members were available to respond to shareholders' queries concerning the Company and the Group in the 3rd AGM. The external auditors were also invited to attend the 3rd AGM and assist the Board in addressing relevant queries made by the shareholders.

From the Company's perspective, the AGM serves as a forum for Directors to engage with the shareholders personally to understand their needs and seek their feedback. The Board welcomes questions and feedback from the shareholders during and at the end of shareholders' meetings and ensures their queries are responded to properly and systematically.

The Board had ensured that reasonable time was provided to the shareholders for discussion at the 3rd AGM before each resolution was proposed. The summary of the key matters discussed at the 3rd AGM was published on the Company's website at <https://emc.capital/> for the shareholders' information.

KEY CG FUTURE PRIORITIES FOR FINANCIAL YEAR ENDING 31 DECEMBER 2026 ("FYE 2026")

On 23 December 2024, Bursa Securities issued amendments to the Listing Requirements, in relation to enhanced sustainability reporting requirements aligned with the National Sustainability Reporting Framework ("NSRF") and the IFRS Sustainability Disclosure Standards (IFRS S1 and S2), alongside updates to general meetings and sponsor-related obligations. Taking cue from Bursa Securities' directives and emphasis, ESG adoption and sustainability disclosure shall remain the key CG priority of the Board for the FYE 2026.

STATEMENT BY THE BOARD ON CORPORATE GOVERNANCE OVERVIEW STATEMENT

The Group shall continue to refine and seek to build upon the enhanced corporate governance practices and procedures in the best interest of shareholders. The Group has in all material aspects satisfactorily complied with the principles and practices set out in the MCCG, except for the departure as set out in the CG Report.

This CG Overview Statement is made in accordance with the resolution of the Board dated 17 April 2026.

Audit and Risk Management Committee Report

The Board of Directors of Evergreen Max Cash Capital Berhad (“**EMCC**” or the “**Company**”) (“**Board**”) is pleased to present the Audit and Risk Management Committee (“**ARMC**”) Report to provide insights on the discharge of the ARMC’s functions during the financial year ended 31 December 2025 (“**FYE 2025**”), in compliance with Rule 15.15 of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“**Bursa Securities**”) (“**Listing Requirements**”).

The Board has established the ARMC to serve as a committee of the Board and is guided by the terms of reference (“**TOR**”) of the ARMC approved by the Board in discharging its fiduciary and statutory duties and responsibilities relating to financial practices of the Group. In addition, the ARMC also assisted in fulfilling the Board’s stewardship accountability to its stakeholders. The ARMC is committed to its role in upholding the integrity of the Group’s financial reporting process and monitoring the risk management process, evaluating the effectiveness of the system of internal controls, the external and internal audit processes, and such other matters that may be specifically delegated to the ARMC by the Board. This ARMC Report provides insights into the approach taken by the ARMC in discharging its functions during the FYE 2025.

COMPOSITION OF THE ARMC

The ARMC comprises three (3) members, all of whom are Independent Non-Executive Directors (“**INED(s)**”) which satisfied with the requirement under Step-Up Practice Note 9.4 of the Malaysia Code of Corporate Governance (“**MCCG**”). All of the members of the ARMC also satisfied the test of independence under the Listing Requirements of Bursa Securities and met the requirements of the MCCG.

The current composition of the ARMC is as follows:

No.	Director	Designation	Directorship
1.	Chow Lai Mun	Chairman	Independent Non-Executive Director
2.	Hong Boon Toh	Member	Independent Non-Executive Director
3.	Kenneth Chai Chuan Teong	Member	Independent Non-Executive Director

The Chairman of the ARMC, Ms. Chow Lai Mun is an INED, a qualified accountant and is a member of the Malaysian Institute of Accountants since 2000. In this respect, the Company complies with Rules 15.09 and 15.10 of the Listing Requirements of Bursa Securities. Furthermore, in compliance with Practice Note 9.1 of the MCCG, the Chairman of the ARMC is not the Chairman of the Board.

ASSESSMENT ON THE TERM OF OFFICE AND PERFORMANCE OF THE ARMC

The Nomination and Remuneration Committee (“**NRC**”) had reviewed the term of office and performance of the ARMC as well as whether its members have carried out their duties in accordance with the TOR of ARMC for the FYE 2025. Upon review, the NRC is satisfied with the overall performance of the ARMC and its individual members for the FYE 2025. The NRC had reported the outcome of assessment to the Board for notation.

ATTENDANCE OF THE ARMC MEMBERS

The ARMC held a total of six (6) meetings during the FYE 2025 and the attendance of the members during the FYE 2025 are as follows:

No.	Name of ARMC Members	No. of Meetings attended
1.	Chow Lai Mun	6/6
2.	Hong Boon Toh	6/6
3.	Kenneth Chai Chuan Teong	6/6

The presence of the external auditors and/or the Internal Auditors at the ARMC meeting can be requested if required by the ARMC. Other members of the Board and officers of the Group may attend the meeting (specific to the relevant meeting and to the matters being discussed) upon the invitation of the ARMC.

All deliberations during the ARMC Meetings were duly documented by the Company Secretary in attendance. The minutes of each of the ARMC Meetings were tabled for confirmation and approval at every subsequent ARMC Meeting.

The Chairman of the ARMC presented the ARMC's recommendations together with the underlying rationale to the Board for approval of the annual audited financial statements and the unaudited quarterly financial results. As and when necessary, the Chairman of the ARMC also communicates to the Board on matters of significant concern raised by the internal and external auditors.

TERMS OF REFERENCE

The ARMC assists the Board to inter alia, fulfilling its oversight responsibilities relating to the corporate accounting, system of internal controls and risk management, management and financial reporting practices, reviewing the Group's quarterly financial results and annual audited financial statements.

The TOR of the ARMC is available on the Company's website at <https://emc.capital/>.

SUMMARY OF ACTIVITIES OF THE ARMC

During the FYE 2025, the main activities carried out by the ARMC, amongst others, include the following:

1. Financial Reporting

- a) Reviewed the unaudited consolidated quarterly financial results including the announcements pertaining thereto, before recommending to the Board for consideration and approval and making the announcement to Bursa Securities.
- b) Reviewed the annual audited financial statements of the Group ("AFS") to ensure the said AFS were drawn up in accordance with the Malaysian Financial Reporting Standard before recommending to the Board for consideration and approval.
- c) Reviewed and deliberated on audit issues raised by the External Auditors and the action plan required to address those issues.

2. External Audit

- a) Reviewed and received the Audit Review Memorandum from External Auditors in respect of the financial statements of the Group for the financial year ended 31 December 2024.
- b) Reviewed and discussed the audit status in respect of the financial statements of the Group for the FYE 2025.
- c) Reviewed the external auditors on their audit scope and Audit Planning Memorandum as well as their proposed fees for the statutory audit of the Group.
- d) Reviewed and discussed with the external auditors of their audit findings and areas of concern inclusive of system evaluation, audit fees, issues raised, significant and unusual events or transactions, audit recommendations and management's response to those recommendations.
- e) Discussed with the external auditors the significant accounting and auditing issues, impact of new or proposed changes in financial reporting standards and regulatory requirements applicable to the Group.
- f) Evaluated the performance, objectivity and independence of the external auditors in carrying out statutory audit for the Group and prior to the engagement of the external auditors for ad-hoc non-audit services for the FYE 2025 and make recommendation to the Board on their re-appointment and remuneration for ensuing year.
- g) Discussed and considered the proposed appointment of Crowe Malaysia PLT as the new External Auditors of the Group in place of ChengCo PLT.

3. Internal Audit

- a) Reviewed and assessed the adequacy of the scope and areas of coverage of the internal audit plan and the proposed internal audit fee for the FYE 2025.
- b) Reviewed the internal audit reports presented by the internal auditors and considered the audit findings and recommendations to improve any weaknesses or non-compliance and the respective management responses thereto.
- c) Reviewed the effectiveness of the Group's risk management and internal control system.

4. Recurrent Related Party Transactions (“RRPT(s)”) and/or Related Party Transactions (“RPT(s)”) and Conflict of Interests

- a) Reviewed the RPTs and/or RRPTs that transpired during the FYE 2025 to ensure that the transactions entered were at arm's length.
- b) Reviewed the draft circular on the proposed new and renewal of shareholders' mandate for RRPTs of a revenue or trading nature before recommending it to the Board for approval.
- c) Reviewed the conflict of interest (“COI”) questionnaires submitted by the Directors and key senior management of the Group. Based on this review, no significant COI were identified that would necessitate further examination and implementation of specific mitigation measures. The only exceptions were related party transactions that had been duly disclosed and entered into with the Group, which are being managed in accordance with the established governance and approval processes.
- d) Reviewed the Circular to Shareholders in relation to the proposed shareholders' mandate for RRPT.

5. Annual Report and Others

- a) Self-appraised the performance of the ARMC and submitted the evaluation form to the NRC for assessment.
- b) Reviewed the ARMC Report, Statement on Risk Management and Internal Control, Additional Compliance Information, Corporate Governance Overview Statement and Sustainability Statement, and recommended to the Board for approval and inclusion in the Annual Report.
- c) Reviewed the Corporate Governance Report and recommended to the Board for approval.

SUMMARY OF WORK OF THE INTERNAL AUDIT FUNCTION

The ARMC is supported by an outsourced internal audit function in discharging its duties and responsibilities. The internal audit function's principal role is to assist the ARMC and the Board in conducting independent assessment and systematic reviews on the Group's internal control system and governance practices, so as to provide reasonable assurance on the adequacy, integrity and effectiveness of the Group's overall system of internal controls, risk management and governance. The ARMC reviews the adequacy of the scope, functions, competency and resources of the internal audit function to ensure that it is adequately resourced with competent and proficient internal auditors.

The Group has engaged Indah Corporate Governance Sdn. Bhd. ("ICG"), an independent and established consulting company specialised in internal audit services as the Internal Auditors of the Company and the Group, to conduct high-level review of the internal control framework of the Group with the objective to assist the ARMC in ensuring the adequacy and effectiveness of the Group's internal control systems by identifying the area of improvement, if any, and to improve the adequacy and robustness of the internal control functions of the Group. Each audit review is engaged by approximately two to three internal auditors depending on the areas of audit. The engagement team personnel from ICG had affirmed to the ARMC that they were free from any relationships or conflict of interest, which could impair their objectivity and independence to the Group.

The ARMC reviewed and made recommendations on the areas of concern highlighted by the internal auditors and the respective Management's responses thereto. ICG monitored the implementation of Management's action plan on outstanding issues through follow-up reports to ensure that all highlighted key risks and control weaknesses are being properly addressed.

ICG conducted reviews in accordance with the internal audit plan and scope approved by the ARMC. During the FYE 2025, ICG have assessed the adequacy and effectiveness of internal controls over the audit areas of valuation of collateral and invoicing and collection management, as well as auction bidding and financial reporting processes, covering the Group's operating subsidiaries.

The total costs incurred by the Company in respect of the internal audit services performed by ICG for the FYE 2025 was approximately RM30,000.

For further details on the risk management, internal controls and internal audit functions, please refer to the Statement on Risk Management and Internal Control on pages 85 to 87 in this Annual Report.

The ARMC Report was presented and approved by the Board on 17 April 2026.

Statement of Risk Management and Internal Control

The Board is pleased to present the Statement on Risk Management and Internal Control (“**SORMIC**”), which outlines the nature and scope of the Group’s risk management and the internal control systems for the financial year ended 31 December 2025 (“**FYE 2025**”). This Statement has been prepared in accordance with Paragraph 15.26(b) of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad (“**AMLR**”), the Malaysian Code on Corporate Governance (“**MCCG**”), and the Statement on Risk Management and Internal Control (SORMIC): Guidelines for Directors of Listed Companies (“**SORMIC Guide 2025**”).

BOARD RESPONSIBILITY

The Board acknowledges and assumes its overall responsibility for the internal control system and risk management framework of EMCC and its subsidiaries (the “**Group**”) in safeguarding shareholders’ interests and the assets of the Group, including the need to regularly review the adequacy and effectiveness of such framework and system. The Board is also responsible for establishing and maintaining an adequate and effective risk management framework and internal control system.

The Audit and Risk Management Committee (“**ARMC**”) supports the Board by reviewing key risk matters and internal control updates presented by management, through matters discussed at ARMC and Board meetings. The Board actively engages with the ARMC, the management team and the internal auditor to gain insights into key risks and mitigation strategies, updates on financial and non-financial control matters as well as issues brought to the attention by the ARMC.

The Board has commenced the process of identifying and managing material Environmental, Social, and Governance (“**ESG**”) factors within the Group’s risk management activities. This ensures that key sustainability matters relevant to the Group’s operations are monitored to safeguard long-term stakeholder value.

The Board recognises that the risk management framework and internal control system are designed to manage rather than eliminate risks. Accordingly, they provide reasonable, but not absolute, assurance against material misstatement in management and financial information, as well as losses arising from fraud or other irregularities.

Through these measures, the Board ensures that risk management remains an integral part of the Group’s strategic decision making, fostering sustainable growth and safeguarding stakeholder value.

RISK MANAGEMENT FRAMEWORK

The Group maintains a risk management framework as part of its business operations. The key elements of this framework include:

No.	Key elements	Objectives
1.	Communication of key risk matters	Facilitating communication of key risk matters and related updates to the ARMC and Board for review.
2.	Risk awareness through management and ARMC discussions	Promoting awareness and discussion of key risks among management and the ARMC.
3.	Risk identification and assessment	Identifying and evaluating risks that may impact the Group’s operations and objectives.
4.	Ongoing risk monitoring and review	Establishing a structured process for reviewing, reporting, and continuously monitoring identified risks.
5.	Implementation and ongoing enhancement of risk management procedures	Implementing and tracking mitigation actions for identified risks, with status updates provided for review.

The management team carries out these processes on an ongoing basis as part of its daily operations. Based on management updates and discussions held by the ARMC/Board, the Board is of the view that the risk management process was in place throughout the financial year under review.

INTERNAL AUDIT FUNCTION

The Board appointed Indah Corporate Governance Sdn. Bhd. (“**ICG**”), an independent professional firm, to review the Group’s internal control system. The internal auditors report directly to the ARMC. They conducted audits to address identified concerns during the financial year under review.

To ensure the effective implementation of these recommendations within the predetermined timeframe, the internal auditors have conducted follow-up reviews. The internal audit function plays a critical role in providing the Board with an independent assessment of the Group’s internal control system. This assessment includes interviews and discussions with management, walkthrough tests, reviews of established policies, procedures, authority limits, as well as observations and sample-based testing of internal controls.

ICG is free from any relationships or conflicts of interest which could potentially impair the objectivity and independence for assuming the internal audit function. ICG does not have any direct operational responsibility or authority over any activities audited.

The ARMC and the Board agreed that the internal audit review for the financial year under review was conducted in accordance with the approved internal audit plan and that the scope of coverage was adequate.

The total cost incurred for internal audit function for FYE 2025 amounted to approximately RM30,000.

The Whistleblowing Policy, Anti-Bribery and Corruption Policy, AML/CFT Policy, Data Protection Policy and Health and Safety Policy are accessible through the Company’s website at <https://emc.capital/corporate-governance-meetings/>.

ASSURANCE FROM MANAGEMENT

As the Group and business environment change, risk management and internal control processes are reviewed and enhancement actions are identified, with updates reported to the ARMC and Board.

The Board has received assurance from the Executive Directors, including the Chief Executive Officer and Chief Financial Officer, that, to the best of their knowledge, the Group's risk management and internal control systems have been operating adequately and effectively in all material aspects, throughout the financial year under review and up to the date of issuance of this SORMIC.

REVIEW OF THE SORMIC BY EXTERNAL AUDITORS

As required by Rule 15.23 of the Listing Requirements of Bursa Malaysia Securities Berhad, the external auditors have reviewed this SORMIC pursuant to the scope set out in accordance with the principles of Audit and Assurance Practice Guide ("AAPG") 3, Guidance for Auditors on Engagements to Report on the SORMIC included in the Annual Report issued by the Malaysian Institute of Accountants for inclusion in the Annual Report of the Group for the financial year ended 31 December 2025. The external auditors have reported to the Board that nothing has come to their attention that causes them to believe that the statement intended to be included in the annual report of the Group, in all material respects:

- (a) has not been prepared in accordance with the disclosures required by Section 7 of the SORMIC Guide 2025, or
- (b) is factually inaccurate.

The principles of AAPG 3 does not require the external auditors to consider whether the Directors' SORMIC covers all risks and controls, or to form an opinion on the adequacy and effectiveness of the Group's risk management and internal control system including the assessment and opinion by the Board of Directors and the Management. The report from the external auditors was made solely for and directed solely to the Board of Directors in connection with their compliance with the Listing Requirements of Bursa Malaysia Securities Berhad and for no other purposes or parties. The external auditors do not assume responsibility to any person other than the Board of Directors in respect of any aspect of this report.

CONCLUSION

With the assistance of the ARMC, the Board reviewed risk management and internal control updates based on information and representations provided by the management as well as discussions documented in the ARMC/Board minutes.

No material losses were incurred during the financial year under review due to deficiencies in these systems. The Board remain committed to implementing adequate measures to further strengthen the Group's operational management environment.

Based on the risk register, management updates and ARMC/Board discussions during the financial year, the Board is of the view that the Group's risk management and internal control framework is in place, with ongoing enhancements where required.

This SORMIC was approved by the Board of Directors on 17 April 2026.

Statement of Directors' Responsibility in Relation to the Financial Statements

The Directors are required under Rule 15.26(a) of the ACE Market Listing Requirements of Bursa Malaysia Securities Berhad to issue a statement on its responsibility in the preparation of the annual audited financial statements.

The Directors are responsible for ensuring that the financial statements are properly drawn up in accordance with the provisions of the Companies Act 2016 and applicable Malaysian Financial Reporting Standards approved by the Malaysian Accounting Standards Board in Malaysia so as to give a true and fair view of the financial position of the Group and the Company as at 31 December 2025 and of their financial performance and cash flows for that financial year then ended.

During the preparation of the financial statements for the financial year ended 31 December 2025, the Directors have:

- (i) reviewed the accounting policies to ensure that they are consistently applied throughout the financial year and are of the view that relevant approved accounting standards have been followed in the preparation of these financial statements. In cases where judgements and estimations were made, they were based on reasonableness and prudence;
- (ii) relied on the system of internal controls to ensure that the information derived from the underlying accounting records for the preparation of the financial statements is accurate and reliable;
- (iii) responsible for ensuring proper accounting records are kept, which disclose with reasonable accuracy at any time of the financial position of the Group and the Company; and
- (iv) applied the going concern basis for the preparation of the financial statements.

The Directors are also responsible for taking such steps that are necessary and reasonable to safeguard the assets of the Group and of the Company, and to prevent and detect fraud and other irregularities.

The Board is satisfied that it has met its obligation to present a balanced and understandable assessment of the Company's position and prospects in the Directors' Report and the Financial Statements in this Annual Report.

DIVIDENDS

Dividends paid or declared by the Company since 31 December 2024 are as follows:-

Ordinary Share	RM
In respect of the financial year 31 December 2025	
A first interim dividend of 0.30 sen per ordinary share, paid on 23 September 2025	3,358,771

On 25 February 2026, subsequent to the current reporting period, the Company declared an interim dividend of 0.35 sen per ordinary share amounting to RM3,921,672 in respect of the current financial year, payable on 10 April 2026, to shareholders whose names appeared in the record of depositors on 12 March 2026. The financial statements for the current financial year do not reflect this interim dividend. Such a dividend will be accounted for in equity as an appropriation of retained profits in the financial year ending 31 December 2026.

RESERVES AND PROVISIONS

There were no material transfers to or from reserves or provisions during the financial year other than those disclosed in the financial statements.

ISSUES OF SHARES AND DEBENTURES

During the financial year, the Company increased its issued and paid-up share capital from RM150,959,620 to RM153,090,500 by way of the issuance of 5,575,300 new ordinary shares from the exercise of options under the Company's Employee Share Option Scheme at the exercise prices disclosed in Note 18 to the financial statements which amounted to RM2,130,880.

The new ordinary shares issued rank pari passu in all respects with the existing ordinary shares of the Company.

OPTIONS GRANTED OVER UNISSUED SHARES

During the financial year, no options were granted by the Company to any person to take up any unissued shares in the Company except for the share options granted pursuant to the Company's Employee Share Option Scheme.

EMPLOYEE SHARE OPTION SCHEME

The Employee Share Option Scheme of the Company ("ESOS") is governed by the ESOS By-Laws and was approved by shareholders on 8 January 2025. The ESOS is in force for a period of 5 years effective from 30 May 2025.

The details of the ESOS are disclosed in Note 18 to the financial statements.

BAD AND DOUBTFUL DEBTS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ascertain that action had been taken in relation to the writing off of bad debts and the making of allowance for impairment losses on receivables and satisfied themselves that all known bad debts had been written off and that adequate allowance had been made for impairment losses on receivables.

At the date of this report, the directors are not aware of any circumstances that would require the further writing off of bad debts, or the additional allowance for impairment losses on receivables in the financial statements of the Group and of the Company.

CURRENT ASSETS

Before the financial statements of the Group and of the Company were made out, the directors took reasonable steps to ensure that any current assets, which were unlikely to be realised in the ordinary course of business, including their value as shown in the accounting records of the Group and of the Company, have been written down to amounts that they might be expected so to realise.

At the date of this report, the directors are not aware of any circumstances which would render the values attributed to the current assets in the financial statements misleading.

VALUATION METHODS

At the date of this report, the directors are not aware of any circumstances which have arisen which render adherence to the existing methods of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate.

CONTINGENT AND OTHER LIABILITIES

At the date of this report, there does not exist:-

- (a) any charge on the assets of the Group and of the Company that has arisen since the end of the financial year which secures the liabilities of any other person; or
- (b) any contingent liability of the Group and of the Company which has arisen since the end of the financial year.

No contingent or other liability of the Group and of the Company has become enforceable or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations when they fall due.

CHANGE OF CIRCUMSTANCES

At the date of this report, the directors are not aware of any circumstances not otherwise dealt with in this report or the financial statements of the Group and of the Company which would render any amount stated in the financial statements misleading.

ITEMS OF AN UNUSUAL NATURE

The results of the operations of the Group and of the Company during the financial year were not, in the opinion of the directors, substantially affected by any item, transaction or event of a material and unusual nature other than the acquisition of a new subsidiary and the acquisition of two business operations, as disclosed in Note 9 to the financial statements.

There has not arisen in the interval between the end of the financial year and the date of this report any item, transaction or event of a material and unusual nature likely, in the opinion of the directors, to affect substantially the results of the operations of the Group and of the Company for the financial year in which this report is made.

Independent Auditors' Report

TO THE MEMBERS OF EVERGREEN MAX CASH CAPITAL BERHAD
[Registration No.: 202101028602 (1428902-D)] (Incorporated in Malaysia)

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the financial statements of Evergreen Max Cash Capital Berhad, which comprise the statements of financial position of the Group and of the Company as at 31 December 2025, and the statements of profit or loss and other comprehensive income, statements of changes in equity and statements of cash flows of the Group and of the Company for the financial year then ended, and notes to the financial statements, including material accounting policy information, as set out on pages 102 to 186.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Group and of the Company as at 31 December 2025, and of their financial performance and their cash flows for the financial year then ended in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia.

Basis for Opinion

We conducted our audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence and Other Ethical Responsibilities

We are independent of the Group and of the Company in accordance with the By-Laws (on Professional Ethics, Conduct and Practice) of the Malaysian Institute of Accountants ("By-Laws") and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) ("IESBA Code"), as applicable to audits of financial statements of public interest entities and we have fulfilled our other ethical responsibilities in accordance with the By-Laws and the IESBA Code.

Other Matter

The financial statements of the Group and of the Company for the preceding financial year were audited by another firm of auditors whose report dated 25 April 2025, expressed an unmodified opinion on those statements.

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)****Key Audit Matters**

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the Group and of the Company for the current financial year. These matters were addressed in the context of our audit of the financial statements of the Group and of the Company as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters	How our audit addressed the key audit matters
<p>Valuation and existence of pawned financing receivables (refer to Note 11)</p> <p>The Group's trade receivables amounted to RM519,667,490 (2024: RM304,633,760), representing approximately 83% (2024 - 81%) of total assets as at the reporting date. Of this amount, RM519,370,978 (2024 - RM297,141,838) relates to pawned financing receivables, comprising pawned loan principal and related financing interest receivables arising from the Group's pawnbroking services. These receivables are secured by pawned collateral consisting primarily of gold and gold jewellery, with a smaller proportion of luxury items, all of which are physically held by the Group.</p> <p>This area was considered a key audit matter because:-</p> <p>(i) The pawned financing receivables balance is highly significant in the context of the financial statements;</p> <p>(ii) The recoverability of pawned financing receivables depends on the physical existence and safekeeping of pawned items held by the Group; and</p> <p>(iii) The recoverability of these receivables is influenced by the adequacy and realisable value of pawned items, particularly for unredeemed pawns after maturity. The valuation is further affected by movements in market gold prices and, where applicable, estimated realisation costs.</p>	<p>Our audit work steps included:-</p> <ul style="list-style-type: none"> • We assessed the design and implementation of controls over pawned items, including the physical safeguards in place and the process for recording pawned items movements accurately; • We tested the existence of pawned collateral by selecting samples of pawn tickets and agreeing key recorded details (such as item description, weight in grams and ticket number) to the corresponding physical pawned items during our year-end outlet visits; • We attended and observed the year-end pawned receivables count at selected outlets and, where counts were not performed on 31 December, carried out appropriate roll-forward procedures to confirm the completeness and accuracy of the count results; • We evaluated management's surprise count and planned count procedures, including their controls over the documentation of count results and the safeguarding of pawned items during the count process; • We assessed valuation considerations by reviewing market gold prices at the reporting date and comparing them with subsequent price trends to determine whether management had appropriately considered relevant price movements when assessing potential impairment or loss allowances; • We assessed subsequent events and recoveries by reviewing forfeited pawned items and, where disposals had occurred up to the date of this report, comparing the carrying amounts to the actual proceeds realised through auction or sale to identify any indicators of valuation shortfalls; and • We assessed the adequacy of the disclosures relating to pawned financing receivables presented in the financial statements.

Key Audit Matters (Cont'd)

Key audit matters	How our audit addressed the key audit matters
<p>Correction of prior-year errors and restatement of comparative balances (Refer to Note 37 to the financial statements)</p> <p>As newly appointed auditors for the financial year ended 31 December 2025, we performed procedures over the opening balances as at 1 January 2025 in accordance with the requirements of ISA 510 Initial Audit Engagements – Opening Balances. As a result of our work, several prior-year errors were identified and corrected by management in accordance with MFRS 108. These errors related to the application of merger accounting for common-control entities, the measurement of lease liabilities and right-of-use assets, the recognition and measurement of intangible assets, and the recognition of deferred tax effects on certain temporary differences.</p> <p>These matters were considered a key audit matter due to the materiality of the adjustments, and judgement involved in determining the appropriate accounting treatment, and the significance of the retrospective restatement to the opening balances and comparative information.</p>	<p>Our audit work steps included:-</p> <ul style="list-style-type: none"> • We evaluated management’s assessment of each prior-year error and the basis for applying the relevant accounting standards, including the requirements of merger accounting and the Malaysian Financial Reporting Standards; • We tested the recalculations supporting the prior-year adjustments, including the corrections made to goodwill, lease-related balances, intangible assets and deferred tax balances; • We assessed the completeness and accuracy of the retrospective restatement of the opening balances and comparative information; and • We reviewed the disclosures in Note 37 to determine whether they clearly explain the nature of the prior-year errors, the reasons for the corrections and their financial impact.

Information Other than the Financial Statements and Auditors’ Report Thereon

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements of the Group and of the Company and our auditors’ report thereon.

Our opinion on the financial statements of the Group and of the Company does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements of the Group and of the Company, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements of the Group and of the Company or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)

Responsibilities of the Directors for the Financial Statements

The directors of the Company are responsible for the preparation of the financial statements of the Group and of the Company that give a true and fair view in accordance with Malaysian Financial Reporting Standards, IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia. The directors are also responsible for such internal control as the directors determine is necessary to enable the preparation of financial statements of the Group and of the Company that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements of the Group and of the Company, the directors are responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements of the Group and of the Company as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with approved standards on auditing in Malaysia and International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with approved standards on auditing in Malaysia and International Standards on Auditing, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:-

- Identify and assess the risks of material misstatement of the financial statements of the Group and of the Company, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's or the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements of the Group and of the Company or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group or the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements of the Group and of the Company, including the disclosures, and whether the financial statements of the Group and of the Company represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the financial statements of the Group. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

**REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS (CONT'D)****Auditors' Responsibilities for the Audit of the Financial Statements (Cont'd)**

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the Group and of the Company for the current financial year and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

This report is made solely to the members of the Company, as a body, in accordance with Section 266 of the Companies Act 2016 in Malaysia and for no other purpose. We do not assume responsibility to any other person for the content of this report.

Principal place of business : Lot 11-10, 11th Floor,
Wisma Trax, No. 1, Jalan Lima,
Off Jalan Chan Sow Lin,
52200 Wilayah Persekutuan, Kuala Lumpur.

These financial statements comprise both separate and consolidated financial statements. The financial statements of the Company are separate financial statements, while the financial statements of the Group are consolidated financial statements that include those of the Company and its subsidiaries as of the end of the reporting period. The Company and its subsidiaries are collectively referred to as “the Group”.

The financial statements of the Group and of the Company are presented in Ringgit Malaysia (“RM”), which is the Company’s functional and presentation currency.

The holding company is Tirai Anggerik Sdn. Bhd., a company incorporated in Malaysia.

The financial statements were authorised for issue by the Board of Directors in accordance with a resolution of the directors dated 17 April 2026.

2. PRINCIPAL ACTIVITIES

The Company is principally engaged in the business of investment holding and the provision of management services. The principal activities of the subsidiaries are set out in Note 5 to the financial statements.

3. BASIS OF PREPARATION

The financial statements of the Group and of the Company are prepared under the historical cost convention and modified to include other bases of valuation as disclosed in other sections under material accounting policy information, and in compliance with Malaysian Financial Reporting Standards (“MFRSs”), IFRS Accounting Standards and the requirements of the Companies Act 2016 in Malaysia.

3. BASIS OF PREPARATION (CONT'D)

3.1 During the current financial year, the Group and the Company have adopted the following new accounting standards and/or interpretations (including the consequential amendments, if any):-

MFRSs and/or IC Interpretations (Including The Consequential Amendments)

Amendments to MFRS 121: Lack of Exchangeability

The adoption of the above accounting standards and/or interpretations (including the consequential amendments, if any) did not have any material impact on the financial statements of the Group and of the Company.

3.2 The Group and the Company have not applied in advance the following accounting standards and/or interpretations (including the consequential amendments, if any) that have been issued by the Malaysian Accounting Standards Board (“MASB”) but are not yet effective for the current financial year:-

MFRSs and/or IC Interpretations (Including The Consequential Amendments)	Effective Date
MFRS 18 Presentation and Disclosure in Financial Statements	1 January 2027
MFRS 19 Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to MFRS 9 and MFRS 7: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Amendments to MFRS 9 and MFRS 7: Contracts Referencing Nature-dependent Electricity	1 January 2026
Amendments to MFRS 10 and MFRS 128: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture	Deferred
Amendments to MFRS 19: Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to MFRS 121: Translation to a Hyperinflationary Presentation Currency	1 January 2027
Annual Improvements to MFRS Accounting Standards – Volume 11	1 January 2026

3.3 The adoption of the above accounting standards and interpretations (including the consequential amendments, if any) is expected to have no material impact on the financial statements of the Group and of the Company upon their initial application, except as follows:-

(a) MFRS 18 ‘Presentation and Disclosure in Financial Statements’ will replace MFRS 101 ‘Presentation of Financial Statements’ upon its adoption. This new standard aims to enhance the transparency and comparability of financial information by introducing new disclosure requirements. Specifically, it requires that income and expenses be classified into 3 defined categories: “operating”, “investing” and “financing” and introduces 2 new subtotals: “operating profit or loss” and “profit or loss before financing and income tax”. In addition, MFRS 18 requires the disclosure of management-defined performance measures and sets out principles for the aggregation and disaggregation of information, which will apply to all primary financial statements and their accompanying notes. The statement of financial position and the statement of cash flows will also be affected. The potential impact of the new standard on the financial statements of the Group and of the Company has yet to be assessed.

4. MATERIAL ACCOUNTING POLICY INFORMATION

4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Key Sources of Estimation Uncertainty

Management believes that there are no key assumptions made concerning the future, and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year other than as disclosed below:-

(a) Depreciation of Property, plant and equipment

The estimates for the residual values, useful lives and related depreciation charges for the property, plant and equipment are based on commercial factors which could change significantly as a result of technical innovations and competitors' actions in response to the market conditions. The Group and the Company anticipate that the residual values of their property, plant and equipment will be insignificant. As a result, residual values are not being taken into consideration for the computation of the depreciable amount. Changes in the expected level of usage and technological development could impact the economic useful lives and the residual values of these assets, therefore future depreciation charges could be revised. The carrying amount of property, plant and equipment as at the reporting date is disclosed in Note 6 to the financial statements.

(b) Impairment of Goodwill

The assessment of whether goodwill is impaired requires an estimation of the value in use of the cash-generating unit to which the goodwill is allocated. Estimating a value in use amount requires management to make an estimate of the expected future cash flows from the cash-generating unit and also to choose a suitable discount rate in order to calculate the present value of those cash flows. The carrying amount of goodwill as at the reporting date and the key assumptions and sensitivity analysis are disclosed in Note 9 to the financial statements.

(c) Purchase Price Allocation

Purchase prices related to business combinations are allocated to the underlying acquired assets and liabilities based on their estimated fair value at the time of acquisition. The determination of fair value requires the Group to make assumptions, estimates and judgements regarding future events. The allocation process is inherently subjective and impacts the amount assigned to individually identifiable assets and liabilities. As a result, the purchase price allocation impacts the Group's reported assets (including goodwill) and liabilities, future net earnings due to the impact on future depreciation and amortisation expense and impairment tests. The fair values of the assets acquired and liabilities assumed under the business combinations made during the current financial year are disclosed in Note 29 to the financial statements.

(d) Write-down of Inventories

The Group assesses periodically the allowance for inventories to record inventories at the lower of cost and net realisable value. When inventories are deemed obsolete or when the net realisable value falls below cost, the amount of obsolete inventories or fall in value is recognised as an allowance for inventories. To determine whether there is objective evidence of obsolescence or decline in net realisable value, the Group estimates future demand for the product and assesses prevailing market conditions and gold prices. The carrying amount of inventories as at the reporting date is disclosed in Note 10 to the financial statements.

**4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS (CONT'D)***Key Sources of Estimation Uncertainty (Cont'd)***(e) Allowance for expected credit losses of pawned loans**

The Group assesses at the end of each reporting period whether there is any objective evidence that the pawned loan receivables are impaired. Pawned loan receivables are secured by pawn of goods. The carrying amount of the pawned loan receivables may not be recoverable in full in the event that a customer does not renew or redeem a pledged article within the agreed redemption period from the grant date of the loan, and the market value of the pledged article has declined.

The determination of the appropriate allowance for expected credit losses on pawned loan receivables requires management to consider factors such as the significant decline in values of collaterals, the authenticity of the collaterals or probabilities of default or significant delay in payments by pledgers. The carrying amount of pawned loan receivables as at the reporting date is disclosed in Note 11 to the financial statements.

(f) Impairment of Non-Trade Receivables

The loss allowances for non-trade financial assets are based on assumptions about risk of default (probability of default) and expected loss if a default happens (loss given default). It also requires the Group and the Company to assess whether there is a significant increase in credit risk of the non-trade financial asset at the reporting date. The Group and the Company use judgement in making these assumptions and selecting appropriate inputs to the impairment calculation, based on the past payment trends, existing market conditions and forward-looking information. The carrying amounts of other receivables and amounts owing by subsidiaries as at the reporting date are disclosed in Notes 12 and 13 to the financial statements respectively.

(g) Discount Rates used in Leases

Where the interest rate implicit in the lease cannot be readily determined, the Group uses the incremental borrowing rate to measure the lease liabilities. The incremental borrowing rate is the interest rate that the Group would have to pay to borrow over a similar term, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. Therefore, the incremental borrowing rate requires estimation particularly when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the incremental borrowing rate using observable inputs when available and is required to make certain entity-specific estimates.

(h) Income Taxes

There are certain transactions and computations for which the ultimate tax determination may be different from the initial estimate. The Group and the Company recognise tax liabilities based on their understanding of the prevailing tax laws and estimates of whether such taxes will be due in the ordinary course of business. Where the final outcome of these matters is different from the amounts that were initially recognised, such difference will impact the income tax expense and deferred tax balances in the period in which such determination is made. The carrying amount of current tax assets and current tax liabilities of the Group and of the Company as at the reporting date are presented in the statements of financial position.

4. MATERIAL ACCOUNTING POLICY INFORMATION

4.1 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Critical Judgements Made in Applying Accounting Policies

Management believes that there are no instances of application of critical judgement in applying the accounting policies of the Group and of the Company which will have a significant effect on the amounts recognised in the financial statements, other than as disclosed below:-

(a) Lease Terms

Some leases contain extension options exercisable by the Group before the end of the non-cancellable contract period. In determining the lease term, management considers all facts and circumstances including the past practice and any cost that will be incurred to change the asset if an option to extend is not taken. An extension option is only included in the lease term if the lease is reasonably certain to be extended (or not terminated).

(b) Share-based Payments

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity investments at the date at which they are granted. The estimation of the fair value requires determining the most appropriate valuation model for a grant of equity instruments, which is dependent on the terms and conditions of the grant. This also requires determining the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them.

4.2 FINANCIAL INSTRUMENTS

(a) Financial Assets

Financial Assets at Amortised Cost

The financial assets are initially measured at fair value plus transaction costs except for trade receivables without significant financing components which are measured at transaction price only. Subsequent to the initial recognition, all financial assets are measured at amortised cost less any impairment losses.

(b) Financial Liabilities

Financial Liabilities at Amortised Cost

The financial liabilities are initially measured at fair value less transaction costs. Subsequent to the initial recognition, the financial liabilities are measured at amortised cost.

Islamic Redeemable Convertible Preference Shares ("RCPS-i") are classified as financial liabilities in accordance with the substance of the contractual arrangement of the instruments.

(c) Equity

Ordinary Shares

Ordinary shares are recorded on initial recognition at the proceeds received less directly attributable transaction costs incurred. The ordinary shares are not remeasured subsequently.

**4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)****4.2 FINANCIAL INSTRUMENTS (CONT'D)****(d) Financial Guarantee Contracts**

Financial guarantee contracts are recognised initially as liabilities at fair value, net of transaction costs. Subsequent to the initial recognition, the financial guarantee contracts are recognised as income in profit or loss over the period of the guarantee or, when there is no specific contractual period, upon discharge of the guarantee. If the debtor fails to make payment relating to a financial guarantee contract when it is due and the Company, as the issuer, is required to reimburse the holder for the associated loss, the reimbursement is recognised as a liability and measured at the higher of the amount of loss allowance determined using the expected credit loss model and the amount of financial guarantee initially recognised less cumulative amortisation.

4.3 BASIS OF CONSOLIDATION

The Group applies the acquisition method of accounting for all business combinations except for those involving entities under common control which are accounted for applying the merger method of accounting.

Under the merger method of accounting, the assets and liabilities of the merger entities are reflected in the financial statements of the Group at their carrying amounts reported in the individual financial statements. The consolidated statement of profit or loss and other comprehensive income reflects the results of the merger entities for the full reporting period (irrespective of when the combination takes place) and comparatives are presented as if the entities had always been combined since the date for which the entities had come under common control.

The difference between the cost of the merger and the share capital of the merger entities is reflected within equity as merger reserve or merger deficit, as appropriate. The merger reserve is adjusted against suitable reserves of the merger entities to the extent that laws or statutes do not prohibit the use of such reserves.

4.4 GOODWILL

Goodwill is initially measured at cost. Subsequent to the initial recognition, the goodwill is measured at cost less accumulated impairment losses, if any. A bargain purchase gain is recognised in profit or loss immediately.

4.5 INVESTMENT IN SUBSIDIARIES

Investments in subsidiaries, including the share options granted to employees of the subsidiaries, which are eliminated on consolidation, are stated in the financial statements of the Company at cost less impairment losses, if any.

4.6 PROPERTY, PLANT AND EQUIPMENT

All items of property, plant and equipment are initially measured at cost.

Subsequent to initial recognition, all property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses.

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.6 PROPERTY, PLANT AND EQUIPMENT (CONT'D)

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over the estimated useful lives. The principal annual depreciation rates are:-

Air conditioner	20%
CCTV and alarm systems	20%
Computer equipment	20%
Furniture and fittings	20%
Motor vehicles	20%
Office equipment	20%
Pawnshop equipment	20%
Renovation	20%
Safe cabinets	10%
Signboards	20%
Tools and equipment	20%
Wire and electrical items	20%

During the financial year, the Group and the Company have reviewed the useful life and changed the depreciation rates for the following assets:-

Asset Category	Previous depreciation rate per annum	Revised depreciation rate per annum
Air conditioner	10% - 20%	20%
CCTV and alarm systems	10% - 20%	20%
Computer equipment	10% - 40%	20%
Furniture and fittings	10% - 20%	20%
Office equipment	10% - 20%	20%
Pawnshop equipment	10% - 20%	20%
Renovation	10% - 20%	20%
Safe cabinets	10% - 20%	10%
Signboards	10% - 20%	20%
Tools and equipment	10%	20%
Wire and electrical items	10%	20%

The changes in the depreciation rates have decreased the profit before taxation of the Group and of the Company by RM139,846 and RM3,142 respectively for the current financial year.

4. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

4.7 INVESTMENT PROPERTIES

Investment properties are initially measured at cost. Subsequent to the initial recognition, the investment properties are stated at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation on investment properties is calculated using the straight-line method to allocate the depreciable amounts over the estimated useful lives. The principal annual depreciation period is:-

Leasehold land and buildings	55 years
------------------------------	----------

4.8 RIGHT-OF-USE ASSETS AND LEASE LIABILITIES

(a) Short-term Leases

The Group and the Company apply the “short-term lease” recognition exemption. For these leases, the Group and the Company recognise the lease payments as an operating expense on a straight-line method over the term of the lease unless another systematic basis is more appropriate.

(b) Right-of-use Assets

Right-of-use assets are initially measured at cost. Subsequent to the initial recognition, the right-of-use assets are stated at cost less accumulated depreciation and any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities.

The right-of-use assets are depreciated using the straight-line method from the commencement date to the earlier of the end of the estimated useful lives of the right-of-use assets or the end of the lease term.

(c) Lease Liabilities

Lease liabilities are initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the entities’ incremental borrowing rate. Subsequent to the initial recognition, the lease liabilities are measured at amortised cost and adjusted for any lease reassessment or modifications.

4.9 INVENTORIES

Inventories principally comprise gold held for trading and inventories that form part of the Group’s normal purchase, sale or usage requirements for its retailing activities. Inventories are measured at the lower of cost and net realisable value.

Cost is determined on the specific identification method and comprises the original cost of purchase plus the cost of bringing the inventories to their present condition and location.

Net realisable value is the estimated selling price in the ordinary course of business less selling and distribution costs and all other estimated costs necessary to make the sale.

* The auditors' report on the financial statements of the subsidiaries includes a "Material Uncertainty Related to Going Concern" regarding the ability of the subsidiaries to continue as a going concern in view of its deficit in equity position as at the end of the current reporting period. The financial statements were prepared on a going concern basis as the Company has undertaken to provide continued financial support to the subsidiaries.

- (a) During the current financial year, the Group acquired 100% equity interests in Evergreen Ar Rahnu Sdn. Bhd.. The details of the acquisition are disclosed in Note 29 to the financial statements.
- (b) On 1 January 2025, the Company completed an internal reorganisation exercise in which Evergreen Cahaya Holdings Sdn. Bhd. ("ECH"), a wholly-owned subsidiary incorporated on 23 December 2024, acquired the equity interest in Ar Rahnu Cahaya Sdn. Bhd., Cahaya Gold & Jewellery Sdn. Bhd., Ar Rahnu Cahaya Damai Sdn. Bhd., and Ar Rahnu Cahaya Jaya Sdn. Bhd. (collectively, the "ECH Companies") for a total consideration of RM3,871,017.

Following the reorganisation, the Company deemed disposed of the ECH Companies and the ECH Companies became wholly owned subsidiaries of ECH. The Company accordingly recognised a gain on deemed disposal of RM1,807,254, as disclosed in Note 26 to the financial statements.

- (a) The leasehold land and buildings have been pledged to a licensed bank as security for banking facilities granted to the Group as disclosed in Note 21 to the financial statements.
- (b) Fair Value of Investment Properties
The investment properties are measured at fair value and classified within Level 3 of the fair value hierarchy. The fair values were determined by the directors using a market comparison approach, based on observable market evidence from recent transactions of comparable properties and publicly available market data. Adjustments were made for differences in size, location and other relevant characteristics. The key unobservable input is the estimated price per square foot. There were no changes in valuation techniques during the financial year.
- (c) The investment properties of the Group are leased to customers under operating leases with rentals payable monthly. The leases contain initial non-cancellable periods ranging from 1 year (31.12.2024 - 1 year) and an option that is exercisable by the customers to extend their leases for an average of 1 year (31.12.2024 - 1 year).
- (d) As at the reporting date, the future minimum rentals receivable under the non-cancellable operating leases are as follows:-

	The Group

9. GOODWILL (CONT'D)

Impairment assessment

The goodwill is tested annually for impairment except for the amount under Pajak Gadai Evolusi Temerloh Sdn. Bhd. ("PGET") as the amount is not material.

This annual impairment test is material and the process is complex and highly judgmental and is based on assumptions that are affected by expected future market or economic conditions. As a result, judgement is required in evaluating the assumptions and methodologies used by management, in particular those relating to the forecasted revenue growth and profit margins. The disclosures about goodwill are included in the Notes below. Small changes in the key assumptions used could give rise to an impairment of the goodwill balance in the future. Actual outcomes could vary from these estimates. The recoverable amounts are measured based on the fair value less costs of disposal method or the value in use method (whichever is higher) as appropriate.

The value in use was measured by management. The value in use is a recurring fair value measurement (Level 3). The key assumptions and quantitative information about the value in use measurement using significant unobservable inputs for the cash generating unit are consistent with those used for the measurement last performed and is analysed as follows:-

Valuation technique and unobservable inputs	Range (weighted average) 2025 RM
Discounted cash flow method:-	
Pawned loan growth rates (i)	Refer table below
Terminal growth rates	0%
Pre-tax cost of debts	8.40%
Debts to pawned loans ratio	80.00%
Operating expenses growth rates	5%
Cash flow forecasts	5 years

Assumptions basis:-

- (i) Growth rates are based on approved budgets and historical performance trends.
- (ii) Long-term growth rates do not exceed industry averages.
- (iii) Management's estimated discount rates using pre-tax discount rates that reflect current market assessments at the risks specific to the CGUs.

Management believes that any reasonably possible change in the key assumptions on which this segment's recoverable amount is based would not cause the carrying amount to exceed its recoverable amount. The value in use is a recurring fair value measurement (Level 3). The quantitative information about the value in use measurement using significant unobservable inputs for the cash generating unit are consistent with those used for the measurement last performed.

2. Cahaya Gold & Jewellery Sdn. Bhd. – Triang Outlet	4% to 32%
3. Cahaya Gold & Jewellery Sdn. Bhd. – Ampang Outlet	3% to 28%

Higher growth was assumed in Year 1, with growth rates gradually declining and normalised to approximately 2% to 4% per annum by Year 5.

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the CGUs as of the end of the reporting year, assuming if all other assumptions were held constant.

If the estimated pledged loan and terminal growth rates at the end of the reporting year had been 30% less favourable than management's estimates at the end of the reporting year, no impairment allowance would be recognised because their revised estimated recoverable amount was higher than the carrying amount of all CGUs.

If the pre-tax cost of debts at the end of the reporting year had been revised from 8.40% to 10.40% at the end of the reporting year, no impairment allowance would be recognised because the carrying amount of all CGUs would still be lower than their revised estimated recoverable amount.

No impairment allowance was recognised because the carrying amount of all CGUs was lower than their recoverable amount.

(a) Pawned financing receivables and finance charge receivables on pawned loans

Pawned financing receivables comprise financing extended to customers under the Group's pawnbroking business. The financing earns income through financing charges charged at rates ranging from 1.00% to 2.00% per month (2024 - 1.00% to 2.00% per month).

Financing extended under the Group's Islamic pawnbroking (Ar-Rahnu) operations is granted for a maximum tenure of seven (7) months, while financing extended under conventional pawnbroking operations is granted for a maximum tenure of six (6) months. Under the Group's policy, customers are allowed to extend the financing for a limited period, up to one (1) month for Islamic pawnbroking and up to two (2) months for conventional pawnbroking, to redeem or renew their pledged articles.

The amount of financing granted is determined based on a portion of the assessed value of the pawned collateral, which primarily comprises gold or gold jewellery.

- (a) The holders of ordinary shares are entitled to receive dividends as and when declared by the Company and are entitled to one vote per ordinary share at meetings of the Company. The ordinary shares have no par value.
- (b) During the financial year, the Company increased its issued and paid-up share capital from RM150,959,620 to RM153,090,500 by way of issuance of 5,575,300 new ordinary shares from the exercise of options under the Company's Employee Share Option Scheme at an exercise price of RM0.285 which amounted to RM2,130,880.

The new ordinary shares issued rank equally in all respects with the existing ordinary shares of the Company.

17. MERGER RESERVE

The merger reserve arose from the difference between the carrying value of the investment in subsidiaries and the nominal value of shares of the Company's subsidiaries upon consolidation under the merger accounting principles.

18. SHARE OPTION RESERVE

	The Group/The Company	
	31.12.2025	31.12.2024
	RM	RM
Share option reserve	1,194,520	-

The share option reserve comprises the cumulative value of services received for the issue of share options. The share option reserve represents the cumulative value of services received from directors and employees recorded over the vesting period commencing from the grant date of the equity-settled share options and is reduced by the expiry or exercise of the share options. When the option is exercised, the amount from the share option reserve is transferred to share capital. When the share options expire, the amount from the share option reserve is transferred to retained earnings.

Vesting period of the share option offered:-

- (i) First 20%: the share option granted vest immediately on the grant date
- (ii) Second 20%: 1 June 2025 to 26 May 2026
- (iii) Third 20%: 27 May 2026 to 26 May 2027
- (iv) Fourth 20%: 27 May 2027 to 26 May 2028
- (v) Final 20%: 27 May 2028 to 26 May 2029

The main features of the ESOS are as follows:-

- (a) On 30 May 2025, the Company granted share options with a total number of 54,909,000 to eligible directors and employees of the Company and its subsidiaries (excluding dormant subsidiaries) to acquire shares in the Company under the Employees Share Options Scheme ("ESOS") approved by the shareholders of the Company. The share options granted may be exercised any time from the date of vesting to the date of expiry and settlement is by issuance of fully paid ordinary shares. Out of the total ESOS pool of 54,909,000 options approved, 43,478,000 options were granted during the financial year, while the remaining options have not yet been granted. The vesting schedule applies to all options granted under the ESOS.
- (b) The option price shall be determined by the Option Committee based on the 5-day weighted average market price of ordinary shares of the Company immediately preceding the offer date of the option, with a discount of not more than 10%.
- (c) All new ordinary shares issued upon exercise of the options granted under the ESOS will rank pari passu in all respects with the existing ordinary shares of the Company, provided always that new ordinary shares so allotted and issued, will not be entitled to any dividends, rights, allotments and/or other distributions declared, where the entitlement date of which is prior to date of allotment and issuance of the new ordinary shares.
- (d) The ESOS shall be in force for a duration of five (5) years from the effective date of implementation of the ESOS on 30 May 2025.

18. SHARE OPTION RESERVE (CONT'D)

Movement of share options during the financial year

The following table illustrates the number and weighted average exercise prices (“WAEP”) of, and movement in, share options:-

On 23 July 2025, the Group entered into a Subscription Agreement to issue 40,000,000 five (5) years Islamic Redeemable Convertible Preference Shares (“RCPS-i”) at RM1 per RCPS-i.

The salient features of RCPS-i are as follows:-

- (a) The Subscriber shall have the right to convert the RCPS-i and any Expected Preferential Dividends that have accrued but unpaid (which for the avoidance of doubt, shall include the Deferred Dividend) (“Unpaid Dividends”) (collectively, “RCPS-i and Unpaid Dividends”) or any part thereof upon the occurrence of Conversion Events into such number of fully paid-up Ordinary Shares of the issuer, in accordance with the terms and conditions set out in the Subscription Agreement dated on 23 July 2025.
- (b) The Issuer shall redeem all of the RCPS-i and pay the Unpaid Dividends via cash upon the Maturity Date in accordance with Section 72 of the Companies Act by serving a notice to the Subscriber (“Issuer’s Redemption Notice”).
- (c) The expected preferential dividend rate for the RCPS-i is eight point five per centum (8.5%) per annum. The preferential dividend shall be paid out of the distributable profits of the Issuer (“Profits”) on semi-annual or annual basis, as to be agreed upon during the meetings of the Joint Management Committees (“JMC”), subject to availability of sufficient cash flows and in accordance with the Companies Act. The holders of the RCPS-i shall be entitled to cumulative dividends, which shall accrue when Profits are declared to be available in that financial year (but not be compounded) daily at the rate as per the Expected Preferential Dividend Rate and shall be cumulative if not paid when due. The term ‘Deferred Dividend’ shall include dividends which have been declared but not paid and/or dividends which have not been declared arising out of Profits which are available.
- (d) The RCPS-i shall rank ahead in point of priority to the holders of the Ordinary Shares and all other classes of shares (if any) in the Issuer in respect of the payment of dividends and payment out of assets of the Issuer upon any liquidation, dissolution, or winding up of the Issuer based on the concept of Tanazul.

There were no financial covenants applicable to the RCPS-i during the reporting period.

At 31 December	1,376,185	1,072,675

Under certain lease arrangements, the Group has an obligation to restore those sites at the end of the lease terms to an acceptable condition consistent with the lease agreements.

The provisions are estimated using the assumption that restoration will only take place upon expiry of the lease terms (inclusive of secondary terms) of 2 to 15 years (31.12.2024 - 2 to 15 years). The discount rate and inflation rate used to determine the obligation as at the reporting date were 7% to 8.15% (31.12.2024 - 7%).

While the provisions are based on the best estimate of future costs and the economic lives of the affected assets, there is uncertainty regarding both the amount and the timing of incurring these costs. All estimates are reviewed annually or more frequently when there is an indication of a material change.

Goodwill from the acquisition of subsidiary (Note 9)	2,020,042

The goodwill arising from the acquisition is attributable to the established customer base and the strategic location of the acquired Ar-Rahnu outlet, which is expected to generate future economic benefits for the Group. The goodwill is not deductible for tax purposes.

The Group has incurred acquisition-related costs of RM6,013 related to external legal fees and due diligence costs. These expenses were recognised in "Other Expenses" line item of the consolidated statement of profit or loss and other comprehensive income.

(iii) Cash Flows Arising from Acquisition

	The Group 2025 RM
Purchase consideration settled in cash and cash equivalents	2,000,001
Less: Cash and cash equivalents of subsidiary acquired	(423,432)
Net cash outflow from the acquisition of a subsidiary	1,576,569

29. ACQUISITIONS OF SUBSIDIARIES (CONT'D)

(a) Acquisition of a subsidiary – Evergreen Ar Rahn Sdn. Bhd. in FYE 2025 (Cont'd)

(iv) Impact of Acquisition on the Group's Results

The acquired subsidiary has contributed the following results to the Group for the financial year ended 31 December 2025:-

	The Group 2025 RM
Revenue	3,599,758
Profit after tax	(6,999,712)

As the acquisition was completed on 1 January 2025, which is the beginning of the Group's financial year, the subsidiary's results have been fully included in the consolidated financial statements from the date of acquisition. Accordingly, the amounts above are identical to the revenue and profit after tax that would have been recognised if the acquisition had taken place at the beginning of the financial year.

Therefore, if the acquisition had taken place on 1 January 2025, the Group's revenue and profit after tax would have remained RM214,523,243 and RM36,704,208, respectively.

(b) Acquisition of subsidiaries in FYE 2024

In the previous financial year, the Company had entered into share sale agreements with third parties to acquire the entire issued share capital of the following entities.

The following summarises the major classes of consideration transferred, and the recognised amounts of assets acquired and liabilities assumed at the date of acquisition.

(i) Fair Value of Purchase Consideration

Entity	Acquisition date	RM
Pajak Gadai Senangkaya Sdn. Bhd. ("PGSK")	1 January 2024	1,974,492
Pawn Shop Century First Sdn. Bhd. ("PSCF")	1 January 2024	1,397,285
Pajak Gadai Evolusi Temerloh Sdn. Bhd. ("PGET")	1 January 2024	50,000
Anybills Sdn. Bhd. ("ABL")	1 September 2024	6,149,482
Total purchase consideration, in cash		<u>9,571,259</u>

(ii) Identifiable Assets Acquired and Liabilities Assumed

Management has finalised the purchase price allocation exercise and determined the fair values of the identifiable assets, liabilities and contingent liabilities at the respective acquisition dates. A separate purchase price allocation was not performed for PGET as management assessed that the acquisition was not material to the Group.

29. ACQUISITIONS OF SUBSIDIARIES (CONT'D)

(b) Acquisition of subsidiaries in FYE 2024 (Cont'd)

(ii) Identifiable Assets Acquired and Liabilities Assumed (Cont'd)

The fair value of the identifiable net assets acquired and the goodwill arising from the acquisitions are as follows:-

	PGSK RM	PSCF RM	PGET RM	ABL RM	Total RM

Less: Cash and cash equivalents of subsidiary acquired	(76,858)
Net cash outflow from the acquisition of a subsidiary	9,494,401

(iv) Impact of Acquisition on the Group's Results

The acquired subsidiaries have contributed the following results to the Group for the financial year ended 31 December 2024:-

	The Group 2024 RM
Revenue	1,236,116
Profit after tax	(898,144)

For PGSK, PSCF and PGET, the acquisitions were completed on 1 January 2024, being the beginning of the financial year, and their full-year results have therefore been included in the consolidated financial statements.

ABL was acquired on 31 August 2024, and accordingly only the results from August to December 2024 have been included in the Group's financial performance for the year.

If the acquisitions of PGSK, PSCF, PGET and ABL had all taken place on 1 January 2024, the Group's revenue and profit after taxation from continuing operations for the financial year would have been RM124,666,229 and RM22,062,248, respectively.

34. OPERATING SEGMENTS

Operating segments are prepared in a manner consistent with the internal reporting provided to the Board of Directors as its chief operating decision maker in order to allocate resources to segments and to assess their performance on a quarterly basis. For management purposes, the Group is organised into business units based on their products and services provided.

In addition, the businesses are also considered from a geographical perspective.

The Group is organised into 4 main reportable segments as follows:-

Business segment	Product and services
Pawnbroking services	<ul style="list-style-type: none"> • Provision of secured pawned loans under the conventional.
Tawarruq products	<ul style="list-style-type: none"> • Provision of Shariah-compliant pawned financing (Ar-Rahnu) where customers pledge gold or jewellery as collateral, with income earned through Shariah-compliant charges. • Provision of Tawarruq based financing products that operate as Shariah-compliant money lending arrangements.
Retail and trading of jewellery, gold and luxury products	<ul style="list-style-type: none"> • Retail sale of new and pre-owned jewellery, gold and luxury products. • Sale of scrap gold acquired from unredeemed and bid pledges, and pre-owned jewellery and gold from walk-in individuals.
Others	<ul style="list-style-type: none"> • Involved in the business of property management and investment and provision of management and accounting services.

Chief operating decision makers, which in this case is Group Chief Executive Officer (“CEO”) monitors the segment results and profit before taxation of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment results, assets and liabilities include items directly attributable to a segment as well as those that can be allocated on a reasonable basis but exclude tax asset/liabilities and deferred tax assets/liabilities. Unallocated items comprise corporate assets, liabilities and expenses.

Segment revenue and expenses include transfers between business segments that are eliminated on consolidation. Segment results exclude the effects of transfers between business segments.

**34. OPERATING SEGMENTS (CONT'D)****34.2 GEOGRAPHICAL INFORMATION**

The Group's operations are carried out entirely in Malaysia, where all business segments, conventional pawnbroking, Islamic pawnbroking and retail & trading of jewellery, gold and luxury products, are managed.

All revenue is generated within Malaysia, and the Group's assets and capital expenditure are also located in Malaysia.

34.3 MAJOR CUSTOMERS**(i) Conventional pawnbroking services**

Customers of the conventional pawnbroking segment are primarily walk-in individuals.

The contribution from each customer is not significant to the Group's total revenue.

(ii) Tawarruq products

Customers of the Tawarruq products comprise:-

- Walk-in individuals for Islamic pawn-based financing (Ar-Rahnu); and
- Selected customers for Tawarruq-based financing products that operate as Shariah-compliant money-lending arrangements.

The contribution from any single customer within Tawarruq financing services is not significant to the Group's total revenue.

(iii) Retail and trading of jewellery, gold and luxury products

Customers comprise scrap gold traders and individual retail customers.

The Group's major customers for this segment are scrap gold traders.

Revenue from the major scrap gold customers for the financial year is as follows:-

	2025	2024
	RM	RM
Customers		
- Customer A	110,164,926	53,079,900

The remaining customers are individual retail customers, and the revenue contribution of each individual customer is not significant to the Group's total revenue.

35. FINANCIAL INSTRUMENTS

The activities of the Group and of the Company are exposed to a variety of market risk (including foreign currency risk, interest rate risk and equity price risk), credit risk and liquidity risk. The overall financial risk management policy focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the financial performance of the Group and of the Company.

35.1 FINANCIAL RISK MANAGEMENT POLICIES

The policies in respect of the major areas of treasury activity are as follows:-

(a) Market Risk

(i) Foreign Currency Risk

The Group and the Company are exposed to foreign currency risk on transactions and balances that are denominated in currencies other than the respective functional currencies of entities within the Group. The currencies giving rise to this risk are primarily United States Dollar (“USD”). Foreign currency risk is monitored closely on an ongoing basis to ensure that the net exposure is at an acceptable level. On occasion, the Group enters into forward foreign currency contracts to hedge against its foreign currency risk.

The exposure to foreign currency risk (a currency which is other than the functional currency of the entities within the Group) based on the carrying amounts of the financial instruments at the end of the reporting period is summarised below:-

35.1 FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(a) Market Risk (Cont'd)

(ii) Interest Rate Risk

Interest rate risk is the risk that fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The exposure to interest rate risk arises mainly from long-term borrowings with variable rates.

The fixed rate debt instruments of the Group and of the Company are not subject to interest rate risk since neither carrying amounts nor the future cash flows will fluctuate because of a change in market interest rates.

The exposure to interest rate risk based on the carrying amounts of the financial instruments at the end of the reporting period is disclosed in Note 21 to the financial statements.

Interest Rate Risk Sensitivity Analysis

The following table details the sensitivity analysis to a reasonably possible change in the interest rates at the end of the reporting period, with all other variables held constant:-

(iii) Equity Price Risk

The Group and the Company do not have any quoted investments and hence, is not exposed to equity price risk.

35. FINANCIAL INSTRUMENTS (CONT'D)

35.1 FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(b) Credit Risk

The exposure to credit risk, or the risk of counterparties defaulting, arises mainly from trade and other receivables. The Group and the Company manage its exposure to credit risk by the application of credit approvals, credit limits and monitoring procedures on an ongoing basis. For other financial assets (including cash and bank balances), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

Also, the Company's exposure to credit risk includes corporate guarantee given to financial institutions for credit facilities granted to holding company. The Company monitors the ability of the holding company to serve their loans on an individual basis.

(i) Trade receivables

As at the end of the reporting period, the maximum exposure to credit risk arising from trade receivables is represented by the carrying amounts in the statements of financial position.

Credit risk concentration profile

The Group has no significant concentration of credit risk from its trade receivables. The Group minimises credit risk by requiring collateral and/or dealing with credit worthy counterparties.

Assessment of impairment losses

The Group applies the expected credit loss model under MFRS 9 to its pawned loans. Pawned loans are collateralised by pawned items, the estimated net realisable values of which generally exceed the outstanding loan balances. Consequently, the loss given default is assessed to be low. Based on historical experience and the extent of collateral coverage, the resulting expected credit losses are not material.

The Group determines the concentration of credit risk by monitoring its trade receivables.

The information about the credit risk exposure on the Group's trade receivables using a provision matrix are as follows:-

The Group	Gross amount RM	Lifetime individual allowance RM	Lifetime collective allowance RM	Carrying amount RM

(b) Credit Risk (Cont'd)

(i) Trade receivables (Cont'd)

The movement in the loss allowances in respect of trade receivables are disclosed in Note 11 to the financial statements.

(ii) Other receivables

The Group and Company apply the 3-stage general approach to measuring expected credit losses for its other receivables.

Under this approach, loss allowance is measured on either 12-month expected credit losses or lifetime expected credit losses, by considering the likelihood that the receivable would not be able to repay during the contractual period (probability of default, PD), the percentage of contractual cash flows that will not be collected if default happens (loss given default, LGD) and the outstanding amount that is exposed to default risk (exposure at default, EAD).

In deriving the PD and LGD, the Group and the Company consider the receivable's past payment status and its financial condition as at the reporting date. The PD is adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the receivable to settle its debts.

Allowance for Impairment Losses

No expected credit loss is recognised on other receivables as it is negligible.

(iii) Bank balances

The Group and the Company consider the licensed banks have low credit risks. In addition, the bank balances are insured by Government agencies. Therefore, the Group and the Company are of the view that the loss allowance is immaterial and hence, it is not provided for.

(iv) Amounts owing by subsidiaries

The Company also applies the 3-stage general approach, to measure expected credit losses for all inter-company balances.

Inputs, Assumptions and Techniques used for Estimating Impairment Losses

The Company measures expected credit losses on an individual basis, which aligns with its credit risk management practices on the inter-company balances.

The Company considers loans and advances to subsidiaries to be of low credit risk. The Company assumes that there is a significant increase in credit risk when a subsidiary's financial position deteriorates significantly. This is because the Company is able to determine the timing of payments and the loans and advances are to be in default when the subsidiaries are unable to pay when demanded.

35. FINANCIAL INSTRUMENTS (CONT'D)

35.1 FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(b) Credit Risk (Cont'd)

- (iv) Amounts owing by subsidiaries (Cont'd)

Inputs, Assumptions and Techniques used for Estimating Impairment Losses (Cont'd)

For loans and advances that are repayable on demand, impairment losses are assessed on the assumption that repayment of the outstanding balances is demanded at the reporting date. If the subsidiary does not have sufficient high liquid resources when the loans and advances are demanded, the Company will consider the expected manner of recovery to measure the impairment loss; the recovery manner could be either through repayable over time or a fire sale of less liquid assets by the subsidiary.

There are no significant changes in the estimation techniques and assumptions as compared to the previous year.

Allowance for Impairment Losses

Based on the assessment performed, the identified impairment loss was immaterial and hence, it is not provided for.

- (v) Financial Guarantee Contracts

Corporate guarantees for borrowing facilities granted to subsidiaries are a financial guarantee contract.

Inputs, Assumptions and Techniques used for Estimating Impairment Losses

The Company closely monitors the subsidiaries' financial strength to reduce the risk of loss.

The Company considers that there is a significant increase in credit risk when subsidiaries' financial position deteriorates significantly. A financial guarantee contract is credit impaired when:-

- The subsidiaries are unlikely to repay its obligation to the bank in full; or
- The subsidiaries are having a deficit in equity and is continuously loss making.

The Company determines the probability of default of the guaranteed amounts individually using internal information available.

Allowance for Impairment Losses

All of the financial guarantee contracts are considered to be performing, have low risks of default and historically there were no instances where these financial guarantee contracts were called upon by the parties to which the financial guarantee contracts were issued. Accordingly, no loss allowances were identified based on 12-month expected credit losses.

35. FINANCIAL INSTRUMENTS (CONT'D)

35.1 FINANCIAL RISK MANAGEMENT POLICIES (CONT'D)

(c) Liquidity Risk

Liquidity risk arises mainly from general funding and business activities. The Group and the Company practise prudent risk management by maintaining sufficient cash balances and adequate working capital to meet its obligations as and when they fall due.

35.2 CAPITAL RISK MANAGEMENT

Capital structure is a combination of equity and debt used by an entity to finance its overall operations and growth. The objective of the capital management of the Group and of the Company is to maintain an optimal capital structure and ensuring availability of funds in order to support its businesses and related shareholders value. To achieve this objective, the Group and the Company may make adjustments to the capital structure in view of changes in economic conditions, such as adjusting the amount of dividend payment, returning of capital to shareholders or issuing new shares.

The Group and the Company manage their capital based on debt-to-equity ratio that complies with debt covenants and regulatory, if any. The debt-to-equity ratio is calculated as net debt divided by total equity. The debt-to-equity ratio of the Group and of the Company at the end of the reporting period are as follows:-

	The Group		The Company

35.5 FAIR VALUE INFORMATION

The fair values of the financial assets and financial liabilities of the Group and of the Company which are maturing within the next 12 months approximated their carrying amounts due to the relatively short-term maturity of the financial instruments or repayable on demand terms.

As the Group and the Company do not have any financial instruments carried at fair value, the following table sets out only the fair value profile of financial instruments that are not carried at fair value at the end of the reporting period:-

35.5 FAIR VALUE INFORMATION (CONT'D)

Fair value of financial instruments not carried at fair value

The fair values, which are for disclosure purposes, have been determined using the following basis:-

- (a) The fair value of the Group's and of the Company's term loans that carrying floating interest rates approximated their carrying amounts as they are repriced to market interest rates on or near the reporting date.
- (b) The fair value of Islamic redeemable convertible preference shares and term loans that carry fixed interest rates are determined by discounting the relevant future contractual cash flows using current market interest rates for similar instruments at the end of the reporting period. The interest rates used to discount the estimated cash flows are as follows:-

	The Group		The Company	
	31.12.2025	31.12.2024	31.12.2025	31.12.2024

36. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR

- (i) Acquisition of a subsidiary – Evergreen Ar Rahnu Sdn. Bhd. (“EAR”)

On 27 January 2025, the Group acquired 100% equity interest in Evergreen Ar Rahnu Sdn. Bhd. (“EAR”) from a third party. EAR is principally involved in the provision of Islamic pawnbroking (Ar-Rahnu) services.

Further details of the acquisition are disclosed in Notes 9 and 29 to the financial statements.

- (ii) Acquisition of businesses – Triang outlet and Kuala Lipis outlet

During the financial year, the Group completed the acquisition of two pawnbroking business operations, namely the Triang outlet and the Kuala Lipis outlet, from separate vendors.

- (a) Triang outlet

On 12 February 2025, the Group entered into a business takeover agreement for the acquisition of the assets and business operations of the Triang pawnbroking outlet from a third party.

- (b) Kuala Lipis outlet

On 23 January 2025, the Group entered into a sale of business agreement for the acquisition of the assets and business operations of Kuala Lipis outlet from a third party.

Further details of the business acquisition are disclosed in Note 9 to the financial statements.

36. SIGNIFICANT EVENTS DURING THE FINANCIAL YEAR (CONT'D)

(iii) Employees' Share Option Scheme ("ESOS")

On 8 January 2025, the Company convened an Extraordinary General Meeting to consider the proposed establishment of an ESOS of up to 10% of the total number of issued shares (excluding treasury shares, if any).

On 30 May 2025, options were granted to eligible directors and employees under the ESOS. Further details are disclosed in Note 18 to the financial statements.

(iv) Funding via Islamic RCPS-i

On 23 July 2025, Evergreen Cahaya Holdings Sdn. Bhd., a wholly-owned subsidiary, entered into a subscription agreement with DPK Private Equity Sdn. Bhd. to raise RM40.0 million through the issuance of Islamic Redeemable Convertible Preference Shares (RCPS-i).

Further details are disclosed in Note 19 to the financial statements.

37. COMPARATIVE FIGURES AND PRIOR YEAR ADJUSTMENTS

(a) COMPARATIVE FIGURES

The comparative information was audited by another firm of Chartered Accountants. Certain comparative figures were reclassified to conform with the current year's presentation.

(b) PRIOR YEAR ADJUSTMENTS

During the financial year, the Group made prior year adjustments in relation to the correction of the following:-

- (i) Correction of errors arising from the incorrect application of merger accounting for common control entities in prior years. The Group did not previously recognise the required merger adjustments and merger reserves. The comparative figures have been restated to reflect the correct merger accounting treatment in accordance with the Group's accounting policy and MFRS 108;
- (ii) Correction of the measurement of lease liabilities and right-of-use assets, arising from the omission of lease renewal periods that the Group was reasonably certain to exercise, in accordance with MFRS 16 Leases;
- (iii) Correction to the recognition and measurement of intangible assets arising from the acquisition of a pawnshop business from a third party in the prior year; and
- (iv) Correction to the unrecognised deferred tax effects arising from temporary differences on pawnbroking interest receivables, right of use assets and lease liabilities, which resulted in the misstatement of deferred tax balances and income tax expense in prior periods.

37. COMPARATIVE FIGURES AND PRIOR YEAR ADJUSTMENTS (CONT'D)

In accordance with MFRS 108 *Accounting Policies, Changes in Accounting Estimates and Errors*, the material errors identified have been corrected by restating the comparative figures. A summary of the prior year adjustments is set out below:-

AND THAT the Directors be and are so empowered to obtain the approval from Bursa Securities for the listing of and quotation for the additional Shares to be issued and THAT such authority shall commence immediately upon the passing of this resolution and continue to be in force until the conclusion of the next AGM of the Company unless revoked or varied by ordinary resolution of the Company at a general meeting;

AND FURTHER THAT the new Shares to be issued pursuant to the Mandate, shall, upon issuance and allotment, rank pari passu in all respects with the existing Shares, save and except that they shall not be entitled to any dividends, rights, allotments and/or any other forms of distribution which may be declared, made or paid before the date of allotment of such new Shares.”

7. **PROPOSED RENEWAL OF THE EXISTING SHAREHOLDERS’ MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE AND/OR TRADING NATURE (“PROPOSED RENEWAL OF EXISTING SHAREHOLDERS’ MANDATE”)**

Ordinary Resolution 7

“**THAT**, subject to the provisions of the Listing Requirements, authority be and is hereby given to the Company and/or its subsidiaries (the “**Group**”) to enter into and to give effect to any of the recurrent related party transactions with the related party(ies) as set out in Section 2.3 of the circular to shareholders dated 30 April 2026 in relation to the Proposed Renewal of Existing Shareholders’ Mandate (“**Circular to Shareholders**”), which are necessary for the day-to-day operations of the Group within the ordinary course of business of the Group, made on an arm’s length basis and on normal commercial terms which are those generally available to the public and are not detrimental to the minority shareholders of the Company;

AND THAT such authority shall commence immediately upon the passing of this resolution and shall continue to be in force until:-

- (i) the conclusion of the next AGM of the Company following the general meeting at which the ordinary resolution for the Proposed Renewal of Existing Shareholders’ Mandate was passed, at which time it shall lapse, unless the authority is renewed by a resolution passed at the next AGM;
- (ii) the expiration of the period within which the next AGM after that date it is required by law to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (iii) revoked or varied by an ordinary resolution passed by the shareholders of the Company at a general meeting,

whichever is earlier;

AND FURTHER THAT the Directors of the Company be and are hereby authorised to do all acts, deeds and things as may be deemed fit, necessary, expedient and/or appropriate in order to implement the Proposed Renewal of Existing Shareholders’ Mandate with full power to assent to all or any conditions, variations, modifications and/or amendments in any manner as may be required by any relevant authorities or otherwise and to deal with all matters relating thereto and to take all such steps and to execute, sign and deliver for and on behalf of the Company all such documents, agreements, arrangements and/or undertakings, with any party or parties and to carry out any other matters as may be required to implement, finalise and complete, and give full effect to the Proposed Renewal of Existing Shareholders’ Mandate in the best interest of the Company.”

Notes:-

1. *A member entitled to attend, speak and vote at the Meeting is entitled to appoint a proxy or attorney or in the case of a corporation, to appoint a duly authorised representative to attend, speak and vote in his/her stead. Where a member appoints more than one (1) proxy, the proportion of shareholdings to be represented by each proxy must be specified in the instrument appointing the proxies.*
2. *A proxy may, but need not, be a Member of the Company. A proxy appointed to attend, speak and vote at the Meeting shall have the same rights as the member to attend, speak and vote at the Meeting.*
3. *The instrument appointing a proxy shall be in writing under the hand of the appointor or of his attorney duly authorised in writing or, if the appointor is a corporation, either under the corporation's seal or under the hand of an officer or attorney duly authorised.*
4. *Where a member of the Company is an authorised nominee as defined in the Securities Industry (Central Depositories) Act 1991, it may appoint at least one (1) proxy in respect of each securities account it holds with ordinary shares of the Company standing to the credit of the said securities account.*
5. *Where a member of the Company is an exempt authorised nominee which holds ordinary Shares for multiple beneficial owners in one (1) securities account ("**omnibus account**"), there is no limit to the number of proxies which the exempt authorised nominee may appoint in respect of each omnibus account it holds. The appointment of multiple proxies shall not be valid unless the proportion of its shareholdings represented by each proxy is specified.*
6. *The appointment of a proxy may be made in a hard copy form or by electronic means in the following manner and must be received by the Company not less than forty-eight (48) hours before the time appointed for holding the Meeting or any adjournment thereof at which the person named in the appointment proposes to vote:-*

(i) *In hard copy form*

In the case of an appointment made in hard copy form, the proxy form must be deposited at the office of the Share Registrar of the Company at Tricor Investor & Issuing House Services Sdn. Bhd. at Unit 32-01, Level 32, Tower A, Vertical Business Suite, Avenue 3, Bangsar South, No. 8 Jalan Kerinchi, 59200 Kuala Lumpur, Malaysia or in the drop box located at Unit G-3, Ground Floor, Vertical Podium, Avenue 3, Bangsar South, No. 8 Jalan Kerinchi, 59200 Kuala Lumpur, Malaysia.

(ii) *By electronic form*

*The proxy form can be electronically lodged via Vistra Share Registry and IPO (MY) portal ("**The Portal**") at <https://srmy.vistra.com>. Please refer to the Administrative Guide on the procedure for electronic lodgement of the proxy form via The Portal.*

7. For the purpose of determining a member who shall be entitled to attend the Meeting, the Company will be requesting Bursa Malaysia Depository Sdn Bhd in accordance with Clause 75 of the Company's Constitution to issue a General Meeting Record of Depositors as at **19 June 2026** ("**Record of Depositors**"). Only members whose names appear in the Record of Depositors shall be regarded as members and entitled to attend, speak and vote at the said meeting or appoint proxy(ies) to attend and/or vote on his/her behalf.
8. All the resolutions as set out in this Notice of Meeting will be put to vote by poll.
9. The members are advised to refer to the Administrative Guide on the registration process for the Meeting.
10. Kindly check Bursa Securities' website and the Company's website at <https://emc.capital/> for the latest updates on the status of the Meeting.

EXPLANATORY NOTES TO ORDINARY AND SPECIAL BUSINESS

1. Item 1 of the Agenda – Audited Financial Statements for the financial year ended 31 December 2025

The Agenda is meant for discussion only as the provision of Section 340(1)(a) of the Act does not require a formal approval of the shareholders for the Audited Financial Statements. Hence, this Agenda is not put forward for voting.

2. Item 2 of the Agenda – Directors' Fees and/or Benefits

Pursuant to Section 230(1) of the Act, the directors' fees and/or benefits payable to the directors of a listed company and its subsidiaries shall be approved by the shareholders at a general meeting. This resolution is to facilitate the payment of Directors' fees and/or benefits for the period commencing from the date immediately after this 4th AGM until the date of the next AGM of the Company. If the proposed amount is insufficient due to more meetings or an enlarged Board size, approval will be sought at the next AGM for such shortfall.

3. Items 3 and 4 of the Agenda – Re-election of Directors

Clause 111 of the Company's Constitution provides that one-third (1/3) of the Directors of the Company for the time being or if their number is not three (3) or a multiple of three (3), then the number nearest to one-third (1/3) shall retire from office and be eligible for re-election PROVIDED ALWAYS that all Directors shall retire from office at least once every three (3) years but shall be eligible for re-election.

Clause 116 of the Company's Constitution provides that any Director so appointed either to fill up a casual vacancy or as an addition to the existing Directors shall hold office until the next AGM, and shall then be eligible for re-election

Following thereto, Datin Fadzlullaily Binti Yakob and Mr. Kenneth Chai Chuan Teong will retire by rotation pursuant to Clause 111 of the Company's Constitution whereas Tan Sri Dato' Sri Dr Abdul Aziz Bin Abdul Rahman will retire pursuant to Clause 116 of the Company's Constitution (collectively referred to as the "**Retiring Directors**"). The Retiring Directors, being eligible, have offered themselves for re-election at the Meeting.

The Board of Directors of the Company ("**Board**") has endorsed the Nomination and Remuneration Committee's recommendation to seek the shareholders' approval to re-elect the Retiring Directors as they possess the required skill sets to facilitate and contribute to the Board's effectiveness and value.

The Retiring Directors had abstained from all deliberations and decisions on their own eligibility to stand for re-election at the Board meeting.

The details and profile of the Retiring Directors are provided in this Annual Report 2025.

4. Item 6 of the Agenda – General Authority for the Directors to Issue and Allot Shares pursuant to Sections 75 and 76 of the Act

The Ordinary Resolution 6 proposed under item 6 of the Agenda is to seek a general mandate for the issuance and allotment of Shares by the Company pursuant to Sections 75 and 76 of the Act (“**General Mandate**”). This General Mandate, if passed, will empower the Directors to issue and allot new Shares up to an amount not exceeding in total ten per centum (10%) of the total number of issued Shares of the Company (excluding treasury shares) for such purposes as the Directors consider would be in the interest of the Company.

The purpose to seek the General Mandate is to enable the Directors of the Company to have the flexibility to issue and allot new Shares at any time to such persons in their absolute discretion without convening a general meeting for shareholders’ approval, thereby saving time and avoid additional costs. The purpose of this General Mandate is for any possible fundraising activities, including but not limited to further placing of Shares for the purpose of funding current and/or future project(s), working capital, acquisitions, investments and/or for issuance of shares as a form of settlement of purchase consideration or such other applications as the Directors may deem fit and expedient in the best interest of the Company.

This authority, unless revoked or varied by the Company at a general meeting, will expire at the conclusion of the next AGM or the expiration of the period within which the next AGM is required by law to be held, whichever is earlier.

The Company has at its Third (3rd) AGM, obtained general mandate pursuant to Sections 75 and 76 of the Act from its shareholders, to empower the Directors to issue and allot Shares in the Company to such persons, at any time, and upon such terms and conditions and for such purposes, as the Directors may, in their absolute discretion, deem fit, provided that the aggregate number of shares to be issued does not exceed ten per centum (10%) of the total number of issued Shares of the Company (excluding treasury shares) at any point of time.

As at the date of this Notice, no new Shares in the Company were issued and allotted pursuant to the mandate granted to the Directors at the 3rd AGM held on 26 June 2025, which will lapse at the conclusion of the Meeting, and accordingly, no proceeds were raised.

5. Item 7 of the Agenda – Proposed Renewal of Existing Shareholders’ Mandate

The Ordinary Resolution 7 proposed under item 7 of the Agenda, if passed, will give the mandate for the Group to enter into recurrent related party transactions of a revenue and/or trading nature pursuant to Rule 10.09 of the Listing Requirements. The mandate, unless revoked or varied by the Company at a general meeting, will expire at the next AGM of the Company.

Please refer to the Circular to Shareholders dated 30 April 2026 for further details.
